V I S HI TON

We at United Group of Institutions, aim at creating a workforce of professionals with analytical skills who can dream a better world and transform the dream into reality. We will create a dynamic and collaborative climate to broaden our students' competence; and build an Institute that is resilient, flexible and productive. We will be recognized for high ethical standards and responsiveness to the social environment.

MISSION

We aspire to reassert the significance of high quality education by producing competent professionals who can shape the destiny of our nation into a stronger and developed stature. We envisage that high quality education using interactive methodologies will equip students to excel as a professional. The values instilled among students while imparting education, will strengthen the moral and ethical fabric of the nation and revive the human spirit. The zeal of competitiveness will always be positive and setbacks will only be catalysts for greater achievements With these beliefs, the United Group will strive towards faster evolution, and will make its marks on the global academic map.

FUTURE

That's You to the power of us

It's our mission at UGI to prepare you for the future – whatever it's going to look like for you. With experts predicting that by 2025 around 50 per cent of jobs as we know them today won't exist, it's vital that when you graduate you have a skill set that allows you to reinvent yourself in any industry. So we'll encourage and support you to develop your practical know-how alongside your technical skills, grab opportunities to experience new things here in India and across the globe, get as much hands-on experience as you can, and network with our industry and community partners.

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING AND INFORMATION TECHNOLOGY

FULLY EQUIPPED LABS

The aim of the department is to train up quality IT professionals and computer engineers to fulfill demand of skilled talent in IT sector. The department promises to go ahead with the challenge and to create a revolution keeping pace with the change of the time. Department of CS &IT offers wide range of practical training and exposure to both Software and Hardware that have industry and trade applicability. The course focuses on complete software development life cycle, database system, knowledge discovery with judicious blend of technical skills.

here are ample career opportunities in the field of Computer Science & Information Technology. A Computer Science degree at UGI will open up avenues for its scholars in the fields of database management, embedded systems, IT, tele-communication, multimedia, computer hardware & software implementation, computer hardware & software maintenance, gaming, web designing and other related industries. Since a computer engineer has an extensive understanding of electronic devices such as microprocessors, local and wide area networks, and even supercomputers that form the basis for worldwide communications, the career paths are wide and varied. Their understanding on microprocessors, local and wide area networks and computers that form the basis for worldwide communications (supercomputers) give them this advantage. With a huge explosion in data and its applications, a career in the field of Computer Science and Information Technology can be very promising as:

LABS

The department comprises sophisticated laboratories like operating system lab, project development lab, computer hardware lab, auto-cad lab and internet lab.

- Computer Programmer
- Software Engineer
- System Designer
- Software Developer
- Professor
- Engineering Support Specialist
- Academic Research Editor
- E-Commerce Specialist
- Data Warehouse Analyst
- Big Data Engineer
- Business Intelligence Developer
- Data Scientist
- Machine Learning Engineer
- Research Scientist
- Al Data Analyst
- Al Engineer
- · Robotics Scientist, etc.

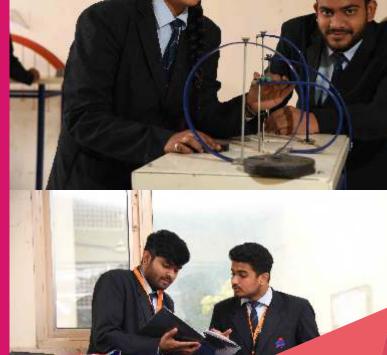

DEPARTMENT OF CIVIL ENGINEERING

MODULAR LEARNING LABS

Department of Civil Engineering is an integrated department which comprises the best academics, staff and students from around the United Group of Institutions. The department focuses on advanced research and education in the broad area of structural, geotechnical, transportation, surveying, and hydraulic engineering.

The educational objectives of the civil engineering program are designed to produce skilled engineers who are ready to contribute effectively to the civil engineering profession and are ready to handle the challenges of the profession. The civil engineering department is committed to produce civil engineers who:

- Shall apply fundamental technical knowledge and skills to find creative solutions to technological challenges and problems in various areas of basic sciences and engineering.
- Shall be able to analyze, design and use skills in order to formulate and solve civil engineering problems.
- Shall be able to practice civil engineering in a responsible, professional and ethical manner and implement eco- friendly sustainable technologies for the benefit of industry and society.
- To take up higher education & to engage in research and development in civil engineering and
- allied areas of science and technology.

fter the successful completion of course, graduates have wide opportunities to work in private and public A have wide opportunities to work in private and sectors and industries Graduates also have scope for

- · Building control surveyor
- CAD technician
- Consulting civil engineer
- · Contracting civil engineer
- Design engineer
- Estimator
- Nuclear engineer
- Site engineer
- Structural engineer
- Water engineer
- · Building services engineer
- Construction manager
- Engineering geologist
- Fire risk assessor
- · Geotechnical engineer
- Patent attorney
- · Quantity surveyor
- · Sustainability consultant
- Urban designer

DEPARTMENT OF ELECTRICAL ENGINEERING

Department of Electrical Engineering at UGI offers a unique mix of electrical, electronics and computer related courses enabling the students to take up professional career / higher studies in any of these areas. The curriculum based on a credit scheme is updated periodically to reflect changes in the electrical & electronics profession in consultation with experts from industries and renowned academic institutions. Some of the innovative practices are included as part of the curriculum like practice school, mini projects associated with lab and theory courses, continuous evaluation, relative grading, etc. The department has excellent link with leading industries and has a well-connected alumni network.

. . .

Power Electronics & Drive	2 years
Engineering Diploma	
Electrical Engineering	3 vears
	J years

Electrical engineering is one of the preferred disciplines in the field of engineering and technology. Electrical engineering is divided into many subfields that include electronics, digital computers, power engineering, telecommunications, control systems, radio-frequency engineering, signal processing, instrumentation and microelectronics. Due to the mammoth-like size of the electronics industry and the rapidly increasing use of electricity, career opportunities in Electrical Engineering are also increasing.

The Faculty of E & T, through its courses in Electrical Engineering would mould its students for the options available in the field of building industries and services, manufacturing, construction, design, transportation network, wireless communication, automotive, defense, sales, production, management and distribution of power. Also higher education options are available to those who aspire to choose their profession in teaching and research in electrical engineering. Some of the job profiles are:

ELECTRIC VEHICLE LAB IN COLLABORATION WITH ISIE INDIA

DEPARTMENT OF MECHANICAL ENGINEERING

STATE-OF-THE-ART LABS

Mechanical Engineering Department is one of the oldest and robust departments of the UGI. Objective of the Mechanical Engineering department is to prepare the manpower that is globally best. Most of the students, who graduate from the department, end up taking leading positions in industry, academia and government in both India and abroad. The Mechanical Engineering Program is designed to prepare students for successful careers having positive societal impact in industry, government, academia, and consulting. Our alumni are expected to:

- Apply their engineering knowledge, critical thinking, creativity, and problem solving skills with integrity and inclusivity in professional engineering practice or in non-engineering fields, such as law, medicine, or business.
- Continue their intellectual development through graduate education, professional development courses, self-directed investigation, and/or on-the-job training and experience.
- Embrace leadership and collaborative roles in their careers.

COURSES OFFERED

Mechanical Engineering	3 years

f you are interested in machinery, material science, robotics, micro devices, weapons design, aircraft, watercraft, and their manufacturing, then mechanical engineering is the best choice to convert your passion into profession. Being one of oldest and broadest disciplines of engineering, jobs offered to skilled mechanical engineers are in plenty and unending. Industries like automobiles, space research, biomechanical, aeronautical etc. are constantly looking for mechanical engineers and this what this faculty targets and prepares its students for. After the completion of the course in mechanical engineering at UGI, lots of opportunities could be explored upon in various fields of manufacturing, production, services and development. Some of the job profile offered by prominent industries in India and abroad are:

STATE-OF-THE-ART COMPUTER AIDED MANUFACTURING LAB (CAM)

UGI intends to ensure a fully digitized B-School Faculty that facilitates research and learning with relevant and modern elearning resources, software and tools. The FMS(Faculty of Management Studies) will use its capacity to bring the industry intelligence to the classrooms and transform the industrial requirements into curricular activities and future opportunities for the learners. The state of art business labs that prepare students for placements include:

- Psychometric Lab
 Communication Lab
- Ideation & Innovation Centre
- Business Analytics Lab

Career prospects after Management Studies include job profiles such as:

- Telecom
- Utilities
- Software Services
- Government Agencies
- Pharmaceuticals & Healthcare
- Retail
- Real Estate
- Sales Manager
- Marketing Manager
- Business Consultant
- Financial Analyst
- Human Resource Manager
- Finance
- Banking & Insurance

DEPARTMENT OF **PHARMACY**

The Faculty of Pharmacy was established at UGI, with a vision to impart a highlevel of knowledge and skills in Pharmacy, coupled with general education. The combination of Pharmacy education and general coursework can provide a broad base of knowledge that can be applied to pharmacy. The graduates produced will be able to meet the human resources requirement of pharmaceuticals industry. Also the graduates will be able to create new formulations and take entrepreneurial route for their career advancement. Moreover, this acts as a first degree to develop further expertise in a chosen domain.

expectation.

and enhance the creativity and innovation skills of UGI scholars and to pursue a societal impact. Students with innovative ideas can approach the innovation state of the art facilities for research and development. Other facilities required Fabrication support etc are also provided at the center. Application forms may

submissions. The prime objective of these Innovation Centers is to explore research that not only advances science and technology but also has centre for guidance and financial support. The Center is equipped with for projects like Internet, Printers, Software, Circuit Components, be obtained from the innovation centre. Interested students may submit their applications along with the detailed proposal in the prescribed format and may get the funding from the institute after the project is approved as per the norms and oriteria of the Innovation Center. At its seedling stage, the center has received enormous quality projects beyond its

START UP CELL

'United Start up Cell' aims to help and support young aspiring entrepreneurs of UGI by nurturing and empowering their new and growing startups so that they coordinate and synergize various strands of excellence, innovation and entrepreneurship. The startup ecosystem includes faculty & staff members, students, alumni and business partners that can translate knowledge and technological innovations to the societal development and economical growth of the Nation by turning their ideas into action and thereby producing more job creators and social reformists. It is continually extending and expanding its support system as an INVESTOR, as an INCUBATOR, as a CONSULTANT and as an ACCELERATOR.

Visit: www.united.ac.in

VERBAL ABILITY PROGRAM (VAP)

'Verbal Ability Program' (VAP) is another unique feature of UGI which gets motivation from the alarmingly need of improvement in English Proficiency/Communication and Aptitude along with the other Soft Skills, which often limit students' chances of landing a job. The passionate team of experienced faculty members at United makes the students work upon their Intelligence Quotient (IQ)covering Numerical, Analytical and Reasoning skills along with English Proficiency and also their Emotional Quotient (EQ) covering their Attitude, Communication, Interpersonal and decision-making skills etc.

CAMPUS RECRUITMENT TRAINING (CRT)

Campus Recruitment Training (CRT), a significant training lead by outsourced professional trainers is the obvious solution to unlock students' verbal, numerical, analytical and logical skills. CRT@UGI is very effective tool for empowering especially the final year students with the 'Attitude' and 'Ethics' and making them ready to face the interviews for various incampus and off-campus drives.

TECHNICAL TRAINING (TT)

Another new practice for 3rd year students is free of cost In-campus 'Technical/Industrial Trainings' for different streams/branches lead by outsourced trainers having industry experience and pulse of Corporate World and who can deliver their corporate experiences, share inside secrets and tips on the business world, explain what is not covered in theory and how to apply theory in real life:

INDUSTRIAL EXPOSURE

INDUSTRIAL EXPOSURE

We at United Group Of Institutions put a lot of emphasis on holistic learning. We believe learning should not be restricted to four walls. To give our students an insight of the internal working environment and to sensitize them to the practical challenges that organizations face we incorporate industrial visit as part of the curriculum. The aim of this industrial visit is "Education - Exposure -Experience

GATE WAY TO

GATE@UGI GATEWAY TO 'GATE' is United's revolutionary trend of mentoring for GATE (Graduate Aptitude Test in Engineering) preparation, which is one of the biggest and the most prestigious exam for engineering graduates organized by the Indian Institute of Science, Bangalore along with all the IIT's on behalf of Government of India, NCB (National Coordination Board – GATE), Department of Higher Education and MHRD (Ministry of Human Resources Development). Spread across 6th to 8th Semesters, this spiral model of GATEWAY TO 'GATE' is an ideal preparatory forum initiated by UGI faculty for UGI students, who aim to qualify GATE and go for higher studies or PSUs.

Special Features of GATE WAY TO GATE: Making the students aware about the GATE syllabus and exam pattern.

- Through uniform distribution of subjects/topics across the semesters, reducing the burden at the time of examination.
- Making the students available the GATE reference books and study materials.
- Making the students practice and solve previous year' and sample question papers.

Unitians School School

I am here to help you build friendships with different cultures across the globe, get involved with lots of different events and represent your own culture on campus.

Mouwith

nited Group of Institutions has academic collaborations with the International Universities/ Institutions, which has provided an umbrella for internationality, innovation, integration, information, technology and industrial partnership to all the bright souls of the group. Signing up of MoU (Memorandum of Understanding) with Asian Institute of Technology (AIT), Bangkok, Thailand, being the first initiative in this endeavor has opened the doors for Global exposure and Global future of Unitians. More than 1050 students have already participated in 'Summer Education Workshop' at AIT and entering into its 12th plan is ready to send good number of identified, talented and technology-driven future leaders from across the UGI in the year 2024. AIT collaboration provides an exchange platform for the students, faculty members with joint research projects, joint cultural programs/projects and joint conferences.

As a next step in this direction, MoU with the Missouri University, Columbia, USA, provides with a framework for a partnership agreement ensuring close cooperation and coordination of efforts concerning training, exchange of experts and scholars, participation in joint conferences etc. At University of Missouri, 15 Unitians participated in an exclusive 3 week summer program, which provided them exposure to the best of the facilities Missouri University

INCUBATION

Institutions and approved by government of Uttar Pradesh, to provide transitory and facilitative assistance to small enterprises or start-ups. It is spread in an area of over 14000+ sq. ft. and with well developed infrastructure which can help start-ups to scale their businesses.

The incubation centre will provide the start-ups with necessary guidance, tech support, infrastructure, access to investors, networking, and facilitating a host of other resources that may be required for the start - up to survive and scale. United Incubation Hub aims to bring out new start-up activities in the process of preparing young entrepreneurs to create new Startups. The emphasis is on converting novel ideas into prototypes.

United Incubation Hub help entrepreneurs solve the problems which is commonly associated with running a startup by providing workspace, seed funding, mentoring, and training.

UIH provides start-ups and early-stage businesses with the support and resources those young companies find difficult to access. Their support might involve access to networks, investors and mentors, or co-working space alongside other businesses and experienced professionals.

VISION

UNITED INCUBATION HUB (UIH) is operating with a longterm vision of creating opportunities for the individuals / students / entrepreneurs, to convert their innovative ideas into Start-ups.UIH will act as a catalyst by providing handholding support to the budding entrepreneurs & startups so that they can excel in their respective fields of innovation and entrepreneurship.

SERVICES

- Academic & Industrial Mentorship
- Pre-Incubation Services for aspiring entrepreneurs
- Funding opportunities from various angel Investors and VC's
- Focused training programs
- · Legal Advisory for discussion (Paid Basis).
- · Financial Advisory for discussion (Paid Basis).
- · Support in Company Registration.
- Support in Company Certification
- · Start-ups can participate in events Held in UIH.
- Support in providing manpower for the Start-up if needed.
- Startups are Eligible to give their Idea presentation in UIH & the events organized by UIH.

MISSION

- To contribute a small step in the development of our nation by empowering entrepreneurship & startups as a tool for creating job opportunities.
- To promote the culture of technological transformation of creative ideas into successful start-ups.
- To establish an excellent infrastructure and providing required resources for Product development.

TESTIMONIALS

I'm really thankful to my College and its highly intellectual, experienced and supportive faculties and staff for providing me excellent learning environment.

Placed in Arcesium

VINEET MISHRA B. TECH., 2020 BATCH COMPUTER SCIENCE & ENGINEERING

I am thankful to all the faculty members for their excellent mentoring which has helped me develop Industry-aligned skills that not only minimized the gap between Industry and academics but also helped us in shaping a better career. what I aspired for.

Placed in Adobe

SHUBHRA SRIVASTAVA B. TECH., 2022 BATCH COMPUTER SCIENCE & ENGINEERING The community at UGI was second to none. The faculty and staff truly cared about our success, and the small class sizes allowed for personalized attention. I feel confident and well-prepared to tackle any engineering challenge thanks to my education at United Group."

ISHITA GUPTA

B. TECH., 2020 BATCH ELECTRONICS & COMMUNICATION

ANSARI ALHAZA B. PHARM. - 2016-2020 BATCH

When I joined UIM, I was just an ordinary student. The 2 years of learning here made me ready for an excellent career in the industry.The placements and internships @ My College are the amongst best in the entire university.

> Placed in AXIS BANK AYUSHI TRIVEDI MBA 2020-22

The way in which I have grown up, mature, and found out who really I am, is something that I couldn't accomplish without going to UIM. Where I have learnt perfect blend of professionalism and hardships. Thanks UIM for the wonderful opportunities and make me a better person.

I would like to give thanks our Principal and academic team for their constant support and special thanks to CRC and CRT teams for fulfilling their promising roles towards my career management and ultimately placement.

Placed in **Deloitte**.
