Volume 7, Issue2, September 2024

- Vision & Mission UGI 02
- From the Desk of Editor-in-Chief 03

EDUCATIONAL ENRICHMENTS 04-25

- 3rd ICCCCM 2024 organised at UCER
- United Institute of Management (UIM), Naini, Prayagraj conducted a National Conference on 'Innovate, Integrate and Implement Enterprise Professional Practices'
- Innovation Cell, UCER organized Felicitation Function for Final Year Innovative Projects
- Project Model Exhibition: Technovanza 2024
- UIT Hosts Empowerment Event for Women in Technology in Partnership with Wiki Women Camp
- UIT's GDSC conducts 'Demo at I/O Extended', with around 250 participants from different NITs
- Expert Lecture-Product Design & Development
- Session on the Lifecycle of Career, Foundation Class
- Educational Tour to AIT: Flag Off Meeting Held
- Industrial Visit, Foundation Batch Diploma Engineering Students
- Diploma Foundation Classes-2024 initiated with an Inaugural Ceremony
- UIM's Wild Celebration: Embracing World Forest Day
- Gender Sensitization Workshop
- Industry Institute Interface
- Symposium on Machine Learning
- Workshop on Analytical Programming & Practices
- Workshop on Financial Literacy
- United Institute of Management Welcomes New Students in Grand Academic Foundation Programme
- United Institute of Pharmacy (UIP) & United College of Pharmacy (UCP) organized Educational Visit for D.Pharm First Year Students
- Rotary Allahabad organizes Educational Excursion for the D.Pharm Final Year Students of United Institute of Pharmacy in Baidyanath Ayurved Bhawan
- UIP Students Promoted Health Awareness through Participation in "Healthon" Marathon
- United Institute of Pharmacy (UIP) Students Participated at Indo-US International Conference
- United Institute of Pharmacy (UIP) Hosts Successful Faculty Development Program (FDP) under Internal Quality Assurance Cell (IQAC)
- D.Pharm Final Year Students Undertake Hospital Training at United Medicity, Rawatpur, Prayagraj
- Guest Lecture on Cyber Security Awareness Held at United Institute of Pharmacy, Naini, Prayagraj
- PCI President Administers Oath to Promote Voter Awareness Ahead of Lok Sabha Elections
- D.Pharm First Year & B.Pharm Final Year Students Visit Arogyadham Ayurveda Treatment Centre in Chitrakoot, M.P
- United Institute of Pharmacy Celebrates Vriksharopan Maha Abhiyan
- CRT Briefing 2024 took place at UIT
- ZEST DIPLOMA 2024
- Expert talk on 'How to speed up research for PhD'
- NHRDN Prayagraj Chapter organizes session for UIT students
- Pre-placement Seminar organized at United Institute of Technology
- Expert Talk on 'Role of AI in Emerging Technologies' held at UIT
- Workshop on Hands-On Cybersecurity with Wireshark held at UIT
- Foundation Batch Classes 2024 Commence at United Institute of Technology (UIT)
- Industrial Visit organized at UIT for Foundation Batch Students
- 15 days Project Summer Training Program for BTech First-Year Students
- Month-long Foundation Batch Classes of UIT Conclude with a Valedictory Function
- Two Days Faculty Development Program on "Effective Teaching of Basic Sciences & Engineering Courses" organized by UIT
- Two Day Faculty Development Program (FDP) underway at UIT concludes
- Tablets Distributed to UIT Students
- UCER College Tablets: Bridging Education and Technology
- Lok Sabha Election 2024: Voter Awareness Program held at UCER
- Expert Talk for Students: GATE-2025 preparations
- Industrial Visits
- Diploma students visit printing plant of Hindustan Times

NURTURING TOMORROW

VISION

We at United Group of Institutions, aim at creating a workforce of professionals with analytical skills who can dream a better world and transform the dream into reality. We will create a dynamic and collaborative climate to broaden our students' competence; and build an Institute that is resilient, flexible and productive. We will be recognized for high ethical standards and responsiveness to the social environment.

MISSION

We aspire to reassert the significance of high quality education by producing competent professionals who can shape the destiny of our nation into a stronger and developed stature. We envisage that high quality education using interactive methodologies will equip students to excel as a professional. The values instilled among students while imparting education, will strengthen the moral and ethical fabric of the nation and revive the human spirit. The zeal of competitiveness will always be positive and setbacks will only be catalysts for greater achievements With these beliefs, the United Group will strive towards faster evolution, and will make its marks on the global academic map.

FROM THE DESK OF

Editor-in-Chief

> ***If you want to walk fast, walk alone. But if you want to walk far, walk together.***
>
> ***– Ratan Tata***

Dear Readers,

Welcome to another exciting edition of our college newsletter, UNITIAN! Inspired by these wise words from Ratan Tata, we dedicate this issue to the power of unity, collaboration, and shared dreams. His life and work have impacted millions, setting an example of humility, perseverance, and service. Through his words and actions, he has taught us to dream big, stay grounded, and always strive to give back to society. This edition is a celebration of the same spirit that Ratan Tata embodies. It showcases the achievements, initiatives, and creativity of our students and faculty, reminding us of the power of dreams and determination. Our college is not just a place for individual achievement, but a community where we grow and succeed together, lifting each other higher with each passing day.

From academic breakthroughs and cultural showcases to sports victories and innovative student initiatives, this issue reflects the energy and diversity that make our college so vibrant. The past term has been filled with memorable events, inspiring workshops, and competitions that have brought us closer as a community and enriched our shared experiences. We also placed a strong emphasis on community service. Our NSS and several clubs organized various activities, from blood donation drives to tree-planting initiatives and volunteering at local shelters, strengthening our bonds with the surrounding community and fostering a spirit of compassion and responsibility among our students.

Our college students continue to amaze and inspire with their brilliance, determination, and resilience. Across disciplines, they are not only excelling academically but are also making significant strides in extracurriculars, community service, and research. This edition of our college newsletter proudly showcases the remarkable achievements of both our students and faculty. Their accomplishments are a testament to their hard work, passion, and vision for the future. Similarly, our faculty members remain a cornerstone of excellence, guiding, mentoring, and inspiring the next generation of leaders. Their dedication to academic rigor and innovation enhances the learning experience, creating a dynamic environment where both students and faculty thrive. Together, they form the backbone of our institution's continued success.

As we reflect on these achievements and moments, it is clear that United College is not just an institution of learning but a vibrant, supportive, and inspiring community. None of this would have been possible without the combined efforts of our students, faculty, and staff. As you flip through these pages, I hope you feel as inspired as I do by the dedication, creativity, and passion of our community.

Bringing this newsletter has truly been a team effort, and I would like to take a moment to express my heartfelt gratitude to everyone involved. A special word of thanks to our Chief Patron and Patron for being an integral part of this journey, and for always fostering an environment where creativity and excellence can thrive. My thanks and appreciation to the talented writers, creative designers and photographers, each contribution has been invaluable in bringing this publication to life. Special Note of thanks to our faculty contributors and the student editorial team for their unwavering commitment and dedication. Your insightful contributions, thoughtful editing, and creative input have played a pivotal role in shaping this newsletter. The faculty's expertise and guidance have enriched our content, while the student editorial team's passion and enthusiasm have brought fresh perspectives and energy to every page, and I am incredibly proud of what we've accomplished together. Thank you for being a part of this journey with us. Here's to many more accomplishments and memories in the months to come!

Happy reading! We hope you enjoy exploring this edition as much as we enjoyed putting it together.

Best and warm wishes.

EDUCATIONAL ENRICHMENTS

3rd ICCCCM 2024
ORGANISED AT UCER
104 PAPERS PRESENTED

RESEARCH IS TO SEE WHAT EVERYBODY ELSE HAS SEEN, AND TO THINK WHAT NOBODY ELSE HAS THOUGHT.

The 3rd International Conference on Control, Computing, Communication and Materials (ICCCCM) kicked off at United College of Engineering and Research (UCER), Naini, on August 10, 2024. The event began with the lighting of lamp and felicitation of the distinguished guests present in the conference from India and abroad. President, United Group of Institutions (UGI) Dr Jagdish Gulati welcomed the delegates and scholars and said that the conference would certainly provide a platform to research scholars to enhance their knowledge. While sharing his views as chief guest, director, Atal Bihari Vajpayee Indian Institute of Information Technology and Management (ABV IIITM), Gwalior Prof SN Singh said that technology is meant for the benefit of humanity, but it should be used in an optimal way. He said that in the era of technology, it is essential to keep a control on the same else it could become dangerous for the society and humanity.

Sharing his views on research programs, Prof Singh said that research works should follow specific standards so that its findings could be used for the benefit of mankind at large. He said that platforms like ICCCM will significantly enhance professional profiles of research scholars and help them grow in stature. Sharing his views as guest of honour, Prof J Rajkumar from IIIT Kanpur said that recent advancements in materials science have significantly enhanced the performance and capabilities of energy storage systems. Showing concern over increasing cyber-crime, he said that it is the need of the hour to work on data analysis and cyber security.

Similarly keynote speakers including Dr Jai Govind Singh from Asian Institute of Technology (ASIT), Bangkok, Prof Chiranjeev Kumar from IIT (ISM) Dhanbad, Prof Asheesh K. Singh from MNNIT Allahabad, Prof R C Bansal from University from University of Sharjah, UAE, Prof Domènec Savi Puig Valls from URV, Spain and Prof Sunil Maharaj from DVC, University of Pretoria, South Africa also shared their views on their respective topics. A panel discussion on 'Challenges in Electric Vehicle market in Indian Scenario' and 'Impact of Artificial Intelligence on utilization of human resource in Industry' was also held on day one of the event. A souvenir on the 3rd ICCCCM was also released by the dignitaries on the occasion. Principal, UCER Prof HP Shukla delivered the welcome address. Dean, Planning and Development Dr Swapnil Srivastava briefed about the international conference. He said that a total 142 papers were presented in the conference. Head of CS Department, UCER Dr Vijay Dwivedi proposed the vote of thanks. CRT Trainer Pradip Sen Gupta conducted the day one event. Senior Vice President of UGI Gaurav Gulati, Vice Chancellor of United University Prof AM Agarwal, Principals, Deans, HoDs and faculty members were present on the occasion.

UIM, NAINI, PRAYAGRAJ CONDUCTED A

NATIONAL CONFERENCE ON

INNOVATE, INTEGRATE AND IMPLEMENT ENTERPRISE PROFESSIONAL PRACTICES

The conference served as a platform for scholars, researchers, and industry professionals to come together and discuss the latest trends, innovations, and challenges in enterprise professional practices. With a focus on fostering innovation, promoting integration, and encouraging implementation, the conference aimed to facilitate meaningful discussions and collaborations among participants. The inaugural ceremony started with lighting of lamp & Goddess Saraswati Vandana. Plant momento were given to the dignitaries, Prof. K. K. Malviya, principal of UIM delivered the inaugural address, on the theme of conference wherein he emphasised on the fact that Innovation and integration go parallel with each other and change is permanent.

Prof. G.C Tripathi Ex VC BHU was the chief guest of the conference who expressed his gratitude. He has given a brief take on the philosophy and approach towards life, which should be clear. He said 'When armed with ideas, action, strategic planning, and determination, destiny inevitably aligns with our endeavors.'

Prof Madhvendra Mishra, IIIT, Jhalwa; Dr Ravindra Tripathi, MNNIT, Allahabad; Dr Sarita Maxwell, Allahabad University; Dr Akhilesh Chandra Pandey, Allahabad University; Dr Ranjit IIIT, Jhalwa and Mr. Ashish Misra, CEO, Excain LLP, Lucknow were the invited speakers who deliberated on different topics in the conference. The conference featured presentations of approximately 60 papers covering a wide range of topics from various institutes like - H.N.B.Garhwal University (A Central University), Srinagar Garhwal,Bharathiar University, Coimbatore, TamilNadu, Jaipur National University, Jaipur, Rajasthan,University of Allahabad, Nehru Gram Bharati Deemed to be University, Prayagraj,Sam Higginbottom University of Agriculture, Technology and Sciences, Prayagraj, MVSM , KAUSHAMBI,United College of Engineering & Research, Allahabad,United College of Engineering & Management, Prayagraj United Institute of Management, Prayagraj and St Mary's Convent & Intermediate College.

All the participants were given certificates in the valedictory session of the conference.The United Institute of Management, Naini, Prayagraj, extends its sincere appreciation to everyone who supported and participated in the National Conference. Mr Gaurav Gulati, Senior Vice President, UGI; Dr Rohit kr. Vishwakarma (HOD, MBA), Dr. Awaneesh Gupta (HOD, MCA) along with Principal UCER, Principal, UIM (FUGS) and senior faculty members were present in the conference. The institute looks forward to hosting more such events in the future, continuing its mission of promoting excellence in management education and research.

Innovation Cell, UCER organized Felicitation

FUNCTION FOR FINAL YEAR INNOVATIVE PROJECTS

GENIUS IS ONE PERCENT INSPIRATION AND NINETY PERCENT PERSPIRATION

The Innovation & Incubation Centre UCER organised the most awaited felicitation function and cheque distribution ceremony for final-year projects (2024 passout batch) which were also displayed in Technovanza- 2024. Among all final year projects, best innovative projects are being selected and funded through the Innovation cell, UCER which includes 03 projects from ECE, 03 from CE, 02 projects from EE,02 from ME, 01 from CS/IT and 01 projects from CE(Diploma) on this occasion, Prof. (Dr.) H.P.Shukla (Principal UCER), Prof.(Dr.)Nandita Pradhan (DSW, Head Innovation Cell, HOD ECE), Dr. Vijay Dwivedi (HOD CS/IT), Dr. Rakesh Yadav (HOD ME) blessed students for bright future. Prof. (Dr.) Shukla congratulated selected projects and students & also motivated them to do good research in future.

Prof. (Dr.) Nandita Pradhan congratulated and blessed students for their future endeavors. She told students to stay optimistic always and have positive attitude which can transform any situation. At last, Dr. Venktesh Mishra (Co-ordinator Innovation cell) explained the importance of practical knowledge and proposed vote of thanks and expressed gratitude to management for their support to good work and students.

Innovation cell members of different departments- Dr. Himanshu Rai (CS/IT), Mr. Gaurav Verma (ME), Mr. Shatrughan Mishra (ECE), Mr. Mani Mahesh (CE) & Mr. Saurabh Pandey (EE) were also present in the function and congratulated students.

PROJECT MODEL EXHIBITION

TECHNOVANZA 2024

A project model exhibition was held on May 14-15, 2024, under the banner of Technovanza 2024 at UCER Naini, Prayagraj. "Technovanza 2024" sounds like an exciting event! It's fantastic to see such a wide array of projects being showcased, ranging from traditional engineering fields like Civil, Mechanical, and Electrical, to cutting-edge areas like Drone Technology, Artificial Intelligence, Image processing, sensors and Internet of Things. Involving school students in events like Technovanza not only exposes them to the exciting world of engineering and technology but also ignited their curiosity and creativity at a young age. By interacting with college students and seeing their projects firsthand, school students gained valuable insights into various engineering disciplines and potentially discover their own passions and interests in these fields. The students of civil engineering showed great enthusiasm and showcased their skills in various fields of civil engineering. All the models were very creative and innovative, reflecting the potential changes in the construction industry in the coming future. The students demonstrated a keen interest in improving problematic soil using waste materials, exploring the effects of bamboo stick on soil reinforcement, and purifying wastewater using locally available materials. A model that was particularly appreciated by visitors. 72 projects showcased on day two along with 30 projects in innovation cell. Additionally, such events foster collaboration and mentorship opportunities between college and school students, creating a supportive ecosystem for learning and innovation. The exhibition kicked off with the lighting of lamp by the dignitaries at the UCER auditorium. Principal UCER, Prof H P Shukla addressed the audience and welcomed the distinguished Chief Guests L.B.S Yadav, Joint Director MSME Development Facilitation Office, Ministry of MEMS, GOI. Convener of Technovanza- 2024 Prof Nandita Pradhan presented the report about the event followed by the Chief Guests L.B.S Yadav briefing session. The winners were awarded trophies, certificates and prizes.

CATEGORY WITH PROJECT NAMES INCLUDED:

School category:
- 1st - St. John's Co. ed, water air cooler
- 2nd - St.John's Academy, Automatic Fire fighting robot using Arduino
- 3rd - Shakun Vidhya Niketan, Hydraulic Bridge

Diploma category:
- 1st - M.E.D. – Modification of Traditional Bike into E-Bike
- 2nd - C.E.D.- Recycling Course Aggregate.
- 3rd - E.E.D.- Fault Detection of Overhead & Underground Transmission Line

Department wise category:
- C.E.D.- Non-destructive test on Concrete for Fire Exposer Durability Aspects
- ECED - IOT based Burwell Rescue Robot
- EED - Advanced Military Spying & Bomb Disposal Robot
- MED - Fabrication of Omni Direction Vehicle
- CSE/IT - Crop recommendation system

Best Innovative Project:
- Eco Rider Companion (EED 3rd year)
- Best Industry Oriented Project:
- Virtual Reality in Education (CS 4th year)

Overall Best Project:
- ASTRA- X8 Aerial Surveillance Tactical Rescue Assistant UAV (ECE 4th year)
- Ms. Tanya Gupta and Mr. Ishan Mishra were the MoC's for the event.
- Vote of thanks was given by Dr. Venkatesh Mishra.

UIT HOSTS EMPOWERMENT EVENT FOR WOMEN IN

TECHNOLOGY IN PARTNERSHIP

with Wiki Women Camp

In honor of Women's History Month, the United Institute of Technology (UIT) recently hosted a groundbreaking event focused on empowering women in the field of technology. This event was conducted in partnership with Wiki Women Camp. It also marked the launch of the Wiki Tech Club at UIT, marking a significant milestone in the advancement of the tech activity. Under the guidance of Praveen Das, the Partnership Lead for South Asia, and Chinmayee, the Women Techmakers (WTM) Ambassador from Bhubaneswar, the event garnered participation from over 100 attendees, including students from prestigious colleges in the region such as JK Institute, SHUATS & SIET. The collaborative efforts between UIT and Wiki Women Camp underscore the shared commitment to foster technology and empower individuals to actively participate in the digital sphere. The attendees at this momentous occasion were Prof. Sanjay Srivastava, Principal UIT, Dr. Amit Kumar Tiwari, Head of the Department of Computer Science (CSE), Dr. Sudhanshu Pandey, Dean of UIT, along with other esteemed faculty members.

UIT'S GDSC CONDUCTS

'DEMO AT I/O EXTENDED',

WITH AROUND 250 PARTICIPANTS FROM DIFFERENT NITS

The event brought together a dynamic community of 200 passionate students from different NITs, Central Universities, and Engineering Colleges of the country showcasing the spirit of collaboration and technological prowess. The event kicked off with the enlightening session of Google Developer Expert Ayush Shekhar who shared his views on Creating the Grammar of Programming with Dart Flutter and Gemini' while another Google developer expert Ashok Vishwakarma spoke at length on 'Leveraging AI to Become a 10x Engineer'. Similarly, Aashi Dutt shared her insights on getting started with Gemma' while Nitin Tiwari's session gave insights on the 'Vision language model and Pali Gemma'. The inaugural session was graced by Prof. (Dr.) Sanjay Srivastava, Principal UIT, set the tone for the day with an inspiring address to the participants. Prof. Srivastava, along with HOD CSE Dr. Amit Kumar Tiwari, Mr. Abhishek Malviya, and Mr. Dhananjay Sharma welcomed the distinguished speakers with bouquets and honored them by presenting mementos. The event not only provided a platform for knowledge exchange and networking but also fueled the passion for technology among the bright minds of the future.

EXPERT LECTURE

PRODUCT DESIGN & DEVELOPMENT

Department of Mechanical Engineering, UCER organised an Expert lecture on the topic Product Design and Development. The Lecture was taken by Dr. Manoj Gupta from Department of Mechanical Engineering, MNNIT Allahabad. The event started with gracious presence of Principal, UCER. He welcomed the Expert with a bouquet of flowers and expressed his valuable thoughts on the Topic. After the completion of lecture HOD, Mechanical engineering expressed his vote of thanks and presented a memento to the esteemed expert. The lecture was attended by the staff and faculty members along with nearly 80 students including B.Tech and diploma mechanical engineering. It was well-attended by the students and they found it engaging and useful for project ideas and future development.

SESSION ON

THE LIFECYCLE OF CAREER FOUNDATION CLASS

An activity based session on "Lifecycle Concept of a Career: Career Planning & Management" was organized for B.Tech Foundation Class Students in the UCER Auditorium, today. Dr.Divya Bartaria, Dean Corporate & Industry Relations addressed the students and created awareness regarding their understanding of Career. She focused on the concept of Career Planning and Career Management. She also discussed Employability Skills including Hard Skills and Soft Skills in an engineering student desired by employers. Dr. Bartaria highlighted the career options available for a student after pursuing engineering. She also motivated the students by discussing Careers Paths @UGI The session was interactive and activity based including activity like Career Shield. Students appreciated the activity conducted during the sessions and participated wholeheartedly. Dr. Shweta Singh, Mr. Bhanu Pratap Rai, Dr. D. N. Tripathi and Ms. Anjali Maurya Coordinated the event. Ms. Shweta Gupta was the Master of Ceremony.

EDUCATIONAL TOUR TO AIT

FLAG OFF MEETING HELD

A Flag Off Meeting 2024 in connection with the 15-day educational tour to the Asian Institute of Technology (AIT), Bangkok, Thailand was organized at the induction hall of the United Institute of (UIT), Naini, on Wednesday. The meeting aimed to describe to the students about the necessary guidelines that they have to abide by during their tour. Head of Foreign Relations, United Group, Dr. Ajay Sharma welcomed the parents and the students and briefed them about the significance of the academic tour. He informed that Dr Ashutosh Kumar Singh, Dr. Humaira Khatoon from United Group of Institutions (UGI), Naini, and Dr. Prashant Shukla from United University (UU) will be visiting with the group of students at AIT. The group will leave for abroad from Lucknow on September 1 and will be back to India on September 15, he added. Dr Ashutosh Kumar Singh told the students about the guidelines and do's and don'ts and asked the students to strictly abide by the rules. Principal, United Institute of Technology (UIT) Prof Sanjay Srivastava, and Principal, United College of Engineering and Research (UCER) Dr Swapnil Srivastava also shared their insights adding that the international trip would certainly provide exposure to students helping them to learn new things that will further help them in their academic and personal growth. Addressing the students, United Group's Senior Vice President Gaurav Gulati said that the trip has provided an opportunity for students to meet with students of different countries having different cultural backgrounds. He also asked the students to leave a good impression on Thailand people, learn new things, and attend all the sessions with an open mind. He extended his best wishes to the students and expressed gratitude towards the parents for sending their children abroad. **Honorable Vice Chairman of United Group Dr Satpal Gulati** also extended his blessings to the students and wished for their bright future. Dr Prashant Shukla proposed the vote of thanks. Ms Kirti, UIT conducted the proceedings of the event.

INDUSTRIAL VISIT FOR

FOUNDATION BATCH DIPLOMA ENGINEERING STUDENTS

Industrial visit was organised for foundation batch of United college of Engineering and Research (UCER) at Parle G, Naini, on August 23 (Friday). Diploma Engineering students visited the plant They got to know about the making and technical aspects behind the making of Products. Mr. Pankaj Kumar Singh and Ms. Anjali Maurya coordinated the visit.

FOUNDATION CLASSES

DIPLOMA FOUNDATION CLASSES-24

INITIATED WITH AN INAUGURAL CEREMONY

The Foundation Classes for newly admitted Diploma Engineering students of UCER, kicked-off with the inaugural ceremony held at Centre of Excellence-Electric Vehicle Lab on Wednesday. On the occasion, the students were acquainted with the courses, placements, extracurricular activities, facilities and student- friendly environment at UGI by the distinguished speakers. Addressing students, Dr. Swapnil Srivastava, Principal, UCER discussed the purpose of the Foundation Classes and the importance of Diploma Engineering in industry.He also emphasized on the importance of Communication skills for the students. Dr. Vijay Kumar Dwivedi, Dean academics told the students the importance of sincerity and dedication to achieve their goal. He said that any goal can be achieved if one is serious about it and has clear concept. Dr. Sudhanshu Kanaujia HOD Applied Sciences and Humanities, motivated the students by emphasizing the importance of a role model in life and prompted to give their best. Dr. Shweta Singh, HOD, Department of Diploma Engineering and Coordinator, Foundation Classes informed the students about the significance of Foundation classes, various activities during the Foundation Classes and also proposed the vote of thanks.

Dr. Anjali conducted the function as Master of Ceremony and other senior faculty members were also present there. The program was coordinated by Dr. Shweta Singh, Ms. Anjali Maurya, Mr. Mayank Srivastava, Mr. Mridul Singh and Team.

ENVIRONMENTAL SUSTAINABILITY

UIM'S WILD CELEBRATION:

EMBRACING WORLD FOREST DAY

On March 21, 2024, the United Institute of Management (UIM), in collaboration with the National Service Scheme (NSS), celebrated World Forest Day with enthusiastic participation from faculty, staff, and students. The event, focused on environmental sustainability, was structured in two phases. The first phase featured a plantation drive on the UIM campus, symbolizing the institute's dedication to green initiatives and biodiversity conservation. Through this activity, participants aimed to positively impact the local ecosystem, fostering a greener and healthier environment within the community. Following the plantation drive, the event transitioned to a discussion phase, where students, faculty, and staff engaged in meaningful conversations on the importance of preserving natural resources. Esteemed speakers included Dr. Anshul Pandey, NSS Program Officer; Dr. Awaneesh Gupta, Head of the Department of MCA; Dr. Ajay Yadav; and Dr. Nidhi Tiwari. They shared personal experiences and insights into the value of plants and forests, highlighting their role in sustaining life on Earth. These discussions fostered a deeper appreciation for nature and the critical role of forests in our ecosystem. Mr. Pranav Singh's leadership ensured the seamless execution of the event, and the collaborative efforts of all faculty and staff were instrumental in its success. The World Forest Day celebration at UIM served as a poignant reminder of the institute's commitment to environmental stewardship, reinforcing a pledge to protect and nurture natural resources for future generations through collective action and sustainable practices.

GENDER SENSITIZATION WORKSHOP

INITIATED WITH AN INAUGURAL CEREMONY

United Institute of Management (UIM) is pleased to announce the successful conclusion of the "Breaking Barriers, Building Bridges: Gender Sensitization Workshop" organized by the Women's Cell. The one-day event, held on May 4, 2024, at the UCER Auditorium, aimed at fostering inclusivity and understanding within our community. The workshop, attended by MBA/MCA students, staff, and faculty members, proved to be an enlightening and empowering experience for all participants. The event featured insightful sessions led by esteemed speakers who shared their expertise on various aspects of gender equality and inclusivity. The event kicked off with a warm welcome as bouquets were presented to the distinguished guests, Prof. Geetika and Dr. Archana Singh, by Dr. Rohit Kumar Vishwakarma (HOD, MBA, UIM) and Mr. Pranav Singh (CRC Head, UIM).

Highlights of the Workshop:

- Keynote Address by Prof Geetika: Distinguished Guest Prof Geetika from MNNIT Allahabad delivered a thought-provoking keynote address on 'Gender Equality Today for a Sustainable Tomorrow.' Her insights shed light on the importance of gender equality in building a sustainable future and inspired attendees to take proactive steps towards fostering inclusivity.
- Address by Dr. Archana Singh: Dr. Archana Singh from G B Pant Social Science Institute, Prayagraj, delivered an engaging session on 'Decoding Stereotypes and Stereotyping.' Her presentation challenged stereotypes and biases related to gender roles, encouraging participants to promote empathy and respect for individuals of all genders.

The workshop provided a platform for open dialogue and discussion, allowing participants to share their perspectives and experiences. Interactive sessions facilitated meaningful exchanges and helped foster a deeper understanding of the issues surrounding gender equality and inclusivity. The conclusion of the workshop saw the esteemed guest speakers being honoured with mementos, graciously presented by Dr. Awneesh Gupta (HOD, MCA) and Dr. Nidhi Tiwari (Chairperson, Women Cell). Expressing gratitude, Maarishaa Baranwal extended a heartfelt vote of thanks. The Women's Cell remains committed to its mission of promoting gender inclusivity and understanding within the UIM community.

MANAGEMENT EVENT

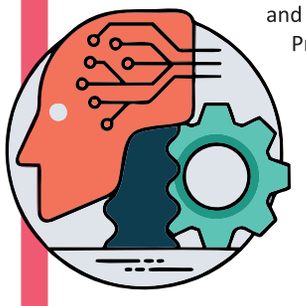
INDUSTRY INSTITUTE INTERFACE

The Internal Quality Assurance Cell (IQAC) and the Entrepreneurship Development Cell (EDC) collaboratively organized an event titled "Industry Institute Interface" on May 6, 2024, specifically for the first-year MBA students. This event aimed to bridge the gap between academia and industry, offering students valuable insights into the entrepreneurial landscape. The session featured Ms. Harshita Srivastava, a distinguished guest speaker from the United Incubation Hub. Known for her expertise in nurturing startups, Ms. Srivastava engaged the students in an interactive session focused on the theme "How to Start a Startup." During the session, she provided practical guidance, shared her experiences, and answered questions, inspiring students to embark on their entrepreneurial journeys. The event was coordinated by Ms. Kriti Malaviya, Assistant Professor in the MBA department at UIM. Her efforts ensured the smooth execution of the session, facilitating a productive exchange between the students and the guest speaker. To conclude the event, Dr. Nidhi Tiwari, the chairperson of the Women's Cell presented a memento to the guest speaker as a token of appreciation for her valuable contribution to the students' learning experience. This event not only provided the students with crucial insights into the world of startups but also fostered a connection between industry professionals and aspiring entrepreneurs, laying a strong foundation for their future endeavors.

SYMPOSIUM ON

MACHINE LEARNING

A "Symposium on Machine Learning" was organized for the second-year MCA students at United Institute of Management, Naini Prayagraj, on May 6, 2024. The event featured Mr. Saurabh Pathak, a distinguished Full Stack Developer from Alpine Technologies, Kanpur, as the guest speaker. Mr. Pathak shared his insights on the current industry demands, focusing on the latest technologies and tools. He discussed the emerging trends in Artificial Intelligence (AI), Machine Learning (ML), and Laravel, offering students a comprehensive understanding of these cutting-edge areas. The symposium was coordinated by Mr. Dhananjay Kumar Singh, Assistant Professor in the MCA department, who ensured the event ran smoothly and effectively. At the conclusion of the lecture, Prof. K. K. Malviya, Principal of UIM, expressed his appreciation to the guest speaker by presenting him with a memento as a token of gratitude. This symposium provided students with valuable knowledge on the latest advancements in the tech industry, equipping them with the insights needed to thrive in the evolving field of technology.



WORKSHOP ON

ANALYTICAL PROGRAMMING & PRACTICES

On May 6, 2024, a "Workshop on Analytical Programming & Practices" was conducted for second-semester MCA students at United Institute of Management. The event was coordinated by Mr. Ashutosh Pandey, Assistant Professor in the MCA department. During the workshop, participants demonstrated their proficiency in C programming through an MCQ session that focused on various programming languages. After evaluating their programming skills, Mr. Yuvraj Singh and Mr. Ayush Patel, both from the second-semester MCA, emerged as the winner and runner-up, respectively. The Head of the MCA department, Dr. Awaneesh Gupta, along with Dr. Manmohan Mishra, felicitated the winner and encouraged all participants to continue honing their skills.

WORKSHOP ON

FINANCIAL LITERACS

On May 7, 2024, MBA 4th semester students participated in an insightful and interactive workshop on financial literacy, organized under the aegis of the Internal Quality Assurance Cell (IQAC) at United Institute of Management (UIM). The workshop featured esteemed professionals from the banking, financial services, and insurance industries, providing students with valuable knowledge on various aspects of financial planning and management.

The industry guest speakers included:
Mr. Akhilesh Shukla, Vice President & Cluster Head, HDFC Bank, Mr. Joydeep Chaturvedi, Senior Circle Head, Tata AIA Life Insurance, Mr. Ashwani Pandey, Branch Head, Birla Mutual Fund, Prayagraj, Mr. Sanjay Mishra, Branch Manager, HDFC Bank, Prayagraj. The keynote speaker, Mr. Joydeep Chaturvedi, emphasized the importance of empowering individuals financially by setting practical life goals, developing budgets, monitoring expenses, and managing savings efficiently. He highlighted that proper financial planning enables individuals to be prepared for life's uncertainties and emergencies without derailing their savings or impacting their lifestyle. Mr. Akhilesh Shukla addressed the students on the ways they need to prepare for a successful industrial career, underscoring the significance of savings in one's life. Mr. Ashwani Pandey spoke about the necessity for individuals to be aware of and vigilant against new-age financial frauds. The workshop was graced by Prof. K. K. Malviya, who also felicitated the industry speakers. The event was coordinated by Mr. Atul Stanley Hermit, ensuring its smooth execution and the successful dissemination of essential financial knowledge to the students.

UIM WELCOMES NEW STUDENTS IN

GRAND ACADEMIC FOUNDATION PROGRAMME

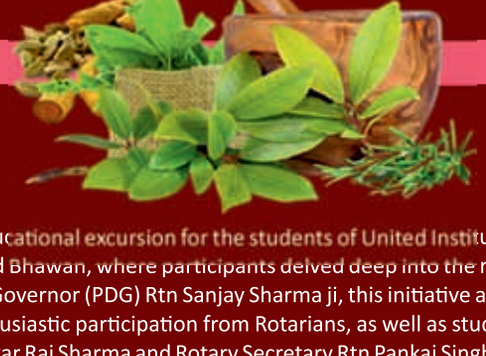
On August 12, 2024, United Institute of Management (UIM), Naini, hosted a splendid Academic Foundation Programme at the UCER Auditorium to welcome its incoming batch of students. The event began with the traditional lighting of the lamp by the dignitaries, followed by a soulful Saraswati Vandana. Dr. Manmohan Mishra, Head of the MCA Department, extended his heartfelt wishes to the newly admitted students, while Dr. Rohit Kumar Vishwakarma, Head of the MBA Department, expressed his gratitude for the trust placed in United to provide quality education. The programme also featured a corporate video showcasing the state-of-the-art facilities at United. Ms. Pranav Singh, Head of the Corporate Resource Center (CRC) at UIM, provided insightful information about the placement cell. Riddhi Srivastava, a UIM student who achieved 1st Rank in AKTU, inspired the incoming batch by sharing her motivational journey at UIM.The occasion was graced by the presence of all faculty members from the MBA and MCA departments.

UIP & UCP ORGANIZED

EDUCATIONAL VISIT

FOR D.PHARM FIRST YEAR STUDENTS

On March 13, 2024, the United Institute of Pharmacy (UIP) and United College of Pharmacy (UCP) organized an educational excursion to the Naini Water Purification & Sewage Treatment Plant for first-year D.Pharm students. The visit aimed to enhance students' understanding of environmental management and waste treatment processes. Led by faculty members, the tour provided an in-depth look at sewage treatment stages, including screening, sedimentation, biological treatment, and disinfection, to illustrate how wastewater is purified for safe release. The interactive experience allowed students to observe advanced machinery and engage directly with plant personnel, enriching their grasp of practical challenges and solutions in sewage treatment. Faculty members, including Dr. Amit Kumar Singh and Dr. Anil Kumar Singh, praised the students' eagerness to learn, noting how the visit complemented their theoretical knowledge with real-world applications. Beyond technical insights, the excursion emphasized the link between clean water, public health, and environmental sustainability, fostering a sense of responsibility in students. This initiative underscores UIP and UCP's commitment to holistic education, nurturing pharmacy professionals equipped to address healthcare and environmental challenges.



ROTARY ALLAHABAD ORGANIZES EDUCATIONAL EXCURSION TO

BAIDYANATH AYURVED BHAWAN

FOR THE STUDENTS OF D.PHARM FINAL YEAR, UIM

On the auspicious day of March 16, 2024, Rotary Allahabad orchestrated a transformative educational excursion for the students of United Institute of Pharmacy. The destination of this enlightening journey was the esteemed Baidyanath Ayurved Bhawan, where participants delved deep into the realm of Ayurveda and herbal remedies. Under the esteemed guidance of the revered Past District Governor (PDG) Rtn Sanjay Sharma ji, this initiative aimed to offer valuable insights into Ayurvedic medicines. Rotary Allahabad's project garnered enthusiastic participation from Rotarians, as well as students and faculty members from the United Institute of Pharmacy. Led by Rotary President Rtn Divakar Rai Sharma and Rotary Secretary Rtn Pankaj Singh, the excursion unfolded at the expansive Baidyanath Factory. Approximately 80 students, accompanied by their Principal Prof. (Dr.) Alok Mukherjee and dedicated teachers, embarked on this educational tour with eagerness and curiosity. Throughout the excursion, participants were immersed in the rich heritage and profound wisdom of Ayurveda. They had the opportunity to witness firsthand the production processes at the Baidyanath Factory, gaining invaluable knowledge about the preparation and utilization of Ayurvedic medicines.The excursion not only provided a platform for learning but also fostered a deeper appreciation for traditional healing practices among the students and attendees. It served as a testament to Rotary Allahabad's commitment to educational enrichment and community engagement. As the day concluded, participants departed with enriched minds and hearts, carrying with them newfound insights into the time-honored principles of Ayurveda. Rotary Allahabad's initiative stood as a beacon of learning, paving the way for further exploration and understanding of holistic health practices.In essence, the educational excursion organized by Rotary Allahabad at Baidyanath Ayurved Bhawan served as a testament to the power of collaboration and education in nurturing a healthier and more informed community.

UIP STUDENTS PROMOTED HEALTH AWARENESS THROUGH PARTICIPATION IN

"HEALTHON" MARATHON

In a spirited display of community engagement and health advocacy, students of UIP enthusiastically participated in the "Healthon" marathon organized by inext Dainik Jagran on 17th March, 2024. The event, held in Prayagraj, aimed to spread awareness about the importance of leading a healthy lifestyle among the masses. The UIP students joined thousands of other participants in this noble endeavor. Dressed in vibrant attire, they ran with vigor and determination, sending a powerful message of health consciousness to onlookers and fellow participants. "Participating in events like 'Healthon' is not just about running; it's about promoting a culture of wellness and fitness," Devansh Singh, a final year UIP student and participant in the marathon. "As future leaders and influencers, it's our responsibility to inspire others to prioritize their health." The marathon route traversed through various landmarks of Prayagraj, offering a picturesque backdrop to the runners. Along the way, UIP students engaged with spectators and distributed informational pamphlets highlighting the significance of regular exercise, balanced nutrition, and preventive healthcare measures.

Mr. Amitabh Tripathi, Asst. Prof. & NSS coordinator at UIP, lauded the students' proactive involvement in the event. "The enthusiasm shown by our students reflects their commitment to the well-being of society. By actively participating in initiatives like 'Healthon,' they are not only promoting a healthier lifestyle but also fostering a sense of community and social responsibility." The "Healthon" marathon received widespread support from local authorities, healthcare professionals, and various organizations dedicated to public health. Its success in mobilizing individuals from all walks of life underscores the collective effort towards building a healthier nation.

As the event concluded, participants, including UIP students, expressed their gratitude for the opportunity to contribute to a noble cause. They pledged to continue their efforts in advocating for health awareness and making a positive impact on society. Through their active involvement in initiatives like the "Healthon" marathon, the UIP students have once again demonstrated their commitment to promoting well-being and inspiring positive change, setting a commendable example for the community at large.With such endeavors, the spirit of health consciousness continues to thrive, paving the way for a brighter and healthier future for all.

UIP STUDENTS PARTICIPATED AT

INDO-US INTERNATIONAL CONFERENCE

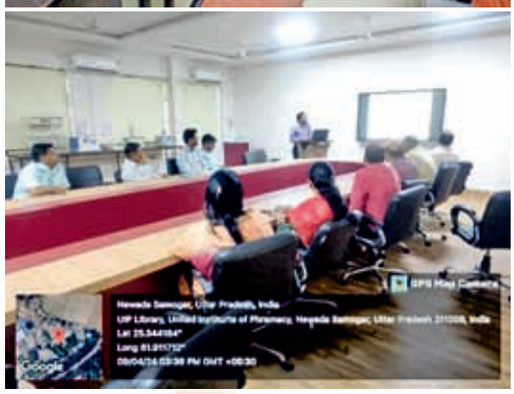
In a remarkable display of academic prowess and global engagement, students from the United Institute of Pharmacy (UIP) showcased their expertise at the Indo-US International Conference held at Shri Sai College of Pharmacy in Handia, Prayagraj on 18th March, 2024. The conference, themed "Worldwide Challenges and Current Opportunities in Nanotechnology and Pharmaceutical Field," provided a platform for scholars and researchers to exchange ideas and insights into the cutting-edge advancements in the field. The UIP delegation, comprising a select group of ambitious students, demonstrated their dedication to academic excellence and innovation. Their participation underscored the institute's commitment to fostering a culture of research and international collaboration.

Throughout the conference, UIP students actively engaged in oral & poster presentations delving into the multifaceted realms of nanotechnology and pharmaceuticals. Their contributions spanned a diverse range of topics, including nanomedicine, drug delivery systems, and nanomaterials synthesis, reflecting their profound understanding of the field's intricacies. Moreover, the students seized the opportunity to interact with renowned scholars, industry experts. These interactions not only enriched their academic experience but also provided invaluable networking opportunities, paving the way for future collaborations and partnerships. Prof. (Dr.) Alok Mukerjee, Principal, UIP expressed pride in the students' accomplishments, stating, "The participation of UIP students in this prestigious conference exemplifies our institute's commitment to nurturing talent and fostering a spirit of inquiry. Their enthusiasm and dedication are truly commendable, and I have no doubt that they will continue to make significant contributions to the field of pharmaceutical sciences." The success of UIP students at the Indo-US International Conference serves as a testament to their academic prowess, innovative thinking, and global perspective. As they return to their studies with newfound inspiration and knowledge, they are poised to embark on a journey of discovery that will shape the future of pharmaceutical research and development.

The United Institute of Pharmacy congratulates its students on their outstanding performance and looks forward to supporting their continued growth and success on the international stage.

UIP HOSTS SUCCESSFUL FDP UNDER

INTERNAL QUALITY ASSURANCE CELL (IQAC)



The United Institute of Pharmacy (UIP) recently held a successful Faculty Development Program (FDP) from March 28 to April 10, 2024, aimed at enhancing teaching methodologies and promoting professional growth. Organized by UIP's Internal Quality Assurance Cell (IQAC), the FDP focused on equipping faculty with modern pedagogical tools and techniques vital for delivering quality education in pharmacy.

Over the two-week program, faculty members participated in various sessions, workshops, and discussions led by experienced academicians and industry experts. Topics covered included curriculum development, instructional design, assessment methods, and the use of technology in teaching. Prof. (Dr.) Alok Mukerjee, Principal of UIP, highlighted the program's importance, stating, "Our commitment to academic excellence necessitates continuous faculty development to align with global standards."

The program was highly regarded by participants for its hands-on approach and practical relevance. Dr. Anil Kr. Singh, a professor at UIP, praised the FDP, noting that it provided concrete strategies to engage students and improve learning outcomes. Besides enhancing pedagogical skills, the FDP promoted a culture of collaboration, allowing faculty to exchange best practices and insights. The program's success reaffirms UIP's dedication to academic excellence and continuous improvement, supporting its mission to be a leading institution in pharmaceutical education through innovation and rigor.

D.PHARM FINAL YEAR STUDENTS UNDERTAKE

MACHINE LEARNING

AT UNITED MEDICITY, RAWATPUR, PRAYAGRAJ

In a significant step towards enhancing their practical knowledge and skills, the final year students pursuing Diploma in Pharmacy (D.Pharm) at United Institute of Pharmacy embarked on a comprehensive hospital training program at United Medicity, Rawatpur, Prayagraj. The training, scheduled from April 8, 2024, to April 23, 2024, aims to provide students with firsthand experience in a clinical setting, preparing them for their future roles as pharmacy professionals.

United Medicity, known for its advanced healthcare facilities and commitment to excellence, serves as an ideal environment for students to gain exposure to various aspects of pharmaceutical care. During the training period, students will have the opportunity to work closely with experienced pharmacists and healthcare professionals, participating in tasks ranging from medication dispensing to patient counseling. Prof. (Dr.) Alok Mukerjee, Principal, UIP, expressed his enthusiasm for this collaborative initiative, stating, "Practical training is an integral component of pharmacy education, enabling students to apply theoretical knowledge in real-world scenarios. Our partnership with United Medicity provides students with invaluable learning experiences that will shape their careers in pharmacy."The training curriculum is meticulously designed to cover essential areas such as pharmaceutical calculations, drug information retrieval, medication therapy management, and medication safety protocols. Through hands-on experience, students will develop critical skills in drug administration, patient interaction, and interdisciplinary collaboration within a healthcare setting. Mr. Alok Dubey, one of the participating students, shared her anticipation for the training, saying, "This opportunity to train at United Medicity is incredibly valuable for us. We look forward to learning from experienced professionals and gaining insights into the practical aspects of pharmacy practice. It will undoubtedly enrich our learning and prepare us for the challenges ahead."

The management of United Medicity expressed their commitment to supporting educational endeavors and fostering the growth of aspiring healthcare professionals. They emphasized the importance of such training programs in nurturing talent and ensuring the delivery of quality pharmaceutical services to patients. As the D.Pharm final year students embark on this enriching journey, they carry with them the aspirations of becoming competent and compassionate pharmacists dedicated to serving their communities. The training at United Medicity promises to be a transformative experience, equipping students with the skills and confidence to excel in their future endeavors in the field of pharmacy.

GUEST LECTURE ON

CYBER SECURITY AWARENESS

Held at UIP, Naini, Prayagraj

United Institute of Pharmacy, Naini, Prayagraj, organized a guest lecture on Cyber Security Awareness on May 9, 2024, aimed at equipping students with essential digital safety knowledge. The session, part of the institute's efforts to enhance understanding of technology-related issues, was delivered by Mr. Vijay Kumar Jhingran, Vice President of the International College of Security Studies. Mr. Jhingran, an expert in cybersecurity, emphasized the importance of strong passwords, recognizing phishing attempts, and securing networks, particularly in the healthcare and pharmaceutical sectors, where data breaches can have serious consequences.The session also included interactive demonstrations, allowing students to identify cybersecurity threats in real-world scenarios, enhancing their practical understanding of digital safety. The hands-on approach engaged students, providing them with skills applicable to their future professional lives. The event concluded with a lively Q&A session, where students asked about various cybersecurity concerns. The lecture was well-received by both students and faculty, reflecting the growing importance of cybersecurity in today's digital world. The institute reaffirmed its commitment to providing students with comprehensive knowledge to navigate modern technological challenges, reinforcing its mission to prepare students for the evolving demands of the healthcare industry and beyond.

PCI PRESIDENT ADMINISTERS OATH TO PROMOTE

VOTER AWARENESS AHEAD OF LOK SABHA ELECTIONS

In a bid to promote voter awareness ahead of the upcoming Lok Sabha elections, a voter awareness program was organized by the United Institute of Pharmacy (UIP) at the UCER auditorium on May 17, 2024. The event saw a significant turnout of students and faculty members, all united under a common cause to highlight the importance of voting.Dr. Montu M. Patel, the President of the Pharmacy Council of India (PCI), graced the occasion as the chief guest. Dr. Patel administered an oath to all attendees, encouraging them to exercise their right to vote on May 25. He emphasized the critical role that voters play in electing eligible and communicable candidates, urging everyone to step out of their homes and make their voices heard at the ballot box.

"The power of democracy lies in the hands of the voters," Dr. Patel remarked. "Your vote is your voice, and it is essential that we all participate in shaping the future of our country." The event also saw the participation of several distinguished guests, including United Group of Institutions (UGI) **Vice-Chairman Dr. Satpal Gulati** and **Senior Vice-President Gaurav Gulati**, who presented a memento to Dr. Patel as a token of appreciation for his presence and contribution. Mayor Ganesh Kesarwani, in his address, highlighted the pivotal role of youth in the democratic process. "The youth are the future of our nation," he said. "Their active participation is crucial in electing a government that truly represents the people."

Rana Chawla, President of the Chemists and Druggists Association, along with Ved Prakash Singh and Anupam, also shared their insights on the importance of voting and the responsibility it entails. Dr. Alok Mukerjee, Principal of the United Institute of Pharmacy, welcomed the guests and expressed his gratitude to all participants. He concluded the program with a vote of thanks, underscoring the significance of voter awareness initiatives in ensuring a healthy democracy. The event served as a reminder of the power of each vote and the collective responsibility of all citizens to participate in the electoral process.

STUDENTS VISITS

AROGYADHAM AYURVEDA TREATMENT CENTRE in Chitrakoot, M.P.

On May 27, 2024, D.Pharm First Year and B.Pharm Final Year students from the United Institute of Pharmacy (UIP) visited the Arogyadham Ayurveda Treatment Centre in Chitrakoot, Madhya Pradesh. This educational visit provided students with practical exposure to Ayurvedic treatments and their integration into modern healthcare. Arogyadham is renowned for its holistic wellness approach and offers diverse Ayurvedic therapies. During the tour, students observed treatment procedures, herbal medicine preparation, and Panchakarma therapies, while also interacting with experienced Ayurvedic practitioners to learn about Ayurveda's principles and relevance in today's healthcare landscape. Dr. Paras Gupta, Assistant Professor at UIP, highlighted the value of such visits in connecting theoretical knowledge with real-world applications. "Understanding Ayurveda's health approach is essential for pharmacy students in India, where traditional medicine remains significant," he stated. The visit concluded with an interactive session where students reflected on their observations and explored Ayurveda's role in modern pharmacy practice. Students appreciated the experience, noting that it deepened their understanding of Ayurveda and its potential for enhancing patient care. This visit to Arogyadham underscores UIP's commitment to providing a well-rounded education, blending modern and traditional practices. The Pharmacy Department plans further such visits, ensuring students are well-prepared for diverse healthcare industry challenges.

United Institute of Pharmacy Celebrates

VRIKSHAROPAN MAHA ABHIYAN

United Institute of Pharmacy, Naini, marked the beginning of an environmentally significant event by celebrating Vriksharopan Maha Abhiyan on June 24, 2024. The celebration aimed to promote environmental awareness and encourage sustainable practices among students, faculty, and the surrounding community. The event commenced with a tree-planting ceremony on the campus grounds. Faculty members, students, and staff enthusiastically participated, planting various indigenous tree species that are known for their ecological benefits. The initiative was not just about planting trees but also about nurturing them to ensure they contribute positively to the environment.

Dr. Alok Mukerjee, Principal of the United Institute of Pharmacy, emphasized the importance of such initiatives in combating climate change and preserving biodiversity. "Plantation Week is not just an event but a step towards a greener future. It is our responsibility to instill environmental values in our students and encourage them to be proactive in their efforts to protect our planet," said Dr. Alok Mukerjee. The institute plans to continue this initiative annually, expanding its reach to include nearby communities and schools, thereby fostering a larger movement towards environmental conservation. The celebration of Vriksharopan Maha Abhiyan at the United Institute of Pharmacy is a testament to the institution's commitment to environmental stewardship and its role in educating the next generation of environmentally conscious citizens.

UIT'S SESSION

CRT BRIEFING 2024

A briefing session on the importance of CRT for the upcoming placement drives was organized for the 3rd year students on Thursday, in which approximately 180 students were addressed. Prof. (Dr.) Sanjay Srivastava, Principal UIT, breaking the ice, touched upon many important aspects of CRT, describing its relevance for placements and how mock tests are crucial in landing a good job.

Recent company trends and the skill sets that are in demand in the industry along with the placement data were elaborated by Ms. Shruti Sharma, Head CRC, UIT. Moreover, Mr. Dhananjay Sharma, Head of Technical Training, enlightened the students with the Fundamentals of PSD. Taking the event forward, Mr. John Rizvi, Trainer, Verbal Ability, and Mr. Ankit Gupta trainer, Quantitative Aptitude emphasized the role of Effective Communication, Quants, and Reasoning and their applications. Ms. Pooja Sachdeva conducted the whole event and offered a vote of thanks.

zest DIPLOMA 2024

STUDENTS OF LAL BAHADUR SHASTRI POLYTECHNIC, MANDA VISIT UGI

On Tuesday, students from Lal Bahadur Shastri Polytechnic, Manda, Prayagraj visited the United Group of Institutions (UGI), Naini. The students visited the United Institute of Technology (UIT) and the United College of Engineering and Research (UCER), Naini campus, and were acquainted with the state-of-the-art facilities being provided to students, including innovation centers and incubation hubs, among others. The event started with a briefing about the ZEST, its objective, and the three events, i.e., Abhigyan, JAM, and Avishakar, being organized under the ZEST. Principal, United Institute of Technology (UIT), Prof. Sanjay Srivastava, and Dean, UIT, Dr. Sudhanshu Pandey, distributed prizes and certificates to the winners.

HELD IN GOVERNMENT GIRLS' POLYTECHNIC, MEJA

An educational program **ZEST (Diploma) 2024** was organized at Government Girls' Polytechnique, Meja, on Tuesday. Organized under the guidance of Principal, UIT Prof Sanjay Srivastava, the main highlights of the program were the events ABHIGYAN (QUIZ) and PRASTUTI (JAM) coordinated by Mr. Ankit Gupta and Mr. John Rizvi of UIT. A total of 92 students from CS and EC branches of the Polytechnic participated in the events. Mr. Ankit Gupta described the courses and facilities provided by UGI, elaborating on the scope of core branches and computer science. Mr. John acquainted the students with the purpose and its various events. The entire event was planned by the HoD EC, Mr. Amitabh Srivastava, and Mr. Manas Pandey.

Winners (JAM)		
1st Divyani Pandey	2nd Anshika Singh	3rd Rimjhim Singh

Winners (Quiz)		
1st Sanya Barnwal	2nd Harshita Singh	3rd Arpita Singh

EXPERT TALK ON

HOW TO SPEED UP RESEARCH FOR Ph.D

An expert talk on 'How to speed up research' was organized at the United Institute of Technology (UIT) on March 16, 2024. Prof. Mukul Shukla from MNNIT, Prof. AK Mishra, C Academic Advisor of UGI, Prof. Sanjay Srivastava Principal, UIT, and Dr. Santosh Kumar Singh, HoD CE/ME Department, UIT, shared their views as key speakers. Dean of Academics at UIT, Dr Sudhanshu Pandey gave a brief on the significance of the workshop. Mrs. Mamta presented a memento to Prof Mukul Shukla as a token of honor. Heads of Departments and faculty members were present on this occasion.

NHRDN Prayagraj Chapter organized an interactive session on **NAVIGATING THE CORPORATE WORLD** for B Tech 1st and 2nd-year students of United Institute of Technology with Ms Akansha, Partner Technology Strategist, ServiceNow who guided the students for their corporate readiness. Prof Sanjay Srivastava, Principal UIT, in his welcome address, threw light on the current challenges being faced by all the human resources including the student faculty members, and corporate professionals in this changing scenario. The Chief Guest and the Speaker of the day Ms Akansha delivered an inspirational talk on the topic while she started by sharing her own experiences and corporate challenges. She made the students aware of various sectors of IT, work areas, and departments along with the expectations of industries that demand students' knowledge, skills, attitudes, and personality. Giving a humorous add-on to her speech Akansha engaged the students by checking their perception, conceptual, and logical sense. She took some latest references quoting connected people and used illustrations and cases for a better understanding of students. She talked about learning and unlearning; leveraging transferable skills and concluded the session with 5 takeaways. Ms Shruti Sharma, Secretary NHRDN PRAYAGRAJ CHAPTER coordinated well for the agenda and its goal setting. Dr. Divya Bartaria, President NHRDN PRAYAGRAJ CHAPTER extended a Vote of Thanks to the speaker and all the participants and congratulated the team NHRDN for the success of this event.

NHRDN Prayagraj Chapter organizes session for UIT students

NAVIGATING THE CORPORATE WORLD

5 TAKEAWAYS

1. KNOW YOUR SURROUNDINGS
2. ASK QUESTIONS
3. DO YOUR MASTERY
4. FIND OUR MENTOR
5. EXPECT THE CHANGE

SEMINAR ON

PRE-PLACEMENT

ORGANIZED AT UNITED INSTITUTE OF TECHNOLOGY

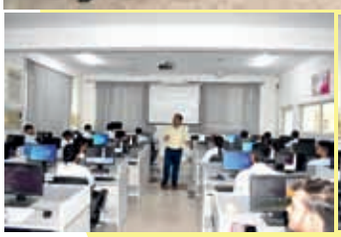
Pre-placement Seminar was organized at the United Institute of Technology on the 3rd of June for the pre-final year students ready to start their career journey with the Corporate Relations Centre, United Group of Institutions

EXPERT TALK ON

ROLE OF AI IN EMERGING TECHNOLOGIES

HELD AT UIT

Department of Electronics and Communication Engineering, United Institute of Technology, (UIT), Naini, organized an expert talk on **'Role of AI in Emerging Technologies and Fairness & Biasness in AI',** on Tuesday. Dr. Satish Kumar Singh, Associate Professor (IT Department) from IIIT-A Prayagraj delivered his lecture on the topic as the keynote speaker. UIT Principal, Prof Sanjay Srivastava welcomed the guest speaker and Dean, Academics Dr Sudhanshu Pandey presented a memento to him as a token of respect. Dean, HoDs, faculty members, and students attended the session.



WORKSHOP ON

HANDS-ON CYBERSECURITY WITH WIRESHARK

HELD AT UIT

A day-long workshop on **Hands-On Cybersecurity with Wireshark** was organized by the Department of Computer Science and Engineering (CSE) of the United Institute of Technology (UIT), on Saturday. Cybersecurity experts Mr. Rahul Gupta, Mr. Amit Jaiswal, and Mr. Shashank Tripathi discussed Wireshark, Ettercap, and its applications in computer security. Head of Technical Department, UIT Mr Dhananjay Sharma and Mr. Abhishek Malaviya welcomed the guests by presenting them with bouquets. The head of the CSE Department Dr. Amit Kumar Tiwari convened the workshop. Mohd Quais Khan and Mr Rohit Singh were the coordinators of the event.

BATCH CLASSES

FOUNDATION BATCH CLASSES 2024 COMMENCE

AT UNITED INSTITUTE OF TECHNOLOGY (UIT)

The Foundation Batch Classes of newly admitted students at the United Institute of Technology (UIT) commenced on Monday with an inaugural ceremony held at the United Auditorium. Marking the beginning of an exciting academic journey for new entrants, the classes will run till August 2, 2024. Setting a positive tone for the forthcoming academic year, principal, UIT Prof. Sanjay Srivastava extended his blessings to the new students and shared a comprehensive road map for their upcoming four years at UIT. Highlighting the importance of dedication and hard work in their academic endeavors, Prof. Srivastava emphasized on the importance of discipline, time management, improving communication skills, and minimizing distractions from social media to grab good placement opportunities and success in their career. Dean Academics, Dr. Sudhanshu Pandey, addressed the students, outlining the protocols they are expected to follow. He also introduced the key functionaries of UIT, ensuring that the students are well-acquainted with the support system available to them. Dr. Pandey also told the students about the Btech syllabus in detail and the challenges. Career Counsellor and Placement Trainer Ms. Nikita Tandon motivated the students to strive for excellence in their careers. She also highlighted the remarkable achievements of the previous year's students, inspiring the new entrants to aim high and achieve their goals. Ms. Shruti Sharma, Head of Corporate Relations Centre (CRC), UIT, and Master of Ceremony (MoC) warmly welcomed the new entrants and conducted the function presenting the objective of the Foundation Classes. The event was graced by HoDs, key functionaries, and faculty members of UIT. Later, the students also visited the UIT campus under the guidance of Mr. Rehan Haider and Mr. Prashant Shukla. UIT's GDSC conducts 'Demo at I/O Extended', around 250 participants from different NITs attend the event

INDUSTRIAL VISIT FOR

FOUNDATION BATCH STUDENTS

ORGANIZED AT UIT

An industrial visit was organized for the foundation batch of the United Institute of Technology (UIT) at Parle G, Naini, on Thursday, August 1. Around 240 students of the batch visited the plant under the supervision of Mr. Amitabh Srivastava, Foundation charge. Mohd. Rehan Haider and Ms Sunila Singh were also present on the occasion.

15 DAYS PROJECT

SUMMER TRAINING PROGRAM

FOR BTECH FIRST-YEAR STUDENTS

A 15-day project-based **summer training program** for BTech first year of United Group of Institutions (UGI), kicks off, on August 28, on Wednesday. The inaugural ceremony for the same was held at United Auditorium. Addressing students on the occasion, the Principal of the United College of Engineering and Research (UCER), Dr Swapnil Srivastava dwelt on the significance of the program. He said that the aim of the project-based Summer Training Program 2024 was to develop essential skills among students and to make them industry-ready. Besides, the training program will also help students to generate innovative ideas and enhance their creativity skills, he added. Principal, UIT, Prof Sanjay Srivastava motivated students to do hard work with his words of wisdom to get good results in exams and bag jobs in top MNCs with high annual packages. He also suggested they improve their communication skills and be consistent and disciplined to achieve the best in life and career. The Head of the Technical Department at UIT Mr. Dhananjay Sharma presented the objective of the 15-day training program. He also gave a brief about the summer training courses, experts, and venues. HoD of the EE Department at UCER Mohd Abdul Zeeshan briefed them about the summer training programs of the core branch. Dean, Academics UCER Dr Vijay Dwivedi proposed the vote of thanks. He appealed to the students to take the summer training program seriously. Dr Sneh Lata conducted the proceedings of the inaugural ceremony. Deans, HoDs, and faculty members of UCER and UIT were also present on the occasion.

BATCH CLASSES

FOUNDATION BATCH CLASSES

OF UIT CONCLUDE WITH A VALEDICTORY FUNCTION

The one-month-long **Foundation Batch classes** of the United Institute of Technology (UIT), Naini concluded with a valedictory function, on Friday, August 2. **Around 300 students** of the Batch were present on the occasion. Addressing students, **Honorable Vice Chairman Dr. Satpal Gulati** extended his blessings to the freshers and motivated them to excel in their respective fields with his words of wisdom. Principal, UIT Prof Sanjay Srivastava encouraged the students to keep working hard in a disciplined way and to distance themselves from social media to get better results. On the occasion, students who participated in various programs and competitions were also given awards and certificates by the dignitaries. Earlier, the event kicked off with Shri Ganesh Vandana presented by Mr John Haider followed by some mesmerizing dance and song performances by the students. Ms Shruti Sharma, CRC Head, Mr Dhananjay Sharma, Head of the Technical Department, and Mr Amitabh Srivastava, in charge of the foundation Batch also shared their views on the occasion. Dean, Academics Dr Sudhanshu Pandey, Hods, and faculty members were also present. MoC Ms Pooja Sachdeva conducted the event.

TWO DAYS FACULTY DEVELOPMENT PROGRAM

"EFFECTIVE TEACHING OF BASIC SCIENCES & ENGINEERING COURSES"

ORGANIZED BY THE UNITED INSTITUTE OF TECHNOLOGY (UIT)

Day 1: On Monday, September 2, 2024, Faculty Development Program commenced with a warm welcome of the dignitaries and faculty members by the Master of Ceremony, Ms. Pooja Sachdeva. The program aims to enhance teaching methodologies, curriculum development, and overall academic excellence through collaborative discussions and expert insights. Principal, UIT, Prof. Sanjay Srivastava, encouraged all faculty members to aim for academic excellence. Dean Academics, UIT, Mr. Abhishek Malviya, talked about the broader academic strategies. HOD, Dr. Sudhanshu Pandey, emphasized the importance of time management.

The session continued with an address by the Group In-charge of Physics and Chemistry group- Mr. R.S Gupta and Ms. Dipti Singh, by presentation on role and responsibility of class in-charge. Following these addresses, the Attendance In-charge Mr. Abhay Agarwal discussed effective strategies for maintaining discipline and ensuring regular student attendance. Dr. Mukesh Shukla, Chief Proctor, UIT concluded the session with a comprehensive address on maintaining discipline within the institution.

Day 2: Faculty Development Program (FDP) organized at UIT continued to inspire and engage participants on its second day, September 3, 2024. The day was marked by subject-wise presentations delivered by the faculty members of Department of Applied Sciences and Humanities, followed by a comprehensive valedictory session that encapsulated the key takeaways and provided a platform for feedback and reflection.

Group in-charges Mr. R.S Gupta and Ms. Dipti Singh took the stage to provide feedback of the subject-wise presentations.

Following the feedback session, Dr. Santosh Singh, Mr. Amitabh Srivastava and Mr. Swaroop Mallick commended the efforts of the faculty members for their dedication and enthusiasm throughout the program. The event concluded with a closing address by the Principal, UIT Prof. Sanjay Srivastava and Dean Academics, Mr. Abhishek Malviya. They encouraged the faculty members to keep pushing the boundaries of innovation in education and to remain dedicated to their roles as educators and mentors. The program was smoothly coordinated by Ms. Pooja Sachdeva.

TABLETS DISTRIBUTION TO

UIT STUDENTS

As many as **405 tablets were distributed to the students of United Institute of Technology (UIT),** Naini during a tablet distribution program held at United Auditorium, on Tuesday. **Vice Chairman of United Group of Institutions (UGI) Dr. Satpal Gulati, Senior Vice President Gaurav Gulati,** CEO of Cantonment Board, Prayagraj Mohd Sameer Islam, Tablet Distribution In-charge Amrit Lal Gupta and Principal of UIT Prof. Sanjay Srivastava distributed the tablets to the students. The Tablets were distributed to the students under the 'Swami Vivekananda Youth Empowerment' scheme of the UP government. On this occasion, senior faculty members including Dr. Sudhanshu Pandey, Dr. Sudhanshu Kanojia, Dr. Amit Tiwari, Dr. Santosh Kumar Singh, Registrar Noorul Islam, Registrar Sandeep Pandey, PRO Rajesh Srivastava, Mr. LK Mishra along with faculty members were also present. The program was conducted by Mrs Shruti Sharma.

TABLETS DISTRIBUTION TO

UCER'S BTECH STUDENTS

558 tablets distributed to UCER's Btech students: As many as 558 tablets were distributed to Btechstudents of 2023 batch of United College of Engineering and Research (UCER), Naini, during a tablet distribution program held at UCER Auditorium, on Wednesday, on August 7. Mayor, Prayagraj Ganesh Kesarwani and honorable President, United Group of Institutions (UGI), Dr Jagdish Gulati began the tablet distribution program by distributing tablets to the students. Dr Jagdish Gulati welcomed the mayor and extended his blessings to the tablet recipients. Speaking on the occasion, the Mayor expressed his gratitude towards the state government for distributing tablets to youth with an aim to make them digitally empower under the Swami Vivekanand Yuva Sashaktikaran Scheme.

He said that with the distribution of the tablets, the government is also handing over a responsibility to the youth which they have towards the nation and society as a citizen. He also shared the vision and works of former Union Minister Dr Murali Manohar Joshi in the field of education. Sharing his views on the rich culture and heritage of India, the Mayor also invited students in the upcoming Mahakumbh 2025 of Prayagraj to witness and experience the Indian Philosophy, culture and tradition and to propogate the same across the globe. Principal, UCER Prof HP Shukla, Prof Nandita Pradhan, Dr Swapnil Srivastava, Dr Sudhanshu Kanaujia, Dr Ajay Sharma, Dr Vijay Dwivedi, Dr Shweta Singh, Registrar Mr Noorul Hasan, PRO Rajesh Srivastava along with faculty members were present on the occasion. Ms Tanya Gupta conducted the event.

LOK SABHA ELECTION 2024:

VOTER AWARENESS PROGRAM

HELD AT UCER

Oath administered to voters to elect able candidate, good governance . To spread awareness on the importance of voting and increase voting percentage in Prayagraj district, **a voter awareness program** in view of **Lok Sabha Election 2024 was held at UCER auditorium,** on Friday. President, Pharmacy Council of India (PCI) Dr Montu M Patel graced the occasion as chief guest. The program started with the lighting of lamp by the distinguished guests. Speaking on the occasion, Dr Patel appealed to voters of all age groups of Prayagraj to come out of their homes on May 25 and cast their vote to elect good governance.

He also told students about the various achievements of PCI, increasing scope of Pharmacy and its significance in healthcare. **Vice Chairman of United Group of Institutions (UGI) Dr. Satpal Gulati and Senior Vice President Shri Gaurav Gulati** expressed their gratitude towards the PCI president by presenting him a memento as a token of honour. Speaking on the occasion, the Vice Chairman asked the students of UGI to vote on May 25 if eligible for voting. Speaking as special guest, Prayagraj Mayor Ganesh Kesarwani said that youths are the future of the country and they can play a significant role in electing a good government. He urged the voters to cast their valuable vote to good and educated candidate only without being biased or getting influenced. On the occasion, an oath was administered to voters including students and faculty members to cast their vote on May 25 in the interest of the nation and society. Chairman of Chemist and Druggist Association Rana Chawla, Ved Prakash Singh and Anupam also shared their views on the occasion. Principal, United Institute of Pharmacy (UIP) Dr Alok Mukherjee welcomed the distinguished guests and proposed the vote of thanks. Ms Shradhanjali Singh and Ms Bhawna Singh conducted the function.

EXPERT TALK

GATE-2025 PREPARATIONS

Today a counselling session was organized for our second year and third year students to motivate and guide them regarding their GATE-2025 preparations. The session was taken by Mr. Avichal Dubey B.Tech (CSE) 3rd year student at IERT Prayagraj . Mr. Avichal Dubey has achieved AIR-57 in GATE-2024 (CSE) and AIR-117 in GATE-2024 (DA) Examinations. Mr. Dubey discussed preparation strategies, time management, planning of core subjects and all other aspects of GATE preparations for all twenty sections of our second year and third year students. Principal Prof. H. P. Shukla sir facilitated our guest with attractive gifts and certificate of Appreciation. Dr. Ashutosh Singh and Dr Dharmendra Kumar encouraged students to focus on core subjects in regular academic classes. Dr. Vijay Dwivedi delivered vote of thanks to all dignitaries for their precious time regarding this event.

Industrial Visits

WATER TREATMENT PLANT, JAL SANSTHAN, PRAYAGRAJ

There were total 3 treatment plants with capacity of 30 MLD in two plants and 6MLD in one plant. The students and faculty member were welcomed by Mr. Rajendra Prasad, Plant supervisor, and were briefed about the safety measures to be followed during the industrial visit. At first, the students visited the river intake situated on the Yamuna River, which is the nearest water source for the plant. Further, they were directed towards the treatment plant where the plant supervisor gave a detailed explanation to the students about the design of treatment plant, units and their processes, the entire process from raw water withdrawal to final distribution of treated water post chlorination. Students visited the treatment plant and observed the processes being carried out in different stages. The visit proved to be fruitful for the students of 6th semester as they could practically observe the working and arrangement of various units like Clariflocculator, Tube-settlers and Sand filters. Also, the 4th semester students could practically watch the various unit operations and unit processes and understanding the working of Water treatment plant.

SEWAGE TREATMENT PLANT, GANGA POLLUTION CONTROL BOARD, PRAYAGRAJ

The waste water treatment plant is set up by Ganga Pollution Control Board and Adani Pvt. Ltd. which is called a Common Effluent Treatment Plant [CETP] at Prayagraj, Uttar Pradesh India. The association has set up a common effluent treatment plant to treat the effluent arising from around 20 washing Ghats. The CETP consisting of physico-chemical treatment is designed and commissioned by CA to treat 2000 cum/day of effluent with inlet BOD 180 mg/L.. Our main purpose for this visit was to give the practical knowledge about water treatment plant process. By this visit students can be familiar with industrial environment and get knowledge of different units of waste water treatment plant. Also, in 6th semester subject like Water and waste water Engineering requires knowledge about how components of sewage plant are constructed, so it is very much convenient to see all the practical and components in real time work environment.

HINDALCO PLANT, RENUKOOT

B.Tech Second & Third Year Students of Mechanical Engineering from United College of Engineering and Research (UCER) visited HINDALCO Renukoot . The visit began with a session taken at the plant in which the enthusiastic students cleared the aluminium making process from bauxite ore, Advance welding defects identification machine, mechatronics. Machine section along with lecture on aluminium making by officials of Hindalco excellence school. The visit was organized by Dr. Rakesh Kumar Yadav, HoD, mechanical engineering department and governed by under the enable guidance of faculty members Mechanical Engineering Department Dr. Mohan Gupta, Dr. Dinesh Kumar and Mr. Sharad Chandra Srivastava along with staff member Mr. Sunil Pandey were present on the industrial visit.

A Valuable Learning Experience for 3rd Year Students

INDIAN FARMERS FERTILISER COOPERATIVE LIMITED (IFFCO)

On March 1, 2024, the third-year students of the 2021-2024 batch from United Institute of Management (FUGS), Prayagraj, embarked on **an insightful industrial visit to the Indian Farmers Fertiliser Cooperative Limited (IFFCO) plant.** This visit was a part of our college's commitment to providing practical learning experiences that complement classroom education. IFFCO, a pioneer in the production of fertilizers in India, offered our students a firsthand look at the functioning of one of the largest cooperative organizations in the country. The visit was meticulously planned to ensure that students could relate their theoretical knowledge to real-world industrial processes. The day began with a warm welcome by the IFFCO management, followed by an introductory session where the students were briefed about the company's history, mission, and operations. The students were then taken on a guided tour of the plant. They observed the various stages of fertilizer production, including the procurement of raw materials, the chemical processes involved, and the final packaging of products. The professionals explained the intricate details of the machinery and processes, making the complex operations easier to understand. The visit concluded with an interactive session where students asked questions and clarified their doubts with the experts. Overall, the industrial visit to IFFCO was a remarkable educational experience for the students of United Institute of Management. It not only enhanced their understanding of industrial operations but also inspired them to think critically about the application of their knowledge in the real world. The visit is sure to have a lasting impact on their academic and professional journey.

DIPLOMA STUDENTS VISIT PRINTING PLANT OF HINDUSTAN TIMES

Around 60 Diploma second & third year students of Mechanical, Electrical & Civil Engineering from United College of Engineering and Research (UCER) visited the printing plant of **Hindustan Times** located in Naini Industrial Area, on 11th 2024. The visit began with a session taken at the plant in which the enthusiastic students were informed about the significance of print media, its daily routines and the various transformations in print. After this, the students were acquainted with the different kinds of printing machines and their mechanism by the Hindustan Times officials. On the occasion, each student was also given a fresh printed copy (newspaper). The visit concluded with a group photo of students and faculties. Faculties Mr. Gaurav Verma, Mr. Dharmendra Tiwari, Mr Mridul Singh along with staff member Mr. Sunil Pandey & Mr Ak Sahani were present on the occasion.

HUES OF UGI

UCER ORGANIZES

ACTIVITY CHAMPIONS' CLASH

FOR FOUNDATION BATCH STUDENTS

An **Activity Champions' Clash** was organised for the Foundation Batch Students by United College of Engineering and Research (UCER), on Thursday 01.08.24. The energetic freshers showcased their enthusiasm by participating in various sports competitions such as Cricket, Volleyball, Carrom, Chess, Badminton, Table Tennis and Tug of War. 4th year & 3rd year students coordinated the various competitions under the guidance of Mr. Bhanu Pratap Rai, Dr. D. N. Tripathi, Mohd Sufiyan Khan & Mr Ashish Kumar Patel. Foundation Class Team Members and other faculty members were also present on the occasion.

Little Strokes Fell Great Oaks

UCER ORGANIZES

ACTIVITY GO CREATIVE

FOR FOUNDATION BATCH STUDENTS

An **Activity Go Creative** was organised for the Foundation Batch Students by United College of Engineering and Research (UCER), on Friday 26.07.24. The enthusiastic freshers showcased their talents by participating in Poster Making, Creative Writing, Collage Making, Rangoli, Mehndi, Tattoo making and Short Film Making competitions. Principal UCER, Prof. H.P Shukla Sir blessed the students on the occasion with his motivational words. Dean Academics, Dr. Sudhanshu Kannaujia Sir appreciated the creativity and efforts of students. Dean, Corporate & Industry Relations, Dr. Divya Bartaria Ma'am judged the various events and blessed the participants. Head, CSE Deptt., Dr. Vijay Dwivedi Sir encouraged the efforts put in by the students. CoE, UCER, Mr. Ajit Yadav Sir & Coordinator, CSE Deptt., Dr. Ashutosh Singh Sir also uplifted the participants. The various events were judged by Dr. Surabhi Sinha, Dr.Awaneesh Jee Srivastava, Dr. Bharat Morbhatt, Mr. Ajeet Singh, Dr. Rajesh Tiwari, Dr. Abhishek Singh, Dr. Vinay Pratap Singh. Dr. D. N. Tripathi, Mr. Bhanu Pratap Rai, Ms. Anjali Maurya, Ms. Shweta Gupta & Dr.Anjali coordinated the event under the guidance of Dr. Shweta Singh.

On Wednesday, May 8, 2024, the CSE department hosted a memorable farewell event titled "Lights, Camera, Farewell!" Coordinated by Shashank Singh, Aliza Rizvi, Sajal, and Aleena. The event brought together faculty, students, and staff to celebrate the graduating class. The evening was filled with heartfelt speeches, entertaining performances, and a nostalgic slideshow, creating an atmosphere of joy and reflection. The coordinators ensured a seamless execution, making it a night to remember for everyone involved. The faculty presented Mr. Farewell to Mr. Vaibhav Tiwari and Miss Farewell to Miss Anjali Pathak. Other Titles like Best Organiser, Miss & Mr. Scholar, Best Musician were distributed among others.

Farewell Party

"Lights, Camera, Farewell!"

Alumni Meet

HELD AT UCER

The United Group of Institutions has established a tradition to stay in touch with their alumni's. Well continuing the tradition Department of Mechanical Engineering, UCER has organized an Alumni Interaction Meet on the 09th of March 2024. Our Guest of Honor Er. Rudresh Shukla (2011-15), a UCER alumni who is currently working for Assistant Engineer in Ghaziabad Development Authority (GDA), Ghaziabad Uttar Pradesh selected through UPPSC and has previously worked for Indian Railway, M. Tech IIT BHU. Rudresh Shukla arrived with a mindset that was sure to inspire us young aspiring engineers. Rudresh'' presentation covered all of the technical aspects related to ESE, GATE, State Engineering services, SSC JE and he also debunked the theory and demonstrated why the Mechanical Engineering branch is Evergreen. The event was attended by students from the Mechanical Engineering branch (B.Tech 3rd Year) who all gained a better understanding of what to do and what not to do during their college years and how to redirect their years of B.Tech in the right direction. Event organized by- Mechlion Society Department of Mechanical Engineering, UCER, Prayagraj.

The United Group of Institutions has established a tradition to stay in touch with their alumni's. Well continuing the tradition Department of Mechanical Engineering, UCER has organized an **Alumni Interaction Meet** on the 06th of June 2024. Our Guest of honor Er. Raj Srivastava (2018-22), a UCER alumni who is currently pursuing Ph.D from IIT Roorkee and has done M. Tech from MNNIT Allahabad. Raj Srivastava arrived with a mindset that was sure to inspire young aspiring engineers. Raj Srivastava presentation covered all of the technical aspects related to ESE, GATE, State Engineering services, SSC JE and he also debunked the theory and demonstrated why the Mechanical Engineering branch is Evergreen. The event was attended by students from the Mechanical (B.Tech 2nd & 3rd Year) and Civil Engineering branch (B.Tech 2nd) who all gained a better understanding of what to do and what not to do during their college years and how to redirect their years of B.Tech in the right direction. Prof. H.P. Shukla (Principal, UCER) shared his views about the importance of GATE Exam. Dr. Jitendra Kumar (HoD CED), Dr. Rakesh Kumar Yadav (HoD MED), Dr. Vivek Kumar Srivastava and Faculties members of ME and CE department also present during the event. Event organized by- Mechlion's Society MED, UCER, Prayagraj under the supervision of Dr. Naveen Kumar (Society Head). Event hosted by Mr. Shashwat Srivastava.

UNITED INSTITUTE OF PHARMACY (UIP) CELEBRATES
CONVOCATION
FOR D.PHARM BATCH: 2021-23

In a grand ceremony held on March 5th, 2024, the United Institute of Pharmacy (UIP) celebrated the convocation for the D.Pharm batch of 2021-23. The event marked the successful completion of the academic journey for the graduates, who are now ready to embark on their professional careers in the pharmaceutical field. The convocation ceremony, held at the prestigious UGI campus, was a momentous occasion filled with pride, joy, and anticipation for the future. Distinguished guests, faculty members gathered to witness and celebrate the achievements of the graduating students. The ceremony's Chief Guest Ms. Jagrati Awasthi IAS, S.D.M Karchana, Prayagraj congratulated the graduates on their hard work, dedication, and perseverance throughout their academic journey. She emphasized the importance of continuous learning and innovation in the rapidly evolving field of pharmacy. The highlight of the event was the conferring of degrees to the graduates by the Chief Guest. Each graduate walked across the stage to receive their degree, symbolizing the culmination of years of rigorous study and preparation. In her keynote speech, Ms. Jagrati Awasthi IAS commended the graduates for their commitment to excellence and encouraged them to embrace the challenges and opportunities that lie ahead in their professional careers. **Dr. Satpal Gulati, Vice-Chairman**, UGI & Prof. Dr. Alok Mukerjee, Principal, UIP expressed their gratitude to the faculty, staff for their unwavering support and guidance throughout D.Pharm students' academic journey. They also expressed optimism about the future and the impact that the graduates would make in the pharmaceutical industry. UGI's Academic Advisor Dr. As.K. Mishra was facilitated with memento. MoC was Dr. Nisi Gupta, Asst. Prof., UIP. The convocation ceremony concluded with a vote of thanks by Dr. Anil Kumar Singh, HoD, UIP, who extended heartfelt congratulations to the graduates and wished them success in their future endeavors. As the graduates bid farewell to their alma mater and step into the next phase of their professional lives, the convocation ceremony served as a poignant reminder of their accomplishments and the promise of a bright future ahead. The United Institute of Pharmacy (UIP) remains committed to nurturing future leaders in the field of pharmacy and equipping them with the knowledge, skills, and values to make a meaningful difference in the world of healthcare.

UIP ORGANIZES
NATIONAL PHARMACY EDUCATION
ON EDUCATION DAY (PHARMA ANVESHAN-2024)

In a celebration honoring the legacy of Prof. Mahadeva Lal Shroff, the United Institute of Pharmacy (UIP) orchestrated a grand event on March 6, 2024, marking National Pharmacy Education Day. Termed "Pharma Anveshan-2024," the event aimed to delve into the realms of pharmacy education and its evolving landscape. Prof. Mahadeva Lal Shroff, a luminary in the field of pharmacy education, was remembered on his birth anniversary. His contributions to the advancement of pharmaceutical sciences continue to inspire generations of pharmacists worldwide. The event commenced with an inaugural ceremony graced by Dr Savita Yadav, Assistant Professor, Dept. of Pharmacy, M.L.N Medical College, Prayagraj. She highlighted the pivotal role of education in shaping the future of pharmacy and emphasized the need for innovation and adaptation to meet contemporary challenges. A series of insightful sessions unfolded throughout the day, featuring keynote address, inpromptu speaking competition & quiz competition various domains of pharmacy education. Topics ranged from emerging trends in pharmaceutical research to the integration of technology in pharmacy curricula. Participants immersed themselves in a spirit of camaraderie and shared enthusiasm for the noble profession of pharmacy. The organizing committee expressed gratitude to all participants, sponsors, and supporters whose contributions made Pharma Anveshan-2024 a resounding success. As the curtains drew close on the event, attendees departed with renewed inspiration and a deeper commitment to advancing pharmacy education and research. Through initiatives like Pharma Anveshan-2024, United Institute of Pharmacy reaffirm its dedication to excellence in education and their unwavering commitment to nurturing future leaders in the field of pharmacy. As the legacy of Prof. Mahadeva Lal Shroff continues to inspire generations, events like these serve as beacons of progress, guiding the way forward in the dynamic landscape of pharmaceutical sciences and education.

UNITED INSTITUTE OF PHARMACY (UIP),
FACULTY & STAFF MEMBERS

Embrace the Spirit of Holi

In a vibrant and joyous celebration, faculty and staff members of the United Institute of Pharmacy (UIP) came together to commemorate the festival of colors, Holi, on March 22, 2024. Amidst the bustling academic atmosphere, this cultural festivity provided a moment of respite and camaraderie for the UIP family. Holi, often hailed as the "Festival of Love" or the "Festival of Colors," holds significant cultural and social importance in India and among communities around the world. It marks the arrival of spring and symbolizes the victory of good over evil. The festival is celebrated with enthusiasm, as people smear each other with vibrant colored powders, dance to rhythmic beats, and indulge in traditional sweets and delicacies. At UIP, the celebration began with a burst of colors as faculty and staff members gathered in the courtyard adorned with festive decorations. Laughter filled the air as participants exchanged greetings and embraced the spirit of Holi. Dressed in traditional attire, everyone joined in the festivities with zeal and enthusiasm.

Prof. (Dr.) Alok Mukerjee, Principal, UIP, expressed his delight at witnessing the entire UIP family come together to celebrate this auspicious occasion. She remarked, "Holi is not just a festival; it's a celebration of togetherness and harmony. It fosters a sense of unity and camaraderie among us, transcending barriers and bringing joy to all. "As the celebration unfolded, the vibrant hues of colored powders transformed the atmosphere into a kaleidoscope of joy. Faculty members were seen smearing colors on each other's faces, exchanging warm wishes, and relishing the festive ambiance. The traditional music playing in the background added to the festive fervor, prompting spontaneous dance performances by the jubilant participants. The celebration culminated with a sumptuous spread of traditional delicacies, including gujiyas, sweets, and savory snacks, which provided a delightful conclusion to the festivities. The Holi celebration at UIP not only added color to the campus but also strengthened the bonds of friendship and solidarity among its faculty and staff members, fostering a sense of belonging and shared joy that will resonate long after the last traces of color fade away.

Inauguration Ceremony of CORPORATE RELATIONS CENTER

The inauguration ceremony of the Corporate Relations Center (CRC) at the United Institute of Technology (UIT) was held with great enthusiasm and fervor. The event was graced by the presence of the **Vice Chairman (UGI), Dr. Satpal Gulati, and the Vice President of UGI, Ms. Radhika Gulati**, who officially inaugurated the UIT-CRC. The ceremony was marked by the distinguished presence of several esteemed guests, including Chief Academic Advisor Prof. AK Mishra, Principal of UIT Prof. Sanjay Srivastava, Principal of UIP Prof. Alok Mukherjee, Dean of Corporate Relations Dr. Divya Bartaria, Dean Academics Dr Sudhanshu Pandey and Heads of all Departments. Dr. Satpal Gulati and Ms. Radhika Gulati expressed their heartfelt congratulations and best wishes to CRC-UIT for this significant milestone. Prof. AK Mishra highlighted the importance of industry-academic collaboration and how the CRC will facilitate internships, placements, and real-world exposure for students. Principal of UIT, Prof. Sanjay Srivastava, shared his vision for the CRC and its potential to transform the professional landscape for UGI. Prof. Alok Mukherjee, Principal of UIP, expressed his good wishes to CRC. Dr. Divya Bartaria, Dean of Corporate Relations, underscored the strategic initiatives planned to enhance corporate engagement and student employability. Ms. Shruti Sharma, Head of CRC-UIT, conveyed the excitement and dedication towards making the CRC a hub of excellence and innovation. All the other esteemed members of UGI present also conveyed their good wishes and blessings. The inauguration of the Corporate Relations Center marks a significant step forward for UGI in its mission to provide a comprehensive educational experience that combines academic rigor with practical industry insights.

Keeping pace with time can lead to success in life: Yogendra Singh Yadav

The most precious thing in life is time. It should be used properly. The one who keeps pace with time achieves success. **Param Vir Chakra (PVC) recipient Yogendra Singh Yadav**, who displayed indomitable courage in the Kargil war, expressed these views as the chief guest during the Founder's Day organized by **United Group in the memory of late Shiv Ram Das Gulati** at UIT Campus, Naini on Saturday, on April 13. The Founder's Day was celebrated with great joy and excitement. Addressing students and teachers of various schools of Prayagraj, he said that purpose, passion and performance are very important to achieve success in life. He also motivated students not to give up in life due to difficult situations. The chief guest also appreciated the efforts being made by United for the social and educational upliftment of war widows and meritorious students. Yadav also narrated to the audience some stories of indomitable bravery and courage related to the Kargil War. He told them what difficult situations the soldiers had to face and how huge sacrifices they made to get control over Tiger Hill during the war. The function kicked off with the lighting of ceremonial lamps by the distinguished guests followed by spiritual dance performances by students. **Chairman, United Group GG Gulati and vice chairman Satpal Gulati** welcomed the chief guest by presenting him with a bouquet , shawl and memento. Speaking on the occasion, the Chairman said that United is continuously striving hard to realize the dreams of its visionary founder. President Dr Jagdish Gulati said that it was a matter of immense pleasure and pride that United has been celebrating the Founder's Day for the last many decades. **Vice chairman Satpal Gulati** briefed the audience about the founder's day. On the occasion, a total 15 veer naris were felicitated for their sacrifices they made for the nation. Besides, meritorious students, principals and teachers of 55 schools and colleges from across Prayagraj were also felicitated on the occasion for their significant achievements in the field of academics. Students of UGI also presented some eye-catching cultural performances on the occasion. Vice president Gaurav Gulati proposed the vote of thanks. CRC Head, UIT Shruti Sharma and CRT Trainer Pradip Sen Gupta conducted the function. The entire program was organized under the supervision of cultural head of UGI Dr Ajay Sharma. Senior vice president Vinkesh Gulati, CEO of United Group Mona Gulati, vice chancellor of United University Prof AM Agarwal, principals, faculty members and the entire member of United family were present on the occasion.

The spectacular musical program of renowned Meet Brothers organized in the evening at UIT campus from 7 pm onwards was another special attraction of the Founder's Day. The live show of the duo delivered a mesmerizing performance leaving the audience spellbound. With their infectious energy, electrifying beats, and soulful melodies, Meet Brothers captivated the hearts of all in attendance. The duo's rendition of their hit singles, including chart-toppers like "Baby Doll", "Chittiyaan Kalaiyaan,"and "Lamborgini" set the crowd of over seven-thousand youngsters on their feet from start to finish. They seemed to be singing and dancing along in unison cherishing the special occasion with their family and friends. Throughout the performance, the Meet Brothers engaged with fans, cracking jokes, sharing anecdotes, and even inviting a few lucky audience members to join them on stage for an impromptu dance-off. The performances of singers Piyush Mehroliya and Khushboo Grewal on Main Rang Sharbaton Ka, Billo Rani, Apna Bana Le Meri Jaan also captivated the audience. The Kalash Group of UGI also mesmerized the crowd with their scintillating performances.

UNITED INSTITUTE OF TECHNOLOGY CELEBRATES

Memorable Farewell Function

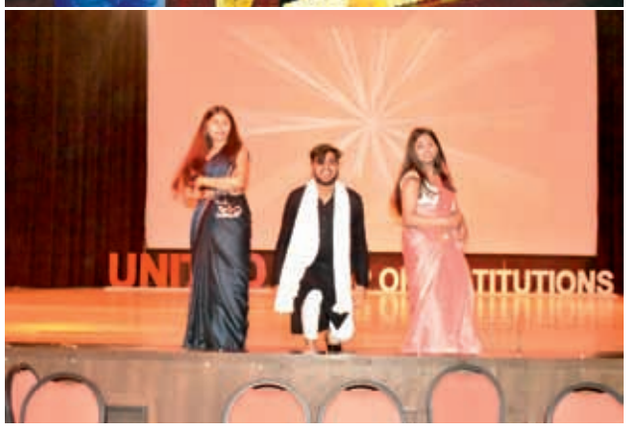
ADIOS 2K24

Bids Adieu to Graduating Students

Amidst an ambiance brimming with nostalgia, laughter, and a tinge of bittersweet emotion, the United Institute of Technology (UIT) hosted its **Annual Farewell Function ADIOS 2K24** bidding adieu to the graduating batch of students. The function commenced with the lighting of lamps by the dignitaries followed by a scintillating welcome dance in the presence of students clad in their finest attire and faculty members. Addressing students, Principal, UIT Prof Sanjay Srivastava extended his best wishes to outgoing students for their great careers ahead. He said, "Today, we bid farewell to not just a batch of students, but to a legacy of excellence, resilience, and camaraderie.

As they embark on their respective journeys, we are confident that they will continue to uphold the values instilled in them during their time at UIT. The farewell function featured a diverse array of activities including dance, singing, poetry, open mic, identity, balloon train, snatch, Chinese whisper, Sparrow Band performances, and Ramp Walk which were highly enjoyed by the audience amidst cheers and applause. To capture the memorable moment, the teachers and students also got a group photo taken. Dean (Academics) Dr. Sudhanshu Pandey, Head of CS Department, UCER Dr. Vijay Dwivedi, Head of CS Department, UIT Dr Amit Tiwari along with senior faculty members also graced the function cherishing some memorable moments with their students.

The event concluded with the prize distribution to the winners including Mr and Miss Farewell by Prof Sanjay Srivastava. The event was successfully organized by UIT cultural head Mr Ankit Gupta and his team. He also proposed the vote of thanks.



Results:
Ms. Sanchi Srivastava and Mr. Yash Srivastava won the title of Miss and Mr. Farewell respectively
Similarly, Ms. Khushi Agarwal and Mr. Harshit Bhatia clinched the title of Miss and Mr Popular

UIT EVENTS

FUSION FEST 2024

CONDUCTED FOR FOUNDATION BATCH STUDENTS OF UIT

A cultural event Fusion Fest 2024 was organised for the foundation batch students of United Institute of Technology (UIT) on Friday. The fest was organized in five categories i.e. Singing, Dancing, Open Mic, Poster, and Short Film Making in which the budding engineers participated with full spirit and enthusiasm and showcased their latent talents. Organising Committee Members: Mr. Ankit Gupta (Head Culture Affairs, UIT) Mr. Amitabh Srivastava (HoD, EC), and Mr. Rehan Haider.

Celebrating the 75

REPUBLIC DAY

A Proud Moment at Our College

The 75th Republic Day was a momentous occasion at our college UIM(FUGS), marked by a series of events that reflected our patriotism and commitment to the values enshrined in the Indian Constitution. Organized by our dedicated NSS (National Service Scheme) team, the celebration was a memorable tribute to our nation's rich heritage and democratic ethos. The festivities began early in the morning with an assembly of students, faculty, and staff on the college grounds, adorned with tricolors and patriotic decorations. The air was filled with a sense of anticipation and pride as everyone gathered for the flag hoisting ceremony. At the designated hour, Ms. DeepikaTiwari, our esteemed NSS organizer, was invited to hoist the national flag. As the tricolor unfurled and soared majestically against the clear sky, the national anthem was sung with fervor, filling everyone with a profound sense of national pride. The sight of the flag waving gracefully in the breeze was a powerful reminder of the sacrifices made by countless Indians for our freedom and the responsibilities we bear as citizens of this great nation. Following the flag hoisting. The event was about the significance of Republic Day, the importance of upholding democratic values, and the role of the youth in shaping the future of the nation. The 75th Republic Day celebration at our college was more than just an event; it was a heartfelt expression of our collective patriotism and commitment to the ideals of justice, liberty, equality, and fraternity.

Annual Fest

PRABANDHAN'2K24

The annual cultural event helps expands students' horizons of learning. It provides a platform for students to express themselves, discover hidden passions and create unforgettable memories. Prabandhan, the annual festival of UIM (FUGS), was the **14th Annual Festival, celebrated with the motto "HunarKaVandan"**. It was a three day memorable event, with the inaugural ceremony held on 14th March, followed by multiple sub-events for the next two days and the closing on 16th March. The annual festival was a result of the vision of our principal, Dr. Devendra Kumar Tiwari and the hard work of the core organizing team of the 3rd year students (BBA & BCA). The festival was a roller-coaster of emotions for all the students, filled with joy, enjoyment, and hard work, as they showcased their talents and abilities in both co-curricular and extra-curricular activities. The off-

stage events took place on the first two days within the campus, while the on-stage events were held at the United auditorium on the final day of the festival. The most significant event was the "Student of the Year" (SOTY) competition, which was initiated by our principal. The competition involved multiple levels of evaluation, including academics, participation, conduct, and general knowledge.

Three finalists were selected for the main round, the PPT round which took place in the auditorium on the final day. The SOTY winner for this year was Anchal Pandey, a 2nd year BBA student. Another highly anticipated award was the "Star Performer", presented a student of the 6th semester for their superlative performance over the years, the award was given to one student from BBA, Karishma Vasudeva and one from BCA, Shifa Haider. This year, our principal presented two remarkable awards to two outstanding students as a token of appreciation for their performance, hard work, and skill. The awards were "The Outstanding Performer" of the batch, given to Krishna Kumar Singh of BBA 3rd year, and "The Best Event Organizer" of the batch to Jayant Agarwal of BBA 3rd year. The closing of the fest was marked by the distribution of these awards by our principal himself, which gave him immense pleasure to presenting these awards and appreciate his students.

Yogdhara

A Transformative Yoga Experience

On February 10th, 2024, United Auditorium buzzed with the serene energy of "Yogdhara," a yoga event organized by Sahajyoga, Prayagraj in association with United Institute of Management (FUGS). The initiative was inspired byDr.Varsha Singh (Gynecologist,UnitedMedicity), who aimed to introduce students to a unique perspective on yoga and its myriad benefits. The event featured insightful sessions that went beyond traditional yoga practices, focusing on holistic well-being, mental clarity, and inner peace. Students experienced firsthand the transformative power of yoga through guided meditations, breathing exercises, and interactive discussions. The event was conducted to emphasize the importance of integrating these practices into daily routines to enhance overall health and wellness. "Yogdhara" left a lasting impression on all participants, encouraging them to embrace yoga as a vital part of their lives. The event was a harmonious blend of learning and practice, fostering a deeper understanding of yoga's role in achieving a balanced lifestyle.

Aarohan'24

"Goodbye is short and final, a word with teeth sharp to bite through the string that ties past to the future." What feels like the end is often the beginning, and new beginnings are often disguised as painful endings. As the teachers, students, and management of UIM (FUGS) bid farewell to the outgoing students of final year, who are ready to head towards a new and beautiful phase of their life's, filled with curiosity and zeal, the farewell was organised by the teachers and the 2nd year students, on 6th April, 2024. The function commenced with a formal welcoming of the honourable guests, our principal, and the final year students, at the United auditorium. Principal sir enlightened the students with his words of wisdom, motivated them to live a happy and contended life ahead. The cultural programs showcased the talents of the final year students who presented solo, and group dance and singing performance. The performances were thoroughly enjoyed by the momentum for the day. Thereafter, there was a minstrel show presented by the 2nd year students, to remind their seniors and take them back to the days filled with classroom learning, fun, and enjoyment, they had also planned a bunch of fun activities for their seniors to make the day a memorable one for them. The mementoes were presented to all the outgoing students. The students were wished good luck for future years, by our principal and he also told them to uphold the motto. The day was a fiesta devoted to the years spent in college, together with friends and teachers, to reminisce joyous moments.

FUGS ORGANIZES

CYBER SECURITY AWARENESS PROGRAM

The National Service Scheme (NSS) organized an Cyber Security Awareness Program in the United Institute of Management (FUGS), with the help of Mr. Pawan Kumar Pandey (Traffic Inspector) and Mr. Jai Prakash Patel (Head Constable) where the two officers informed about the various ways in which cybercrime is taking place these days, and they also provided an in depth knowledge to students of how to be aware and bare of such crimes. This program was commenced on 1st of August, 2024.

100TH ANNIVERSARY OF

"KAKORI TRAIN ATTACK"

The Kakori Conspiracy train action took place on August 9, 1925, near the town of Kakori, Uttar Pradesh. A group of revolutionaries from the Hindustan Republican Association (HRA), led by Ram Prasad Bismil, Ashfaqulla Khan, Chandrasekhar Azad, and others, planned and executed a daring robbery of a government train carrying British treasury money.The purpose of the robbery was to fund their activities for India's independence and for that they used to steal the weapons of the British. The revolutionaries stopped the train, overpowered the guards, and looted the money without harming the passengers. However, the British authorities launched a massive crackdown following the incident, leading to the arrest of most of the participants.

After a long trial, four revolutionaries, including Ram Prasad Bismil and Ashfaqulla Khan, were sentenced to death, while others received long prison terms. The Kakori Conspiracy was a turning point in India's freedom struggle, highlighting the shift towards more radical and militant methods of resistance.

FUGS ORGANIZES

NASHA MUKT BHARAT ABHIYAN

The National Service Scheme (NSS) on 13th of August, 2024 commenced a "NashaMukt Bharat Abhiyan", in the United Institute of Management (FUGS), where the students volunteered and initiated in spreading the message of making in free from any kind of drug addiction. The student volunteers, spread this message and gave information to each other through PPTs and conveying the message of saying "No to Drugs" and "Quitting Drugs".

TIRANGA YATRA

College honoured India's 77th Independence Day with fervor and patriotism. On August 14th, the day before the national holiday, students gathered to honor the sacrifices of our freedom fighters. Dr. Devendra Kumar Tiwari (Principal) and Dr. Chandra Shekhar (HOD) and distinguished faculty members, delivered insightful speeches that inspired us to cherish our independence and continue striving for a better nation. To amplify the spirit of patriotism, a vibrant student rally was organized. The students marched through the campus, proudly waving the Indian flag and chanting patriotic slogans. This event served as a powerful reminder of our nation's rich history and the importance of unity and progress.

A great presentation doesn't just inform-it transforms the way we see the world.

Neighbourhood Youth Parliament (NYP)

On February 11th, 2024, a significant event was held, The Neighbourhood Youth parliament (NYP), to develop an insight into the working of parliament and consider public issues and form their opinion on them, as well as to make students understand the parliamentary procedure, organised in company with Nehru Yuva Kendra Sangathan (NYKS). The event was conducted in the United auditorium, under the guidance and dedicated efforts of Ms. JagritiPandey, the program officer from NYKS. The distinguished guests were Mr. PiyushRanjanNishad, the MLA of Karchhana, who graced the occasion as the chief guest. Adding further gravitas to the event was the presence of Mr. Gaurav Kumar, the Chief Development Officer of Prayagraj. Representing Prof. Rita Bahuguna Joshi Ma'am, the popular Ex Member of Parliament from Prayagraj, was Mr. Vijay Purswami. **Dr. Satpal Gulati**, **Chairman of United Group of Institutions** was also present and extended a warm welcome to the dignitaries and students. His visionary leadership and dedication to education and youth development were evident in his speech, which focused on the need for skill development and the empowerment of young minds. This grand gathering of notable personalities, combined with their inspiring messages, made the Neighborhood Youth Parliament a memorable and thought-provoking event for all in attendance. The event was feasible with the collective endeavours and involvement of the students of UIM (FUGS) together with the student members of NYKS. The students shared their view points on many different state affair matters and issues of different ministries, there were questions raised on those matters by the opposition party, which were aptly and spot on answered by the ministers of the ruling party. There were several questions and issues raised by the opposition party, for different ministries and some of which were from the Finance Minister, Health and Welfare Minister, and Youth Affairs and Sports Minister, etc. Ms. Jagriti Pandey in her speech, highlighted the key points of the NYP and informed the students regarding the objectives and importance of the NYP and the aims of NYKS behind promoting and supporting it, she also praised the students for their participation, role playing and emphasized on the techniques of group discussion, the understanding of the parliamentary procedures and policy making, and the consideration of public issues. Our principal Dr. Devandra Kumar Tiwari Sir addressed the guests and audience, and he in his address appreciated the students and encouraged theirs efforts of fulfilling the very purpose the NYP session. The Neighbourhood Youth Parliament (NYP) was an enormous success, showcasing the very capacity and keenness of the youth in discussing the possible solutions to the state affairs and public issues. The event provided a platform and gave a prospect to students to share their visions and thoughts for the development of the country and way of dealing with and providing solutions on the public affairs, it also underlined the importance of active youth participation in shaping and developing the nation's future.

FUGS TRAINING PROGRAM

BARCLAYS TRAINING PROGRAM

SHAPING FUTURE LEADERS THROUGH PERSONALITY DEVELOPMENT

From July 25th to 27th, 2024, Barclays hosted a transformative Training Program in United Institute of Management (FUGS), Prayagraj, focusing on personality development. This three-day event, led by an expert team from Barclays, provided students with invaluable insights into the essential soft skills required to thrive in the modern professional world. The training program was designed to enhance the personal and professional development of the students, emphasizing the importance of a well-rounded personality in today's competitive job market. The Barclays team, known for their expertise in corporate training, delivered a series of interactive sessions that covered various aspects of personality development. The sessions covered topics such as body language, grooming, and professional etiquette. Students were guided on how to present themselves confidently in interviews, networking events, and within their future workplaces. The trainers also shared insights on how to handle stress and maintain a positive mindset, which are critical for success in any career. Throughout the three days, the Barclays team engaged the students with practical exercises, real-life scenarios, and one-on-one interactions. This hands-on approach ensured that the students could apply the lessons learned in a practical context, making the training highly effective. Overall, the Barclays Training Program was a resounding success, leaving a lasting impression on the students of United Institute of Management. The skills and knowledge gained from this program will undoubtedly equip them to face future challenges with confidence and poise. The College is grateful to the Barclays team for their valuable contribution to the holistic development of our students, reinforcing our commitment to nurturing the leaders of tomorrow.

ENHANCING THE SKILLS

CAPACITY BUILDING PROGRAM

FOSTERING GROWTH ACROSS ALL LEVELS

From July 29th to August 2nd, 2024, United Institute of Management (FUGS), Prayagraj, conducted a dynamic Capacity Building Program aimed at enhancing the skills and confidence of both first-year and third-year students. This 5 day program was a platform for students to engage in a series of interviews, group discussions (GDs), and presentations, with third-year students taking on the role of trainers. The Capacity Building Program was designed with a dual purpose: to provide first-year students with a robust introduction to the skills required in their academic and professional journeys and to offer third-year students a valuable leadership experience by guiding and evaluating their juniors. This unique structure ensured that the program benefited all participants, fostering growth and learning across all levels. Over the course of the program, first-year students participated in personal interviews, group discussions, and presentation sessions, all meticulously conducted by their seniors. These activities were not just about assessing the juniors but also about mentoring them. The third-year students, having gone through similar experiences themselves, were well-positioned to provide constructive feedback, share tips, and help the newcomers build their confidence. For the third-year students, acting as trainers and evaluators was an invaluable experience. They not only reinforced their own skills but also developed leadership qualities, learning to guide, mentor, and assess their juniors effectively. This role reversal provided them with a fresh perspective on the challenges of communication, teamwork, and presentation, which they will carry into their future endeavors. The program concluded with a certificate distribution ceremony.Certificates were awarded to the best performers in the group discussions and to all the trainers from the third-year batch, recognizing their exceptional contribution to the program. The ceremony was a celebration of the hard work, dedication, and growth demonstrated by all participants. The Capacity Building Program at United Institute of Management was more than just an academic exercise; it was a step toward creating a supportive learning environment where students help each other grow. The program's success lies in its ability to empower students at different stages of their academic journey, equipping them with the skills and confidence needed to excel. As the students move forward, the lessons learned and experiences gained from this program will undoubtedly play a pivotal role in their future success.

CLUBS
@UIM-FUGS

At United Institute of Management (FUGS), students are encouraged to join various clubs to enhance their skills and broaden their knowledge in different fields. These clubs provide platforms for experiential learning, networking, and personal growth.

1. **Personality Development Club-** This club focuses on boosting students' confidence and interpersonal skills through workshops and interactive sessions. Members engage in activities such as public speaking and leadership training to prepare for future career challenges.

2. **Human Resource Management Club -** Members gain insights into HR practices and policies, participate in mock interviews, and learn about talent management and organizational behavior..

3. **Marketing Club -** This club offers opportunities to explore marketing strategies, digital marketing trends etc. Members often collaborate on marketing campaigns and case competitions to apply their knowledge.

4. **Finserv Club -** Dedicated to finance enthusiasts, this club covers topics such as investment strategies, financial planning, and market analysis through practical learning and hands-on activities.

5. **Business Intelligence Club -** Members learn about data analytics, business analytics tools, and techniques to transform data into actionable business insights. Students are equipped and polished with IT skills.

6. **Chetna (Psychology) Club -** Focuses on understanding human behavior and mental processes, this club offers a wide spectrum of human understaning. The club also conducts mental health awareness campaigns and counseling sessions.

7. **Startup and Business Counsel Club -** This club supports aspiring entrepreneurs by providing mentorship, resources, and opportunities to pitch business ideas and develop startups. Members can attend networking events and business plan competitions to refine their entrepreneurial skills.

8. **Case Study Club -** Members analyze real-world business scenarios, enhancing their problem-solving and analytical skills through detailed case study discussions and presentations.

9. **Discussion and Debate on Important Issues Club -** Encourages critical thinking and public speaking by organizing debates and discussions on current affairs and significant global issues. Members develop their argumentation skills and broaden their perspectives on diverse topics.

10. **Web Development Club -** Provides a platform for students to learn and practice web development skills, including HTML, CSS, JavaScript, and various frameworks. The club often undertakes collaborative projects to create functional websites and applications.

11. **AI Club -** Focuses on the exploration and application of artificial intelligence technologies, offering workshops, projects, and seminars on AI advancements and implementations. Members participate in AI challenges and hackathons to test their skills.

12. **Coders Club -** A hub for programming enthusiasts to improve their coding skills, participate in hackathons, and work on collaborative coding projects. The club also offers coding bootcamps and peer-led coding sessions to enhance learning.

13. **Android Club -** Dedicated to mobile app development, this club offers resources and guidance on building and deploying Android applications. Members can collaborate on app development projects and gain hands-on experience with the latest Android technologies.

FUGS ORGANIZES

CERTIFICATION COURSES AND ORIENTATION PROGRAM

A JOURNEY TOWARDS EXCELLENCE...

From July 9th to 19th, 2024, United Institute of Management (FUGS), Prayagraj, conducted a series of intensive certification courses for both BBA and BCA students. These courses were designed to enhance the students' practical knowledge and skills, preparing them for the dynamic demands of the corporate world. For BBA students, a wide range of courses were offered, focusing on key areas essential for aspiring business professionals as follows: Fundamentals of Sales and Negotiation: This course equipped students with the skills needed to excel in sales and master the art of negotiation. Framework of Global Trade and Indian Policies: Students gained insights into the complexities of global trade and the policies that shape India's economic landscape.

HR Essentials: Practical Insights: A deep dive into human resource management, providing practical insights that are crucial for managing workforce dynamics.

Brand Management: This course highlighted the strategies behind building and sustaining strong brands in a competitive market.

Human Capital Management: Focused on the effective management of an organization's most valuable asset—its people.

Tally Prime with GST: Students learned the latest accounting software, Tally Prime, with a focus on GST, enhancing their accounting skills.

Contemporary Issues in Finance: This course addressed the current trends and challenges in the financial sector.

Accounting Standards: A comprehensive overview of accounting standards and their application in real-world scenarios.

Leadership and Change Management: This course prepared students to lead teams and manage change effectively in an organizational setting. For BCA students, specialized certification courses provided a competitive edge in the tech industry. Here's a quick look at some key offerings:

Machine Learning Using Python: This course covered the basics of machine learning, teaching students to build and deploy models using Python's powerful libraries like Scikit-Learn and TensorFlow.

Data Science Using Python: Focused on data manipulation, analysis, and visualization, this course equipped students with the skills to turn data into actionable insights using Python.

Web Development Using C#: Students learn to develop dynamic web applications using C# and ASP.NET, preparing them for roles in enterprise-level web development.

Beginner's Guide to Animation: This course introduced the fundamentals of 2D and 3D animation, guiding students through character design and storyboarding with tools like Adobe Animate and Blender.

Web Development Using HTML, CSS & JavaScript: Essential for front-end development, this course taugh the core technologies needed to create responsive and interactive websites.

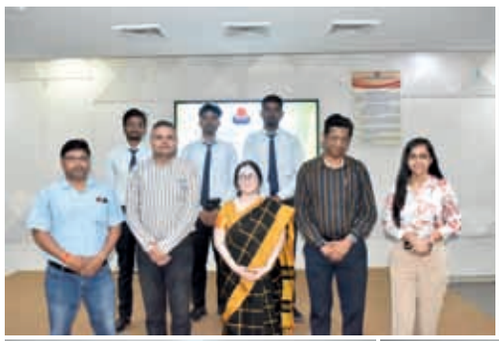
Java AWT: This course focused on building graphical user interfaces (GUIs) in Java, covering essential components and event-driven programming.

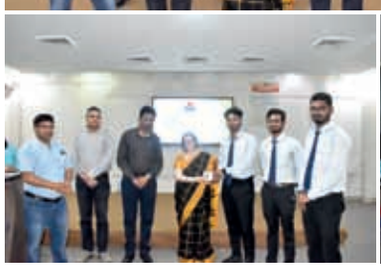
The culmination of these courses was marked by a certificate distribution ceremony held on July 20th, coinciding with the orientation program for the new batch of students. The certificates were awarded to those who achieved A and B grades in their respective courses, recognizing their dedication and hard work. The program began with a warm welcome to the new students, followed by an engaging presentation by the third-year students. They showcased the rich culture and activities of the college, highlighting the achievements of past students under the theme "Our Student, Our Pride." This segment emphasized the exceptional placements our alumni have secured, inspiring the new batch to aim high. In addition to this, the presentation also covered the various cultural and sports activities, along with a brief insight into the numerous clubs available for both BBA and BCA students. These clubs play a pivotal role in the holistic development of students, offering them platforms to explore their interests and talents beyond academics. The certification courses and the orientation program together marked a significant chapter in the academic year, reinforcing the college's commitment to excellence in education. By providing students with both practical skills and a welcoming environment, United Institute of Management continues to nurture the leaders of tomorrow. The program was organized by, Ms. Shiva Rai & Ms. Shagufta Ali.

GLORY OF UGI

STUDENTS ACHIEVEMENTS

UIT felicitates students achieved impressive ranks in AKTU and GATE





United Institute of Technology (UIT) felicitated its meritorious students of the CS Department who secured impressive ranks in AKTU and qualified GATE during a felicitation ceremony organized at UIT Induction Hall, on Thursday. These students include Kritika Mishra (6th rank in AKTU merit list) and Aman Yadav, Raj Singh Kushwaha and Gautam Sharma (GATE qualifiers). Principal, UIT Prof Sanjay Srivastava, Prof Nandita Pradhan, Head of CS Department Dr. Amit Tiwari, and senior faculty Mr. Abhishek Malaviya honored the meritorious students by presenting them mementos and awards.

The dignitaries extended their best wishes to all the achievers for their future endeavors and motivated other students to do hard work with a clear vision with their words of wisdom.On the occasion, the achievers also shared their insights, study plans, and experiences with students to motivate them to get good results in their exams and achieve their goals. CRC Manager Ms. Kirti Singh conducted the program.

UIT Mechanical Engineering Students Launch Electric Bike

A group of meritorious students of the Department of Mechanical Engineering (ME) at the United Institute of Technology (UIT), Naini Prayagraj unveiled their latest innovation, an electric bike, as part of their final year project. The team of students includes Apoorv Singh, Devesh Bajpai, Kamil Jafar, Md. Shariq Siddiqui, and Parth Gupta. Head of the ME Department Dr. Santosh K Singh said that this was the first e-bike invented by the students under the guidance of the faculty members of the department including Mr. Manas Pandey, Mr. Rajendra Verma, and Ms. Shruti Singh.

For enhanced user experience, the electric bike is equipped with a 750-watt motor and a set of 7.2 AH lead-acid batteries, each rated at 12V, features a state-of-the-art controller of 48V and 750W, along with an LCD, added Dr. Singh and thanked UIT Principal Prof Sanjay Srivastava for his continuous guidance and motivation. The unveiling ceremony of the bike was held at UIT's campus and was graced by the esteemed presence of the Vice Chairman of UGI, Dr. Satpal Gulati, and Vice President Ms. Radhika Gulati. They extended their heartfelt congratulations and best wishes to faculties and students of ME Department for achieving this significant milestone.

Chief Academic Advisor, UGI Prof. AK Mishra, Principal of UIT Prof. Sanjay Srivastava, Principal of UIP Prof. Alok Mukherjee, Dean, Industry and Corporate Relations Dr. Divya Bartaria, Dean Academics, UIT Dr. Sudhanshu Pandey, Heads of all Departments, and several other distinguished guests were also present on the occasion.

Hridyesh Gupta secures first position in Google Notes Championship

We are delighted to share the remarkable achievements of students from the United Institute of Technology in the Google Notes Championship Program held at Google's Gurugram office. This prestigious event invited approximately 250+ professionals from across India to contribute to the innovative Google Notes feature. Among the distinguished participants, is our very own Hridyesh Gupta, a B.Tech students in the third year achieved the outstanding feat of ranking 1st with the highest contribution. Hridyesh's dedication and exceptional performance not only earned him the top spot but also opened doors for 15+ students from our college to participate in this esteemed program.

Thanks to Hridyesh's efforts, several students from our institution secured impressive ranks. Notably, Avarti Rastogi achieved an impressive 6th rank, and Harsh Kumar and Sarthak Singh placed within the top 15. Many others from our college also attained pleasant ranks, showcasing the talent and hard work of our student community. This program provided an invaluable opportunity for our students to collaborate with professionals and contribute to a significant project at a global tech giant. We are immensely proud of their accomplishments and look forward to their continued success in future endeavors.

Piyush Verma from UIT Prayagraj Secures Admission to M.Tech. in Power Systems at NIT Trichy

Piyush Verma, a student of the Electrical Engineering branch at the United Institute of Technology, Prayagraj, has been selected for the prestigious M.Tech. program in Power Systems at NIT Trichy, Tamil Nadu with a high GATE score. NIT Trichy is one of India's top NITs. This achievement is a testament to Piyush's dedication, academic excellence, and active participation. We congratulate Piyush on this significant accomplishment and wish him continued success in his future endeavors.

UIM Celebrates Riddhi Srivastava: MBA Topper and Gold Medalist at AKTU Convocation

United Institute of Management, Naini, Prayagraj, takes immense pride in announcing that Ms. Riddhi Srivastava, a distinguished student from the MBA batch of 2022-24, has been honored as the University Topper at Dr. A. P. J. Abdul Kalam Technical University (AKTU). Riddhi achieved the highest academic distinction in her MBA program and was awarded the prestigious Gold Medal during the convocation ceremony held on August 13, 2024. Riddhi's outstanding academic performance throughout her MBA studies has set a new benchmark for excellence at AKTU. Her dedication, hard work, and commitment to her studies have earned her the title of University Topper, an accolade that reflects her exceptional capabilities. The Gold Medal was presented to Riddhi by the Honorable Governor of Uttar Pradesh, Ms. Anandiben Patel, in recognition of her remarkable achievements.

Riddhi's success is not only a personal triumph but also a testament to the high standards of education and mentorship provided by United Institute of Management. Her accomplishments serve as a source of inspiration for her peers and highlight the institute's commitment to fostering academic excellence. The convocation ceremony was a momentous occasion, celebrating the achievements of the graduating class and honouring those who have excelled in their academic pursuits. The presence of Governor Anandiben Patel added to the grandeur of the event, making it a day to remember for all attendees. United Institute of Management extends its heartfelt congratulations to Riddhi Srivastava for her extraordinary achievement. Her success is a shining example of the quality education and support provided by the institute, and we look forward to seeing her continue to excel in all her future endeavors.

"Hackathons are where your crazy idea becomes reality" – Alex Kern

Hack Diwas 2024 two day hackathon

Passion to Thrive

Second-year B.Tech CS and IT students Saumya Jaiswal, Shreya Tiwari, Shikhar and Sunidhi Srivastava under the team name SAFETY SQUAD had a chance to attend Hack Diwas 2024, a two day hackathon that took place at United University, Jhalwa. The team emerged as the first winner, along with cash prize of Rs. 11,000. The event witnessed several teams representing various colleges across Uttar Pradesh. This outstanding accomplishment has not only added a prestigious feather to individual members but has also elevated the honour of United College of Engineering and Research.

19 UIP students selected in Macleods Pharmaceuticals

In a remarkable achievement, 19 outstanding students from United Institute of Pharmacy (UIP), Naini, have successfully secured employment with Macleods Pharmaceuticals, Mumbai. This accomplishment took place during a campus placement drive held on April 24, 2024, at the Prayagraj campus. The students have been offered trainee positions with an impressive annual package of up to Rs. 3.35 lakh. The accomplishment of the selected students is a testament to their hard work and dedication, as well as the quality education and training provided by UIP. Dr. Divya Barataria, Dean of Corporate and Industry Relations, Dr. Alok Mukherjee, Principal of UIP, **Dr. Jagdish Gulati, President of United Group of Institutions (UGI), Dr. Satpal Gulati, Vice Chairman, and Gaurav Gulati, Senior Vice President,** have all extended their heartfelt congratulations and best wishes to the students. They expressed their pride in the students' achievements and emphasized the significance of this milestone in their professional journeys. This success story underscores the strong industry connections and robust placement support that UIP provides, preparing students for rewarding careers in the pharmaceutical industry.

(CSE DEPARTMENT) PAPERS PRESENTED

Gate Qualifier Prize Distribution:

Facilitation ceremony for our GATE -2024 qualifier students held on 02 April 2024

STUDENTS ACHIEVEMENTS EC DEPARTMENT

- Devansh Mohan Dwivedi B.Tech EC branch 2020 batch got selected in UPSC civil services examination with 333 all India rank.
- Anuwa Shreya B.Tech EC branch 2024 batch secure 5th rank in AKTU merit list.
- Mr. Ayush Tiwari, student of Electronics and Communication Engineering at UCER, Naini, Prayagraj secured the FIRST position and win cash prize in district level (Rs 5000), division level (Rs 8000) and at state level (Rs 25000) in science and technology exhibition organized by the Government of Uttar Pradesh in Lucknow.
- Mr. Ayush Kumar Tiwari, (Team Avinya) student of Electronics and Communication Engineering at UCER, Naini, Prayagraj, secured the FIRST position and in his category in the Rajasthan Police Hackathon 1.0, a testament to his brilliance and dedication. He Wins a cash prize of 50,000 rupees from the esteemed Hon. Governor of Rajasthan, Shri Kalraj Mishra, and Colonel Rajyavardhan Singh Rathore, (Minister of Industry and Commerce of Rajasthan), DGP RAJASTHAN, IG JAIPUR, Commissioner jaipur police, District judge Jaipur Rajasthan, speaks volumes about his exceptional talent.

STUDENTS ACHIEVEMENTS CE DEPARTMENT

- Harsh Rai, Branch: Civil Engineering, Batch: 2018-22, Aktu Rank: 1st
- Rushali Kesharwani, Branch: Civil Engineering, Batch: 2018-22, Aktu Rank: 2nd
- Divyanshu Mishra, Branch: Civil Engineering, Batch: 2019-23, Aktu Rank: 7th
- Aryan Kushwaha, Branch: Civil Engineering, Batch: 2018-22, Aktu Rank: 8th

STUDENTS ACHIEVEMENTS EE DEPARTMENT

Paper Presentation (3rd Position),"Multipurpose E-wheelchair", IEEE UP Section Sponsored Conference, Nurturing Future Generation in Sustainable Energy (FUSEN 2024) at GLA Mathura.

- Abhishek Mishra(4th Year)
- Rakesh Kumar Prajapati (4th Year)
- Ritika Mishra (4th Year)
- Sachin Kumar Agrahari (4th Year)

GATE-2024 Qualified

- Prakash Pandey (AIR- 4127)

STUDENTS ACHIEVEMENTS ME DEPARTMENT

Mr. Siddharth Mishra
a distinguished student of B.Tech Mechanical Engineering at UCER Prayagraj from (2017 to 2021) has been selected Assistant commandant (Technical), Indian coast guard Indian Navy.

Mr. Shashank Sharma
a distinguished student of B.Tech Mechanical Engineering at UCER Prayagraj from (2015 to 2019) has been selected Associate Executive in Bharat Petroleum Limited (BPCL) India-Maharatna Company (PSU). Previous selection in Adani Gas Limited as GET.

Mr. Prajjwal Yadav
a distinguished student of B.Tech Mechanical Engineering at UCER Prayagraj from (2015 to 2019) has been selected Associate Executive in Bharat Petroleum Limited (BPCL) India-Maharatna Company (PSU). Previous selection Adani Gas Limited as GET.

NPTEL ONLINE PROGRAM

- Rahul Singh 4th year- Refrigeration and Air conditioning
- Rahul Singh 4th year- IC Engine and Gas Turbine
- Rahul Singh 4th year- Mechtronics
- Jainendra Singh 4th year- Automation in Manufacturing

FACULTY ACHIEVEMENTS

NAME OF FACULTY	ACHIEVEMENTS
Mr. Abdul Zeeshan	• Paper presented "Fuzzy/ANFIS control of DFIG based wind energy conversion system under the condition of voltage sag on grid in one phase", 3rd International Conference on Power Electronics and IoT Applications in Renewable Energy and its Control (PARC-2024), IEEE. • "Mitigation of Subsynchronous Resonance by STATCOM with Fuzzy Logic Controller." 3rd International Conference on Power Electronics and IoT Applications in Renewable Energy and its Control (PARC-2024), IEEE.
Mr. Abhay Saxena	• Published paper on EXPLORING THE ROLE OF SOCIAL MEDIA MARKETING IN GUIDING CUSTOMER CHOICE" in AIRO JOURNALS" (Peer Reviewed Multidisciplinary International Journals) and "EVALUATING THE IMPACT OF SOCIAL MEDIA ON BUSINESS PERFORMANCE" (Peer Reviewed Multidisciplinary National Journals) published in AIRO JOURNALS.
Dr. Abhishek Malviya	• Presented a paper " Designing a Women's Safety Application Connected to Bluetooth" in 4th Biennial International Conference on Future Learning Aspects of Mechanical Engineering (FLAME-2024) organized by Amity University and Springer.
Dr. Aishvarya Narain	• "Performance analysis of PV panel under partial shading condition using wavelet transform technique", International Conference in Recent Advances in Smart Energy Systems and Intelligent Automation (RASESIA 2024) organised by NIT Kurukshetra.
Dr. Ajay Kr Yadav	• Reviewer for 3rd IEEE International Conference on Distributed Computing Electrical Circuits and Electronics (ICDCECE-2024) organized by IEEE SB Ballari Institute of Technology & Management, Ballari on 26-27 Apr, 2024. • Reviewer for 2nd IEEE International Conference on Data Science and Information System (ICDSIS-2024) organized by Malnad college of Engineering on 17-18 May, 2024. • Paper presented & accepted for publication (IEEE Xplore-Scopus Index) title "Interpreting Deep Convolutional Neural Networks for Medical Diagnosis using Perceptual encoding and Retrieval" in 15th International IEEE Conference on Computing, Communication and Networking Technologies (ICCCNT), 24-28 June, 2024, IIT - Mandi, Himachal Pradesh, India.
Dr. Ajay Sharma	• "WSN Based Energy Efficient Protocolsfor Smart Grid: A State of Art Review" presented in International Conference. • "Wireless Sensor Network for Condition Monitoring of Axel Counter Device in Railways" presented in International Conference.
Ms. Akshita Pandey	• Published a Research Paper titled "Indian Economy and MSMEs: An Analysis of Growth and Prospects" IPE Journal of Management, Volume 14 No 6, 2024. • Participated in a 8 days International Value Added Programme on Transforming India Entrepreneurial Evolution for Viksit Bharat @2047 organized by Faculty of Management, MJPRU, Bareilly in collaboration with Rohilkhand Incubation Foundation from 3rd March to 10th March 2024.
Prof. Dr. Alok Mukerjee	• Published research article on Novel furan chalcone modulates PHD-2 induction to impart antineoplastic effect in mammary gland carcinoma in Journal of Biochemistry and Molecular Toxicology. • Published research article on Novel carbamodithioate regulates cellular hypoxia through chemical activation of prolyl hydroxylase-2 for breast cancer chemoprevention. Chemical Biology and Drug Design.
Dr. Amit Kumar Pathak	• Published a Research paper titled Pyrene-Appended Luminescent Probes for Selective Detection of Toxic Heavy Metals and Live Cell Applications in Chemistry Europe, https://doi.org/ 10.1002/ slct.202303914
Dr. Amit Kumar Singh	• Published a book chapter on Consumption of Carotenoid Rich Vegetables and Functions of Human T-Lymphocytes in the book Immune-Boosting Nutraceuticals for Better Human Health Novel Applications, 2024, published by CRC, Apple Academic Press. ISBN: 9781003371069 • Published a book chapter on Antioxidant Action of Glutathione against Heavy Metal Toxicity in Fishes In the book Immune-Boosting Nutraceuticals for Better Human Health Novel Applications published by CRC, Apple Academic Press ISBN: 9781003371069

NAME OF FACULTY	ACHIEVEMENTS
	• Published a book chapter on Coral Reef: A Source of Value-Added Compounds Beneath the Water In the book Boosting Nutraceuticals for Better Human Health: Novel Applications, published by CRC, Apple Academic Press, ISBN: 9781003371069 • Published a book chapter on Role of Functional Foods in Growth and Development In the book Applications of Functional Foods in Disease Prevention published by CRC, Apple Academic Press. • Published a book chapter on Overview of Functional Foods and Their Impact on Osteoporosis In the book Applications of Functional Foods in Disease Prevention, published by CRC, Apple Academic Press, ISBN: 9781003395737 • Patent granted on Smart insulin delivery device; Date of grant 29/02/2024; Indian Design Patent No. 403628-001. • Patent granted on Artificial intelligence based medical device for detection of skin disease; Date of grant 25/04/2024; Indian Design Patent No. 408279-001. • Patent granted on Antimicrobial bandage dispensing Machine. Date of grant 30/04/2024; UK Design Patent No. 6361558.
Mr. Amit Kumar Singh	• Published a review article on Methods for the Encapsulation of Hydrophilic Drugs in Lipid-Based Nanocarriers, Solid Lipid Nanoparticles, and Nanostructured Lipid Carriers: A Short Review and Perspective, in Current Nanomedicine Journal. • Received Indian Patent on device used to measure density of creams, and ointments Design No.: 403024-001 Date: 24/12/2023. • Received UK design Patent Spinal Cord Stimulation Device used for Diabetics Nerve Pain Design number: 6336953 Grant date: 14 January 2024.
Dr. Amit Pandey	• A computational description of time-dependent transport of a water-based nanofluid with hybrid nanocomposite Cu–Al2O3 over a parabolic surface by Keller-box scheme: A modified Buongiorno model in the International Journal of Modern Physics BVol. 38, No. 29, 2450400 (2024).
Dr. Amit Singh	• Attended and Successfully Completed AKTU sponsored One-Week Faculty Development Program on the topic “Design and Development of Biomedical Antennas” organized by Department of Electronics and Communication Engineering, KIET Group of Institutions, Delhi-NCR, Ghaziabad from 22 July 2024 to 28 July 2024. • Reviewer for “3rd International Conference on Control, Computing, Communication, and Material 2024 (ICCCCM – 2024)” held on 10th and 11th August 2024 at United College of Engineering and Research, Prayagraj.
Mr. Amitabh Srivastava	• Attended and Successfully Completed One-Week Faculty Development Program on the topic “Recent Advances in Electrical, Electronics and communication engineering (REECE-2024)” organized by Department of Electronics and Communication Engineering, Galgotia University, Delhi-NCR, Ghaziabad from 06 May 2024 to 10 May 2024 • Reviewer for “3rd International Conference on Control, Computing, Communication, and Material 2024 (ICCCCM – 2024)” held on 10th and 11th August 2024 at United College of Engineering and Research, Prayagraj.
Dr. Anil Kumar Singh	• Published a book chapter on Role of Functional Foods in Growth and Development In the book Applications of Functional Foods in Disease Prevention published by CRC, Apple Academic Press.
Mr. Anjaneya Awasthi	• Paper published on “An approach for efficient and accurate phishing website prediction using improved ML classifier performance for feature selection” in International Journal of experimental research and review (Scopus Indexed).
Mr. Ankit Gupta	• Attended a FDP on “Next-Gen Civil Engineering: The Power of AI and GIS” organised by School of core Engineering and AIU- Shoolini AADC Shoolini University, Solan (H.P.) from 9th to 13th july 2024
Mr. Ankush Mishra	• Attended a FDP on “Advanced Technologies and innovation for Automation in infrastructure Engineering” organised by Department of Civil Engineering, Chaitanya Bharthi institute of technology, Hyderabad Telangana, from 15th to 20th July, 2024

NAME OF FACULTY	ACHIEVEMENTS
	• Presented a paper titled "An Analysis of the impact of hydrophobic agent on the mortar and concrete" in ICMME-2023 GLA University, Mathura 13 & 14 October 2023
Dr. Arpita Mishra	• Paper presented in National Conference on Innovate, Integrate and Implement: Enterprise Professional Practices on 20/04/24 on topic Impact of Workforce Diversity on Employee Performance and Morale in Select MSME's in Uttar Pradesh in United Institute of Management, Naini, Prayagraj.
Mr. Ashish Kumar Pandey	• Participated in one week FDP on "Building Resilient Infrastructure" organized by the Department of Civil Engineering, VVIT, Andhra Pradesh during 24th June 2024 to 28th June 2024 • Presented a paper on "Non-destructive test on Concrete for Fire exposure Durability aspects". International Conference on "Sustainable Materials, Environment and Technologies under climate change scenario (SMET-2024)" organized by Department of Civil Engineering, NIT, Kurukshetra during 25-27 July 2024.
Dr. Ashutosh Kumar Singh	• Contributed as track chair in a special track "Harsessing AI and ML: NLP Robotics, Financial Trading, Agriculture and Climate Change of the ICICCT-2024 Organised by Jawaharlal Nehru University, New Delhi • Unleashing the Potential of IoT Integration for Energy Optimization in Smart Homes". 3rd International conference on Power Electronics and IoT Applications in Renewable Energy and its Control (PARC). IEEE. [Published]. ISBN: 979-8-3503-0940-9
Mr. Ashutosh Pandey:	• Published a book with Title: "Internet of Things", ISBN 978-93-6132-582-3. • Published Research Paper on "Application of Convolutional Neural Networks for Early Detection and Classification of Alzheimer's disease from MRI Images" in Scopus index journal, Journal of Electrical Systems (JES), Vol. 20 No. 3s (2024), ISSN: 1112-5209, DOI. https://doi.org/10.52783/jes.1346
Mr. Atul Stanley Hermit	• Presented a research paper titled, Ecotourism - The Need for Economic Sustainability in Hilly Regions in the 2-day National Seminar on Sustainable Development: Bridging the Economic and Environmental Sustainability in Hilly Regions, on 2nd and 3rd of May 2024, sponsored by ICSSR and organized by Department of Commerce, Rajkiya Snatkottar Mahavidhyalaya Maldevta (Raipur), Dehradun, Uttrakhand. • Participated in a one-week Faculty Development Program on Research Methodology for Qualitative Study (Application of NVIVO & VOSviewer) organized by Amity Business School, Amity University Patna from 27th to 31st of August 2024.
Mr. Avinash Srivastava	• Attended a 5 days short course on "Flood Estimation and Hydraulic Structures- New Approach for risk reduction (FEHS-2024)" from 29th april to 03rd may 2024.
Dr. Avnish Kumar Pandey	• Determining sheath edge electric field around cylindrical pins of a DC-biased hairpin resonator probe in Plasma Sources Science and Technology.
Dr. Awneesh Jee Srivastava	• Patent on IOT BASED AUTOMATED ROBOTIC DUSTBIN in May 2024.
Mrs. Bhawana Singh	• Received Indian Design Patent on smart device for brain tumor detection Design No.: 408635-001/ Date : 24/02/2024. • Received UK design Patent on noninvasive apparatus for nanoneedle mediated transdermal delivery of insulin Design number: 6347226 Grant date: 24 February 2024 Registration date: 16 February 2024.
Dr. D.N.Mishra	• Patent on IOT based Method and system for Autonomously Managing Agricultural Equipment • Recent Avancement photosensitizer for photodynamic therapy in Dyes and Pigments (ELSEVIER, SCIE, IF4.5, Q1) 2024. • Attended a FDP onAdvances in Non Linear Dynamics: Methods and Application organized by VIT-AP from June 11-15,2024.
Dr. Devendra Kumar Tiwari	• Published paper on Role of Emotional intelligence on managing stress level during COVID-19 Pandemic" in journal "Humanities and Social Studies, Vol 13 Issue (1) No. 36 January-June 2024 an UGC CARE listed Journal.

NAME OF FACULTY	ACHIEVEMENTS
Mr. Dhananjay Kr Singh	• Published a research paper titled “Power-Efficient and Trustworthy Data Dissemination for Social Vehicle Associations in the Internet of Vehicles" in SAE International Journal of Connected and Automated Vehicle. Volume 7, Issue 2, 2024
Mr. Dhananjay Kumar Sharma	• Patent: AI in Special Education Enhancing Learning for Students with Disabilities, Diary Number: 20979/2024-CO/L, Dated :30/06/2024 • Presented Research Paper Titled Lung Nodules Detection using YOLOV7 in Global AI Summit 2024, International Conference in Artificial Intelligence and Emerging, organized by Bennet University, India. • FDP on Java Demystified by Electronic & ICT Academy, C-DACHyderabad
Mr. Dinesh Kumar Kushwaha	• M.Tech Completed,KNIT SULPANPUR • Springer International Conference "REVIEW ON SOFTWARE BUG PREDICTION USING MACHINE LEARNING • SWAYAM ONLINE COURSE CERTIFICATION"PROGRAMMING IN PYTHON" • FDP on "Cloud Security: Emerging Threats and Cyber Threat Intelligence” • FPD on "Exploring Emerging Forntiers n Generative AI and Quantum Computing” • FDP on Java Demystified by Electronic & ICT Academy, C-DAC Hyderabad
Ms. Dipti Tiwari	• Attended FDP On NEP 2020 Education , Policy Reforms And Initiatives Of The Decade Organized By Rama University 15-20 April 2024
Ms. Garima Sahu	• Written a Text book of Social Pharmacy (2024) published by Shree Sai Publications, Meerut ISBN: 978-93-95685-38-2 • Contributed as author in MCQ (DPEE) book for Exit Examination (2024) published by Shree Sai Publications, Meerut ISBN: 978-93-95685-82-5
Mr. Gaurav Narain Singh	• Patent: AI in Special Education Enhancing Learning for Students with Disabilities, Diary Number: 20979/2024-CO/L, Dated :30/06/2024 • FDP on Java Demystified by Electronic & ICT Academy, C-DAC Hyderabad
Mr. Gaurav Srivastava	• Participated in MATLAB ODE Exploration Unvelling Numerical Methods Potential organised by Math Tech Thinking Foundation
Dr. Himanshu Rai	• ‘Deepfake assessment for Indian celebrity data usging VGGFace model’, International conference on Intelligent Computing and Communication Techniques (ICICCT-2024),IEEE 28th - 29th June,2024
Dr. Jitendra Gupta	• Published an international conference paper “A critical review on protection of stainless steel with thermal spraying coatings from oxidation hot corrosion. International Conference on “Recent Advances in Design and Manufacturing (RADM-2024)" organized by Department of Mechanical Engineering, NIT, Patna during 28-30 June 2024.” • Attended a FDP “Advances in Automotive Technologies” conducted by Mechanical Engineering Department, NITTTR Chandigarh from 26th February 2024 to 1st March 2024. • Attend a FDP “Designing for Consumer” conducted by Mechanical Engineering Department, NITTTR Chandigarh from 12th to 16th February 2024.
Ms. Jyoti Kesarwani	• ‘Deepfake assessment for Indian celebrity data usging VGGFace model’, International conference on Intelligent Computing and Communication Techniques (ICICCT-2024),IEEE, 28th - 29th June,2024 • (Patent) “Sensor-Driven Adaptive Lighting System for Commercial Spaces”
Dr. K.C Mishra	• Analysis of axisymmetric thermoelastic diffusive half-space with variable material properties using hyperbolic two-temperature model. Canadian Journal of Physics. e-First https://doi.org/10.1139/cjp-2023-0058
Ms. Lalima Srivastava	• Qualified NPTEL Exam on Computer Networks. Contributed as reviewer of International Conference (ICCCCM-2024)
Mr. Maan Singh	• One-week International short term training program on Cloud Security emerging threats and cyber threat intelligence, from 12 Aug. 2024 to 17 Aug. 2024

NAME OF FACULTY	ACHIEVEMENTS
	• Certificate of paper presentation for "Heart disease prediction using machine" learning in 4th Biennial International conference on Future Learning aspects of Mechanical Engineering (31 July to 2 Aug. 2024) • Certificate of paper presentation for "Stress Detection using machine learning Algorithm" in 4th Biennial International conference on Future Learning aspects of Machinical Engineering(31Julyto2Aug.2024).
Ms. Mamta Mishra	• Written a book chapter in book titled "Application of Education" with chapter titled as "Material Science Technology Observation System" with ISBN 9788197607974 and publisher Taylor & Francis-GEH Press.
Mr. Mani Mahesh	• Presented a paper on "Amendment of Expansive Soil with Alumina Mine Ore Waste for Utilization in Earth Structures". International Conference on Geotechnical Issues in Energy, Infrastructure and Disaster Management (ICGEID-2024)" in January 2024 at IIT Patna. • Published a paper on "Utilization of Bamboo Grid as a basal reinforcement for ground improvement" in National conference on innovate, Integrate and implement Professional Practices (20 Apr, 2024) at UIM Prayagraj. • Attended a FDP on UHV- III F2F IIT Kanpur (July 06- 13, 2024) for NR- Region.
Dr. Manmohan Mishra:	• Published a book with Title: "Internet of Things", ISBN 978-93-6132-582-3. • Published a book chapter "The future use of AI for content and sentiment analysis in media monitoring and recommendation" in Taylor & Francis, CRC Press. • Published a book chapter "Exploring the Influence of Machine Learning on Advancements in the Pharmaceutical Industry" in Taylor & Francis, CRC Press.
Mr. Manoj Kumar Mishra	• 'Exploring Machine Learning-Powered Multi-Agent Systems and It's Uses in B2C E-Commerce', International conference on Intelligent Computing and Communication Techniques (ICICCT-2024),IEEE, 28th - 29th June,2024
Dr. Mohammad Faizi	• Topper of NEPTEL course - Behavioural and Personal Finance Course (March, 2024) Organized by IIT Roorkee.
Dr. Mohan Gupta	• Published a research paper entitled, "Heat transfer performance of a liquefaction and steaming heat transfer using many inserts", in "journal of technology" (ESCI, SCOPUS Indexed) • Published a patent in the design field named as Machine Learning-Based Elactroencephalogram Brain-Reading Medical Apparatus.
Mr. Mohd Aman	• Published a research paper entitled, DESIGN AND FABRICATION OF 3D PRINTER WITH 2 AXIS MOVING BED (4 DEGREE OF FREEDOM), in IJARIIE-ISSN(O)-2395-4396, Vol-10 Issue-2 2024.
Mr. Mohd. Rehan Haider	• A research paper presented in 4th Biennial International Conference on Future Learning Aspectsof Mechanical Engineering (FLAME - 2024),titled, "Simulation and Experimental Investigation of Mechanical and Viscoelastic Properties of Amine Functionalized Graphene, Carbon Fiber/Epoxy Nanocomposites"on 2nd August 2024 organized by Amity University, Noida, Uttar Pradesh, India • Haider R., Singh, P., and Sharma, K., "Enhanced Mechanical Properties of Carbon Fiber/Epoxy Nanocomposites Modifiedwith Amine-Functionalized Graphene," SAE International Journal of Material and Manufacturing17(4):2024,doi:10.4271/05-17-04-0027.ISSN: 1946-3979e-ISSN: 1946-3987 (Scopus Indexed) 2024 • Attended and Successfully Completed One-Week Faculty Development Program on the topic "Recent Advances in Electrical, Electronics and communication engineering (REECE-2024)" organized by Department of Electronics and Communication Engineering, Galgotia University, Delhi-NCR, Ghaziabad from 06 May 2024 to 10 May 2024 • Haider R., Singh, P., and Sharma, K., "Effect of Funtionalization on Glass Transition Temperature of Carbon Fiber Reinforced Epoxy Nanocomposites using MD simulation," STM Journal of Polymer and Composites 12(05)2024Doi:10.37591/JoPC
Mr. Mohd. Shariq Mahboob	• M. S. Mahboob and K. Sharma "Improved Adaptive Ranking-Based Algorithm for Wireless Sensor Networks," 2024 International Conference on Communication, Computer Sciences and Engineering (IC3SE), Gautam Buddha Nagar, India, 2024, pp1-6, doi:10.1109/IC3SE62002.2024.10593242.

NAME OF FACULTY	ACHIEVEMENTS
Mr. Mohit Jain	• Certification : (NITTTR, Chandigarh), "Smart Grid and Integration of Distributed Generation"
Ms. Monika Dubey	• 'Machine Learning –Driven Network Slicing for Enhanced Resource ALlocation, International conference on Intelligent Computing and Communication Techniques (ICICCT-2024),IEEE, 28th - 29th June,2024
Mr. Mukesh Kr Shukla	• Paper Accepted For Publication In Scopus Journal (Palaestine Journal Of Mathematics) Titlied 'Classical Logic, Quantum Logic & Their Algerbraic Structures
Mr. Mukul Maurya	• Written a Text book of Social Pharmacy (2024) published by Shree Sai Publications, Meerut ISBN: 978-93-95685-38-2 • Contributed as author in MCQ (DPEE) book for Exit Examination (2024) published by Shree Sai Publications, Meerut ISBN: 978-93-95685-82-5
Dr. Naghma Ali	• Published paper title - Investigating Relationship between Job Burnout and Intention to Quit Job Among Working Professionals in Vol. 14 No. 1s (2024): SPECIAL ISSUE: Navigating Management and Economics in the Contemporary Landscape: Addressing Challenges and Seizing Opportunities (ABDC Journal).
Dr. Nandita Pradhan	• "Recognizing Brain Regions of Schizophrenia Using Magnetitic Resonance Imaging and Machine Learning" Published in scopus journal • "Dual Band Millimeter Wave MIMO Antenna For 5G Wireless Implementation" Published in ESCI/Scopus journal. • "Analysis of Brain Disorder Based on MRI Using Artificial Intelligence" presented in International Conference.
Dr. Naveen Kumar	• JOURNAL PAPER PUBLISHED Published A Research Paper Entitled " A Comparative Investigation Of The Effects Of Temperature On The Oxidation Resistance Of High-Velocity Oxy-Fuel Coating On AISI316L In Reputed Journal- PHYSICA SCRIPTA SCIE (IF 2.9 Q2, H Index-91) Publisher-IOP PUBLISHING LTD, TEMPLE CIRCUS, TEMPLE WAY, BRISTOL, ENGLAND, BS1 6BE. • Published a research paper entitled, "A Review on Hot Corrosion Performance of Thermal Sprayed Coatings" in reputed Journal- Journal of Electrochemical Science and Engineering (JESE) ESCI/Scopus (IF 2.9 Q3, Clarivate analytics). • Published a research paper entitled, Analysis of Tensile Strength of Thin ABS Specimens 3-D Printed in Various Build Orientations for Turbomachinery Applications" in reputed Journal- International Journal on Interactive Design and Manufacturing (IJIDEM), Springer. Scopus/ESCI (UGC care Listed) (IF-2.1).
Dr. Nidhi Tiwari	• Published Research Paper titled A Conceptual Model of Determinants of Job Satisfaction Based on Literature Review in SAMIKSHA an International Journal of Management and Technology, Vol XII, No. 1, 2023 pp 36-42. • Published Research Paper titled Role of Women in Management & its Impact on Company Leadreship: A Case Study of BIOCON in SAMIKSHA an International Journal of Management and Technology, Vol XII, No. 2, 2023 pp 54-58.
Ms. Nidhi Shukla	• Contributed as reviewer of International Conference (ICCCCM-2024)
Ms. Pallavi Shukla	• 'Comparative Study of Pre-Trained Transformer-based Models for Automatic Title Generation', International conference on Intelligent Computing and Communication Techniques (ICICCT-2024),IEEE, 28th - 29th June,2024.
Mr. Pankaj Kumar Singh	• Attended a FDP on "Advanced Technologies and innovation for Automation in infrastructure Engineering" organised by Department of Civil Engineering, Chaitanya Bharthi institute of technology, Hyderabad Telangana, from 15th to 20th July, 2024. • Presented a paper titled "Analysing the properties of green mortar by using GGRS and glass fibre for sustainable Development" in ICMME-2023 GLA University, Mathura 13 & 14 October 2023.
Mr. Param Goel	• FDP on Java Demystified by Electronic & ICT Academy, C- DAC Hyderabad
Dr. Paras Gupta	• Received UK design Patent on Glucose monitoring system Design number: 6350798 Grant date: 18 march 2024 Registration date: 3 march 2024

NAME OF FACULTY	ACHIEVEMENTS
Mr. Piyush Srivastava	• Contributed as reviewer of International Conference (ICCCCM-2024). Qualified NPTEL Exam for Software testing. FDP on digital sensitization part 3
Ms. Pooja Sachdeva	• Attended and Successfully Completed One-Week Faculty Development Program on the topic "Effective Teaching Pedagogy: Strategies for Engaging and Empowering Learners" organized by Department of Humanities and Physical Education, CT University, Ludhiana, Punjab from 11 March 2024 to 17 March 2024. • Attended and Successfully Completed One-Week Faculty Development Program on the topic "Ethics Model of Excellence Framework (EMEF)" organized by PG and Research Department of Commerce, Rani Anna Government College for Women, Tirunelveli & Globethics, South Asia Centre, Bangalore from 23 April 2024 to 30 April 2024. • Successfully completed THE CAPSIMCORE SIMULATION FDP PROGRAM on 6th June, 2024. • Successfully attended in the AICTE Recognized five-day Faculty Development Program on "Communication at Workplace" conducted by the Education and Educational Management Department from 22 July to 26th July at NITTTR,Chandigarh.
Mr. Praful Pandey	• Paper title : Malware Detection using machine learning, 4th Bienanial International Conference on Future Learning Aspects of Mechanical Engineering.
Mr. Prakash Kundanani	• Research Paper presented/published on Title "A Study on Digital Transformation of Financial Sector" in Fourth International Conference organized by Department of Business Studies, NPR College, Tamil-Nadu. on 26/04 /24. • Successfully Completed 6 days' Workshop on "Research Methodology: Anveshan organsized by IQAC and RPC in association with WRC ISSR from 4 March to 9th March 2024.
Mr. Pranav Gupta	• Contributed as reviewer of International Conference (ICCCCM-2024)
Mr. Prasant Soni	• BOOK PUBLICATION Dr. Nothya Rekha, Siva Kumar, Mr. Prasant Soni, Shahnazeer CK, Dr. S. Shukla, "Deep Learning".
Mr. Prashant Singh	• Published a Paper Titled 'Effect of Bacillus Sphaericus Bacteria on The Calcined Clay Incorporated Cement Concrete' at Journal of Futuristic Science & Application. • Attended a 5 Days National Workshop on Design of Bridges at NIT Jamsedpur (19-23 April 2024).
Dr. Praveen Pratap Singh	• Received more than 1650 citation in H -index 24 • Visible Light Mediated Eosin-Y Catalysed Direct Synthesis of Biologically Potent Of [1,2,4] Triazolo [3,4-B] [1,3,4] ThiadiazolsIndian Journal of Chemistry, 2024, 63, 664-672. Publisher: KCS Prayagraj. • Invited Talk Entitled "Utilizing Visible-Light Photocatalysisin The Synthesis Of Bioactive Benzo[B]Thiophenes Through Intramolecular C-S Bond Formation In Babu K. N. Singh Memorial National Conference On Recent Advances In Physical And Biological Sciences (RAPBS 24), Organised By Department Of Physics And Electronics Kamla Nehru Institute Of Physical And Social Sciences, Sultanpur (28th-29th March, 2024).
Mr. Rahul Srivastava	• Presented a research paper titled, Ecotourism - The Need for Economic Sustainability in Hilly Regions in the 2-day National Seminar on Sustainable Development: Bridging the Economic and Environmental Sustainability in Hilly Regions, on 2nd and 3rd of May 2024, sponsored by ICSSR and organized by Department of Commerce, Rajkiya Snatkottar Mahavidhyalaya Maldevta (Raipur), Dehradun, Uttrakhand. • Participated in a one-week Faculty Development Program on Research Methodology for Qualitative Study (Application of NVIVO & VOSviewer) organized by Amity Business School, Amity University Patna from 27th to 31st of August 2024.
Dr. Rakesh Kumar Yadav	• Published a patent in the design field named as IOT based automatic robotic dustbin.
Mr. Ram Krishna Sharma	• Attended and Successfully Completed AKTU sponsored One-Week Faculty Development Program on the topic "Design and Development of Biomedical Antennas" organized by Department of Electronics and Communication Engineering, KIET Group of Institutions, Delhi-NCR, Ghaziabad from 22 July 2024 to 28 July 2024.
Mr. Rama Shankar Gupta	• Presented a conference paper titled "Dielectric and thermal investigation of carbon nanotubes doped nematic liquid crystals" at Meghnad Saha Memorial International Conference on Frontiers of Physics (MSMICFP-2023) University of Allahabad Prayagraj In association with National Academy of Science India Dated 22-24 November 2023 • Presented a conference paper titled "Dielectric and Electro-optical studies of carbon nanotubes doped nematic liquid crystals" at International Conference on Advancement in Functional Materials (ICAFM-2024) organized by Veer Bahadur Singh Purvanchal University Jaunpur U.P Rajju Bhaiya) Institute of Physical Sciences for study and research incollaboration with Asian Polymer Association New Delhi Dated 8-10 Feb 2024 • Participated in Workshop titled, "Thin Films and Coating" (TFC 2024) Organized by Department of Physics Central University of South Bihar Sponsored by Science and Engineering Research Board, Department of Science and Technology, New Delhi and CUSB Gaya Bihar on 21-23 February2024.
Mr. Ratish Srivastava	• (Patent) "IoT Device for Plant Pathogen Detection"
Mr. Ravindra Singh	• Presented paper on Performance Analysis of Hybrid Metal-Graphene THz MIMO Antenna with Equivalent ECM (Got Best Paper Award) on 13th June 2024. International Conference on Emerging Trends in Microelectronics, Communication and Intelligent Systems-(ETMCIS 2024), MIT Academy of Engineering Alandi (D), Pune, India.
Dr. Rohit Kumar Vishwakarma	• Participated in National Faculty Development Programme on Research Methodology organized by Faculty of Education, Rabindranath Tagore University, Raisen, M. P. from 22- 28 April 2024.

NAME OF FACULTY	ACHIEVEMENTS
	• Acted as co-guide for research scholar Ms. Deepika Mishra, who was awarded a Doctor of Philosophy in Management from Rabindranath Tagore University, Raisen, M.P., on July 26, 2024. • Co-authored a book titled Research Methods for Business and Management, published by Prime International Publication (ISBN 978-93-6010-364-4).
Mr. Rohit Singh	• Faculty Development Programme on CAD Using SolidWorks Conducted by Mechanical Engineering Department from 15/07/2024 to 19/07/2024 (One Week) at NITTTR, Chandigarh. • One Week International Short Term Training Program on "Cloud Security: Emerging Threats and Cyber Threat Intelligence" organized by the School of CSIT from 12th August 2024 to 17th August 2024.
Mr. Rudra Kumar Mishra	• Faculty Development Programme on IoT Enabled Embedded Systems, Electronics and Communication Engineering Department, 22/07/2024 to 26/07/2024 (One Week) at NITTTR,Chandigarh. • Faculty Development Programme on Deep Learning for Engineering Application, Conducted by Computer Science and Engineering Department, 02/09/2024 to 06/09/2024 (One Week), NITTTR, Chandigarh.
Mr. Sandeep Kanaujia	• Published following papers – 1) "WSN Based Energy-Efficient Protocols for Smart Grid: A State-of-Art Review "paper in proceeding of Soft Computing Applications in Modern Power and Energy Systems (EPREC2023) Volume 4, Springer publication. Lecture Notes in Electrical Engineering https://doi.org/10.1007/978- 981-99-8007-9. 2) "Wireless Sensor Network for Condition Monitoring of Axel Counter Device in Railways " paper in proceeding of Soft Computing Applications in Modern Power and Energy Systems (EPREC 2023) Volume 4, Springer publication. Lecture Notes in Electrical Engineering https://doi.org/10.1007/978- 981-99-8007-9. 3) "IOT BASED SOLAR TRACKING AND MONITORING SYSTEM " on " The Future of IoT with Automation in the Engineering and Modern Technology" in, Nova Science Publishers, Inc.415 Oser Avenue, Suite In Hauppauge, NY, 11788 USA. 4) "Evaluation of MPPT Controller Performance using Fuzzy Logic Design with Wireless Sensor Node", International conference on smart systems for applications in electricals sciences, ICSSES-2024. • Patents- 1. Certificate of registration of Design (no 409603-001), under the patent office, Government of India, titled as "Remote hydroponic farming controlling device". 2. Certificate of registration of Design (no 420755-001), under the patent office, Government of India, titled as "Waveflex signal optimizer device".
Ms. Sanjana Singh	• 5-day Face-to-Face UHV-II FDP organized by All India Council for Technical Education (AICTE) at Ajay Kumar Garg Engineering College, Ghaziabad from 12th December to 16th December 2023. • 8-day Face-to-Face UHV-III FDP organized by All India Council for Technical Education (AICTE) at, Indian Institute of Technology, Kanpur 06-13 July, 2024.
Mr. Sanjay Kumar Awasthi	• published a research paper entitled, " Zirconia based hydrophobic coatings exhibiting excellent durability for versatile use: Review paper " in reputed Journal- Journal of Electrochemical Science and Engineering (JESE) ESCI/Scopus (IF 2.9 Q3, Clarivate analytics).
Mr. Sanjay Kumar Pandey	• "Design and Development of a Social Media Application Integrated with Artificial Intelligence", 2nd International Conference on Optimization Techniques in Engineering and Technology (ICOTET-2024) 14th-15th June 2024.
Dr. Santosh Kumar Singh	• Published paper titled" Experimental analysis of latent heat thermal energy storage system using encapsulated multiple phase-change materials" SCI in journal of process mechanical engineering DOI: 10.1177/09544089221110983
Mr. Saurabh Jaiswal	• Published paper on "A COMPREHENSIVE REVIEW PAPER ON THE ANALYZING BUYING BEHAVIOUR OF GENERATION Y" in International Journal of Cultural Studies and Social Sciences Vol-20, Issue-1, No.59, January - June: 2024 :: ISSN: 2347-4777.

NAME OF FACULTY	ACHIEVEMENTS
	• Double-Blind, Peer Reviewed, Refereed & Open Access, UGC CARE Listed Journal. Attended National seminar on Innovative Accounting & Sustainable management (conducted by Dr. hari Singh Gaur University Sagar MP sponsored by UGC date 04-05 March 2024.
Ms. Shagufta Ali	• Published paper on Harmony in Academia: Investigating Work-Life Balance among Faculty Members in Management Institutes of Prayagraj and Lucknow regions" published in Vol. 14 No. 1s (2024): SPECIAL ISSUE: Navigating Management and Economics in the Contemporary Landscape: Addressing Challenges and Seizing Opportunities (ABDC Journal). • Paper published on Work Life Balance Among Married Working Women published in Educational Administration: Theory and Practice, 2024
Mr. Shailendra Yadav	• Five-Days Faculty Development Program on 'Next-Gen Civil Engineering: The Power of AI and GIS', organized by the School of Core Engineering and AIU-Shoolini AADC, Shoolini University, Solan (H.P.) from 9th to 13th July, 2024. • Five-Days Faculty Development Program on 'Climate Change and Disaster Management', organized by the Department of Rural Development, NITTTR Chandigarh from 22th to 26th July, 2024.
Dr. Shanti Bhushan Mishra	• Published a research paper on Phytochemical, Toxicological, and Anti-Hyperglycemic Evaluation of Pennisetum purpureum in Sprague-Dawley Rats. Current Trends in Biotechnology and Pharmacy Journal. • Published a research paper on Assessment of Anti-Diabetic potential of Pennisetum Glaucum: Biochemical and in vivo studies in Azerbaijan Pharmaceutical and Pharmacotherapy Journal. • Published a research paper on Raphanus Sativus Seed Extract Nanoparticles as Anti-Diabetic Amylolytic Enzyme Inhibitors in Nanochemistry Research Journal. • Have written a Text book of Pharmaceutics (2024) published by Shree Sai Publications, Meerut ISBN: 978-93-95685-48-1 • Have written a Text book of Social Pharmacy (2024) published by Shree Sai Publications, Meerut ISBN: 978-93-95685-38-2 • Published a book chapter on Consumption of Carotenoid Rich Vegetables and Functions of Human T-Lymphocytes in the book Immune-Boosting Nutraceuticals for Better Human Health Novel Applications, 2024, published by CRC, Apple Academic Press. ISBN: 9781003371069 • Published a book chapter on Antioxidant Action of Glutathione against Heavy Metal Toxicity in Fishes In the book Immune-Boosting Nutraceuticals for Better Human Health Novel Applications published by CRC, Apple Academic Press ISBN: 9781003371069 • Published a book chapter on Coral Reef: A Source of Value-Added Compounds Beneath the Water In the book Boosting Nutraceuticals for Better Human Health: Novel Applications, published by CRC, Apple Academic Press, ISBN: 9781003371069 • Published a book chapter on Role of Functional Foods in Growth and Development In the book Applications of Functional Foods in Disease Prevention published by CRC, Apple Academic Press. • Published a book chapter on Overview of Functional Foods and Their Impact on Osteoporosis In the book Applications of Functional Foods in Disease Prevention, published by CRC, Apple Academic Press, ISBN: 9781003395737
Dr. Shashank Dwivedi	• Data Science for Engineers, scored 75%, jul 2024
Ms. Shiva Rai	• Completed NEPTEL course Soft Skill Development Certification No:- NPTEL24H5155558700066
Mr. Shivam Bhardwaj	• Published a book with Title: “Internet of Things”, ISBN 978-93-6132-582-3. • Completed NPTEL certification in “Computer Networks & Internet Protocol.”
Ms. Shivangi Yadav	• Paper presented in National Conference on Innovate, Integrate and Implement: Enterprise Professional Practices on 20/04/24 on topic "Examining the Role of Informal Social Networks in the Recruitment Process and its Implications on Establishing Diversity (Gender, Religion, LGBTQ, and Caste) and Reproducing Inequality Within Organizations" in United Institute of Management, Naini, Prayagraj.

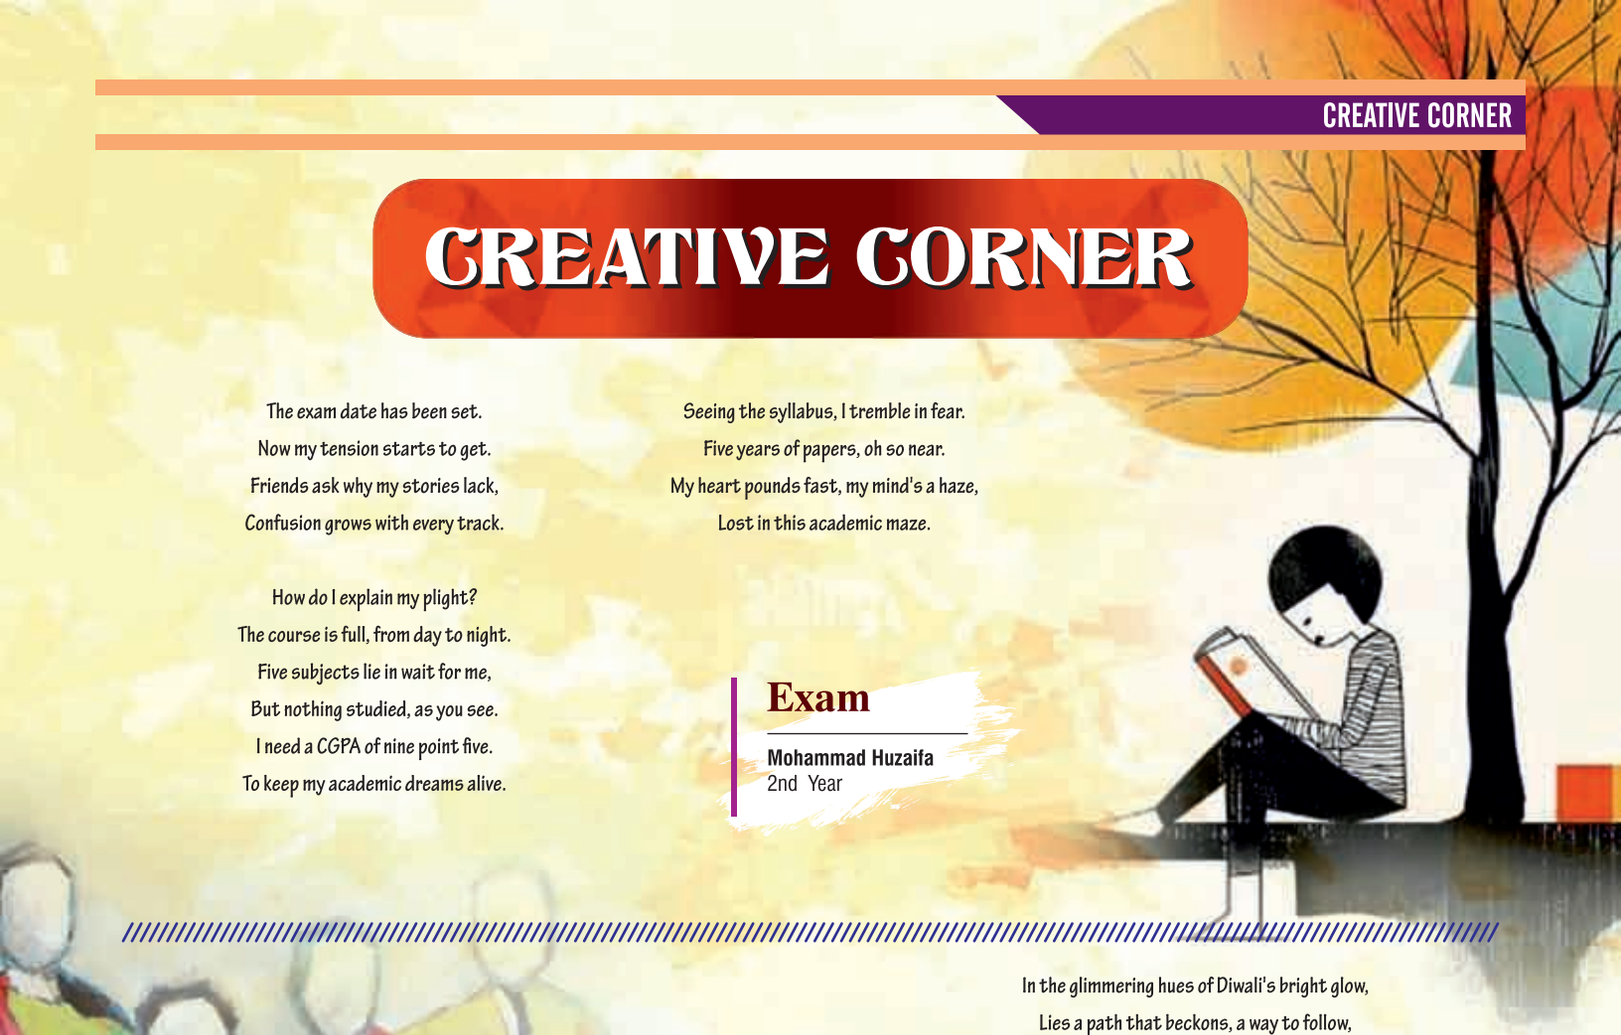
NAME OF FACULTY	ACHIEVEMENTS
Dr. Shradhanjali Singh	• Published a research paper on Phytochemical, Toxicological, and Anti-Hyperglycemic Evaluation of Pennisetum purpureum in Sprague-Dawley Rats. Current Trends in Biotechnology and Pharmacy Journal. • Published a research paper on Assessment of Anti-Diabetic potential of Pennisetum Glaucum: Biochemical and in vivo studies in Azerbaijan Pharmaceutical and Pharmacotherapy Journal. • Published a book chapter on Consumption of Carotenoid Rich Vegetables and Functions of Human T-Lymphocytes in the book Immune-Boosting Nutraceuticals for Better Human Health Novel Applications, 2024, published by CRC, Apple Academic Press. ISBN: 9781003371069 • Published a book chapter on Coral Reef: A Source of Value-Added Compounds Beneath the Water In the book Boosting Nutraceuticals for Better Human Health: Novel Applications, published by CRC, Apple Academic Press, ISBN: 9781003371069 • Published a book chapter on Role of Functional Foods in Growth and Development In the book Applications of Functional Foods in Disease Prevention published by CRC, Apple Academic Press.
Ms. Shruti Sharma	• Successfully attended a three-day Management Development Program (MDP) on "Effective Communication for Managerial Success" at the prestigious Indian Institute of Management, Lucknow (Noida Campus). The programme was held from August 27th to 29th, 2024 • Attended One-Week Short Term Training Program (STTP) on Academic Writing and Research Management – A complete Course", Jointly organized by Department of Civil Engineering, Radhakrishna Institute of Technology and Engineering (RITE), Odisha, India & RSP Science Hub, Coimbatore, Tamil Nadu, India during August 12 - 18, 2024 • Participated in the One-Week Short Term Training Program (STTP) on "Innovative AI Tools for Research Excellence: A Hands-On STTP for Effective Writing and Data Visualization"- Jointly Organized by Department of Computer Engineering, Guru Gobind Singh College of Engineering & Research Centre, Nashik, Maharashtra, India & RSP Science Hub, Coimbatore, Tamil Nadu, India during August26-31,2024.
Ms. Shubhangi Krishna	• Qualified EC-Council Certificate for Certified Ethical hacker (CEH). Contributed as reviewer of International Conference (ICCCCM-2024)
Dr. Sunil Kumar Singh	• Published research article on Novel furan chalcone modulates PHD-2 induction to impart antineoplastic effect in mammary gland carcinoma in Journal of Biochemistry and Molecular Toxicology. • Published research article on Novel carbamodithioate regulates cellular hypoxia through chemical activation of prolyl hydroxylase-2 for breast cancer chemoprevention. Chemical Biology and Drug Design. • Patent granted on Nano drug formulation delivering device. Date of Grant- 08/03/2024; Indian Design Patent No:- 404816-001. • Patent granted on Device for detection of neurological disorder. Date of grant 17/05/2024; Indian Design Patent No. 412477-001.
Dr. Sunil Kumar Yadav	• CONFORMAL η-RICCI-YAMABE SOLITONS ON SUBMANIFOLDS OF AN (LCS) n -MANIFOLD ADMITTING A QUARTER-SYMMETRIC METRIC CONNECTION. Communications Faculty Of Science University of Ankara Series A1Mathematics and Statistics. 73. 1-19. 10.31801/cfsuasmas.1382928. • Kählerian Norden spacetime admitting conformal ηη-Ricci–Yamabe metric in International • A NOTE ON N (κ)-QUASI-EINSTEIN MANIFOLDS, A NOTE ON N (κ)-QUASI-EINSTEIN MANIFOLDS published in Uzbek Mathematical Journal 2024, Volume 68, Issue 1, pp.180-191DOI: 10.29229/uzmj.2024-1-?? • Z?Z?-Tensor on N(k)N(k)-Contact Metric Manifolds Admitting Ricci Soliton Type Structure". Universal Journal of Mathematics and Applications, vol. 7, no. 2, 2024, pp. 83-92, doi:10.32323/ujma.1418496.
Dr. Surabhi Sinha	• Recent Avancement photosensitizer for photodynamic therapy in Dyes and Pigments (ELSEVIER, SCIE, IF4.5, Q1) 2024.
Dr. Swapnil Srivastava	• Paper presented "Fuzzy/ANFIS control of DFIG based wind energy conversion system under the condition of voltage sag on grid in one phase", 3rd International Conference on Power Electronics and IoT Applications in Renewable Energy and its Control (PARC-2024), IEEE. • "Mitigation of Subsynchronous Resonance by STATCOM with Fuzzy Logic Controller." 3rd International

NAME OF FACULTY	ACHIEVEMENTS
	Conference on Power Electronics and IoT Applications in Renewable Energy and its Control (PARC-2024), IEEE.
Mr. Tushar	• Presented a paper in International conference on "Parametric Analysis of DGS Based Sub-6 ghz Antenna for wifi Communication" in the 3rd International Conference on Control, Computing, Communication and Materials (ICCCCM-2024) organized by United College of Engineering and Research, Prayagraj, India on 10th to 11th August 2024. • Presented a Research Paper on "Dual-band millimeter-wave MIMO antennas for 5G wireless implementation "Journal of Electrical Systems", ISSN: 2241-2247, Volume 20, Issue 3s, May 2024. • Presented a Research Paper on "Design of Wearable Microstrip Patch Antenna for Health Monitoring" in "Journal of Emerging Technologies and Innovative Research", (JEITR), ISSN: 2349-5162, Volume 11, Issue 4, May 2024. • PATENT: • Title of the invention: Coupled Solar and Wind Mill Controlling System by Dr. Venktesh Mishra • Title of the invention: Remote Hydroponic Farming Controlling Device by Mr. Ravindra Singh, Mr. S P Singh, Mr. Ravi Srivastava • Title of the invention: Design of Wind Mill by Dr. Venktesh Mishra • Title of the invention: Elevator's Kinetic Energy harnessing Device by Mr. Santosh Dubey • Title of the invention: Intelligent Crop Health Monitoring system using Artificial Intelligence with Smart Device Integration by Dr. Vijit Srivastava • Title of the invention: Real Time Business and Healthcare Decision Making System Powered by IOT Sensor Date and NLP Insights by Dr. Vijit Srivastava • Title of the invention: WAVEFLEX SIGNAL OPTIMIZER DEVICE By Shatrughan Mishra, Santosh Dubey, S P Singh.
Dr. Venktesh Mishra	• "Effects of Active Cooling Techniques to Improve the Overall Efficiency of Photovoltaic Module- An Updated Review" presented in International Conference.
Mr. Videh Jaiswal	• Contributed as reviewer of International Conference (ICCCCM-2024).
Dr. Vijay Kumar Dwivedi	(Patent) "Blockchain based Out Sourced E-Health System with Enhancing Cloud Security".
Dr. Vijit Srivastava	• "Performance Analysis of PV Panel Under Partial Shading Condition Using Wavelet Transform Technique" presented in International Conference. • "Advanced Methodologies for Enhancing Credit Card Fraud Detection Utilizing Machine Learning, Blockchain Technologies, and Cryptographic Principles" Paper accepted in Scopus indexing journal. • A book chapter has been accepted in IGI Global which is Scopus indexed publication.
Mr. Vinod Kr. Vishwakarma	• "Mitigation of Subsynchronous Resonance by STATCOM with Fuzzy Logic Controller." 3rd International Conference on Power Electronics and IoT Applications in Renewable Energy and its Control (PARC-2024), IEEE.
Mr. Viraj Sanadhya	• Achieved 86% completion score in Financial Accounting under NPTEL Course powered by Indian Institute of Technology, Mandi in May 2024. Certification No:- NPTEL24MG18S1064800141
Mr. Vivek Kumar Pandey	(Patent) • Intrusion Detection System for Wireless Sensor Networks"
Dr. Vivek Srivastava	• A Statistical Analysis of Strategic Leadership Qualities in the Pharmaceutical Sector of India's National Capital RegionIn the International Journal of Experimental Research and Review Vol 41 No Spl Vol (2024): Global Perspectives on Digital Transformation and Interdisciplinary Approaches to Sustainability.
Mr. Vivek Srivastava	• Paper published on Title "A Study on Digital Transformation of Financial Sector" in Fourth International Conference organized by Department of Business Studies, NPR College, Tamil- Nadu on 26/04 /24.

NPTEL CERTIFICATIONS

Sr. No	Faculty Name	Department	Course Name
1.	Dr. Ajay Sharma	Electronics & Communication Engineering	Microprocessor & Microcontroller of MIMO
2.	Mr. Satya Prakash Singh	Electronics & Communication Engineering	Wireless Communication
3.	Mr. Satya Prakash Singh	Electronics & Communication Engineering	Principles of Communication
4.	Mr. Satya Prakash Singh	Electronics & Communication Engineering	Principles of Signals and Systems
5.	Mr. Tusar	Electronics & Communication Engineering	Wireless Communication
6.	Mr. Ravindra Singh	Electronics & Communication Engineering	Control Engineering
7.	Mr. Ankit Gupta	Civil Engineering	Geographical information system
8.	Mr. Mani Mahesh	Civil Engineering	Expansive Soil
9.	Ms. Sanjana Singh	Civil Engineering	Geographic Information Systems
10.	Dr. Dharmendra Kumar	Computer Science and Engineering	Data Analytics with Python
11.	Mr. Rajeev Dixit	Computer Science and Engineering	Foundation of Cloud IoT Edge ML
12.	Mr. Sandeep Mikherji	Computer Science and Engineering	Programming in Java
13.	Mr. Sanjay Goshwami	Computer Science and Engineering	Advanced Computer Architecture
14.	Dr. Dharmendra Kumar	Computer Science and Engineering	Data Analytics with Python
15.	Mr. Rajeev Dixit	Computer Science and Engineering	Foundation of Cloud IoT Edge ML
16.	Mr. Sandeep Mikherji	Computer Science and Engineering	Programming in Java
17.	Mr. Sanjay Goshwami	Computer Science and Engineering	Advanced Computer Architecture
18.	Mr. Sanjay Kumar Pandey	Computer Science and Engineering	Deep Learning
19.	Mr. Saurabh Singh Tomar	Computer Science and Engineering	Blockchain and its Applications
20.	Ms. Jyoti Kesarwani	Computer Science and Engineering	Problem Solving through Programming In C
21.	Mr. Shesh Kumar	Computer Science and Engineering	Programming in Python
22.	Mr. Shashi Mauli Tripathi	Computer Science and Engineering	Programming in Java
23.	Dr. Naveen Kumar	Mechanical Engineering	Surface Engineering of Nanomaterials
24.	Dr. Dinesh Kumar	Mechanical Engineering	Steam and Gas power System
25.	Mr. Mohd Aman	Mechanical Engineering	Introduction to solidification Processing
26.	Dr. Amit Kumar Pathak	Applied sciences & Humanities	Environment Studies
27.	Dr. Rajeshwari Dubey	Applied sciences & Humanities	Linear Algebra with Elite Certification

CREATIVE CORNER



Exam

Mohammad Huzaifa
2nd Year

The exam date has been set.
Now my tension starts to get.
Friends ask why my stories lack,
Confusion grows with every track.

How do I explain my plight?
The course is full, from day to night.
Five subjects lie in wait for me,
But nothing studied, as you see.
I need a CGPA of nine point five.
To keep my academic dreams alive.

Seeing the syllabus, I tremble in fear.
Five years of papers, oh so near.
My heart pounds fast, my mind's a haze,
Lost in this academic maze.

The Light Between Us

Naman Jain
3rd Year

In the glimmering hues of Diwali's bright glow,
Lies a path that beckons, a way to follow,
Calling those adrift, to return, to relight,
But some linger apart, entwined with the night.

I trace old warmth in the sounds of the feast,
Flickers of laughter where light held me, at least,
Yet ache fills the spaces where joy used to stay,
And the friends I would call feel miles away.

But as lamps flicker on, bright stars in the dark,
They teach me to honor each shadow, each spark.
For the light fades and grows, but the heart finds peace,
In letting go gently, in love's soft release.

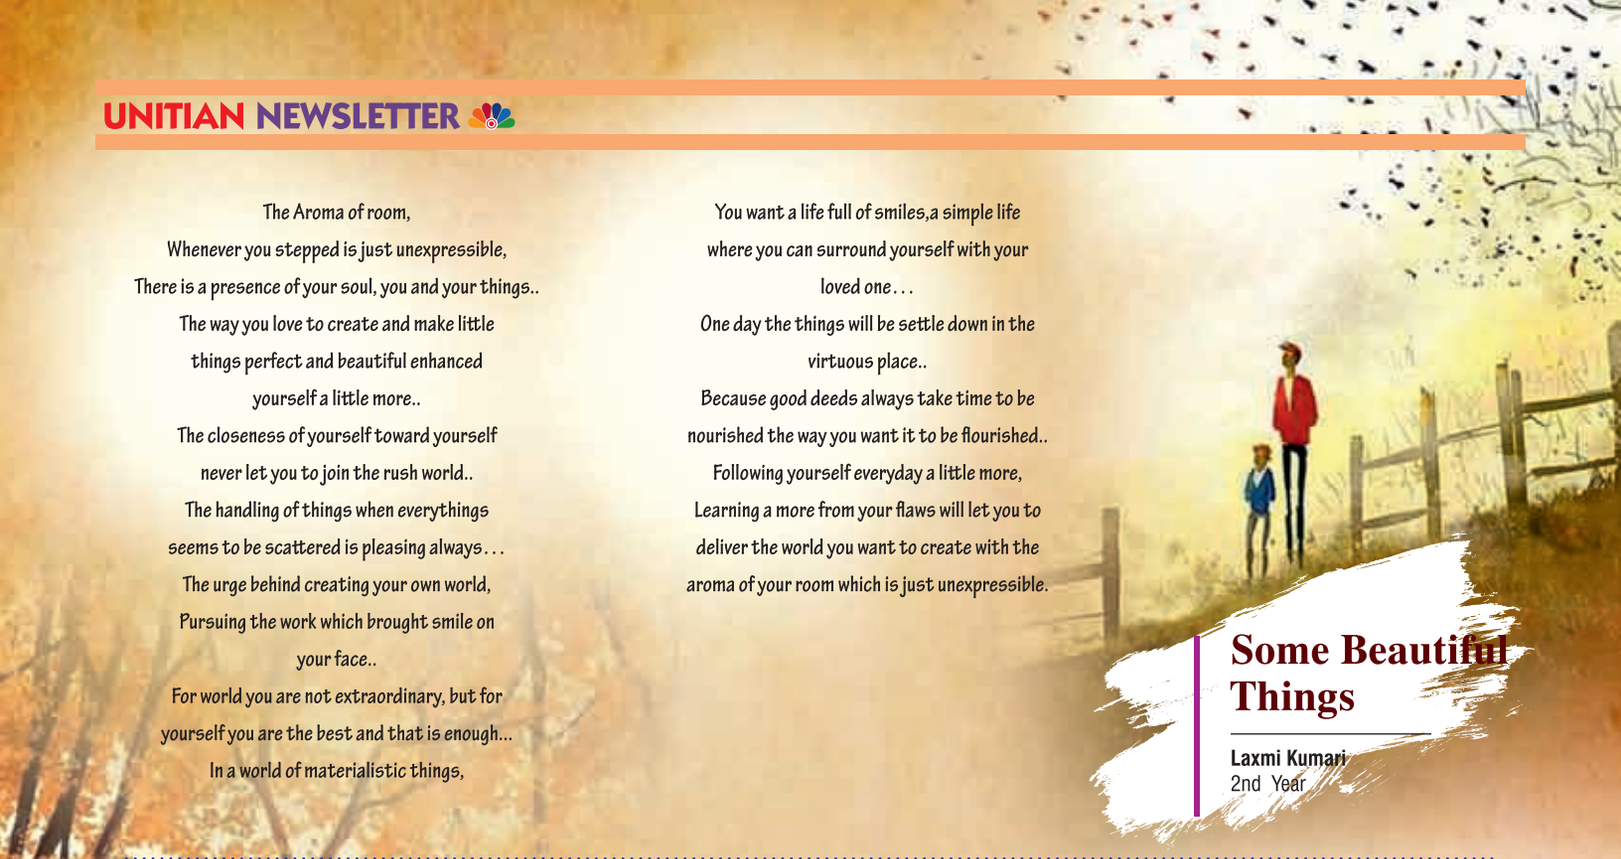
WEB3 Technology

Yasharth Mishra
1st Year

Web3, the third generation of internet services, emphasizes decentralization through blockchain technology and user empowerment, contrasting with the centralized nature of Web2. Key components include blockchain technology, which ensures security and transparency through decentralized ledgers and smart contracts; cryptocurrencies and tokens, serving as digital currencies and assets; decentralized applications (dApps) running on peer-to-peer networks; decentralized finance (DeFi), which eliminates intermediaries in financial services; and decentralized autonomous organizations (DAOs) for community-driven governance.

The technical architecture of Web3 involves protocols like Ethereum, IPFS for decentralized storage, and Web3.js for blockchain interaction. Consensus mechanisms like Proof of Work and Proof of Stake ensure network security. Challenges include scalability, interoperability, user experience, security, privacy, and regulatory compliance. Solutions like Layer 2 scaling, cross-chain protocols, improved UX, smart contract auditing, and privacy-focused technologies are being developed.

Future directions for Web3 include enhanced decentralization, improved interoperability, AI integration, advanced privacy solutions, dynamic governance models, and sustainable practices. Web3 promises a more decentralized, transparent, and user-centric internet, though overcoming current challenges is crucial for its full realization.



Some Beautiful Things

Laxmi Kumari
2nd Year

The Aroma of room,
Whenever you stepped is just unexpressible,
There is a presence of your soul, you and your things..
The way you love to create and make little
things perfect and beautiful enhanced
yourself a little more..
The closeness of yourself toward yourself
never let you to join the rush world..
The handling of things when everythings
seems to be scattered is pleasing always...
The urge behind creating your own world,
Pursuing the work which brought smile on
your face..
For world you are not extraordinary, but for
yourself you are the best and that is enough...
In a world of materialistic things,
You want a life full of smiles,a simple life
where you can surround yourself with your
loved one...
One day the things will be settle down in the
virtuous place..
Because good deeds always take time to be
nourished the way you want it to be flourished..
Following yourself everyday a little more,
Learning a more from your flaws will let you to
deliver the world you want to create with the
aroma of your room which is just unexpressible.

तू है कहाँ?

मोहम्मद हुजैफा
3rd Year

जिंदगी की चाहतों में, खुशियों के रंग भरके, तू है कहाँ, दिल ढूंढे, तेरी यादों की बर्के। हर धड़कन तेरे नाम की, हर सपना तेरे साथ, शाम ढली है तन्हाई, यही पुकार है बारात, ''तू है कहाँ?

''गलियों में तेरी निशानी, चाहतों में तेरी तस्वीर, हर ख्वाब में मुस्कुराता, प्यार का जहाँ है यही धीर। दोस्तों से पूछता हूँ, बस ये एक ही गम है, हर पल यही पुकार दिल की, ''तू है कहाँ, मेरे हमराह?''

यादों की महफिल सजाई, तेरी खुशबूओं की बात, पुरानी बातें दोहराऊं, हर लम्हे में तेरी जात। नर्गिस आँखों के नूर, मुस्कुराने का निशान, दिल के कैनवास पर बनते, हर पल ये फिर सुहाने, ''तू है कहाँ?''

गलियों में तेरी निशानी, चाहतों में तेरी तस्वीर, हर ख्वाब में मुस्कुराता, प्यार का जहाँ है यही धीर। दोस्तों से पूछता हूँ,
बस ये एक ही गम है, पल यही पुकार दिल की, ''तू है कहाँ, मेरे हमराह?''

शायद जिंदगी की राहों में, नया सफर है तेरा, खुशियों के फूल खिलते, होंठों पे मुस्कान मेरा। मेरी दुआ तेरे साथ है, हर कदम पे हर घड़ी, बस ख्वाबों में ही मिल जा जरा, मेरी धड़कन से जुड़ी, ''तू है कहाँ?''

गलियों में तेरी निशानी, चाहतों में तेरी तस्वीर, हर ख्वाब में मुस्कुराता, प्यार का जहाँ है यही धीर। दोस्तों से पूछता हूँ, बस

ये एक ही गम है, हर पल यही पुकार दिल की, ''तू है कहाँ, मेरे हमराह?''

लौट आएगा जरूर एक दिन, प्यार भरके मुस्कुराता, हर गम को मिटा देगा, प्यार में ये दुनिया झिलमिलाता। तब जाकर पूछना नहीं, ''तू है कहाँ?'' ये सवाल होगा जवाब, मेरे दिल में, मेरी साँस में, तू हर पल बसती, ''तू यहाँ, यहाँ!''

Journey Through Four Years

Muskan Rastogi
2nd Year

In the halls of knowledge, where dreams unfold,
Four years of memories, stories untold.
Friendships blossomed, sturdy and true,
Through every season, old and new.
Teachers guiding with wisdom's light,
Assignments piling, late into night.
Exams looming, a mountain to climb,
Yet we push forward, time after time.
Freshers' welcome, a vibrant start,
New faces and places, capturing the heart.
Internships and trainings, skills honed and refined,
Preparing for futures, ambitions aligned.
Laughter in corridors, and study in quiet,
Moments of chaos, moments of quiet.
Projects and deadlines, the pressure intense,
But growth and learning, our recompense.
As we approach the final farewell,
With stories and lessons, we carry to tell.
Grateful for teachers, for friends by our side,
For every challenge, every stride.
The journey of B.Tech, a chapter complete,
With bittersweet goodbyes, new paths we greet.
To the future we step, with dreams in our eyes,
For in these four years, we've learned to rise

Unveiling Her Journey

Anshika Tiwari
2nd Year

In the glittering maze of this world's grand parade,
She walks, aware of the traps carefully laid.
Money's seductive whispers, power's fierce call,
Love's sweet illusions, she sees through them all.
Influencers preach with their polished veneer,
Claiming to heal, but still harboring fear.
She knows their facade, the masks that they wear,
Their words of wisdom, hollow as air.
Her journey is hers, unique and profound,
Yet the world's gleaming bait pulls her down.
She knows the duality, the faces we show,
The truths we bury, the lies that we grow.
She dances with shadows, with light and with dark,
In a world where every soul bears a mark.

Falling for greed, though she knows it's a snare,
Caught in the web, but acutely aware.
Her eyes see the layers, the depths and the heights,
The battles we fight in the quiet of nights.
She falters, she stumbles, yet rises anew,
For she knows that her path is authentic and true.
In the theater of life, where masks often fall,
She seeks her own truth, beyond the grand hall.
Mystery weaves through her steps and her gaze,
As she navigates life's intricate maze.

Start where you stand

Sandhya Baranwal
3rd Year

The past won't help you in beginning new,
If you have left it all behind at last
Why, that's enough, you're done with it, you're through,
This is another chapter in the book,
This is another race that you have palmed,
Don't give the vanished days a backward look,
Start where you stand.
The world won't care about your old defeat
If you can start anew & win success;
And there is much of work & strain & stress;
Forget the buried woes & dead despairs,
Here is a brand-new trial right at hand,
The future is for him who doe & dares,
Start where you stand.

In ancient halls where whispers breathe,
Where shadows dance and secrets seethe,
There lies a flame, a guiding light,
That pierces through the endless night.

It flickers in the darkened maze,
A lantern lit by ancient rays,
Its glow unfolds the truths once veiled,
And through the mist, its path is hailed.

From dusty tomes and cryptic scrolls,
It feeds the hungry, yearning souls,
With every word, a door is wide,
To realms where mysteries reside.

It's in the stars, the sky's embrace,
In every line of time and space,
In wisdom carved on weathered stone,
In every thought that's ever known.
Yet knowledge is a fickle friend,
It bends and shifts, it seems to blend,

A vast expanse of shifting sand,
A quest that knows no final end.

It asks of us a heart sincere,
A mind that's sharp, yet always clear,
To seek with courage, question deep,
And in its vastness, find our keep.

So let this lantern ever burn,
Through every twist, each twist and turn,
For in its light, we find our way,
To brighter dawns and clearer day.

The Lantern of Knowledge

Utkarsh Sharma
1st Year

कंप्यूटरसाइंस इंजीनियर की मस्ती

अभय प्रताप सिंह
3rd Year

कोडिंग की दुनिया का राजा है वो,
बग्स के जंगल का योद्धा है वो।

सुबह उठते ही लैपटॉप से कर लेता दुआ,
चाय की चुस्की के साथ हल होती है समस्या।

नाइट शिफ्ट का साथी, दिन का आलसी,
इंटरनेट की दुनिया में खोजता है खुशी।

डिबगिंग करते-करते चश्मा हो गया मोटा,
कभी-कभी लगता है, जिंदगी है एक कोटा।

कोड में बग ढूंढते-ढूंढते हो जाता परेशान,
फिर भी उसका चेहरा नहीं खोता मुस्कान।

कभी-कभी तो लगता है, खुद ही बग हो गया,
नींद में भी कोडिंग करता,
सपनों में सॉफ्टवेयर का रिव्यू हो गया।

इंजीनियरिंग का चक्कर है बड़ा भारी,
पर CS इंजीनियर की मस्ती सबसे न्यारी।

मेम्स और कोड्स में उलझा रहता दिन-रात,
फिर भी करता है हर मुश्किल को मात।

ऐस ही हंसते-हंसते, अपनी दुनिया सजाता है,
कंप्यूटर साइंस इंजीनियर, तुम पर ही जहां लुभाता है।

तमन्नाओं के शहर

मो. अहशान अंसारी
3rd Year

सोचने से कहाँ मिलते है, तमन्नाओं के शहर!
चलने की जिद भी जरूरी है, मंजिल पाने के लिए
और भी दुख हैं जमाने में मोहब्बत के सिवा
राहतें और भी हैं वस्ल की राहत के सिवा
नजर नजर में उतरना कमाल होता है
नफस नफस में बिखरना कमाल होता है
बुलंदियों पे पहुँचना कोई कमाल नहीं
बुलंदियों पे ठहरना कमाल होता है
गमों की धूप में भी मुस्करा कर चलना पड़ता है,
ये दुनिया है यहाँ चेहरा सजा कर चलना पड़ता है !
तुम्हारा कद मेरे कद से बहोत ऊँचा सही लेकिन,
चढ़ाई पर कमर सबको झुका कर चलना पड़ता है !!

Embracing Nature's Song

Narayan Shakti Upadhyay
1st Year

In the meadow, where the sun bathes the green,
A gentle breeze whispers secrets unseen.
The flowers bloom, their colors vibrant and bold,
As nature's story begins to unfold.
A symphony of birdsong fills the air,
Their melodies soaring without a care.
Each note a reminder of life's sweet refrain,
As they dance upon branches, never in vain.
Beneath the azure sky, the river does flow,
Its waters murmuring, soft and low.
A gentle rhythm, soothing and pure,
Drawing weary souls, seeking a cure.
The trees stand tall, their branches outstretched,
Providing shelter, a safe place to rest.
Their leaves sway in unison, like a waltz,
Creating a sanctuary, where peace resides and exalts.

As twilight falls, the stars twinkle above,
A gentle reminder of boundless love.
In the darkness, their light shines through,
Guiding lost souls, to find something new.
Nature's beauty, a constant source of awe,
A reminder of life's essence, its core.
In every leaf, every petal, every blade of grass,
There lies a story, waiting to surpass.
So let us cherish the wonders of this earth,
The miracles it holds, of infinite worth.
1 For in nature's embrace, we find solace and grace,
A testament to the beauty humanity can trace.

Oh! Christmas

Yashika Mishra
2nd Year

Oh! Christmas tree in that corner,
Strutting for remembrances' tender spell.
Standing beside the burning cinders warmer,
The best place on such evenings to dwell.
The glistening balls with glint and sheen,
And those keepsakes my hands wish to caress.
The Christ's star on the crown that is seen,
And those mild lights that I just press.
Oh! Christmas fire and the table set,
Those neat souvenirs were kept beside the tree.
I don't have much for you this year, I bet,
But maybe we could do a matching PJ spree!
That insignificant lava cake, or maybe a bottle of red wine,
Although not much assortment of food.
But sitting near the fire, with a cup of hot chocolate, fine,
Is way better than a feast viewed.

Oh! Christmas wreath upon the wall,
Hung beautifully in your ivied space.
As I stand seeing the years beyond recall,
Amidst the pattern of your leaves, I trace.
The lurking of a happy past,
When the World is cheerful and bright.
And the love's magic that you cast,
Over the morning, the noon and the night.
Oh! Christmas mistletoe that hangs yonder,
With all its traditions and myths.
If those are true, I oft' wonder,
As I lean at the wall underneath.
I closed my eyes and hummed a hymn,
And suddenly it started to snow.
I heard footsteps. The lights went dim,
And he kissed me under the mistletoe...

Late night quarrels with the moon

Yashika Verma
3rd Year

Whenever I see the moon glistening bright,
It draws lacerations to my face.
I don't get felicitous at the moon's sight,
Because it nudges me of my broken fate.
The twilights are the adversest interval of the day,
And to me, that radiant moonlight commands hate.
As much as I strive to stare at the moon with hay,
The more it evokes me of my heartsick fate.
I perched in a niche, embracing my knees,
To deceive me from 'that' moonlight.
All I did was shiver and freeze,
Because it hinted of more and more fright.
This quarrel with the moon at night has been in tune,
Since you left me, while we were embracing the moon.

Breaking the silence: How sharing failures sparks growth and success"

Arooshi
1st Year

Discussing personal failures openly is crucial for growth and learning, as it allows for self-reflection and improvement. A real-life example that underscores the importance of this practice is the story of J.K. Rowling, the author of the "Harry Potter" series.

Before Rowling became a household name, she faced numerous challenges and setbacks. In the early 1990s, Rowling was a single mother struggling to make ends meet, living on welfare, and battling severe depression. Despite her personal struggles, she remained passionate about her writing. She spent years working on the manuscript for "Harry Potter and the Philosopher's Stone," but faced repeated rejections from publishers. In fact, her manuscript was rejected by twelve publishers before finally being accepted by Bloomsbury. Rowling's journey exemplifies why discussing failures is essential. By sharing her experiences, she not only humanizes her story but also provides valuable lessons on perseverance and resilience. Her willingness to talk about her struggles has inspired countless people, demonstrating that setbacks are not the end but rather a step toward success. Her openness about her failures and the hardships she endured has helped others understand that challenges are a natural part of the journey, and that persistence can lead to extraordinary outcomes.

In discussing our own failures, we foster a culture of transparency and encouragement. It helps others to see that setbacks are not signs of inadequacy but opportunities for growth and learning. Moreover, talking about failures can reduce the stigma associated with them, making it easier for individuals to seek support and advice. In essence, sharing failures not only aids in personal development but also contributes to a more empathetic and supportive community.

TESTIMONIALS

" I am currently working as TCS-Digital Systems Engineer. I completed B. Tech in EC in 2020 with 10th position in the AKTU merit list. It was an enriching experience to study at UCER, Prayagraj. I got placed at Infosys, Wipro and ValueLabs through campus placements. The placement cell at United really goes out of the way for helping and instilling in the students all the skills necessary to be at par with the industrial requirements. I am really thankful to the faculty who were always there to guide us and make the seemingly impossible things possible."

Somya Singh
Batch: B. Tech EC
2020-2024

Neha Tripathi
Batch: B. Tech CE
2020-2024

" My 4-year journey in United College of Engineering and Research has been truly path of dedication, patience, and hard work. I cracked the exams of Afcons Infrastructure & Larsen & Toubro limited (conducted as national level) and ace the interviews. I got placement in Afcons Infrastructure (5.5 LPA) and Larsen & Toubro limited (6.5LPA). I chose Larsen & Toubro limited and start my career.Currently I am working in L&T as senior Engineer (Civil) (7.5 LPA).Thanks to our entire teacher's who support us I'm Core field and I want many civilians are placed in their respective fields.I value the moments I spent here and continue to move forwards with everything I have learned.Thank you for inspiring me to believe in myself and to never give up on my dreams!"

" I am grateful to UGI - both the faculty and the Training & Placement Department. They've made efforts ensuring maximum number of placed students. The UGI started grooming us for placements in the first few months including courses such as Professional Excellence Program and Professional Skills Enhancement. I was completely confident and cracked the aptitude and technical tests and interview rounds due to the mock tests and interviews conducted by the Training & Placement Department and our faculty members. UGI provides a great platform for skills enhancement and to get a great learning experience."

2020-2024

" I had the privilege of studying at the United Institute of Pharmacy in Prayagraj, and my experience there has been truly transformative. The institute provided a well-rounded education, blending both theoretical knowledge and practical skills essential for a successful career in pharmacy. The faculty members were highly knowledgeable, approachable, and dedicated to helping students reach their full potential."

" My experience as a student at Institute of Technology (UIT), Prayagraj, makes me express my gratitude to all my teachers for their unwavering support, expertise and care that have shaped my journey and prepared me for success. I'm excited to share that I have been placed in three companies: Virtuos (5 LPA), HCL (3.2 LPA), and Edu-Versity (6 LPA) through campus recruitment. This achievement reflects the incredible support from my family, friends, teachers and college.

This journey has been about more than just mastering engineering; it has been about developing a strong professional mindset. My determination helped me maintain high grades, and my passion for self-learning was crucial in securing these placements. I am especially grateful to the UGI CRC team for their guidance and support throughout this process.
To all fellow students: stay focused, embrace challenges, and believe in yourself. With hard work and perseverance, success will follow. Remember, it's your confidence and hardwork that makes the difference between you and others."

2020-2024

" Life resembles a sine graph-there are inevitable peaks and troughs. But the real strength lies in maintaining consistency and focus, regardless of the ups and downs. It's this steady approach that ensures continuous growth and success, both personally and professionally.

My journey at UGI has been a truly transformative experience. Over the last four years, I have grown not only academically but also personally. The immense support from my family, friends, and the dedicated faculty members at UGI has been instrumental in my success.
I am incredibly grateful to the CRC for providing ample opportunities, which culminated in me securing two offers: CEDCOSS with a 4.25 LPA package and Aloha Technology with a 4.5 LPA package. This journey has taught me the value of perseverance, hard work, and maintaining a positive mindset.

To my fellow students, never stop believing in yourself. Embrace challenges and learn from every experience, as they are stepping stones to success. I'm excited for the next phase of my career and grateful to everyone who has been part of this remarkable journey!"

"I had the pleasure of studying at United Institute of Pharmacy, Prayagraj, and it was an experience that shaped my career profoundly. The institute's comprehensive curriculum and practical approach to pharmaceutical education prepared me to excel in the competitive world of pharmacy. The faculty members are not only knowledgeable but also immensely supportive, always encouraging students to explore beyond the textbooks. The state-of-the-art laboratories and research facilities provided a hands-on learning experience that was invaluable. Today, as I move forward in my professional journey, I look back at my time at United Institute of Pharmacy with immense gratitude, knowing that it laid a solid foundation for my success."

" My time at United Institute of Pharmacy not only shaped my academic growth but also honed my professional skills. The exposure to various seminars, workshops, and industry visits prepared me to confidently step into my career as a pharmacist. I will always cherish the memories and the knowledge I gained here, and I strongly recommend United Institute of Pharmacy to anyone aspiring for a successful career in pharmacy. The faculty members were exceptionally supportive and knowledgeable, always encouraging us to go beyond the textbooks and stay updated with the latest advancements in the field. The state-of-the-art laboratories and well-equipped library further enhanced my learning experience."

" I am absolutely thrilled and grateful to grab these offers. This achievement wouldn't have been possible without the unwavering support of my family, college and friends. A special thanks to the UGI CRC Team for their dedication to helping students find the right opportunities played a crucial role in my success.
Their encouragement and belief in me pushed me to strive for excellence. To all students, remember that hard work, perseverance, and a positive mindset can lead to great opportunities. Embrace challenges and learn from failures, for they pave the way to success. Believe in yourself and stay dedicated to your goals. With determination, you too can achieve remarkable heights. Thank you all to be a part of my journey! The offers which I have got through campus placements are HCL Tech 3.25 LPA, TCS 3.5 LPA and Great Developers 3LPA."

" My four years in college have been a transformative journey, equipping me with both academic expertise and personal growth. The unwavering guidance of my teachers played a crucial role in shaping my potential. Their dedication, patience, and mentorship inspired me to explore beyond the curriculum and develop the skills and confidence necessary for future challenges.
The CRC team was instrumental in aligning my career aspirations with real-world opportunities. Through personalized counseling, mock interviews, and strategic placement drives, they ensured I was thoroughly prepared. These experiences have taught me the value of hard work, resilience, and maintaining a positive mindset. I am grateful to my family, teachers, the CRC team, and friends for their continuous support. I am proud to have received multiple offers from leading organizations, including HCLTech 4.25LPA, TCS 3.36LPA, Kodnest 6-8LPA, Palle Technologies 4-6LPA."

" My time at UGI has been a transformative experience. Beyond academic learning, the CRC, CRT and PSD teams provided invaluable support in preparing me for the professional world. Their structured guidance, hackathons, mock interviews, and career-oriented sessions played a critical role in shaping my readiness. Through the campus placement drive, I was fortunate to secure offers from Tata Consultancy Services as a System Engineer (Digital) with a package of 7 LPA, ApMoSys Technologies as a Software Engineer Trainee (4-6 LPA), and CodeQuotient Pvt Ltd as an Intern IT Trainer (4.2 LPA). These opportunities have validated the hard work and dedication I've put in over the years."

" I am absolutely thrilled and immensely grateful for the incredible opportunities I have received. This achievement wouldn't have been possible without the unwavering support of my family, college, and friends. A special thank you to the UGI CRC Team for their dedication to helping students find the right opportunities, which played a crucial role in my success. Their encouragement and belief in me pushed me to strive for excellence. I'm also grateful to United Incubation Hub, which helped me become the Co-Founder and CTO of the startup Grihanikala Private Limited. My BTech journey at UGI has been incredibly rewarding, and I'm thankful to UGI for providing me the opportunity to intern at AIT, Thailand. As for my campus placement offers, I am proud to share the following: • HCLTech: 4.25 LPA • TCS: 3.36 LPA • Software House: 5.0 LPA • Pick Your Trail: 5.0 LPA • Edu Versity: 6.0 LPA • Kodnest: 9.0 LPA .
Thank you all for being a part of my journey!"

"The state-of-the-art laboratories and facilities in United Institute of Pharmacy allowed us to gain hands-on experience, which greatly enhanced my learning. Furthermore, the emphasis on research and real-world application prepared me to tackle the challenges in the pharmaceutical field confidently. The supportive environment, along with various co-curricular activities, helped me grow not just academically but also personally. I am grateful for the opportunities and guidance I received at United Institute of Pharmacy, and I would highly recommend it to anyone aspiring to pursue a career in pharmacy."

"I would like to express my heartfelt gratitude to my college and the CRC (Corporate Relations and Career) team for their unwavering support throughout my four-year journey. The experience has been invaluable, shaping both my personal and professional growth. The dedication of the CRC team has played a pivotal role in helping me secure multiple job offers, which I am extremely grateful for. I am proud to share that I received offers from reputed companies, including Teachnook with a CTC of 6 LPA, Kodnest with a CTC of 9 LPA, TCS with a CTC of 3.36 LPA, and Great Developer with a CTC of 2.5 LPA. These opportunities would not have been possible without the constant guidance and support of my mentors and the placement team.

Thank you for believing in my potential and providing me with the platform to launch my career successfully!"

"My passage through B.Tech in Computer Science at the prestigious United Institute of Technology (UIT) has been a transformative odyssey. UIT's progressive curriculum, bolstered by its exceptional faculty and vibrant campus ambiance, has refined my skills and fortified me for the rigors of the tech industry.

Under the nurturing guidance of UIT's placement cell and faculty members, I've secured campus selections from three prestigious organizations: Pyramid IT Consulting, extending an enticing package of 7.13 LPA; Airtel, offering an appealing package of 5 LPA; and HCL Tech, presenting a competitive package of 3.25 LPA. These achievements stand as a testament to UIT's dedication to nurturing talent and preparing students for real-world success. Additionally, my tenure as the spokesperson at the students' club has honed my leadership prowess and nurtured a culture of collaboration, enriching my collegiate experience and preparing me for leadership roles in the professional world."

2019-2023

"Sometimes, the best stories aren't just told-they're lived." My journey at United Institute of Management FUGS was more than just an academic experience-it was a time of growth, discovery, and transformation. Pursuing my graduation in business administration gave me a solid foundation in business, but more importantly, it nurtured my passion for storytelling and connection. Each class, assignment, and discussion opened my eyes to how brands communicate, how they shape perceptions, and how important it is to craft the right message.
What truly stands out is how the college encouraged creativity and critical thinking, giving me the confidence to step into the world of PR and communication. It was here where I aimed higher and pursued a master's degree in communication management from Symbiosis Institute of Media and Communication, Pune. Today, as I work with brands to shape their narratives, I often find myself drawing on the lessons and values I learnt under the mentorship of my very dear faculty here. It wasn't just about learning a curriculum; it was about learning how to connect with people, and for that, I am forever grateful to my alma mater."

Rohan Sharma
Batch: BBA
2019-2023

" My time at UIM FUGS was nothing short of transformative and incredibly fun! From the moment I stepped onto campus, I was welcomed into a vibrant community that felt like family. Under the inspiring guidance of Dr. Devendra Kumar Tiwari, I not only learned what the books taught but also discovered the joy of learning in an engaging and dynamic environment. The balance of academics and extracurricular activities made my experience truly memorable. I eagerly participated in various college events, from cultural festivals to workshops, where I honed my skills and forged lasting friendships. The support from our faculty was exceptional; they were not just teachers but mentors who genuinely cared about our growth. With the encouragement of Dr. Chandra Shekhar, at every step, I felt prepared and confident. Regular classes, events and activities focused on personality development and soft skills were invaluable, and I always appreciated the interactive sessions that made learning enjoyable. I am proud to have secured placement with a reputable company- The South Indian Bank Pvt Ltd. Today, I'm thrilled to be working as a banker and giving my share towards this massive industry. The experiences I gained at UIM FUGS, both in and out of the classroom, prepared me for this role and continue to guide me in my career.

I want to express my heartfelt gratitude to all the amazing faculty members who shaped my journey—especially Mr. Devendra Kumar Tiwari, Dr. Chandra Shekhar, Mr. Ashish Kumar Verma, Mr. Vineet Kumar Misra, Ms. Shiva Rai, Ms. Shagufta Ali, Ms. Neha Pandey, Mr. Viraj Sanadhya and Mr. Deeptanshu Dwivedi. Their passion for teaching and dedication to our success as a group made my time at UIM FUGS truly special.
To current students, dive into every opportunity, make the most of your time here, and don't forget to have fun along the way. Cherish the memories you create—they will be the foundation of your future!"

In Loving Memory of

RATAN TATA
(1937-2024)

> The true measure of success is not just in what you achieve, but also in how you impact others positively...

Remembering Ratan Naval Tata, a visionary leader whose impact on Indian industry and society will be felt for generations. Born on December 28, 1937, and leaving us on October 9, 2024, Ratan Tata's legacy transcends business, marked by integrity, compassion, and an enduring commitment to societal upliftment. Raised by his grandmother, Lady Navajbai Tata, he was instilled with values of empathy and responsibility from an early age-principles that shaped him into a leader respected worldwide. His belief in collective progress was profound, often echoed in his words: “If you want to walk fast, walk alone. But if you want to walk far, walk together.”

Ratan pursued his studies at Cornell University, where he earned a degree in Architecture, combining creativity with a knack for problem-solving. His journey was defined by resilience and adaptability, which he often expressed with his maxim: “I don't believe in taking right decisions. I take decisions and make them right.” These values guided him through complex business landscapes as he rose to lead the Tata Group.

Beginning his career on the shop floor at Tata Engineering and Locomotive Company in Jamshedpur, Ratan gained invaluable insight into the lives of blue-collar workers. This hands-on experience fostered a lifelong respect for employees at all levels, shaping his empathetic leadership style. When he took over as Chairman of Tata Sons in 1991, India was poised for economic liberalization, and Ratan led Tata through a transformative era. Under his stewardship, Tata grew into an international powerhouse, acquiring iconic brands like Tetley Tea, Jaguar Land Rover, and Corus Steel. Ratan's dedication to accessible innovation was evident in his vision for the Tata Nano, “a car for the common man,” aimed at making safe transportation affordable for millions.

Beyond business, Ratan Tata made lasting contributions to society. His work at Tata Consultancy Services (TCS) elevated India's global standing in IT, transforming TCS into one of the world's most valuable technology companies. For him, however, “Business is not only about making money; it's about making a difference.” Through Tata Trusts, he championed initiatives in healthcare, education, and rural development, uplifting underprivileged communities across India. He believed that “Businesses need to go beyond the interests of their companies to the communities they serve,” a principle that underscored his vision of socially responsible enterprise.

Ratan's compassion extended beyond business; he had a deep love for animals, particularly dogs, and supported numerous animal welfare initiatives. He even established a dog shelter at Tata's headquarters in Mumbai, where he spent time with the animals. A steadfast advocate for young talent, Ratan encouraged students to pursue creativity and innovation, offering scholarships, mentorship, and entrepreneurial support to empower the next generation.

For his achievements and service to humanity, Ratan Tata received some of India's highest honors, including the Padma Bhushan in 2000 and the Padma Vibhushan in 2008. His impact extended globally; he was honored with the Honorary Knight Grand Cross of the Order of the British Empire (GBE) and the Carnegie Medal of Philanthropy in 2007, recognizing his dedication to philanthropy. These accolades reflect his extraordinary contributions across business, community, and international relationships.

Even after retiring as Chairman in 2012, Ratan Tata continued to influence as Chairman Emeritus, guiding Tata's philanthropic efforts and inspiring millions. His kindness, wisdom, and humility resonate across generations. He believed firmly in resilience, often remarking: “Ups and downs in life are very important to keep us going, because a straight line, even in an ECG, means we are not alive.”

Ratan Tata's legacy is one of compassion, innovation, and an unwavering commitment to making the world better—not only through his ground-breaking work in business but through his love for humanity, animals, and the promise of future generations. He leaves behind a timeless lesson: that greatness is achieved through empathy, courage, and a commitment to lifting others.
