## VISION

We at United Group of Institutions, aim at creating a workforce of professionals with analytical skills who can dream a better world and transform the dream into reality. We will create a dynamic and collaborative climate to broaden our students' competence; and build an Institute that is resilient, flexible and productive. We will be recognized for high ethical standards and responsiveness to the social environment.

UGI

NURTURING TOMORROW

## MISSION

We aspire to reassert the significance of high quality education by producing competent professionals who can shape the destiny of our nation into a stronger and developed stature. We envisage that high quality education using interactive methodologies will equip students to excel as a professional. The values instilled among students while imparting education, will strengthen the moral and ethical fabric of the nation and revive the human spirit. The zeal of competitiveness will always be positive and setbacks will only be catalysts for greater achievements With these beliefs, the United Group will strive towards faster evolution, and will make its marks on the global academic map.

***Celebrating the Grand Spirit of Maha Kumbh 2025 and Academic Excellence...***

Dear Readers,

It is with immense joy and pride that I present to you this special edition of our college newsletter, dedicated to the grandeur of the Maha Kumbh 2025. This edition is not just a collection of events but a testament to the spirit of our city, Prayagraj, which continues to be a beacon of cultural heritage and academic brilliance.

The Maha Kumbh Mela, the largest congregation of faith in the world, is a divine spectacle that encapsulates spirituality, devotion, and human connection. As lakhs of pilgrims from across the globe gather on the sacred banks of the Sangam, the city of Prayagraj transforms into a spiritual hub, echoing centuries of tradition. This year, our institution had the honor of being actively involved in multiple academic and cultural discourses revolving around the Maha Kumbh. From the intellectual vibrance of the International Conference to the insightful deliberations of the HR Conclave, our campus resonated with ideas, dialogue, and discovery inspired by the essence of the Maha Kumbh. This edition captures those enriching moments, celebrating the confluence of tradition, knowledge, and innovation.

Adding to the intellectual landscape of our institution, we successfully hosted an International Conference on the Theme of Maha Kumbh. Scholars, researchers, and dignitaries from various parts of the world came together to delve into the historical, sociological, and economic significance of this monumental event. The discussions illuminated the transformative impact of Maha Kumbh on tourism, urban development, and the preservation of heritage, making it an enriching experience for all attendees. Such endeavors not only highlight our commitment to academia but also reinforce our dedication to exploring the confluence of tradition and modernity.

Furthermore, the much-anticipated HR Conclave was a resounding success, providing a unique platform for students to interact with industry leaders, HR professionals, and corporate experts. The conclave facilitated meaningful discussions on career advancements, emerging trends in human resource management, and the dynamic nature of workplaces in the post-pandemic era. It was indeed a privilege to host eminent personalities who shared their insights and guided our students toward a future filled with promise and potential.

Beyond these landmark events, this edition also shows various academic, cultural, and extracurricular initiatives undertaken by our institution. From community service projects to literary and artistic endeavors, our students and faculty have displayed an unwavering commitment to excellence. Each article and report in this newsletter reflect the collective spirit of innovation and enthusiasm that defines our institution.

As we bring you this enriching edition, I would like to extend my heartfelt gratitude to the entire editorial team, faculty members, and students who have contributed tirelessly to its making. Your dedication and creative zeal have made this edition a true reflection of our vibrant academic and cultural ecosystem.

We hope this newsletter not only informs but also inspires you to engage with the world around you, cherish the traditions that define us, and strive for continuous learning and growth. May the spirit of Maha Kumbh ignite within us the drive to seek knowledge, embrace diversity, and foster a sense of unity and purpose.

Happy Reading!

## International Conference on
## MAHAKUMBH 2025 (ICM)

The **International Conference on Maha Kumbh (ICM) 2025** was successfully held on 21st February 2025 by the **United Institute of Management,** Faculty of Undergraduates, Prayagraj, UP, India. Set against the spiritually charged atmosphere of **Maha Kumbh**- where 66 crore pilgrims from 150 countries gathered in just 45 days-the conference united scholars, academicians, and industry experts worldwide to explore the intersections of Spirituality, Business, Management, and Technology. The event commenced with an energetic welcome by the Masters of Ceremony, Ms. Shagufta Ali and Mr. Neeraj Kumar Srivastava. The inaugural session began with the ceremonial lighting of the lamp by esteemed guests, followed by Saraswati Vandana and cultural performances by students of UIM, FUGS (BBA and BCA) supervised by Ms. Neha Pandey (Head Students' Welfare and Cultural). Dr. Devendra Kumar Tiwari, Principal of UIM, FUGS, and Convenor of ICM 2025, delivered the welcome address, setting the stage for an insightful and engaging conference.

One of the key highlights of the session was an interactive discussion between **Pujya Sadhvi Bhagwati Saraswati Ji** and BBA students, exploring their quest about faith, spirituality and personal growth. This was followed by an inspiring address by **Pujya Swami Chidanand Saraswati Ji**, who emphasized the significance of Hindu values embedded in the Vedas and scriptures, the essence of nationalism, and the paradigm shift from AI (Artificial Intelligence) to RI (Rishis' Intelligence). His words encouraged sustainable living, unity, and compassion, inspiring attendees to integrate ancient wisdom with modern advancements. Additionally, Dr. Akhilesh Kumar Singh, Honorable Vice-Chancellor of PRSU, enriched the session with his insights, motivating students to strive for excellence. The conference was led by the visionary leadership of the United Group of Institutions (UGI), including: **Dr. Jagdish Gulati (President, UGI), Mr. Satpal Gulati (Vice-Chairman, UGI), Mr. Gaurav Gulati (Senior Vice President, UGI**).

Under the guidance of Dr. Devendra Kumar Tiwari, the entire UIM, FUGS team worked tirelessly to ensure the event's success. Special recognition goes to the core organizing team, including Ms. Shagufta Ali, Ms. Neha Pandey, Dr. Mohammad Faizi, Dr. Kiran Saroj, Dr. S.Q. Kazmi, and Er. Sandeep Kanaujiya, whose dedication and efforts left no stone unturned. The conference proceeded with six insightful technical sessions, four conducted offline at the campus and two hosted online via Google Meet, featuring national and international participants. Each session showcased 10-15 research papers covering diverse topics such as Spirituality and Personal Growth, Business and Management, Technology and Innovation, and Multidisciplinary sessions.

The distinguished session chairs for the international and national sessions included esteemed academicians and professionals from diverse fields. The international session chairs comprised Dr. David Boohene, Lecturer at the University of Energy and Natural Resources, Ghana, West Africa; Er. Shadab Hussain, Senior Associate at MathCo, USA; and Er. Susmith Barigidad from Lam Research, Texas, USA. The national session chairs included Prof. Brajendra Mishra, an expert in Astrology, Karmkand, and Vastu from the Department of Sanskrit at Nehru Gram Bharti Deemed to be University, Uttar Pradesh, India; Prof. Suvarna Sarkar from HNB PG College, Uttar Pradesh, India; and Dr. Shiv Ji Verma, Assistant Professor in the Department of Commerce at Ishwar Sharan Degree College, Uttar Pradesh, India. Their invaluable expertise and contributions enriched the academic discussions and deliberations during the conference.

The technical sessions were further enriched by the support of co-chairs, including Dr. Chandra Shekhar (HOD, BBA, UIM, FUGS), Dr. Aarti Arora, Dr. Mohammad Faizi, Dr. S.Q. Kazmi, Dr. Naghma Ali, and Dr. Kiran Saroj. The conference achieved international recognition, attracting distinguished guests from the USA, the United Kingdom, Ghana, South Africa. Each session concluded with the felicitation of the respective session chairs representing them with a memento and plant sapling. Dr. Devendra Kumar Tiwari delivered the closing remarks, expressing heartfelt appreciation to participants, students, faculty members, and the core organizing team. Recognitions and awards were distributed, and Dr. Tiwari extended gratitude to all contributors for their significant efforts and dedication.

The successful conclusion of ICM 2025 has laid a strong foundation for continued intellectual and spiritual discourse. This conference has set an example for future initiatives, fostering academic excellence. The foundation of ICM 2025 will undoubtedly inspire future conferences, facilitating global collaborations and transformative discussions in the years to come.

## UGI'S ANNUAL TECHNO-CULTURAL FEST

01 DAY

**Enigma XII kicks off amidst cheers, applause**

The **two-day annual techno-cultural fest Enigma XII of United Group of Institutions (UGI), Naini** kicks off on Friday, November 22, amidst cheers and applause. Over **twenty-five hundred students** from 17 top academic institutions spread across Uttar Pradesh including **NITs, IIITs** of Prayagraj, Amity University, BBD University, Lucknow and Government Polytechnic, Gorakhpur along with participants of UGI participated in the techno-cultural fest. The event commenced with the lighting of lamp by the distinguished guests at the auditorium of United College of Engineering and Research (UCER) followed by a spiritual dance performance by students. Addressing students, Principal, UCER Dr Swapnil Srivastava extended his best wishes to all the participants of Enigma 12. He said the main purpose of conducting the event was to provide a platform for students where they can showcase their knowledge and talent and learn to compete with their counterparts with positive spirit.

Coordinator, Enigma 12 Shweta Gupta briefed about the various competitions to be held in the fest. She said that on day many competitions including fashion shows, power lifting, roadies, singing, dancing, nukkad natak, open mic, kaladarshan, chess and shark were organized on day one.Coordinator, Enigma 12 Ankit Gupta proposed a vote of thanks. Prof Alok Mukherjee, Prof Sanjay Srivastava, Dr Ajay Sharma, Prof Nandita Pradhan, Dr Divya Bartaria, Dr Sudhanshu Kanojia, Dr Vijay Dwivedi and Dr Amit Tiwari were also present on the occasion. **UGI president Dr Jagdish Gulati, vice chairman Dr Satpal Gulati** and **senior vice president Gaurav Gulati** expressed happiness on conducting the event successfully.

Aastha Gill's mesmerizing performance leaves audience spellbound

02 DAY

# ENIGMA'12

## UGI'S ANNUAL TECHNO-CULTURAL FEST

The ongoing two-day techno-cultural fest Enigma XII of United Group of Institutions (UGI), Naini concludes with mesmerizing performance of famous Bollywood singer Aastha Gill, on Saturday, November 23. The singer mesmerized the audience with his melodious voice and style in the musical evening that kicked off at the UIT campus at around 7 pm. Gill sang her famous hits and Bollywood songs including 'DJ Wale Babu', 'Abhi to party shuru hui hai' among others and received a lot of appreciation and applause. The energetic performance, charisma and humility won the hearts of all the people present on the occasion. Her voice and energy electrified the entire atmosphere. Students danced to the tunes of DJ and the powerful performances of Gill that went on till late evening. Prior to this, a cultural program was organized in which the students of the UGI gave wonderful dance and singing performances.

Coordinator, Enigma XII Ankit Gupta and Shweta Gupta said that many competitions including photography, dance, singing, rangoli, theater, quiz, poetry, fashion show, were organized in two days techno-cultural fest. He said that these competitions were organized to inculcate the competitive spirit among the students. Principal, United Institute of Technology (UIT) Prof Sanjay Srivastava, principal, United Institute of Pharmacy (UIP) Dr Alok Mukherjee and principal United College of Engineering and Research (UCER) Dr Swapnil Srivastava felicitated the winners participated in different competitions by giving them certificates in the felicitation ceremony held at United Auditorium. The principals extended their best wishes to all the participants for their future endeavors.

The concluding function of Enigma XII was graced by Principals, Deans, HoDs, faculty members and thousands of students who were also present to cherish the moment.

# startup Confluence

The present era is the era of startups. Today's youth are adopting the role of job creators. Due to startups, a new revolution is being witnessed in the business and industry world. It has made possible things that no one could have even imagined a few years ago. **Uttar Pradesh Cabinet Minister Nand Gopal Gupta 'Nandi'** shared these views as the chief guest while speaking at the inaugural ceremony of Startup Confluence 2024 organized by United Incubation Hub (UIH) of United Group of Institutions (UGI), Naini, on Wednesday, December 11. Addressing the students in the United Auditorium, Nandi said that due to the Startup India Scheme, today the youth have got ample opportunities to fulfill their dreams. He said that at present, more than 100 startups in the country have been included in the Unicorn category and interestingly, many of them have been developed only by the youth.

The minister also shared the efforts being made by the Uttar Pradesh government to promote startups in the state. He said that the Yogi government has taken important steps to develop startups in the state. "This includes encouraging startups and providing financial assistance to organizations striving for this reason," he added. Giving examples from his own life filled with challenges, he urged the youth to start their own startup and not be afraid of the difficulties, rather accept it as a challenge.
Nandi also visited UIH and viewed the facilities being provided to startups. He expressed happiness over the amenities and infrastructure.

On the occasion, **Honorable President of United Group of Institutions (UGI) Dr. Jagdish Gulati, Honorable Vice Chairman Dr. Satpal Gulati and Honorable Senior Vice President Mr. Gaurav Gulati** honored the chief guest by presenting him Angavastram and memento.

***Startup India Scheme helping youths to fulfill their dreams...***
- Nandi

Speaking on the occasion, president Dr. Jagdish Gulati expressed his gratitude towards the Cabinet Minister for attending the program and urged him to provide his full support to the students of United in developing startups.
Dr Gulati also motivated the students to start their entrepreneurship and bring glory to the United.

**Chief Executive Officer (CEO) of UIH Mr. Shivesh Gaur** highlighted the objective of the two-day program. He also shared the efforts being taken by UIH to promote startups in the region.

The inaugural ceremony concluded with the vote of thanks proposed by Vice Chairman Dr. Satpal Gulati. He expressed gratitude towards all the guests present in the program and extended blessings to the students. The program was conducted by Mrs. Shruti Sharma. All the principals, deans and faculty members of UGI colleges were present on the occasion.

02 DAY

# startup Confluence

***Promptly Private Limited bags first position in Startups Confluence 2024***
***Two-day Startups Confluence 2024 concludes***

The **Startups Confluence 2024,** organized by the **United Incubation Hub (UIH)** of **United Group of Institutions (UGI)**, concluded on a high note, celebrating innovation and entrepreneurial spirit. The two-day event, held at UIH, saw an impressive gathering of creative minds, culminating in the felicitation of **the top three startups** during the grand valedictory ceremony on Thursday. **Promptly Private Limited** claimed the **first position**, showcasing a groundbreaking idea that captivated the esteemed jury. **Shipizens Private Limited** and **Law Saathi** secured the **second** and **third positions**, respectively. The top three winners were awarded cash prizes of ₹**50,000,** ₹**30,000,** and ₹**20,000,** presented by distinguished guests. All participating startups received certificates, acknowledging their innovative contributions.

The event featured **15 promising startups** from across Uttar Pradesh, including **Nimbus** from Bundelkhand University, **Kritishi** from Lucknow, **Concreed** and **Ecofragg** from Varanasi, and homegrown talent from UGI - **Innovators, Promptly Private Limited, Shipizen Transportation Limited**, and **Nirmaan**. Each team participated in an intense pitching session, presenting their ideas before a distinguished jury. The panel of jury members included **Kshitij Singh,** Director of Plutus Business Advisory, **Ipshita Yadav,** Manager at Invest India, **Prof. Sanjay Srivastava,** Principal of UIT, **Prof. Nandita Pradhan,** Dean of Students Welfare (UCER), **Dr. Vijay Dwivedi,** Dean of Academics (UCER), **Dr. Abhishek Malaviya,** Dean of Academics (UIT), and **Shivesh Gaur,** CEO of UIH. After thorough evaluation, they selected the top three startups, recognizing their potential for innovation and market impact.

As a token of appreciation, all jury members and distinguished guests were presented with mementos. The seamless coordination of the event by H**arshita Srivastava,** Manager of UIH, ensured its grand success. **Startups Confluence 2024** not only celebrated innovation but also inspired budding entrepreneurs to transform their ideas into reality. Congratulations to all the winners and participants for making this event a remarkable success!

Four sessions were organized on day one of the two-day Startup Confluence 2024 kicked off at United Auditorium, on Wednesday.

**Kshitij Singh, Director, Plutus Business Advisory, Vinoj Raj, Co-Founder St. Jude Herbals Pvt. Ltd., Anshu Singh, Research Establishment Officer, IIT, Kanpur and Dr. Sanjay Kumar, CEO Incubation Centre, MNNIT, Prayagraj** gave students information related to startups. The students also asked startup-related questions from the speakers and resolved their doubts.

**Principal, United Institute of Technology (UIT) Prof Sanjay Srivastava, Dean, Academics, UIT Dr Abhishek Malaviya and CEO, UIH Mr. Shivesh Gaur** felicitated the guest speakers by presenting them memento.

SANGAM 2.0
INTERNATIONAL HR CONCLAVE

## Two days International HR Conclave

India is the fastest growing economy in the world and in the next 25 years it is likely to grow six times providing each individual opportunity to enhance their social and economic conditions. National president, National HRD Network Prem Singh shared these views while speaking as chief guest during a **two-day international HR conclave Sangam 2.0 kicked off at United Group of Institutions (UGI), Naini, Prayagraj,** on February 15. Sharing his views on 'The Talent Confluence: Integrating Agility, Technology and Sustainability', Kumar said that everything is set to become obsolete, therefore it was necessary to keep on learning and reinventing. Sharing her insights on 'Bridging the Future Workforce: The Changing Paradigm of Recruitment', Krismary Sharmaine D Yapo from MMSU, Philippines said that the future of recruiting will include automation, strategic planning and better integration with company objectives. But not everything will be tech-focused, she added.

Director general, National HRD Network Dhananjay Singh administered oath of conduct to the audience. The conclave kicked off with the lighting of lamp by the chief guest, eminent speakers and industry experts at the auditorium. **President, UGI Dr Jagdish Gulati**, senior vice president **Gaurav Gulati** and principals welcomed the eminent guests by presenting them saplings and mementos. Dr Divya Bartaria, president, NHRDN, Prayagraj Chapter and dean, Corporate and Industry Relations, UGI presented the objective of the conclave. She said the purpose of conducting the conference was to provide a platform for collaborative learning among HR professionals, academicians and students.

Distinguished speakers who also shared their insights on the occasion also included Yuvaraj Srivastava from MakeMyTrip, Dr Virendra P Singh from Business Schools, Subnesh Sharma from VVDN Technologies, Sadhvi Deepika Bharti, Philanthropist, Agnivesh Thakur from Human Capital, Aditya Sareen from TATA Power, Dr NS Rajan, former CEO, IDFC, Dr SV Nathan from Visara Partners, Sadhvi Shilasha Bharti, Shweta Jain from, ICF, Deepak Mishra from CP Milk and Food Products Private Limited, Gunjan Saini from Xebia, Raj Kapoor from Indian Blockchain Alliance, Prabharanjan Prasoon from SopraSteria, India and Dr KM Succendram from TCS also shared their valuable insights views on the occasion.

# UGI VISIT

## by Prof. (Dr.) T G Sitharam

Chairman of All India Council for Technical Education (AICTE)

**Prof. (Dr.) T G Sitharam, the Chairman of All India Council for Technical Education (AICTE),** New Delhi visited **United Group of Institutions (UGI), Naini,** on February 5. Prior to this, Prof Sitharam was the Director of Indian Institute of Technology (IIT), Guwahati, Assam from July 2019 to December 2022. The AICTE Chairman along with his spouse visited United College of Engineering and Research (UCER) and United Institute of Technology (UIT) and praised the UGI management for providing world class facilities to its students. **President, UGI Dr. Jagdish Gulati Sir, Vice Chairman Dr. Satpal Gulati Sir** and senior **Vice President Gaurav Gulati** Sir warmly welcomed Prof. Sitharam and his spouse by presenting bouquets and memento as a token of respect and honour.

# International Conference on
# Innovation in Pharmaceutical Sciences: Bridging Biotechnology and Clinical Practice

**The United Institute of Pharmacy (UIP), Naini,** successfully hosted an International Conference on **"Innovation in Pharmaceutical Sciences: Bridging Biotechnology and Clinical Practice"** on October 19th and 20th, 2024. The two-day event brought together professionals, researchers, and students to explore the latest advancements in pharmaceutical sciences and their practical applications in healthcare. Convened by Dr. Anil Kumar Singh and organized by Dr. Shradhanjali Singh, the conference began with an inaugural ceremony featuring Saraswati Vandana and a lamp-lighting ritual, symbolizing knowledge and wisdom. A key highlight was the unveiling of the conference proceedings, encapsulating groundbreaking research and discussions. Prof. Alok Mukerjee, Principal of UIP, welcomed attendees, emphasizing the importance of interdisciplinary collaboration in pharmaceutical innovation. **Dr. Jagdish Gulati, President of UGI,** encouraged active engagement, while Dr. A.M. Agarwal, Vice Chancellor of United University, highlighted the growing role of biotechnology in clinical practice. Notable speakers included Dr. Deependra Singh, Chairman of the Education Regulation Committee of the Pharmacy Council of India, who discussed the regulatory landscape for pharmaceutical innovations. Dr. Atul Nasa, Pro Vice Chancellor of SGT University, delivered a keynote address on regulatory bodies' role in patient safety. Distinguished guests from renowned institutions, including MLN Medical College, SHUATS, and Krishnarpit College of Pharmacy, graced the conference. The event concluded with a vote of thanks by Mr. Satpal Gulati, Vice Chairman of UGI, acknowledging the contributions of speakers, participants, and organizers. This conference served as a dynamic platform for knowledge exchange, fostering innovation and collaboration in pharmaceutical sciences.

# EDUCATIONAL ENRICHMENTS

Insightful session on

## "HEARTFULNESS"

**organized for new entrants**

As part of the Induction program, **an insightful session on Heartfulness titled 'From stress to success: Cultivating inner calm for academic excellence'** was organized for the new entrants of **United Institute of Technology (UIT)**, on September 12, Thursday. Well-known trainers from Heartfulness Centre, Prayagraj, including **Mrs. Radha Saxena** and **Mrs. Jyoti Mishra** shared their valuable insights with students as keynote speakers. They told students about the importance of meditation in life. Interacting with students, the trainers also shared some mantras to deal effectively with stress. The event began with a brief introduction to the Heartfulness Centre, and the training given by Mrs. Shruti Sharma, Head, CRC, UIT. The session concluded with the felicitation of the keynote speakers. They were given memento by Dean, Academics, UIT Dr Abhishek Malaviya and Mrs. Shruti Sharma.

UIT conducts an insightful session on

## 'Success begins with discipline: Foundation for excellence in engineering'

**for first year students**

**An insightful session on 'Success begins with discipline: 'Foundation for Excellence in Engineering'** was organized for first year students of **United Institute of Technology (UIT)** at United Auditorium, on Monday. The session began with a brief introduction of the **guest speaker Mrs. Sushmita Kanungo,** noted academician and principal of Jagat Taran Golden Jubilee School, Prayagraj by CRC Head, UIT Ms. Shruti Sharma. Addressing students, Mrs. Kanungo shared her valuable insights on the significance of discipline and self-control for students to get success in life. Principal, UIT Prof Sanjay Srivastava welcomed the guest speaker and honored her by presenting a memento. The session concluded with the vote of thanks proposed by Prof Srivastava.

## UIT conducts Bootcamp Preparation Session
### for Final Year B. Tech Students

A Bootcamp Preparation Session was conducted for the final year B. Tech students of United Institute of Technology (UIT) at the college's Induction Hall, on October 15, on Tuesday. The event was designed to help students prepare for campus recruitment processes, with a special focus on the selection criteria and key skills required by top companies. The session began with a welcome address by Prof Sanjay Srivastava, Principal of UIT. In his speech, Prof Srivastava emphasized the importance of bootcamp training as a vital step towards successful campus placements. He encouraged students to take full advantage of the opportunities provided through these sessions. Following the Principal's address, Ms. Nikita Tandon, Career Counselor and Placement Trainer, delivered an insightful talk on the significance of the English Communicative Assessment Round in companies such as Accenture. She elaborated on how mastering communication skills is crucial in standing out during recruitment. The next segment was led by CRT trainers, including Mr. John Haider, Mr. Ankit Gupta and Mr. Omit Bhadauria, who each provided an in-depth discussion on the key selection criteria involved in Campus Recruitment Test (CRT) papers. They focused on three core areas: Quantitative Aptitude, Reasoning, and English, highlighting the common challenges and strategies to excel in these sections. The session also featured address by Mrs. Shruti Sharma, Head of CRC-UIT and Head Technical Department Mr. Dhananjay Sharma. Mrs. Sharma shed light on the importance of being meticulous when submitting official documents during the recruitment process. She also emphasized the varying expectations of different companies, advising students on the key factors they need to consider. Dr. Amit Mishra, Head of the Computer Science and Engineering Department, also addressed the students. He underlined the importance of regular class attendance and encouraged students to be disciplined and focused throughout the bootcamp. Dr. Mishra reminded them that consistent effort during these sessions is essential for their future success in placements. The session concluded with a vote of thanks proposed by Mr. John Haider who expressed gratitude to all the speakers and participants for their time and contributions to making the event a success.

EXPERT TALK

## AI in Wireless Communication
***by Prof. Shekhar Verma***

**Guest expert Prof. Shekhar Verma from IIITA** was welcomed by DSW and HoD of ECE Prof. Nandita Pradhan. In her opening remark she emphasized the importance of AI in Wireless Communication. Expert Prof. Shekhar Verma focused on the integration of Artificial Intelligence (AI) in wireless communication systems. The session started with an introduction to the basics of communication, building a solid foundation for the more advanced topics that followed Modulation Techniques which are crucial for encoding data onto modulated signals for transmission purposes. The core of the expert talk was how AI, particularly deep learning and machine learning, is revolutionizing wireless communication. Prof. Verma explained that these techniques are used for various tasks such as: Channel Estimation: AI models are applied to estimate the 'h-coefficient' in the communication equation, whereby accurately predicting the h-coefficient, the system can better understand and adapt to changing channel conditions. Further improved accuracy is obtained by using Machine learning algorithms for improved signal detection and decoding, making communication more efficient and less error prone. Deep learning models are trained to handle complex environments where traditional algorithms fall short, enabling more robust communication systems. At the end of the session HOD ECE and faculty members presented a memento to guests as a token of gratitude. The session ended with Vote of Thanks by Dr. Ajay Sharma, ECE, UCER.

EXPERT TALK ON

# Mobile Computing

by Industry Veteran Mr. Chirodeep Roy

**The United College of Engineering & Research (UCER)** recently hosted **an insightful Expert Talk on "Mobile Computing" by Mr. Chirodeep Roy,** a distinguished industry professional. With an academic background from MNNIT and extensive experience with Motorola, Nokia, Huawei, IHS Nigeria, and IHS Zambia, Mr. Roy shared invaluable knowledge on emerging trends, real-world applications, and industry advancements in Mobile Computing. The event was attended by over 110 second-year students from the CSE and AIML departments, who actively engaged in discussions, gaining a deeper understanding of how mobile computing is shaping modern technology. Such initiatives at UCER continue to bridge the gap between academic learning and industry expertise, preparing students for a future in cutting-edge technologies. We extend our gratitude to Mr. Chirodeep Roy for his valuable time and insights, leaving a lasting impact on our aspiring technologists.

EXPERT TALK ON

# Recent Trend in VLSI Design held at UIT

**An expert talk** on **'Recent Trend in VLSI Design'** was organized at **United Institute of Technology (UIT), Naini,** on Tuesday, November 13, 2024. Students of second and third year attended the session. The objective was to inform about VLSI design which is rapidly evolving to meet the demands of modern applications in AI, IoT, automotive systems, and high-performance computing. **Prof. Manish Goswami, Professor and Dean Academics, IIITA- Prayagraj** shared his valuable insights on VLSI Domain, Jobs in VLSI and Peaks of VLSI among others. Prof Sanjay Srivastava, principal, UIT welcomed the guest speaker by presenting him bouquet. Mr. Amitabh Srivastava, Head of the ECE Department, presented a memento to the guest speaker and proposed a vote of thanks. The event was coordinated by Dr. Amit Singh of the ECE department. Faculty members present on the occasion also include Mr. Ram Krishna Sharma and Mr. Shariq Mehboob.

EXPERT TALK ON

# IoT Data Analytics using Apache Spark

The happening event held in UCER, which was undertaken by **Dr. Sonali Agarwal,** a distinguished faculty member of **IIIT Allahabad** delivered an insightful lecture on **IoT data analytics using Apache Spark.** The audience of ECE and EE students was addressed by Prof. Nandita Pradhan who narrated the importance of IoT Data Analytics and elaborate achievements of expert Dr. Sonali Agarwal. Afterwards the lecture aimed to provide students with a comprehensive understanding of leveraging Apache Spark for processing and analyzing data generated by Internet of Things (IoT) devices and sensors. Dr. Sonali Agarwal also encouraged students of ECE and EE to select projects in this domain and motivated them to pursue projects with collaborative efforts.

The lecture commenced with an introduction to IoT data analytics, highlighting the exponential growth of IoT devices and the need for efficient data processing techniques to derive meaningful insight and fundamentals of Apache Spark, emphasizing its distributed computing architecture, resilient distributed datasets (RDDs), and Spark SQL for querying structured data. Throughout the session, the professor presented case studies and practical examples illustrating the application of Apache Spark in real-world IoT analytics scenarios, thereby bridging the gap between theory and practical's and making lectures very interesting for students. At the end of the event Dr. Ajay Sharma, Department of ECE proposed a vote of thanks to guest speaker for providing insightful knowledge of the subject. All the faculty members of the ECE and EE Engineering department were present during the talk.

EXPERT TALK ON

# IoT based Advance Communication and Automation

The talk on **IoT based advanced communication and automation** held in ECE department by Dr. S. K. Jha, Associate Professor, Department of CSE, Allahabad University. Talk covered the integration of IoT technologies to improve security, prevent crimes, and automate responses. Dr. Jha discussed various types of crimes that can occur in an increasingly connected world, such as cybercrime: Hacking, identity theft, unauthorized access to sensitive information via connected devices, Physical Crimes where IoT in surveillance and automation for detecting intrusions and monitoring environments and Exploiting IoT systems for financial fraud or unauthorized transactions. The event highlighted the dual role of IoT in both enabling and preventing crimes through advanced communication systems. Dr. Jha was welcomed by DSW and HoD ECE Prof. Nandita Pradhan. In her opening remark she emphasized on the importance of IoT in Communication systems and automation. Dr. Ajay Sharma proposed Vote of Thanks in the presence of faculty members.

EXPERT TALK ON

# How to Write a Research Article

***for Scopus/SCI Publications"***

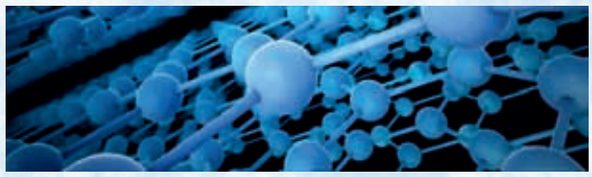

**Department of Mechanical Engineering organized** an expert talk on **"How to Write a Research Article for Scopus/SCI Publications"** by the eminent Professor R.K. Srivastava from United College of Engineering and Research, Prayagraj, for the faculty members at UCER Prayagraj on 21-01-2025. Principal UCER, Dr. Swapnil Srivastava, welcomed the speaker and expressed his gratitude for such an insightful talk. To bless the event, Principal Dr. Swapnil Srivastava and Dean Academics Dr. Vijay Dwivedi were present, along with the Heads of Departments: Dr. Jitendra Kumar (Head, Civil Engineering), Dr. Shweta Singh (Head, Diploma), and Dr. Rakesh Kumar Yadav (Head, Mechanical Engineering).

In his expert talk, Professor Srivastava focused on the importance of writing and selecting the right journal for publication. He also covered how to write key sections of a research paper: Abstract, Introduction, Literature Review, Methodology, Results, and Discussion. The talk emphasized the significance of publishing high-quality journals for academic excellence and staying up-to-updated with the latest advancements in emerging technologies.

EXPERT TALK ON

# Expert Talk on Nanocomposites

On 13th November 2024, the **Department of Mechanical Engineering at United College of Engineering and Research (UCER), Naini, Prayagraj,** hosted an enlightening expert talk on **'Nanocomposites: Development & Advanced Machining for Structural Applications.'** Held in the Mechanical Smart Room, this session was specifically organized for B.Tech Mechanical Engineering students from the 2nd, 3rd, and 4th years, providing them with a unique opportunity to explore the latest innovations in material science. The event featured **Professor Rajesh Kumar Verma,** an esteemed academic and researcher whose illustrious career includes **40 SCI/SCIE-indexed publications, 15 patents, and the successful supervision of six Ph.D. scholars.** His groundbreaking contributions to nanocomposites and structural engineering have cemented his reputation as a leader in the field.

The session began with a formal introduction to Prof. Verma's exceptional achievements, followed by a bouquet presentation as a gesture of welcome. Prof. Verma then delivered a detailed lecture, offering profound insights into the advancements in nanocomposites, their application in advanced machining, and their transformative potential in structural engineering. The engaging session left the audience, comprising students and faculty members, deeply inspired. To honor Prof. Verma's valuable contribution, Dr. Rakesh Kumar Yadav, Head of the Department, presented him with a memento on behalf of the department. The event also saw active participation from the Mechanical Engineering faculty, whose support and coordination ensured its success. We extend our sincere gratitude to Prof. Rajesh Kumar Verma for sharing his expertise and inspiring the next generation of engineers at UCER. Special thanks to Principal UCER Dr. Swapnil Srivastava Sir, Dean Academics Dr. Vijay Dwivedi Sir, and COE Mr. Ajeet Yadav Sir for their unwavering support and encouragement in making this event a grand success.

## EXPERT LECTURE ON

# Advances in Programmable Automation

**CNC, Robotics**

The Department of Mechanical Engineering organized an expert lecture today on "Advances in Programmable Automation (CNC, Robotics)" delivered by the eminent Associate Professor, Dr. Venkateswara Rao Komma from the Department of Mechanical Engineering, MNNIT Allahabad, for the second-year B.Tech students.The event was graced by the presence of Principal UCER, Dr. Swapnil Srivastava; Dean Academics, Dr. Vijay Dwivedi and HoD Civil Engineering, Dr. Jitendra Kumar. Dr. Rakesh Kumar Yadav, HoD Mechanical Engineering, welcomed the guest with a bouquet as a token of respect and expressed his gratitude during the vote of thanks.

Dr. Komma discussed the latest innovations in CNC technology and robotics, modern manufacturing processes, and the future of industrial automation. At the conclusion of the program, Principal and Dean Academics, UCER, presented a memento to the esteemed guest as a gesture of appreciation.

## GUEST LECTURE ON

# Future Prospects, Opportunities and Practice

**Held at United Institute of Pharmacy, Naini, Prayagraj**

United Institute of Pharmacy, Prayagraj, successfully organized a guest lecture by Ms. Tahira Kazmi, a distinguished expert in law, on the theme “Future Prospects, Opportunities and Practice.” on 02.12.2024. The session aimed to provide valuable insights into emerging trends, career opportunities, and practical approaches for students and professionals. Ms. Kazmi commenced the lecture by outlining the evolving professional landscape, emphasizing rapid advancements, global trends, and their implications for aspiring professionals. She underscored the importance of adaptability and proactive engagement in a highly competitive environment. The session was highly interactive, with Ms. Kazmi engaging the audience through real-world examples, case studies, and practical strategies. Students and faculty actively participated by posing questions and sharing their perspectives, making it a dynamic and enriching experience. The event concluded with a vote of thanks, expressing gratitude to Ms. Kazmi for her valuable contribution and inspirational discourse. The lecture served as a motivational platform, equipping participants with a clearer understanding of future career prospects and the steps necessary for professional success.

## GUEST LECTURE ON

# AI and the Future of Pharmacists

**United Institute of Pharmacy (UIP),** Prayagraj, had the honor of hosting Prof. Pramil Tiwari, Professor of Pharmacy Practice & Head of the Pharmacy Management Department at NIPER, Mohali, for a thought-provoking **GUEST LECTURe on "Is the Pharmacist Community Ready for AI?"** on 02.12.2024. The session provided an in-depth exploration of the challenges and strategic approaches involved in the intricate process of bringing a drug to market. Prof. Alok Mukerjee, Principal of UIP, warmly welcomed the distinguished guest speaker. The event was attended by the Head of the Department, Pharmacy, along with the Heads of all branches, esteemed faculty members, and students from D. Pharm, B. Pharm, and M. Pharm programs. Prof. Tiwari, a renowned expert in the field, began by highlighting the multifaceted nature of drug development, encompassing preclinical and clinical stages. He emphasized the significant risks associated with safety, efficacy, regulatory compliance, and market acceptance, illustrating these aspects with real-world examples from his extensive experience. The session was highly interactive, with students and faculty actively engaging Prof. Tiwari in discussions about the future of drug development and the evolving role of risk management in the pharmaceutical sector. The lecture concluded with a vote of thanks, acknowledging Prof. Tiwari for his invaluable insights and inspiring guidance. A memento was presented as a token of appreciation. The session proved to be an instrumental learning experience, enriching participants’ understanding of the dynamic and ever-evolving pharmaceutical landscape.

FDP ON

# Competitive Coding

**Concludes at UGI**

The United College of Engineering & Research (UCER) successfully conducted a 5-day Faculty Development Program (FDP) on Competitive Coding to enhance the quality of Professional Skill Development (PSD) training. Led by Mr. Dhananjay Kumar Sharma, the intensive sessions provided deep insights into problem-solving, algorithmic thinking, and competitive programming techniques. A total of 25 trainers from across UGI participated, making this initiative a valuable step toward improving coding excellence within the institution. This FDP reaffirms UGI's commitment to equipping educators with the latest industry-relevant skills, ensuring that students receive top-tier training in coding and technical problem-solving.

## UIT holds the IVth edition of CODEARAMBH for first year

The Department of Technical Training hosted **' CODE ARAMBH'**, a 'C' programming-based hackathon on Dec 20 which is designed specifically for first-year students. This exciting event aims to introduce students to placement-related questions and encourage them to think creatively. Over 200 enthusiastic students participated in the event.

# UIT holds Google Developer DevFest Prayagraj 2024

**United Institute of Technology (UIT)** hosted **DevFest Prayagraj 2024** in collaboration with the **Google Developer Group (GDG) Prayagraj** on 26th October. The event was graced by the presence of Prof. Sanjay Srivastava, Principal of UIT, Dr. Abhishek Malviya, Dean of Academics, and other esteemed faculty members, who actively supported this significant initiative to foster tech innovation and collaboration among students and professionals. Organized under the guidance of Hridyesh Gupta, a final-year student at UIT, along with his dedicated team, the event was held in the UIT Auditorium and drew a crowd of 450 attendees. These included students and professionals from more than 25 prestigious institutions such as NIT, IIIT, and colleges beyond Uttar Pradesh, all eager to explore the latest in technology. The primary objective of DevFest Prayagraj 2024 was to unite students, developers, and industry experts, fostering collaboration and exploring emerging technologies to inspire future innovation. Attendees engaged in sessions on artificial intelligence, cloud computing, web development, and responsible AI, gaining hands-on insights and valuable industry perspectives. The event featured an impressive lineup of speakers who captivated the audience with their expertise. Nishant Welpulwar, AI Consultant at Google, opened with a session on Generative AI in Web Development, showcasing how AI can drive creative web experiences. Dhrumil Shah, Lead Architect at Tata Digital and Google Developer Expert in Flutter, shared insights on AI-Integrated Mobile Applications, demonstrating the transformative potential of AI in app development. Vivek Kumar, Trust and Safety Expert at Google, led an impactful talk on Trust and Safety in the Digital World, discussing Google's approach to internet security. Anubhav Singh, Co-Founder of Callchimp.ai and Google Developer Expert in Machine Learning and Cloud, presented Serverless AI with Cloud Run GPU, illustrating the scalability benefits of serverless AI. Rounding off the sessions were Ankit Kumar Verma, Project Coordinator at IIIT Hyderabad and Organizer of GDG Prayagraj, and Praveen Das, an Open-Source Advocate, who inspired the audience with their discussions on community building and the power of open-source technology.

ENLIGHTENING SESSION ON

# Cyber Hygiene

**Staying safe in the digital world' held.**

**Cyber hygiene** is crucial in today's digital landscape. By adopting simple yet effective habits, individuals can significantly reduce the risk of cyber-attacks and ensure their online safety. Renowned cyber security expert Dr Rakshit Tandon said this while sharing his views during an **enlightening session on 'Cyber Hygiene**: Staying safe in the digital world' organized at **United Group of Institutions (UGI), Naini** under United Talks 2024, on Monday, 23rd Sept 2024. The Talk was organized in joint association with National Human Resource Development Network (NHRDN), Prayagraj Chapter. Sharing his valuable insights on emerging cyber threats and vulnerabilities, Dr Tandon cautioned not to click on any links or to attend unsolicited calls before identifying its authentication as they can land in grave trouble and to call on the cyber helpline number 1930 in case of any fraud. The expert also told students about best practices for password management and encryption, safe browsing habits and avoiding phishing attacks, social media security, online etiquette, measures being taken by government to put a curb on cyber-crime etc. He also informed the students about the digital arrest, digital diet, social media influencers, cyber hygiene, malware files, job scam, fake apps, multi factor authentication (MFA), cyber laws and Digi Lockers among others in detail. Dean, Academics, UCER Dr Vijay Dwivedi and Dean, Academics, UIT Dr Abhishek Malaviya felicitated Dr Tandon by presenting him a memento as a token of honour. Secretary, NHRDN, Prayagraj Chapter and convener Shruti Sharma said that the objective of the event was to educate students, faculty, and staff on the importance of maintaining robust online security and protecting digital identities. Principal, UCER Dr Swapnil Srivastava, Head, Technical Department, UIT Dhananjay Sharma.

# School Counselling Program at United Campus

Phase-2 of **UGI's Career Counselling Program** was successfully organised on the 24th of October in which 61 students of class X-XI-XII along with two teachers of LDC visited United Campus Naini Prayagraj. The entire program of Career Counselling has been strategically designed and curated for the School Children for their career exposure, guidance, and counselling. Dean Corporate and Industry Relations and Career Coach Dr Divya Bartaria and Senior Trainer Mr Pradip Sen Gupta along with a team of CRC and faculty members conducted the event in the following stages:

1. First Phase Follow up and Deep Dive into Careers
2. Psychometric Assessment at CRC Labs
3. Exposure / Visit to College Labs, Workshops, Innovation Centres, CoE, Students Activity Centre, sports complex, and CRC
4. Light Refreshments
5. Individual/Group Counselling Sessions

Principal UCER Dr Swapnil Srivastava appreciated the efforts. Dean Academics Dr Vijay Dwivedi, Dean DSW Prof Nandita Pradhan and Head Foreign Relations Dr Ajay Sharma blessed the children. Senior manager CRC Ms Kirti Singh anchored the inaugural session while the entire team of CRC coordinated the event. Students and faculty members were amazed to see such meticulous planning and each student got some visionary insight for the next steps towards their career goal.

## INSIGHTFUL SESSION ON

# TCS CODEVITA CONTEST SEASON 12

### Held at United Auditorium

**An insightful session** on **TCS CodeVita Contest Season 12** was held at United Auditorium, on October 16, on Wednesday, to make engineering and BCA students of United Group of Institutions (UGI) aware about the significance of TCS CodeVita contest in shaping their future. HR's including **Siddharth Singh** and **Princy Sehrawat** from the IT firm told students about the objective of the CodeVita contest. Ms Princi informed that the CodeVita contest was one of the flagship programs of TCS which aims to add value in student's profile, provide global recognition to them, improve their coding skills Improve coding skills, among others. She said that the CodeVita contest, from this year, has begun on theme i.e., 'United by Code'.

Mr Siddharth informed about Road to finale, job opportunities, global rank certificates for top performers, award for top women coders, eligibility criteria and registration process among others. The HRs also interacted with students and answered to their queries.

The TCS officials were also felicitated on the occasion. They were given memento as a token of respect by Dean, Corporate and Industry Relations, UGI Dr Divya Bartaria and Dean, Academics, UCER Dr Vijay Dwivedi. Earlier, the session began with a brief introduction of HRs and objective of the session by Dr Bartaria. This was followed by welcoming of the HRs by principal, UCER Dr Swapnil Srivastava and principal, UIT Prof Sanjay Srivastava. CRC Head, UIT Mrs Shruti Sharma proposed the vote of thanks. Dean, Students' Welfare, UCER Prof Nandita Pradhan, Dr Sudhanshu Kanojia, Dr Amit Tiwari along with CRC team members and faculty members were present on the occasion.

## CODING CONTEST

**The Coding Contest, a co-curricular activity,** was organized to **enhance programming skills among MCA students.** In today's competitive environment, it is crucial to develop technical skills, and this event was designed with that goal in mind. The contest was successfully conducted by the event coordinator, Mr. Dhananjay Kumar Singh, with the support of the entire MCA faculty. The contest consisted of two rounds: the first round was objective-based, conducted through a Google Form, and the second round was subjective, where participants wrote programs on computers. Only C and Java programming languages were allowed, and participants were required to use the Turbo C compiler or Notepad editor to run their programs. The judgment criteria included programming accuracy and execution time. At the conclusion of the contest, the winners were announced based on their performance and were awarded prizes and certificates by Dr. Manmohan Mishra, the HoD of MCA, UIM, during a special prize distribution ceremony.

## Department of Civil Engineering, UCER organized a workshop on "Transition from Technical Roles to Managerial Leadership in CRIP Sector"

Department of Civil Engineering, UCER organized a workshop on "Transition from Technical Roles to Managerial Leadership in CRIP Sector" by Dr. Binaya Patnaik Dean-IQAC and Associate Professor NICMAR, Delhi on 6/12/2024. Students of B.Tech. Civil Engineering 2nd year, 3rd year, final year and Mechanical Engineering. final year of UCER attended the workshop. Dr. Patnaik explained the concept & importance of CRIP and digital construction in present scenario and solved the queries of students. We are sincerely thankful to our Principal Sir, Dean (A) and Dean (SW) for motivating us continuously for organizing this type of event.

## Alumni interaction Event

Alumni interaction Event with Er. Prashant Mishra Manoj (Sr.Manager GAIL). An alumni who is currently employed at GAIL India Limited, a Maharatna company with a current CTC of 30 lakhs per annum. Er. Prashant guided and assisted the students in gaining a better understanding of how things work in the industry and how to clear the GATE Exam.

### Material Testing Lab of the Mechanical Engineering Department have recently been calibrated as per NABL norms

Material Testing Lab of the Mechanical Engineering Department have recently been calibrated as per NABL norms. I extend my heartfelt gratitude to the Principal Dr. Swapnil Srivastava sir and Dean Academics Dr Vijay Dwivedi sir, UCER and the Management for their invaluable support in achieving it. We are preparing to commence testing and consultancy services using the advanced facilities of the Material Testing Lab shortly. I also take this opportunity to invite all UGI colleges to utilize the lab's resources for their research and other scientific work.

## TRAINING PROGRAM ON

### CNC Machines

A one-week hands-on training program on CNC machines, organized by the Department of Mechanical Engineering, UCER, was successfully conducted from 23rd December 2024 to 31st December 2024 for B.Tech Mechanical Second-Year students. The participants learned concepts such as:

- Introduction to CNC machines
- CNC machine components
- Tool and workpiece selection
- Basics of programming

## TRAINING PROGRAM ON

### Component Manufacturing, Including Facing, Turning, Knurling, and Chamfering

Hands-on training in component manufacturing, including facing, turning, knurling, and chamfering. At the end of the event, a test was conducted for internal evaluation of students . We sincerely acknowledge the support & motivation provided by the honourable Principal UCER, Dr. Swapnil Srivastava & Dean Academics Dr. Vijay Dwivedi & to our esteemed management for their support. The entire training program was organized under the able guidance of HOD (ME), Dr. Rakesh Kumar Yadav and Dr. Dinesh Kumar.

# INDUSTRIAL VISITS

## BANDHWA HANUMAN JI CORRIDOR, SANGAM, PRAYAGRAJ

Department of Civil Engineering, UCER organized a site visit at **Bandhwa Hanuman Ji Corridor, Sangam, Prayagraj** for 3rd year B. Tech. and 2nd year Diploma students to learn about various construction process based on concrete technology with experienced site engineers of Bootes Pvt. Ltd. and Prayagraj Development Authority under the guidance of our faculty members, Mr. Ankit Gupta and Mr. Ankush Mishra.

We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), Hod (B.Tech. & Diploma), Transport department, and all the supporting faculty members of the department to support and motivate for such a kind of visit conduction.

## JYOTI FABRICATORS PVT LIMITED, UPSIDC, NAINI, PRAYAGRAJ

Industrial visit organized by ME Department UCER at **Jyoti Fabricators Pvt Limited, UPSIDC, Naini, Prayagraj.** Mechanical Engineering, UCER Students of B.Tech 2nd Year and Dipoma 3rd Year and 2nd Year, visited Jyoti Fabricators Pvt Limited, UPSIDC,Naini, Prayagraj on 04-12-2024. In this visit students gained the knowledge about the different Manufacturing processes like Rolling operation, Different types of Welding process, Punching machine, Bending, CNC machines Cutting machine like Plasma Cutting, Press machines, Planner Machine,Lathe and Milling machine. The visit was done under the guidance of site experts Er. Govind Singh, Er. Gaurav Negi and Team along with Dr. Chetan Swaroop, Dr. Naveen Kumar & Mr. Manish Dubey. We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), Transport department, and all the supporting faculty members of the department to support and motivate for such kind of visit conduction.

## TRIVENI ELECTROPLAST PVT LIMITED, UPSIDC, NAINI, PRAYAGRAJ

Industrial visit organized by ME Department UCER at **Triveni Electroplast Pvt Limited (Radiator Division), UPSIDC, Naini, Prayagraj.** Mechanical Engineering, UCER Students of B.Tech 3rd Year', visited Triveni Electroplast Pvt Limited (Radiator Division), UPSIDC, Naini, Prayagraj on '07-12-2024. Industry 1st India'# Fully automatic Radiator Manufacturing Company. In this visit students gained the knowledge about the different Manufacturing and Fabrication processes like Rolling operation, Different types of Welding processes such as CNC Resistance Spot, seam welding , MAG welding, Punching machine, Bending, CNC Plasma Cutting, Painting section , Quality and Packaging section. The visit was done under the guidance of site experts Team along with Mr. Sanjay Kumar Awasthi, Dr. Naveen Kumar & Mr. Manish Dubey. We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), Transport department, and all the supporting faculty members of the department to support and motivate for such kind of visit conduction.

## SOMESHWAR CASTING PVT LIMITED, UPSIDC, NAINI, PRAYAGRAJ

Industrial visit organized by ME Department UCER at **Someshwar Casting Pvt Limited, UPSIDC, Naini, Prayagraj.** Mechanical Engineering, UCER Students of B.Tech 2nd Year and Dipoma 3rd Year and 2nd Year , visited Someshwar Casting Private Limited UPSIDC, Naini, Prayagraj on 07-12-2024. In this visit students gained the knowledge about the different Manufacturing processes like Casting operation, Different types of machining process, pattern & mould making,CNC machine Lathe and Milling machine. The visit was done under the guidance of site experts Er. Gyanendra singh and Team along with Mr. Gaurav Verma, Mr. Dharmendra Kumar & Mr. Suresh Kumar. We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), Transport department, and all the supporting faculty members of the department to support and motivate for such kind of visit conduction.

## SHIRDI SAI ELECTRICALS LTD. (AREVA), NAINI, PRAYAGRAJ

Industrial visit organized by ME Department UCER at **Shirdi Sai Electricals Limited (AREVA),Naini, Prayagraj.** Mechanical Engineering, UCER Students of B.Tech 2nd Year and 4th year, visited at Shirdi Sai Electricals Limited UPSIDC,Naini, Prayagraj on 09-12-2024. In this visit students gained the knowledge about the transformer Design, windings, cooling, transformer testing ,Oil, assembly of transformer. The visit was done under the guidance of Mr Mohd Aman, Mr Rajendra Verma, Mr Suresh Yadav Special thanks to Pranav Singh Sir (MBA) for supporting in conducting the visit. We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), Transport department, and all the supporting faculty members of the department to support and motivate for such kind of visit conduction.

## ITI, RAEBARELI, BATCH 2022-26

An Industrial visit was organized by the Electronics and Communication Department United College of Engineering & Research for the students of ECE to visit **ITI, Raebareli on Dec 13, 2024.** Students get practical exposure and industry insights which greatly contribute to their learning and updating knowledge. Raebareli Manufacturing unit was set up in 1973 and has electronic manufacturing infrastructure. Presently, this unit manufactures GPON (OLT & ONT) and SMPS. ITI Raebareli also manufactures Optical fiber Cable (OFC) and HDPE pipes. The visit took place on 13-12-2024. The number of students who participated was 38 (ECE), accompanied by 2 faculty members. Industrial Visit Coordinators: Mr. Tushar (ECE) and Mr. Rohit Srivastava (ECE). Students were got opportunity to learn the following: • Optical fibre Cable (OFC) • GPON (OLT &ONT) • Surface-mount technology (SMT) • HDPE pipes.

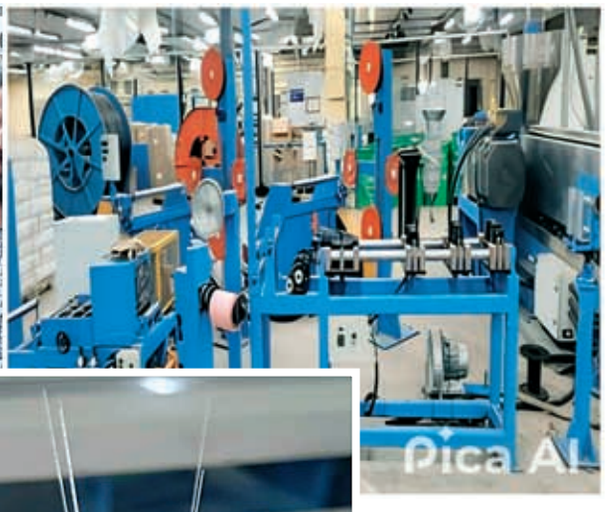

The 2023 official industrial visit of 3rd year EC batch was about the optical fiber cable (OFC) and its manufacturing at the ITI Limited situated in Raebareli, Uttar Pradesh.

FACULTY MEMBERS AND STUDENTS AT

## OFC Implementation Training Center

## ITI, MANKAPUR, BATCH 2022-26

An Industrial visit was organized by Electronics and Communication Department United College of Engineering & Research for the students of ECE and ME to visit **ITI, Mankapur on Dec 19 - 20, 2024.** Students get practical exposure and industry insights which greatly contribute to their learning and updating knowledge. The number of students who participated was 48 (ECE), accompanied by 3 faculty members. Industrial Visit Coordinators: Mr. Tushar (ECE), Mr. Shatrughan Mishra (ECE) and Ms. Malvika (CRT)

Students were got opportunity to learn the following:

- Surface mounted devices (SMD) assembly
- In Circular testing
- Mechanical hardware Manufacturing
- Wave Soldering
- HDPE Pipe Manufacturing

This visit will help the students to understand industry practices, technological advancements, and real-world applications related to their field of study.

## TCS VARANASI

The Department of Computer Science and Engineering of United College of Engineering & Research successfully organized an enlightening industrial visit to TCS Varanasi on September 27, 2024. This visit was specially arranged for the third-year B. Tech students (2024-25 batch), with a total of 55 students participating in the program. The visit was coordinated under the guidance of the faculty coordinators Mr. Rahul Kesarwani and Mr. Prashant Soni, both esteemed technical trainers and assistant professors of the department.

The industrial visit was a comprehensive full-day program filled with insightful sessions and interactive activities. The day commenced with an inaugural address by senior officials from TCS Varanasi, followed by a series of technical sessions conducted by industry experts. The experts shared valuable insights into the latest technologies and the dynamic trends shaping the IT industry. Topics covered during the sessions included emerging technologies, software development methodologies, and industry expectations from fresh graduates. In addition to the technical sessions, the program included a fun-cum-technical game that added an element of excitement while reinforcing the learning objectives. Students also had the chance to learn about the history of TCS, its evolution, and its significant contributions to the global IT sector.

## LAURITZ KNUDSEN SWITCHGEAR TRAINING CENTRE (L&T), UPSIDC, LUCKNOW

Industrial visit organized by E.E Department UCER at **Lauritz Knudsen Switchgear Training Centre (formally Larsen & Toubro Limited), UPSIDC, Lucknow.** Department of Electrical Engineering, UCER Students of B. Tech 3rd Year, visited Lauritz Knudsen Switchgear Training Centre, UPSIDC, Lucknow, on Dec 6, 2024. In this visit students gained the knowledge about the different types of switchgears used in industries like ACB, MCCB, VCB, PCC, MCC, etc. Industrial automation processes like EMS, PMS and their own controlling application Smartcomm. The key feature of their application is the PMS, SLDs, Reports, etc. The visit was done under the guidance of site experts Er. Vikesh Gautam, and Team along with Mr. Ajeet Yadav and Dr. Aishvarya Narain faculty of EED, UCER.

## CONSTRUCTION SITE VISIT

Department of Civil Engineering, UCER **organized a Construction site visit** at **United University and Medicity Campus, Prayagraj**. 2nd year B. Tech students visited the construction site mentioned above to learn about realistic and constructive exposures of basic construction works with various types of construction projects that are going in process, under the guidance of site experts and our faculty members Mr. Shailendra Kr. Yadav and Mr. Pawan Kushwaha.

We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), HOD (B. Tech. & Diploma), Transport department, and all the supporting faculty members of the department to support and motivate for such kind of visit conduction.

## SURVEY CAMP' 2024

**Survey Camp'24** is organized by the Department of Civil Engineering, UCER, at Uttarakhand in the duration of 11th November 2024 to 15th November 2024, a survey camp is organized by the civil engineering department for final year Diploma and B. Tech. students at the region of Uttarakhand. In this camp, students visited various places to realize realistic approaches related to basic and advanced surveying in different terrains. In this educational tour, students also visited Indian Institute of Remote Sensing, Dehradun, Survey of India, Dehradun, various types of cable bridges in Rishikesh, various types of waterfalls, Mussoorie, Barrage, Head regulatory units, aqueducts many more. This trip is very useful for students to explore their practical concepts studied in different subjects of civil engineering. As a coordinator of this trip, Mr. Pankaj Kumar Singh, Mr. Ashish Kumar Pandey and Mr. Shyam ji were present there. We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), Hod (B.Tech. & Diploma), Transport department, and all the supporting faculty members of the department to support and motivate for such a kind of visit conduction.

## MAHA KUMBH REGION, PRAYAGRAJ

Site visit organized by Department of Civil Engineering, **UCER at Maha Kumbh region, Prayagraj.** B. Tech. 2nd year students visited the Maha Kumbh region site to learn about realistic and practical exposures related to the basics of area development based on survey work, water supply network, fire hydrant positioning and the latest vehicle demonstration for fireworks under the guidance of various sites experts and our faculty members Mr. Pankaj Kumar Singh and Mr. A. K. Pandey. We are sincerely thankful to our management, Principal Sir, Dean (A), Dean (SW), Hod (B.Tech. & Diploma), Transport department, and all the supporting faculty members of the department to support and motivate for such a kind of visit conduction.

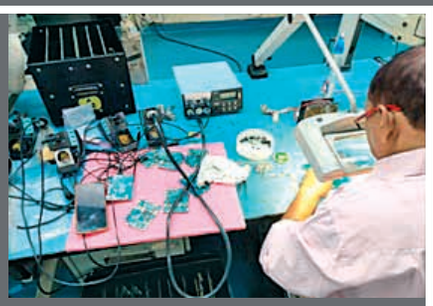

# TRAINING & WORKSHOPS

**Faculty members and Students at ITI Training Center**

CIRCULAR TESTER (ICT) UNIT

WAVE SOLDERING UNIT

## SUMMER TRAINING 2024
### Shaping Future Innovators at UCER

The CSE Department of UCER kick-started its much-anticipated 1**5-day project-based Summer Training Program 2024,** designed to equip B. Tech 1st and 2nd-year students with essential technical skills and foster industry readiness. This immersive learning experience saw an overwhelming participation of 700 students, eager to dive into cutting-edge technologies and enhance their creative potential. The training program covered a diverse range of fields, including **Data Analytics, Generative AI, JAVA, Cyber Security, IoT,** and **Python,** ensuring that students received hands-on exposure to the latest trends in the tech industry. Through interactive sessions, project work, and mentorship, participants were encouraged to think innovatively, generate unique ideas, and build practical solutions.

The initiative not only strengthened the technical foundation of the students but also helped them develop problem-solving skills, teamwork, and the confidence to tackle real-world challenges. By the end of the program, students emerged with new perspectives, enhanced creativity, and a clear roadmap towards becoming industry-ready professionals. Summer **Training 2024** stands as a testament to UCER's commitment to nurture young tech enthusiasts, empowering them to lead and innovate in the fast-evolving world of technology. Congratulations to all participants for making this learning journey a remarkable success!

## Academics to Projects: B. Tech Career Path

**The United Group of Institutions (UGI), Allahabad & Greater Noida, in collaboration with the Institution's Innovation Council** (Ministry of Education Initiative), organized an insightful session titled **"Academics to Projects: B. Tech Career Path."** The event featured Ayush Shukla, a proud UGI Achiever, as the keynote speaker. Held at the UCER Auditorium in Naini, Prayagraj, the session aimed to guide students on bridging the gap between academic learning and practical projects, setting a solid foundation for their professional journey. Students gained valuable insights into project-based learning, innovation, and career growth in the engineering and technology domain. The session served as an inspiration for aspiring engineers, reinforcing UGI's commitment to academic excellence and industry readiness.

## IEEE United College of Engineering & Research, Prayagraj student branch Society (STB15147): IEEE membership drive for B. Tech students:

**Day 1** celebration of IEEE Day started with an introductory session by Student Branch student office bearers under the umbrella of IEEE UCER student branch (STB15147) on 30/09/2024 for BTech students. They gave a brief overview of IEEE, its global impact, and the numerous opportunities. They explained about IEEE branch society role and responsibilities to students and professionals in technology and engineering fields.

**Day 2** The Day 2 celebration of IEEE Day started with an introductory session by Mr. Vineet Kumar Tiwari, Student Branch Counsellor under the umbrella of IEEE UCER student branch (STB15147) on 01/10/2024 for BTech EED 2nd year students. He gave a brief overview of IEEE, its global impact, and the numerous opportunities.

## IEEE membership drive for B. Tech EC students

IEEE UCER student branch (STB15147) organized the celebration of IEEE Day 2024 with an orientation session by Mr. Vineet Kumar Tiwari, Student Branch Counsellor on 01/10/2024 for BTech ECD 2nd year students. He gave a brief overview of IEEE, its global impact, and the numerous opportunities. He explained about IEEE branch society role and responsibilities to students and professionals in technology and engineering fields. He promoted to students for joining IEEE student membership asap to grab opportunities offered by IEEE & UCER. The total participants were nearly thirty.

## Workshop on Role of AI in projects with Microprocessor

IEEE UCER, Prayagraj student branch society STB15147 organized a Workshop on "IEEE MEMBERSHIP DRIVE and MICROPROCESSOR & ARTIFICIAL INTELLIGENCE" on 9th October 2024 at B Block 2nd floor EED, UCER. Total nearly seventy students participated in the event.

In this event Mr. Gautam Verma has explained about Role of AI in projects with Microprocessor in detail. Pen & Notepad were distributed at the start of the event. Finally, refreshments were also arranged for the students.

## Electrical Engineering Department, UCER launched 2nd issue of its newsletter, NEED (Newsletter of Electrical Engineering Department)

On teacher's day dated 5th September 2024, UCER, Electrical Engineering Department launched 2nd issue of its newsletter, NEED (Newsletter of Electrical Engineering Department). The newsletter serves as a platform to showcase the department's annual growth in careers, innovation, and the remarkable achievements of both students and faculty members. This issue highlights the dedication and hard work of everyone in the department and emphasizes the progressive strides made over the past year in various fields of electrical engineering department of UCER. On this occasion Dr. Swapnil Srivastava, Principal UCER motivated students for regular attendance. He also distributed prizes to winners of different IEEE events along with Mr. Abdul Zeeshan (HoD, EED) and faculty members.

**WINNERS**

| Ist | IInd | IIIrd | IVth |
|---|---|---|---|
| Gulsan Verma | Harsh Sharma | Aditi Kushwaha | Mirza Atif Beg |

## Workshop on Electric Vehicle

As the world shifts toward more sustainable energy solutions, electric vehicles (EVs) have emerged as a key player in the automotive industry. Pursuing this, under the banner of IEEE STB the Department of Electrical Engineering of United College of Engineering and Research, Prayagraj organized a workshop on Electric Vehicle on December 28, 2024, in Electric Vehicle-Centre of Excellence lab in the campus. The workshop was inaugurated by the DEAN Academics UCER, Dr Vijay Kumar Dwivedi and the motivation about the EVs being the central to the transformation, providing crucial services and expertise to keep EVs running efficiently was given by the Head of Electrical Department, Mr. Abdul Zeeshan.

The workshop was conducted in two sessions by Mr. Roshan Chitranshi and Mr. Vineet Kumar Tiwari respectively in which 38 students of B. Tech EE 2nd year were informed of the entire ecosystem of EVs including its manufacturing, maintenance and repair.

This entire workshop will surely inculcate the students to develop an interest in EVs and can give more startups and projects in future for the betterment of society.

## Briefing Session for Boot Camp at UCER Gears Up 300 Students

On 15th October 2024, United College of Engineering & Research (UCER) successfully conducted a Briefing Session for the upcoming Boot Camp, engaging 300 students from the Computer Science, Information Technology, and Electronics & Communication Engineering branches.This session provided students with an overview of the intensive training program, designed to equip them with cutting-edge technical skills, industry insights, and hands-on project experience. The Boot Camp aims to enhance their problem-solving abilities and career readiness in the rapidly evolving tech landscape. With a strong focus on practical learning and innovation, UCER continues its commitment to nurturing future-ready engineers. Training Session on "How to Conduct Ebox Placement-Oriented Classes" Held at UCER.

Department of CSE, United College of Engineering & Research, organized a special training session for its training team on the topic "How to Conduct Ebox Placement-Oriented Classes." on 12th Nov 2024. The session was conducted by Mr. Prashant Soni, who provided valuable insights, strategies, and best practices to enhance the effectiveness of Ebox-based placement training. This initiative aims to strengthen the teaching methodologies used for preparing students for competitive placements and industry requirements. By equipping trainers with advanced tools and structured approaches, UGI continues its commitment to delivering high-quality placement preparation and ensuring student success in top-tier companies.

## Industry Institute Interface 2024

The co-curricular event Industry Institute Interface was organized by Department of MCA, United Institute of Management for 1st semester students on 20th Sep 2024. The emphasis of the event is to disseminate the technical and industry compatible skills among the students as per modern trends and demands. Coordinator, Dr Ajay Kumar Yadav (Associate Professor, MCA department) organized an event in which the students of MCA 1st semester participated with full keenness. In the event 'Industry Institute Interface' the industry resource person Mr. Rohit Keserwani (Director, Digibeste Solutions) delivered the practical exposure of demanding techniques by the IT Industries. The industry resource person was welcomed, and the students were addressed at the opening of the program by Dr Manmohan Mishra (HoD, MCA). In the post event presentation ceremony Prof K.K. Malviya, Principal, UIM presented a memento to industry resource person Mr. Rohit Keserwani. He also blessed all the students and motivated them for their future.

## Interactive session with GATE Student

An interaction session was held today with B. Tech third and final-year students enrolled in GATE 2025 with the Dean Academics Sir. During the meeting, various points regarding GATE challenges and preparation strategies were discussed. Additionally, students' suggestions and discussions were addressed to help them succeed in cracking the GATE 2025 exam.

## UCER CSE Students Shine at AKTU L&MT Fest 2024!

It is a moment of immense pride for Computer Science & Engineering, UCER as our students showcased their exceptional talent and emerged victorious at the State-Level Literary, Management, and Technical Fest (L&MT) 2024, held at AKTU Lucknow on 13th and 14th December. Among 13 challenging competitions, UCER CSE students excelled, securing top positions in four prestigious events, bringing home multiple gold and silver medals. Their outstanding performances highlight the dedication, innovation, and competitive spirit fostered at UCER.

**Our Star Performers**

| | | |
|---|---|---|
| **Gold Medalists:** | | |
| Business Plan Challenge (Solo) | – | Anas Usman |
| Ad Mad Challenge (Team) | – | Anas Usman, Anurag Yadav, Ayush Kesarwani, Gyanvi Mehrotra |
| **Silver Medalists:** | | |
| Turbo AI | – | Arpit Mishra, Srajan Gupta |
| Inno Showcase | – | Utkarsh Singh |

This remarkable achievement reflects UCER's commitment to excellence in innovation, entrepreneurship, and technical expertise. We extend heartfelt congratulations to our talented winners and wish them continued success in their future endeavors.

## Two days' workshop on Paper Writing Fundamentals kicks off at UCER

A two-day workshop on 'Paper Writing Fundamentals' was organized by Department of Electrical Engineering of United College of Engineering and Research (UCER) for B. Tech Electrical Engineering final year students, on Tuesday. Addressing students in the inaugural session, Dr. Swapnil Srivastava, principal, UCER highlighted a few key points about research paper writing. Dr. Vijay Kumar Dwivedi, Dean (Academics) UCER also addressed the gathering and motivated the students for research. Mr. Abdul Zeeshan, HOD, EED, UCER introduced the program while Dr. Aishvarya Narain, Research cell convenor, EED UCER briefed about the program schedule. Dr. Aishvarya Narain, delivered session on 'Research paper writing and formatting according to journals' followed by session of Mr. Abdul Zeeshan, on 'Paper formatting in Latex'.

## Alumni Talk by Mr. Ayush Tripathi: Inspiring the Next Generation of Engineer

An inspiring Alumni Talk was held as part of the AKTU Induction Program at United College of Engineering & Research (UCER), Naini, Prayagraj. The session featured Mr. Ayush Tripathi, a distinguished alumnus from the 2020-2024 B. Tech (EC) batch and winner of Smart India Hackathon 2022. Mr. Tripathi, an entrepreneur leading startup in electric vehicles and defense AI, addressed over 300 students and 30 faculty members.

## Exploring AI Innovations: A Technical Session at UCER

The Department of Applied Sciences & Humanities, UCER, in association with the Industrial Innovation Council (IIC), successfully organized a one-day technical session on The Role of Artificial Intelligence and Projects as part of the AKTU Students Awareness Program. This session aimed to provide students with a deeper understanding of artificial intelligence and its practical applications in real-world projects. The keynote speaker for the event was Ayush Shukla, a distinguished UGI student achiever, known for his remarkable accomplishments, including winning Technovanza and the Google AI Hackathon. With his extensive experience in AI-based projects, Ayush captivated the audience by sharing insights into some of his most notable innovations.

## Mastering Exams: Strategies for Academic Success

The United Institute of Management (UIM), Naini, organized an Extended Lecture Session for its newly admitted MBA and MCA students at the UCER Auditorium on 22nd Oct 2024. The session featured Prof. K.K. Malaviya, Principal, UIM, who delivered an insightful lecture on 'How to Score Good Marks in Exams.' He shared valuable strategies and key mantras for academic success, guiding students on how to achieve impressive results and excel with honors. The primary objective of the session was to familiarize students with effective study techniques, providing them with comprehensive, structured, and up-to-date tools, tricks, and techniques to enhance their performance. Prof. Malaviya introduced shortcuts like acronyms and synopsis-based preparation, emphasizing the 3 P's - Periodical, Performance, and Prediction - as essential pillars for academic excellence. Additionally, a competition was held to identify the best performers, where Roopanshi Arora secured first place, followed by Om Aditya Mishra in second place. The event was graced by Dr. Rohit Kumar Vishvakarma, HoD (MBA), Dr. Manmohan Mishra, HoD (MCA), along with senior faculty members, who encouraged students to make the most of such initiatives for their academic growth.

## Celebrating Academic Excellence: UCER's "Toppers Talk" Event

The CSE/IT/AIML department at UCER recently hosted the inspiring **"Toppers Talk"** event, a celebration of academic excellence and a testament to the dedication of our students and faculty. Held with great enthusiasm, the event honored the top 10 performers from the 4th-semester exams - five from CSE, three from IT, and two from AIML. The highlight of the event was the invaluable sharing of experiences, strategies, and insights by the toppers themselves. Their academic journeys served as a beacon of inspiration for their peers, offering practical tips and motivating narratives on how to excel in university examinations. The occasion was graced by our esteemed chief guest, Mr. Pankaj Rao, Head Station Control, DMRC, whose presence and words of encouragement added great value to the event. Mr. Shyam Verma, Coordinator of the CSE/IT/AIML department, shared key strategies to help students ace their AKTU semester exams, while Prof. Nandita Pradhan, DSW, UCER, emphasized the importance of focusing on technical subjects. Dr. Vijay Kumar Dwivedi further inspired students by urging them to stay updated with the latest trends in technology. As a mark of appreciation, the department presented mementos to all 10 toppers, recognizing their hard work and perseverance. This gesture not only celebrated their success but also motivated the entire student body to strive for academic excellence. The event would not have been possible without the unwavering support and guidance of our dedicated faculty members, whose commitment to nurturing young minds continues to shape the future of our students. "Toppers Talk" stands as a shining example of UCER's commitment to fostering a culture of academic brilliance and continuous learning. Congratulations once again to our top performers - your success inspires us all!

## Extension Lecture on Corporate Competence

On September 20, 2024, an extension lecture titled **"Corporate Competence"** was delivered by Mr. Prakash Kundnani, Assistant Professor, UIM, at the UCER Auditorium for MBA first-year students. The session brought together management students to assess the financial health and overall performance of a selected corporate entity. Mr. Kundnani introduced students to various financial, non-financial, and research tools essential for conducting corporate analysis. This initiative aimed to bridge the gap between theoretical knowledge and real-world business practices by encouraging students to apply their managerial skills in a practical setting. By engaging in this corporate study, students are expected to gain hands-on experience, fostering a deeper understanding of business dynamics. This exposure is also anticipated to strengthen industry connections, ultimately enhancing placement opportunities. The participative approach encourages students to take an active role in shaping their career prospects. Prof. K.K. Malviya, Principal, UIM, emphasized the importance of such extracurricular activities in developing practical skills among students, making them more industry ready. The event was well attended by MBA faculty members, who actively supported the initiative.

## Big Idea's Competition (MBA)

The Big Idea's Competition was held on 21st October 2024 to encourage the students to develop their creativity, innovation, communication skills, conceptual skills and marketing skills. The Big Idea's Event gave platform to budding managers to showcase their talent and improve on certain important aspects like planning, organizing cooperation, coordination, motivation, controlling, leadership to achieve organizational goals and objectives. The event was successfully coordinated by Dr. Arpita Mishra under the able guidance of Principal, Dr. K.K. Malviya. There were two rounds in the event where two teams with six students in each team from all 6 sections of MBA First Year shared their innovative business ideas through PowerPoint presentation. Out of these teams one team from each section was shortlisted and they gave a Final Presentation on Big Idea's Event in the Auditorium. Mr. Vivek Srivastav and Ms. Tanu Singh were judiciously judging the event, and they declared Priya Jaiswal and Group from MBA First Year Section D as winners. All the students worked hard enthusiastically with sincerity and dedication. Faculty members wholeheartedly supported making the event successful.

## HR TRIVIA QUIZ

The NHRDN Prayagraj Chapter organized an engaging and intellectually stimulating quiz competition named HR TRIVIA QUIZ 2024 on 26th Oct 2024. The quiz was a part of NHRDN's broader mission to foster learning, professional development, and networking within the HR and business communities. The HR TRIVIA quiz competition showcased NHRDN Prayagraj Chapter's commitment to promoting continuous learning and professional excellence. The success of this event has laid a solid foundation for future engagements and the chapter is already planning more such knowledge-sharing initiatives that will empower members and promote a culture of intellectual curiosity. 135 students participated in this quiz competition and the winner of the quiz HR TRIVIA was Ms. Harshita Dwivedi and the runners up was Ms. Arifa Qudsiyah. Principal of United Institute of Management Prof KK Malviya Sir distributed the prizes to all the winners. Dr Anshul Pandey, member NHRDN Prayagraj Chapter briefed about the NHRDN, its functionality and advantages. Dr Manmohan Mishra, HoD (MCA), Dr Rohit Vishwakarma, HoD (MBA), Mr. Pranav Kumar Singh, Head (CRC), NHRDN Members and other faculty members were present on the occasion.

## The Art of Case Study Analysis: Unlocking Critical Insights

An in-house developmental lecture titled "Case Study Understanding and Analysis" was conducted on 9th October 2024 under the guidance of Principal UIM, Prof. K.K. Malviya at UCER Auditorium for MBA 1st-year students. The primary objective of this lecture was to equip students with the skills necessary to effectively analyze case studies during exams and to illustrate how real-world business challenges can be addressed through a case study-based learning approach. The session aimed to enhance students' ability to apply conceptual and theoretical knowledge to practical scenarios. To assess students' understanding, a quiz was conducted at the end of the session. UIM HOD, Dr. Rohit Kumar Vishwakarma, felicitated the winners and distributed prizes, encouraging all participants for their efforts.

The winners of the quiz were:

Winner: Mr. Devashish Rai (MBA 1st Sem.)

Runner-up: Mr. Devansh Shukla (MBA 1st Sem.)

The event was successfully led by Mr. Arpit Gupta and Mr. Vivek Srivastava.

## Innovations Shaping IT in 2024

United Institute of Management organized an event titled Contemporary Topics on IT for first-year MCA students on 9 October 2025. The event, coordinated by Mr. Noor Ahmad, aimed to explore emerging technologies through student presentations. Out of 80 participants, students created compelling PowerPoint presentations showcasing their insights on the latest advancements in information technology. After a rigorous selection process, 10 of the best presentations were chosen for the final round. The final presentations met with enthusiasm and keen interest from the audience, comprising the MCA Head of Department and faculty members. After a competitive round, student Sanskar Gupta emerged as the winner, with Shivansh Kumar Chaurasia securing the runner-up position. The program was chaired by Prof. K. K. Malviya, Principal of United Institute of Management, who praised the students for their creativity and dedication. The event not only highlighted the talent of the students but also reinforced the institution's commitment to fostering innovation and knowledge in the field of information technology. The faculty members expressed their pride in the student's efforts and emphasized the importance of such events in enhancing learning and practical application of IT concepts.

## Beyond Faces: The Ultimate Personality Showdown

On 28th September 2024, an event titled Personality Portray was organized for the MCA 1st Semester students at United Institute of Management (UIM). The event was coordinated by Mr. Ashutosh Pandey, Assistant Professor in the MCA department. The event provided participants with an opportunity to learn about various prominent personalities in the IT industry and computer science. The students presented insightful PowerPoint presentations (PPTs) highlighting the achievements and contributions of these personalities.Based on criteria such as PPT content, coverage, connectivity, and confidence, Ms. Shalini Tripathi emerged as the winner, while Ms. Janhavi Kesarwani was declared the runner-up. UIM Principal, Prof. K.K. Malviya, welcomed the winner and motivated all the participants with his encouraging words.

## Expressions Unleashed: Personality Portrayal Contest

The final round of the Personality Portray competition for United Institute of Management students was held on 28th September 2024 at the UCER Auditorium. The competition featured portrayals of prominent real-life business leaders, including Elon Musk, Mukesh Ambani, Bill Gates, and many others. Out of 340 participants, 12 students qualified for the final round. The selected contestants passionately presented the personalities they were portraying, highlighting the accomplishments, challenges, and the methods these leaders used to overcome obstacles on their paths to success. The evaluation was conducted by a panel of two judges who assessed the participants on various criteria such as content, coverage, clarity, brevity, confidence, and their ability to handle questions. Mr. Abhishek Tripathi (MBA 1st Sem) was declared the winner, and Ms. Kajal Tiwari (MBA 1st Sem) secured the runner-up position.

## Hack the Future: Software Development Showdown

On 9th October 2024, United Institute of Management hosted a Software Development Competition for MCA 2nd-year, 3rd-semester students, providing a platform for them to demonstrate their technical skills by developing software based on assigned topics. Each participant showcased their project to a panel of judges with great enthusiasm and clarity. After careful evaluation, Ms. Sipali Singh, Ms. Sonali Shukla and Mr. Sudhakar Pandey were announced as winners. Prof. K.K. Malviya, the Principal, presented the winners with awards and extended his best wishes and blessings. The judging panel consisted of Dr. Manmohan Mishra, Dr. Ajay Yadav, Mr. Dhananjay Kumar Singh, Mr. Noor Ahmad and Mr. Ashutosh Pandey. Their expert feedback and guidance were instrumental in making the competition a success. The event was coordinated by Mr. Shivam Bhardwaj, with exceptional support from the staff, ensuring everything ran smoothly. The competition proved to be excellent learning experience, promoting innovation and technical excellence among the students.

## Workshop on Full Stack Web Development

On October 21, 2024, the MCA department of United Institute of Management, Prayagraj, organized a one-day workshop on Full Stack Web Development for its second-year students. The workshop aimed to equip students with essential technical skills, preparing them to meet the ever-growing demands of the IT industry. The event was inaugurated by Prof. K.K. Malviya, Principal of the United Institute of Management, who highlighted the increasing importance of web development skills in the contemporary job market. Dr. Manmohan Mishra, Head of the MCA Department, introduced the workshop and provided an overview of the event. He also introduced the keynote speakers for the session. Mr. Rohit Keserwani and Mr. Vincent, Senior Trainers from YugenW12E Education, Prayagraj, led the session. Both the speakers, with their extensive industry experience, delivered comprehensive training on various aspects of full-stack web development. They covered critical topics such as frontend and backend development, database management, deployment practices, and the latest tools and frameworks in the field. The workshop saw active participation from all MCA department faculty members, whose support and guidance played a vital role in ensuring the event's success. Their efforts contributed to creating a smooth and enriching learning experience for the students.

## Workshop on NABL ACCREDATION

A workshop is conducted by Department of Civil Engineering, UCER on “NABL ACCREDATION”. In this one-day workshop, Prof. V. P. Singh from MNNIT, Prayagraj shared his ideas on the proceedings of NABL Accreditation. From this workshop, faculties of different departments benefited and learned many ideas related to the above topic. On this occasion, our respected Principal Dr. Swapnil Srivastava welcomed today's expert, and during this session, our Dean(A) sir, HOD(MED), HOD(Diploma), HOD(CED), faculty members of different departments also present for knowledge gain & interaction. As a conclusion, Dr. Jitendra Kumar, HOD(CED), gave a vote of thanks to prominent speakers, management, principal, Dean(A), HOD's (MED&DIPLOMA) & all faculty members for precious presence.

# HUES OF UGI

## The Art of Rhetoric: Inaugural Event of The English Channel:

### Unleashing Young Voices in a Powerful Celebration of Expression

In a resounding tribute to the power of words and ideas, The Art of Rhetoric event, hosted by The English Channel at United College of Engineering and Research, on the auspicious occasion of Children's Day at UCER Auditorium sought to bring young voices to the forefront, giving first-year students a platform to rise, shine, and make themselves heard.

Out of 84 participation 20 were selected as finalists, designed to celebrate the art of speaking and the strength of conviction. The event aimed to nurture these emerging voices, empowering students to express their thoughts on pressing social issues with confidence and clarity. It was not merely a competition but a canvas for young minds to paint their perspectives, question norms, and ignite conversations. When the participants took the stage, they held the audience spellbound, their words echoing through the hall with topics that struck a deep chord. Themes like "Existentialism," "Patriarchy", "Nationalism & Patriotism," "Rape Cases," and "Societal Norms and Stereotypes" brought forth compelling viewpoints, each speaker bringing a unique vigor to their chosen subject. It was a mesmerizing experience, as each participant added a distinct charisma to the stage, their voices filled with sincerity and passion. With palpable anticipation, the award announcements began, heightening the excitement in the room. In reverse order, the winners were revealed: Somya Dwivedi claimed third place, Kaushik Tewari secured the second, and Anshika Pandey was crowned the champion.

UIT's English Club Rhetorical Cosmos conducts

# Picture Perfect

for first year students

***"Picture Perfect" event was conducted by the English Club of UIT on Tuesday, October 8, 2024, in which students of first year showcased their Spoken language and Comprehensive ability by explaining the given pictures. The English club (Rhetorical Cosmos) is a vibrant and dynamic space for all the young minds eager to learn the language by focusing on their critical thinking, writing, public speaking, and using the language in daily Life. Principal, UIT, Prof. Sanjay Srivastava along with the judges addressed the participants by telling them the areas of improvement. Dean UIT, Dr. Abhishek Malviya, HOD, Applied Science, Dr. Sudhanshu Pandey, along with the club in charges and faculty members were also present on the occasion. Certificates and prizes were distributed to the position holders.***

Celebrating Leadership

# SARTHI 2K24

**The much-anticipated event, SARTHI 2024**, took place on 23 November in Seminar Hall, amidst a buzz of excitement and enthusiasm at United Institute of Management FUGS. This event was a heartfelt tribute to the unwavering dedication and leadership demonstrated by the captains and vice-captains of our college clubs. These student leaders have played a pivotal role in nurturing talent, fostering teamwork, and guiding their peers towards growth and excellence. The event's name, SARTHI, meaning "Charioteer" in Sanskrit, truly encapsulates the spirit of these leaders who steer the chariot of innovation, creativity, and collaboration within our campus. They are not just leaders but mentors, who share their knowledge, inspire fellow students, and embody the ethos of collective progress. One of the highlights of SARTHI 2024 was the presentation of certificates to the captains and vice-captains of various clubs. This recognition underscored their continuous contributions and the profound impact they've made on our student community. From mentoring their peers to organizing workshops and events, these leaders have consistently demonstrated excellence in teaching and inspiring their fellow students to excel in academics, arts, culture, and beyond. The event was graced by the presence of Dr. Devendra Kumar Tiwari Sir (Principal, UIM-FUGS), Dr. Chandrashekhar Sir (HOD-BBA, UIM-FUGS), faculty members, club members, and students, all of whom gathered to celebrate this shared moment of pride and achievement. The speech by Principal highlighted the importance of student leadership in creating a thriving academic and cultural environment. Emotional moments unfolded as students shared their stories of learning and growth under the guidance of their captains and vice-captains, showcasing the deep bonds formed within these clubs.

NATIONAL PHARMACY WEEK 2024

## United Institute of Pharmacy Celebrates
# NATIONAL PHARMACY WEEK
## *with enthusiasm*

The United Institute of Pharmacy proudly organized a weeklong celebration of National Pharmacy Week from November 18 to November 21, 2024, under the theme "Think Healthy & Think Pharmacy." The event aimed to highlight the vital contributions of pharmacists to healthcare, enhance community awareness, and inspire students to excel in their roles as future healthcare professionals. National Pharmacy Week focused on raising awareness about the role of pharmacists in fostering healthier lifestyles and empowering communities. The celebration featured a variety of activities, including an inaugural ceremony, educational sessions, sports events, and cultural programs, engaging both the public and pharmacy professionals. The celebration commenced with an auspicious inauguration ceremony attended by esteemed guests, faculty members, students, and community members. The event was graced by the presence of Dr. Ravi Rani Mishra and Dr. Vaishali Jain, who delivered a keynote address on the advancements in pharmacy and the evolving role of pharmacists in patient care. The Principal of the United Institute of Pharmacy, Prof. (Dr.) Alok Mukerjee, welcomed the gathering and emphasized the significance of pharmacists in shaping a healthier society. The week's celebrations were further enlivened by a variety of sports, art, and cultural events, which fostered team spirit, creativity, and community engagement.

## DISTRICT LEVEL
# YOUTH FESTIVAL
**by Nehru Yuva Kendra Sangathan (NYKS)**

On 9th November 2024, our college held a significant event, **YUVA UTSAV** to encourage, showcase and expand the horizons of students, organized in accompany with **Nehru Yuva Kendra Sangathan (NYKS)**. The event commenced at the United auditorium, under the guidance and dedicated efforts of Ms. Jagriti Pandey Ma'am, the program officer from NYKS and one of our esteemed faculty Ms. Neha Pandey ma'am. The event was feasible with the collective endeavors and involvement of the students of UIM (FUGS) together with the student members of NYK, of the Prayagraj district. The event was divided into various categories where the students could participate and showcase the talents and abilities, which were Young Artist Camp, Young Writers Camp, Photography Workshop, Declamation Contest, Science Exhibition, Cultural Event, and Folk Singing. These events were all judged by several distinct personalities who are all experts and excelling in their fields. At the end, the event was marked by encouraging and motivating the students by distributing the prices and honoring the winners by giving them monetary rewards. The YUVA UTSAV was an enormous success, showcasing the very capacity and keenness of the youth in presenting their talents. The event provided a platform and gave a prospect to students to represent their abilities, and talents, it also underlined the importance of active youth participation in shaping and developing the nation's future.

# UIM YOUTH PARLIAMENT

**A Platform for Future Leaders**

The UIM Youth Parliament was successfully held on 2nd September 2024 at United Institute of Management (UIM-FUGS), marking a significant milestone in nurturing the leadership and analytical skills of young minds. The event witnessed the enthusiastic participation of 2nd and 3rd Year students who represented various ministries, engaging in intense debates, insightful discussions, and thought-provoking question-answer rounds. The session commenced with an inspiring address by Dr. Devendra Kumar Tiwari Sir, Principal, UIM-FUGS, who emphasized the importance of understanding parliamentary procedures and developing critical thinking among students. He highlighted how such platforms encourage students to explore policymaking, governance, and public administration, thereby preparing them for future leadership roles.

The event was graced by Dr. Geeta Singh Ma'am as the Chief Guest. In her speech, she commended the students for their remarkable understanding of parliamentary decorum and their ability to present well-researched arguments. She encouraged students to continue engaging in such intellectual exercises to strengthen their knowledge and decision-making abilities. The Youth Parliament recreated an authentic parliamentary setup, where students represented different ministries and took part in engaging debates and policy discussions. The sessions witnessed intense question-answer rounds, with participants presenting their viewpoints and defending their stands with facts and logical reasoning. The competitive yet respectful environment reflected the true spirit of democracy.

The event not only enhanced students' understanding of parliamentary proceedings but also boosted their confidence in public speaking, teamwork, and problem-solving. The UIM Youth Parliament stood as a testament to the institute's commitment to shaping future leaders through experiential learning and practical exposure.

# ABHINANDAN 2K24: A Grand Welcome to the Freshers of UIM-FUGS

The much-awaited Abhinandan 2K24 – the Fresher's Event for the newly admitted BBA and BCA students of UIM-FUGS – was held with great enthusiasm and excitement on 28th September 2024 at the United Auditorium. The event served as a vibrant platform for the freshers to showcase their talents and bond with their seniors and faculty members.

The event commenced with the auspicious lamp lighting ceremony by Dr. Devendra Kumar Tiwari (Principal, UIM-FUGS), accompanied by distinguished guests, including all Principals of UGI and Dr. Divya Bartaria (Dean, Corporate Relations, UGI). Their encouraging words motivated the freshers to step into this new chapter of their academic journey with confidence and determination.

The stage came alive with a series of mesmerizing performances by the freshers, including soulful singing performances, energetic dance routines, and engaging skits. The freshers impressed everyone with their creativity and talent, making it a memorable evening for all.

The event was meticulously organized by the 2nd-year student team, who worked tirelessly to ensure the smooth execution of the program. Some experienced 3rd-year students were also selected to monitor and guide the 2nd-year team, adding a touch of leadership and experience to the event.

The highlight of the evening was the much-anticipated Mr. & Ms. Fresher titles. The title of Mr. Fresher BBA was awarded to Satya Kumar Agrahari, while Ms. Fresher BBA was won by Ananya Mishra. From the BCA batch, Mr. Fresher BCA was awarded to Shivansh Singh and Ms. Fresher BCA to Satyabhama Pani. Adding to the excitement, the title of Mr. Personality BBA went to Samarth Agrahari and Ms. Personality BBA to Anchala Tiwari, whereas Mr. Personality BCA was bagged by Neel Lohit Mullick and Ms. Personality BCA by Sonam Yadav.

The event concluded with a vote of thanks to the faculty members, the organizing team, and all the participants. Abhinandan 2K24 was not just an event – it was the beginning of new friendships, exciting opportunities, and unforgettable memories for the freshers of UIM-FUGS.

UIT welcomes newly inducted students in

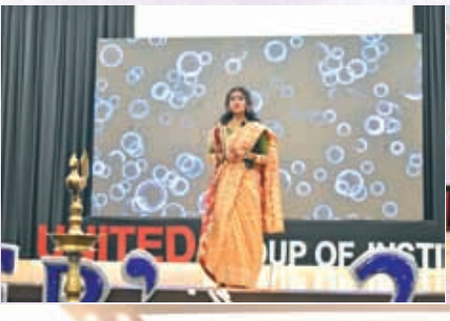

# SALVETE ADVENA 2K24

United Institute of Technology (UIT), Naini organized a vibrant fresher function Salvete Advena to welcome its newly inducted students at United Auditorium. Filled with joy, laughter and celebration, the event kicked off with the lighting of ceremonial lamp by the distinguished guests followed by Ganesh Vandana by Mr. John Haider and welcome dance by students. With a blend of excitement and energy, the function showcased some spectacular performances of second- and first-year students on Bollywood numbers. The other attractions also include skit, group dance, songs and ramp walk among others. Addressing students, principal, UIT Prof Sanjay Srivastava extended his blessings to students and emphasized the importance of academic excellence, extracurricular activities and discipline. Principal, UIM Prof KK Malaviya, principal, UIP Prof Alok Mukherjee, principal, UCER Dr Swapnil Srivastava, principal, UIM FUGS Dr Devendra Tiwari, UGI Cultural Head Dr Ajay Sharma, Dean, Academics, UIT Dr Abhishek Malaviya, Dean, Academics, UCER Dr Vijay Dwivedi and HoD CSE, UIT Dr Amit Tiwari also motivated students with their motivational words. The event concluded with the felicitation of the best performers who were given trophies and certificates. The function was conducted under the guidance of the cultural head, UIT Mr. Ankit Gupta. Dean, Students' Welfare, UCER Prof Nandita Pradhan, faculty members of UIT were also present on the occasion.

UIM Hosts Spectacular Fresher's Event

# AAGAAZ 2024

**The United Institute of Management (UIM), Naini, hosted a grand fresher's welcome event, Aagaaz 2024,** at the United Auditorium on October 28, 2024. The vibrant gathering celebrated talent, enthusiasm, and fresh beginnings, bringing together newly admitted students and their seniors for a night of mesmerizing performances. The event commenced with the traditional lamp-lighting ceremony, graced by distinguished dignitaries. The event featured an array of energetic performances, including singing, dancing, and a captivating ramp walk, showcasing the exceptional talents of the freshers. The event reached its peak with the much-anticipated Mr. and Ms. Fresher 2024 titles:

| WINNERS | | |
|---|---|---|
| Mr. Fresher (MBA) | : | Shreyansh Srivastava |
| Ms. Fresher (MBA) | : | Vashudha Kesarwani |
| Mr. Fresher (MCA) | : | Abhishek Chauhan |
| Ms. Fresher (MCA) | : | Shivangi Singh |

These students stood out with their charisma, confidence, and outstanding performances throughout the event. Prof. K.K. Malviya, along with other dignitaries, extended their heartfelt wishes to the students, encouraging them to embrace new opportunities and challenges. Honorable Vice Chairman of UGI, Dr. Satpal Gulati, also extended his blessings and best wishes to the new batch of MBA and MCA students. The event concluded on a heartfelt note with a vote of thanks delivered by Anushka Mishra and Ritesh Dwivedi, marking the perfect end to the momentous event.

Students display their creative skills in UIM's

# ANNUAL EDUFEST

# 'GYAN MANTHAN 2K24'

Enthusiastic students from 52 higher education institutions of different states including Uttar Pradesh showcased their creative skills and talent in the annual educational program **'Gyan Manthan 2K24'** organized by **United Institute of Management (UIM), Naini, Prayagraj** on 15th November 2024. Nearly 1000 students participated in various competitions including Pot Pouri, Ad Mania, Lok Parampara, Rangoli, Software Scheming, Code Hunt, Natyarpan, Pratibimb, Mehandika, and Keyboard Combating organized under the flagship program of UIM.

The program kicked off with the lighting of lamp at United Auditorium by the distinguished dignitaries followed by spiritual dance performances by UIM students. Principal, UIM Prof KK Malaviya, the founder of the flagship event, extended his best wishes to all the participants and said that the event would certainly help the participants to explore their management skills, leadership qualities, planning capabilities, innovative approach, creative aptitude and competitive spirit.

A blend of passion and excitement, the event witnessed participation of students from various higher institutions including Allahabad University (AU) and its constituent colleges, United Group of Institutions (UGI), SHUATS, Shambhunath Institute of Engineering and Technology (SIET), Motilal National Institute of Information and Technology (MNNIT), Nehru Gram Bharti University, BBS Group of Institutions, Dr Ram Manohar Lohia Awadh University, Mahatma Gandhi Kashi Vidyapeeth and Lovely Professional University (LPU), Punjab among others.

Later, in a valedictory function held at UCER auditorium, the participants who emerged as winners of various events were felicitated by the distinguished dignitaries including principal of UIM Prof KK Malaviya, principal of UIP Prof Alok Mukherjee and principal of UCER Dr Swapnil Srivastava amidst applause and cheers.

Among those present at the event were the Principal of UIT, Prof. Sanjay Srivastava; the Principal of UIM (FUGS), Dr. Devendra Tiwari; UGI Cultural Head, Dr. Ajay Sharma; Dean of Students Welfare, UCER, Prof. Nandita Pradhan; Dean of Corporate and Industry Relations, UGI, Dr. Divya Bartaria; HoD of MBA, UIM, Dr. Rohit Vishwakarma; and CRC Senior Manager, UIM, Mr. Pranav Singh. Also, in attendance were noted theatre artist Mr. Praveen Shekhar and senior UGI officials. Ms. Humaira Khatoon, Mr. Dhananjay Singh, and Ms. Nishi Singh served as the coordinators for Gyan Manthan 2K24.

## *United Institute of Technology Conducts vibrant*

DANDIYA NIGHT

# RAAS

**United Institute of Technology (UIT), Naini hosted a thrilling Dandia Nights 'RAAS',** at the college campus, on October 10, bringing together students, faculty, and staff for an evening of music, dance, and revelry. Students of United along with those from different engineering colleges of Prayagraj participated in the event.

The campus transformed into a colorful and lively atmosphere, mirroring the festive spirit of Navratri. Students clad in traditional attire, drowned in vibrant costumes and accessories, danced to the rhythmic beats of Garba, DJ and live music. The students also enjoyed mouth-watering food and cherished the moments with their friends by taking selfies.

The objective was to cherish the ongoing festival of Navratri fostering unity and camaraderie among the students, he added. Students said that the Dandia Nights was an unforgettable experience. The energy, music, and excitement made the night memorable, they added. Principals, Deans, HoDs, faculty members and senior UGI officials were present on the occasion.

# STATE-OF-THE-ART CAFETERIA

### inaugurated at UIT campus

United Group of Institutions' (UGI) honorable Vice Chairman Dr Satpal Gulati and Vice President Mrs. Radhika Gulati inaugurated the new state-of-the-art Cafeteria at United Institute of Technology (UIT) campus by cutting the ribbon, on Thursday, on December 26. Principal, UIT Prof Sanjay Srivastava and Mr. Vijay Mishra welcomed the distinguished dignitaries by presenting them with a bouquet. Addressing students, the Vice Chairman and the Vice President expressed their happiness on the opening of the cafeteria and expressed hope that the same will cater to the need of students and faculty members. They also applauded the tireless efforts of Prof Srivastava and his team which they poured in for the opening of the new Cafeteria. Speaking on the occasion, the UIT principal expressed gratitude towards the management for providing state-of-the-art Cafeteria for students and faculty members. Principal, Principals of UGI colleges including Prof KK Malaviya, principal UIM, Dr Swapnil Srivastava, principal, UCER, Dr Devendra Tiwari, principal UIM FUGS along with Deans and faculty members were present on the occasion.

STUDENT ACTIVITY CENTRE

# Glimpses of TOASTMASTERS

# GLORY OF UGI

## Department of CSE at UCER Prayagraj, got NBA Accredited for next three years till 30th June 2027

## Congratulations to all Unitians!

We are proud to share that **United College of Engineering and Research, Prayagraj** has been awarded the ISO 21001:2018 certification (Educational Organization Management System).

We are proud to share that **United Institute of Technology, Prayagraj** has been awarded the ISO 21001:2018 certification (Educational Organization Management System).

## NHRDN Prayagraj Chapter

# FALCON TRAILBLAZER AWARD

**at Le Meridien, New Delhi**

**NHRDN Prayagraj Chapter**, governed by our UNITED GROUP, was awarded with the **FALCON TRAILBLAZER AWARD** during a momentous occasion and celebration for having launched 50+ Chapters of NHRDN on the 2nd of December at Hotel Le Meridien, New Delhi. **Dr. Divya Bartaria was also awarded with the Chapter President Award**! Prayagraj Chapter launched at United University in March 2024 is committed to HR excellence humanizing the Society and Nation! Congratulations to the NHRDN Prayagraj Chapter team and the United Group!

UNITED WE GROW, UNITED WE EXCEL!

# NAAC PEER TEAM VISIT

## A MILESTONE ACHIEVED

**The United Institute of Management (FUGS)** proudly marked a significant milestone with the successful completion of the **NAAC Peer Team visit** on the 27th and 28th of December 2024. This crucial assessment, conducted amidst the grand Maha Kumbh of Prayagraj, stands as a testament to the dedication, perseverance, and teamwork of the entire faculty and administration. Under the visionary leadership of the esteemed Principal, Dr. Devendra Kumar Tiwari, and the strategic guidance of IQAC Coordinator Mr. Saurabh Jaiswal, the institution navigated through rigorous preparations and challenges to ensure a smooth evaluation process. The relentless efforts of our faculty, despite logistical hurdles, played a pivotal role in this achievement.

The accreditation process was meticulously managed by the dedicated Criteria Heads, supported by their respective teams:

- Criteria 1: Ms. Deepika Tiwari with support from Dr. Aarti Arora
- Criteria 2: Mr. Neeraj Kumar Srivastava with support from Ms. Madhu Tiwari and Ms. Lalima Srivastava
- Criteria 3: Ms. Shagufta Ali with support from Dr. Naghma Ali
- Criteria 4: Ms. Neha Pandey
- Criteria 5: Mr. Viraj Kumar Sanadhya with the support of Ms. Shiva Rai and Ms. Shrijal Jauhary
- Criteria 6: Mr. Ashish Kumar Verma with support from Mr. Gaurav Srivastava and Dr. Syed Qamrul Kazmi
- Criteria 7: Dr. Mohd Faizi with support from Dr. Chandra Shekhar, HOD-BBA

After years of tireless preparation, overcoming obstacles, and striving for academic excellence, the institute proudly secured a B Grade accreditation. This achievement reflects the unwavering commitment of UIM (FUGS) toward continuous quality enhancement and its pursuit of academic distinction. The Institute extends our heartfelt gratitude to all faculty members, staff, and stakeholders who contributed to this journey. This milestone strengthens our resolve to reach greater heights in the future.

## UGI partners with

# L&T EDUTECH FOR ITS EMPLOYABILITY SKILLING PROGRAM (ESP)

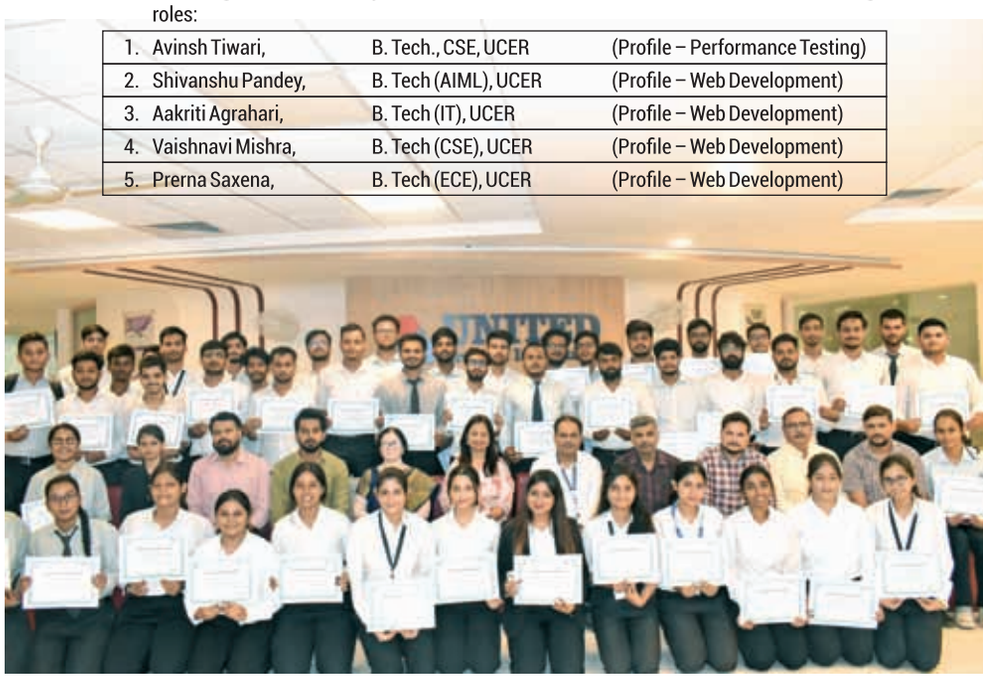

Corporate Relations Centre, United Group of Institutions, joined hands with the L&T Edutech, an educational arm of L&T through which a batch of 50 students got an opportunity of learning and skilling in 150 hours ESP. The uniqueness of this program is its quality and industry-specific training led by seasoned L&T trainers comprising of Aptitude, Technical, Soft Skills and Behavioral training along with rigorous sessions of Mock Interviews and Assessments. The outcomes are enormous and measurable:

- All 50 learners were given individualized instruction, training and guidance.
- They have created their profiles on the Skill Exchange Portal of L&T Edutech which is for continuous learning, skilling, and placements.
- All these trained students are being exposed to numerous opportunities (internships/jobs) with L&T Construction, L&T Infotech, LTI Mindtree etc.

### Achievements:

- All these learners and trained individuals have got the certification of completion of this training program by L&T Edutech.
- Following 5 students have joined L&T Construction, Chennai as interns for the following roles:

| | | |
|---|---|---|
| 1. Avinsh Tiwari, | B. Tech., CSE, UCER | (Profile – Performance Testing) |
| 2. Shivanshu Pandey, | B. Tech (AIML), UCER | (Profile – Web Development) |
| 3. Aakriti Agrahari, | B. Tech (IT), UCER | (Profile – Web Development) |
| 4. Vaishnavi Mishra, | B. Tech (CSE), UCER | (Profile – Web Development) |
| 5. Prerna Saxena, | B. Tech (ECE), UCER | (Profile – Web Development) |

## Empowering Women in Tech

# HONEYWELL & ICT ACADEMY LAUNCHES FLAGSHIP CENTER OF EXCELLENCE AT UGI

On February 19, 2025, **Honeywell, in association with ICT Academy, launched a flagship 100-hour training program for B.Tech. 2026 batch girls at United College of Engineering and Research, Prayagraj.** This initiative, undertaken as part of Honeywell's CSR efforts, aims to empower women by equipping them with modern employability skills and preparing them for the future workforce. The program covers cutting-edge technologies and future-ready applications such as Generative AI, Power BI, and more, ensuring participants gain hands-on experience in high-demand skills.

The training program was organized under the leadership of Dr. Divya Bartaria, Dean - Corporate and Industry Relations, with active coordination from Mr. Saurabh Tiwari, Manager - Corporate Relations Centre (CRC), and Ms. Sneh Lata, Faculty - CSE. Mr. Anoop conducted the training sessions, while Mr. Neeraj Mohan Tiwari, Regional Manager - ICT Academy, played a pivotal role in bringing this opportunity to the United Group of Institutions. With the establishment of a Center of Excellence, this initiative marks a significant step towards bridging the gender gap in technology and fostering a more inclusive workforce.

## UGI Student Tanishq Singhal Secures
## PRESTIGIOUS PLACEMENT AT HOGARTH WORLDWIDE

**The United Group of Institutions (UGI)** proudly celebrates the remarkable achievement of **Mr. Tanishq Singhal,** a student of **CSE AIML (Batch 2025)**, for securing a placement at **Hogarth Worldwide** as a **Generative AI Engineer** with an impressive package of ₹**54 LPA.**

Tanishq's success highlights the growing demand for **AI-driven innovation** and the high-quality training provided by UGI in **Artificial Intelligence and Machine Learning (AIML).** His achievement serves as an inspiration for aspiring engineers and reaffirms UGI's commitment to fostering **technical excellence and career success.**

## Letter of Appreciation
## DISTRIBUTION TO SESSIONAL TEST TOPPERS

**The Department of Applied Sciences & Humanities** organized a **Letter of Appreciation Distribution Ceremony** on November 27, 2024, to honor and motivate the toppers of the sessional tests. The event aimed to recognize academic excellence and encourage students to continue their dedication to their studies. Dr. Sushanshu Kanaujia, Head of the Department, graced the occasion with his presence and congratulated the students for their outstanding performance. In his address, he emphasized the importance of hard work, consistency, and perseverance in academics. He also motivated students to strive for excellence and set higher goals for their future.

| | Name | | Achievement |
|---|---|---|---|
| 1 | Mr. Abhishek Yadav | • | Selected as Marine Engineer in Shipping Corporation of India (NAVRATAN COMPANY) |
| 2 | Ms. Aditi Sharma | • | Presented a research paper on "Comparative Analysis for Tuberculosis Detection" in 6th International Conference on Artificial Intelligence & Robotics in Life Sciences (ICAR-24) |
| 3 | Mr. Aditya Bhushan | • | Published a Journal Paper on "Analyzing the Energy Efficiency and Sustainability Implications of IoT Tools in Smart Homes." in International Journal of Information Engineering & Electronic Business (Scopus Indexed) |
| 4 | Mr. Adiya Mishra | • | Won Gold Medal in Zonal level Badminton competition organized by AKTU |
| 5 | Mr. Anas Usman | • | Won 2nd Prize and Rs. 1.5 Lakh in Accenture Industry X: Innovate Mobility Hackathon |
| | | • | Won 1st Prize and Rs. 65,000 in PRMIATHON by PRIMUS Techsystems Pvt Ltd |
| | | • | Won Gold Medal in the Business Challenge at State Level AKTU LMT Fest |
| 6 | Ms. Anuwa Shreya | • | Achieved 5th Rank in AKTU Merit List (ECE Department) |
| 7 | Mr. Arpit Mishra | • | Won Silver medal in Turbo AI challenge at State Level AKTU Fest |
| | | • | Won Gold medal in Turbo AI challenge at Zonal Level AKTU Fest |
| 8 | Mr. Arshu Hamid | • | Won Vishwakarma Award 2024 – IIT Hyderabad and Rs. 10,000 |
| 9 | Mr. Abu Zar | • | Presented research paper on "Additive Manufacturing in Biomedical Applications" at MATHED-2024 (NIT Hamirpur) |
| 10 | Ms. Devanshi Dwivedi | • | Published Journal Paper on IoT Sustainability in Smart Homes (Scopus Indexed) |
| 11 | Mr. Divyanshu Mishra | • | Selected Assistant Manager/Engineer (E1-Grade) in Central Warehousing Corporation & SSC JE (CPWD) |
| 12 | Mr. Harsh Srivastava | • | Group leader of CSTUP Engineering Project Grant Scheme: 2023-24 (Rs. 10,000 Fund) |
| 13 | Mr. Himanshu Rajpoot | • | Awarded Best Paper in 3rd ICCCCM-24 (ECE Department) |
| 14 | Mr. Kartikey Jaiswal | • | Presented research paper on "Enhanced Clustering in High Dimensional Data using PSO" at NIIT Kurukshetra |
| 15 | Mr. Kartikey Singh | • | Qualified NPTEL Exam in Engineering Mechanics |
| | | • | Presented research paper on "Optimization and Simulation of Thermal Finite Elements in Micro-EDM Process" at MATHED-2024 (NIT Hamirpur) |
| 16 | Ms. Kirti Dubey | • | Won Gold Medal in Zonal level Badminton competition organized by AKTU |
| 17 | Mr. Kshitij Sharma | • | Presented research paper on "Evaluating AI Models in Indian Legal Practice" at INDICON-2024 (IIT Kharagpur) |
| 18 | Mr. Kausain Parvez | • | Admitted to MSE program at University of Michigan, USA |
| 19 | Mr. Kunwar Rituraj Raj | • | Won 1st prize in Fusion Fest 2024 organized by GLA UNIVERSITY, IEEE UP SECTION |
| | | • | Awarded 1st prize in fusion fest 2024 organized by GLA UNIVERSITY, IEEE UP SECTION on 9/7/2024 |

# FACULTY ACHIEVEMENTS

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Mr. Abdul Zeeshan | • Successfully completed the Global Initiative of Academic Networks (GIAN) International Course - 2024 on "PV-Fuel Cell Microgrid: A Sustainable Energy Solution" (PVFCMGSES-2024). |
| Mr. Aditya Bhushan | • Qualified UGC NET<br>• Published paper “Analysing Sentiments on Twitter using Deep Learning Techniques” in International Journal of Modern Education and Computer Science (IJMECS) (Scopus Indexed)<br>• Accepted book chapter on “Harnessing AI-driven IoT Solutions for Smart Environment” in Elsevier. |
| Dr. Aishvarya Narain | • Presented paper in International Conference on Energy Transition and Innovations in Green Technology ICETIGT 2024 organised by MMMUT GORAKHPUR titled "Evaluating the Role of Hour Angle in Photovoltaic Systems Amidst Various Partial Shading Conditions".<br>• Awarded Certificate of Participation in recognition of their active involvement in the Conference Quality and Management Workshop. Sponsored by IEEE Region 10 and organized by the IEEE Uttar Pradesh Section. |
| Mr. Ajay Maurya | • Presented a research paper title Software Defect Prediction at the International conference on engineering and technology (ICET-24) on 5th October 2024 |
| Dr. Ajay Sharma | • Published a Scopus journal paper title" Smart Maintenance of Railway Infrastructure Using Wireless Sensor Networks" in journal "International journal of experimental research & review" 2455-4855.<br>• Reviewer in “3rd International Conference on Innovative Research and Development “(ICIRD-2024) organized by Shinawatra University, Bangkok Thailand on 8th to 11th November 2024.<br>• Certificate of Appreciation of Reviewer by the SCOPUS for outstanding Reviewing of the paper "Development of Smart Pill Expert System based on IoT" in 2024. |
| Mr. Ajit Yadav | • Successfully participated in and completed the AICTE Training and Learning (ATAL) Academy Faculty Development Program on Challenges of Autonomous, and Electric Vehicle, held at Madan Mohan Malaviya University of Technology from 27th January 2025 to 1st February 2025. |
| Mr. Akshay Pandey | • Presented a research paper titled "Optimization of Crowd Evacuation Route at MahaKumbh 2025" in International Conference on MahaKumbh 2025 held at United Institute of Management, Naini, Prayagraj.<br>• Qualified NET Exam for Assistant Professor and PHD in February 2025. |
| Mr. Akshay Peter | • Successfully completed the workshop on "Understanding Inferential Statistics using SPSS and MS Excel" on October 7-8, 2024, organized by Udaan Education Services.<br>• Successfully participated in one-week online Faculty Development Program on "Research Methodology for Qualitative Study" at Amity University, Patna in August 2024. |
| Ms. Akshita Pandey | • Published a research paper titled "A Study on Awareness of OTT Platforms among the Young Generation" in the ABDC journal European Economic Letters (EEL), Vol. 14(4), pp. 725–731.<br>• Presented a research paper on "The Effects of Demarcated Remote Work Parameters on Life Quality: An Empirical Quantitative Investigation" at the International Conference on Multidisciplinary Research in the Socio-Economic, Environmental, Cultural, and Language Impacts of Tourism on September 29-30, 2024, at Matoshree Vimlabai Deshmukh Mahavidyalaya, Amravati, Maharashtra.<br>• Successfully completed One-Week National Level FDP on "Writing Research Articles using LaTeX - Overleaf", organized by the Department of Electronics and Instrumentation Engineering, Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya, Kanchipuram, Tamil Nadu, from September 9-13, 2024. |
| Mohd Aman | • Presented research paper titled, “Exploring natural fibre composites: Innovative chemical surface treatments, fabrication techniques, environmental sustainability: A Comprehensive Review,” in 4th International E Conference on Mechanical and Material Science Engineering: Innovation and Research (ICMMSE:IR 2024).<br>• Presented research paper titled, "Evaluating Crankrod Performance: Fatigue Stress and Life Cycle of Structural Steel vs. carbon Fiber Glass in Diesel Engines”, in international conference on IC Engines, Propulsion and Combustion 1.0(ICICEPC-1.0) 2024.<br>• Granted a patent entitled, “Heat Transfer Enhancement Mechanical Device.” |
| Mr. Amit Kumar Roy | • Research paper published in international journal of Scientific research in Engineering and Management on volume 08 issue 12 December 2024 titled as ‘Application of ADALINE artificial neural network for decision making of classroom type in schools at elementary level’. |
| Mr. Amit Kumar Singh | • Received Indian design patent for the invention an automated Cell Culture Incubator.<br>• Received UK design patent for the invention Smart Inhaler for Asthma Management with integrated Dosing Technology |
| Dr. Amit Pandey | • Completed 5 days “Faculty Development Program(FDP) on Latex” organized by Department of Applied Sciences, Meerut Institute of Engineering and Technology held on 9/11/2024 to 14/12/2024. |
| Dr. Amit Singh | • Presented and Participated in an International conference on ‘11th IEEE UP section Conference on Electrical, Electronics and Computer Engineering (UPCON-2024). titled "Comparison of Electrical Properties of Different Ferroelectric Structures for Non -Volatile Memory Applications" Organized at SRMCEM, Lucknow<br>• Attended one week Faculty development Program on “The Future of Nanotechnology in VLSI” at NIT, Delhi, India from 18th -24th November 2024. |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| | • Attended one day workshop on “Advancements in Ceramic Powder processing: Techniques, Applications and Innovations” at IIT (BHU), Varanasi on 26th October 2024. |

Journal: International Journal of Experimental Research and Review, 40(spl.), 73-89. (Scopus Indexed) Affiliation: VBS Purvanchal University<br>• Got PhD Degree Awarded from VBS Purvanchal University from Department of Computer Applications on 20th January 2025. |
| Mr. Ankit Gupta | • Registered a design patent on the topic HEAT TRANSFER ENHANCEMENT MECHANICAL DEVICE with design number 433204-001 & dated 08/10/2024. |
| Mr. Ankush Mishra | • Registered a design patent on the topic HEAT TRANSFER ENHANCEMENT MECHANICAL DEVICE with design number 433204-001 & dated 08/10/2024.<br>• Paper submitted and under review in Scopus indexed journal ‘civil engineering and environmental systems’ with title “leveraging patent in framework for quality management system of civil engineering projects in India”.<br>• Attended a 5-day FDP on title “Research trends and future scope in civil engineering” in RTFSCE-2024 held by National Institute of Technology- Jamshedpur from 09-Sep to 13-September 2024. |
| Ms. Anvesha Dubey | • "Presented Paper titled, “Role of faith and belief at Mahakumbh "in international conference on Maha Kumbh organized by United institute of Management (FUGS)in February 2025" |
| Dr. Arvind Kr Srivastava | • Received UK design patent on Smart and Portable Multichambered Device for Phytochemical Analysis.<br>• Published a research paper titled Phyto-Pharmacological Evaluation of Acacia seyal Leaf Extract for the Treatment of Peptic Ulcer in the YMER journal.<br>• Published an Indian Utility Patent on exploring the applications and evaluation of antioxidant and anti-inflammatory properties of curcumin in The Patent Office Journal No. 48/2024 Dated 29/11/2024. |
| Mr. Ashish Kr Pandey | • Paper published in Scopus indexed journal ‘Journal of Computational Analysis and Applications (JOCAAA) with title “Applications of Blockchain Technology in Civil Engineering”. Vol.33 (06), 186-196.<br>• Paper published in Scopus indexed journal ‘Library Progress International’ with title “Advanced Cyber-security Frameworks for Protecting Sensitive Information in Academic Libraries: Innovations and Best Practices”. Vol.44, No.3, Jul-Dec 2024:P.198-209.<br>• Book published with title name “Plane and Geodetic Surveying” publisher name ‘Scientific International Publishing House’. ISBN978-93-6674-971-6. |
| Mr. Ashish Kr Verma | • Atal FDP titled " AI and data Science in small business: transforming the future of business" |
| Mr. Ashutosh Pandey | • Successfully completed the NPTEL online certification course in Big Data Computing for the August-October 2024 batch.<br>• Received a copyright certificate for the work "AI in Special Education: Enhancing Learning for Students with Disabilities" (Registration No. L-158430/2024, dated December 23, 2024).<br>• Participated in a 5-day FDP on "Fundamentals of Machine Learning", conducted by Electronics & ICT Academy, C-DAC Hyderabad, from December 20-24, 2024. |
| Dr. Avanish Pandey | • Completed AICTE Training and Learning (ATAL) Academy FDP on “High Performance Computing for Medical Image Processing and Computer Vision” at MNNIT Allahabad from 09/12/2024 to 14/12/2024. |
| Mr. Avinash Srivastava | • Registered a design patent on the topic HEAT TRANSFER ENHANCEMENT MECHANICAL DEVICE with design number 433204-001 & dated 08/10/2024.<br>• Paper submitted and under review in Scopus indexed journal ‘civil engineering and environmental systems’ with title “leveraging patent in framework for quality mgmt. system of civil engineering projects in India”. |
| Mr. Avinash Tripathi | • Presented a research paper titled "DATA ANALYTICS FOR PILGRIMS’ BEHAVIOR ANALYSIS AT MAHA KUMBH 2025" in international conference on Maha Kumbh 2025 held at United institute of management Prayagraj (FUGS) Naini Prayagraj |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Mr. Awadh Kumar Singh | • Contributed as Reviewer in the scientific journal "International Conference on Intelligent Computing and Communication Techniques (ICICCT-2024)" organised by Jawaharlal Nehru University, 28th to 29th June 2024<br>• Patent: "LEVERAGING MACHINE LEARNING AND BIG DATA FOR PERSONALIZED HEALTHCARE SYSTEM: A PREDICTIVE ANALYTICS APPROACH TO CHRONIC DISEASE MANAGEMENT"<br>• Invited as the Technical Session Chair at the International Conference on Futuristic Aspects in Science & Engineering (ICFAISE-2025), hosted by The ICFAI University, Jaipur on 6th & 7th February 2025. |
| Dr. Awaneesh Srivastava | • Patent Topic- IOT BASED AUTOMATIC ROBOTIC DUSTBIN - Award Date- 15/03/2024.<br>• Books: a)-A Textbook in Topology D.O.P- Jan 2024. b)- Futuristic Trends in Engineering and Management Published Date- Feb 2024<br>• Paper Published:<br>Title- IOT- Based Smart bin Sensors for Efficient Landfill Management and Sustainable Disposal (Scopus)- Published Date- Jan 2024<br>• Honoured with Lifetime Achievement Award at at the Republic Day Education Awards (RDEA-2025). |
| Mr. Bhanu Pratap Singh | • Presented a research paper title "Software Defect Prediction Using Random Forest and Dimensional Reduction Technique" at the 06th international conference on artificial intelligence and robotics in life science (ICAR-24).<br>• Got "Industry Impact Award" at the 06th international conference on artificial intelligence and robotics in life science (ICAR-24) on November 22 and 23rd 2024 organised by RAMA University Kanpur. |
| Dr. Bharat Morbhat | • Paper Presented: "Optimizing Water Resource Management with IoT-Driven Smart Systems Using Random Forest Machine Learning Algorithm", ICMEET 2024, 19-20 December 2024.<br>• Paper published: "Holography Unveiled: A New Approach to Understanding Dark Energy in LRS Bianchi Type-I Cosmologies", Shefali Yadav1, Dr. Sanish Thomas2a, Prof. Ajit Paul2b, Dr. Bharat Morbhatt3, Journal of Emerging Technologies and Innovative Research (JETIR), May 2024, Volume 11, Issue 5 (ISSN-2349-5162) www.jetir.org. |
| Ms. Bhawana Singh | • Published a research paper entitled as Synthesis, Characterization and Pharmacological Determination of Microspheres of Vitex negundo for Arthritis Treatment in the journal Nanotechnology Perceptions.<br>• Received Indian design patent on Electroactive polymer biosensor device for targeted drug delivery.<br>• Received UK design patent for the invention Microneedle Array device for transdermal drug delivery |
| Mr. Chandan Banerjee | • Presented paper in International Conference on Energy Transition and Innovations in Green Technology ICETIGT 2024 organised by MMMUT GORAKHPUR titled "Evaluating the Role of Hour Angle in Photovoltaic Systems Amidst Various Partial Shading Conditions".<br>• Participated & completed AICTE Training and Learning (ATAL) Academy Faculty Development Program on Green Hydrogen Generation Opportunities and Challenges in India at Shri Mata Vaishno Devi University. |
| Dr. Chetan Swaroop | • Presented a research paper titled, "Exploring natural fibre composites: Innovative chemical surface treatments, fabrication techniques, environmental sustainability: A Comprehensive Review," in 4th International E-Conference on Mechanical and Material Science Engineering: Innovation and Research (ICMMSE:IR 2024). |
| Ms. Chhaya Dubey | • Contributed as Reviewer in the scientific journal "International Journal of Electrical and Computing Engineering", 20th December 2024<br>• Book chapter Accepted on "An Introduction to IoT: Concepts, Technologies, and Applications" in Wiley Book titled "Biochip Design and Health Informatics using IoT and SDN" |
| Mr. Chitranjan Dwivedi | • Attended an online FDP program on "Advance Excel with Tableau" held from 30 Dec 2024 - 04 January 2025, organized by EICT Academy-IIT, Kanpur. |
| Mr. Deepak Kumar Shukla | • Presented a paper titled, "Smart Sanitation at Mahakumbh" in the international conference on Maha Kumbh 2025 held at United institute of management, Naini, Prayagraj in February 2025 |
| Ms. Deepika Tiwari | • ATAL FDP titled "AI and data science in small business : transforming the future of business".<br>• UGC FDP on NEP 2020 Orientation and Sensitisation Program |
| Mr. Deeptanshu Dwivedi | • Presented a Paper titled, Optimization of Sales Forecasting using Machine Learning" in the International Conference on Advances in Electrical, Computing, Communications and Sustainable Technologies (ICAECT 2025) held at Shankaracharya Technical Campus (SSTC), Bhilai, Chhattisgarh, India during 09 - 10, January 2025.Scopus Indexed<br>• Certificate of registration International Patent (no 6419974) from UK Design with grant date 11/02/2025 titled as "Workload-Based Circuit Efficiency Optimization Computing Device, International Design Classification. |
| Ms. Devanshi Dwivedi | • "A practical approach to ML and DL for Computer Vision application using high end Computing resources" Awarded by Department of Computer Science and Engineering, MNNIT Allahabad.<br>• Reviewed papers for International Conference on Communication, Security and Artificial Intelligence (ICCSAI-2025), New Delhi, India.<br>• Published Papers "Analysing Sentiments on Twitter Using Deep Learning Techniques" in the International Journal of Modern Education and Computer Science( IJMECS) (Scopus Indexed). |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Mr. Devesh Jaiswal | • An Indian design patent titled Solar Power Quality Management Device has been accepted and published in Journal No. 02/2025 on Journal date 10/01/2025.<br>• Successfully completed one-week online FDP on Engineering Optimization with MATLAB conducted by Applied Science Department organized by NITTTR, Chandigarh from October 21-25, 2024. |
| Mr. Dhananjay Kr Singh | • Published a research paper titled "Power-Efficient and Trustworthy Data Dissemination for Social Vehicle Associations on the Internet of Vehicles" in SAE International Journal of Connected and Automated Vehicle, Vol. 7, Issue 2, 2024.<br>• Published a research paper titled "An EAADE Effective Authentication Approach for Data Exchange in Vehicular Social Network for IoV" in Security and Privacy, Vol. 8, Issue 1, 2025.<br>• Presented a research paper titled "Quick Verification and Security Integrity of Emergency Messages Communication Over Wireless Networks" at the International Conference on Communication, Control and Intelligent System(CCIS-2024), GLA University, Mathura, India (December 06-07, 2024). |
| Dr. Dharmendra Kumar | • Published paper “Optimizing Phishing Detection in Ethereum Using Ensemble Learning” in 6th International Conference on Deep Learning, Artificial Intelligence, and Robotics (ICDLAIR 2024) (Springer) [In press]<br>• Journal Paper “Bridging the Gap: Combining Expert Guidance and Self-Learned Knowledge for Efficient and Robust Autonomous Navigation in Complex Settings” accepted in Journal of Ambient Intelligence and Humanized Computing |
| Mr. Dharmendra K Tiwari | • Design Patent granted entitled, “Device for Electricity Generation from waste Heat”.<br>• Design Patent granted entitled, “Heat Transfer Enhancement Mechanical Device.”<br>• Accepted a research paper entitled, “The strategies for improving transmission of heat and their corresponding thermal Performance factor, Accepted in SCI journal," International Journal of Maritime Engineering, (IF-0.7, Q3). |
| Dr. Dinesh Kumar | • Participated in One Week Online Faculty Development Program (FDP) on “Significance of Emerging Technologies & Intellectual Property Rights (IPR)” organized by The Department of Computer Applications, Mangalmay Institute of Management & Technology, Gr. Noida from 16th December – 20th December 2024.<br>• Design Patent granted entitled, “Smart Auto Lifting Machine”. |
| Mr. Dinesh Kr Kushwaha | • Completed M.Tech in Computer Science and Engineering from KNIT Sultanpur on September 19, 2024.<br>• The 5-Day Faculty Development Program on "Exploring Emerging Frontiers in Generative AI and Quantum Computing” organized by Department of CSE (IoT, CS, BT), IEM Kolkata in association with HRDC, IEM-UEM Group held from 23rd September to 27th September 2024 with 88% Marks. |
| Ms. Dipti Tiwari | • Analysis of ganga basin water quality a statistical approach with WQI, HMCI, HMQI, and HRI indices accepted for publication in Royale Society of Chemistry SCI IF 4, cite score 7.5, Q1, Volume 15, Volume15, Issue 5, 6 February2025. |
| Ms. Garima Sahu | • Published a book chapter titles as Medicinal and Nutritional Importance of Centella asiatica in Human Health in the book Medicinal Plants and their Bioactive Compounds in Human Health: Volume 1 published by Springer Nature. |
| Mr. Gaurav Narain Singh | • Faculty Development Programme on "Blockchain Technology: Innovations and Applications” conducted by DATTA MEGHE COLLEGE OF ENGINEERING FROM 9TH TO 15TH OCT 2024.<br>• Faculty Development Programme on "Educational Leadership & Effective Decision making” conducted by APEEJAY STYA UNIVERSITY FROM 21-25 OCT 2024. |
| Mr. Gaurav Ojha | • Done FDP on” Deep Learning for Engineering Applications” from 2/9/2024 – 6/9/2024 at NITTTR, Chandigarh.<br>• Done FDP on” Cryptography and Network Security” from 16/9/2024 – 20/9/2024 at NITTTR, Chandigarh. |
| Mr. Gaurav Srivastava | • Presented a research paper titled " Comparisons using Residual Network 101 and ResNet 50 in Developing systems that recognize and categorize images/videos of religious rituals, practices, and symbols" in the International Conference on Maha Kumbh 2025 held at United Institute of Management, Naini, Prayagraj in February 2025 |
| Mr. Gaurav Verma | • Presented the research paper titled, " To investigate the effect of aluminium oxide on hydrophobic behaviour of base carbo fiber using dip coating technique using different solvent composition “in the International Conference MATHED-2024, held from 16-18 December 2024, at NIT Hamirpur, H.P, India.<br>• Design Patent granted entitled, “Device for Electricity Generation from waste Heat”. |
| Mr. Jeetesh Srivastava | • Book chapter Accepted on “ An Introduction to IoT: Concepts, Technologies, and Applications” in Wiley Book titled “Biochip Design and Health Informatics using IoT and SDN”.<br>• Book Chapter in press on “A LSTM Oriented Approach for Next Word Prediction using Deep Learning” in AI-Based Advanced Optimization Techniques for Edge Computing, 2024, ISBN: 9781394287031, Wiley. |
| Mr. Jitendra Kumar | • Completed FDP "NEP-2020: Orientation & Sensitization under Malaviya Mission - Teacher Training Programme (MM-TTP) of University Grants Commission (UGC), MoE, GoI, organized by UGC- MMTTC, JNV University, Jodhpur, Rajasthan." |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Dr. Jitendra Kumar | • Paper presented in 6th International Conference on "Tribo-Corrosion (ICTC2024)" organized by Department of Mechanical Engineering, IIT, New Delhi during 10th –11th December 24.<br>• Attended Faculty Development Program on "Advanced Material Processing and Characterization" conducted by Mechanical Engineering Department, NITTTR Chandigarh from 6th to 10th January 2025. |
| Ms. Jyoti Kesarwani | • Attend FDP on "Deep Learning for Engineering Applications " from 02/09/2024 to 06/09/2024 organized by NITTTR, Chandigarh.<br>• Completed certification on "Programming in Java" with 72% from Jul-Oct 2024 organized by NPTEL AICTE |
| Dr. K. C. Mishra | • TITLE: Analysis of axisymmetric thermoelastic diffusive half-space with variable material properties using hyperbolic two-temperature model, Canadian Journal of Physics, Vol. 102 (11), Nov 2024): 557-568, -SCI Journal<br>• UTILITY PATENT: Title: A machine learning-driven process for automation in adaptive and immersive virtual reality environments. (November 2024). Application No. 202431091326 A<br>DOP: 29th Nov, 2024- Patent Office: Intellectual Property India - The patent office journal No. 48/2024 dated: 29/11/2024, Page No. 112509 |
| Dr. Kiran Saroj | • Attended Five Days National Level Faculty Development Program on Research Methodology and Data Analysis Using SPSS from 24th February to 28th February 2025.<br>• Presented a Paper at the International Conference on Maha Kumbh 2025, "The Role of Social Media in Collaborative Learning and Knowledge Sharing at Maha Kumbh 2025: A Systematic Review" at United Institute of Management FUGS, on 21st February 2025. |
| Ms. Lalima Srivastava | • Presented a Paper titled "Enhancing Security at Maha Kumbh 2025: The Role of AI-Powered completed Cyber Drones at the International Conference on Mahakumbh" organised by United Institute of Management (FUGS) in Feb 2025.<br>• Completed the FDP on NEP-2020: Orientation & Sensitization under Malaviya Mission - Teacher Training Programme (MM-TTP) of University Grants Commission (UGC), MoE, GoI, organized by UGC- MMTTC, JNV University, Jodhpur, Rajasthan, from 17 to 25 February 2025 with grade A+. |
| Ms. Madhu Tiwari | • Presented a research paper titled " Role of behavioural Finance in investment decisions of investors" in GL Bajaj Noida January 25<br>• Presented a research paper titled "An analysis of socio-economic impact and organizational framework of Mahakumbh mela 2025" in UIM FUGS February 25 |
| Dr. Manas Pandey | • Completed PhD from IIT BHU VARANASI. It is fastest PhD (2 Years and 10 Months) completion in SMST department in last 25 Years.<br>• Research paper titled Microstructural and mechanical properties of boron carbide (B4C) coated RDSO wear plate sample. Published in SCIE indexed Journal Mechanics Based Design of Structures and Machines A reputed Journal of Talor & Francis with 2.9 Impact Factor |
| Mr. Mani Mahesh | • Submitted research paper in IYGEC 2025 on" Lime Sludge Amended Liquefiable Soil for Earth Structure".<br>• Submitted research paper in IGS 2024 on Characterization of Liquefiable Soil Stabilized with Bauxite Mine Ore Waste as a Sustainable fill Material."<br>• Participate in 5 days FDP on "Significance of Emerging Technologies and Intellectual Property Rights" in Mangalmay Institute of Management and Technology. |
| Mr. Manish Yadav | • Patent Published: - Title: BUSINESS INSIGHTS FORECASTING DEVICE Design No: 435411-001 Type: Design Patent Published in Dec 2024. |
| Mr. Manoj Mishra | • Published Patent on: FOG COMPUTING-ASSISTED MACHINE LEARNING FOR REAL-TIME VIDEO ANALYTICS, Published Date: 27 09 24, Office: "IP Indian Patent".<br>• Attended FDP on "Cryptography and Network Security" from 16th - 20th Sept 2024, organised by NITTTR, Chandigarh. |
| Mrs. Mamta Mishra | • Published paper titled "Investigation of Heat Transfer Enhancement Technique in Micro channel Heat Sinks." In Scopus indexed journal Nanotechnology Perceptions (ISSN 1660-6795) Vol.20, No.6(2024) on 5th Nov- 2024. |
| Dr. Mohan Gupta | • Design Patent granted entitled, "Heat Transfer Enhancement Mechanical Device."<br>• Accepted a research paper entitled, "Improvement of rate of heat transfer in a circular tube by various inserts, an experimental investigation, Accepted in SCI journal," International Journal of Maritime Engineering , (IF-0.7, Q3) |
| Mr. Mohit Jain | • Awarded the Best Paper Award for their outstanding paper titled "Optimizing Water Resource Management with IoT-Driven Smart Systems Using Random Forest Machine Learning Algorithm" presented at ICMEET 2024, held at STPI, Kolkata during 19-20 December 2024. |
| Dr. Naghma Ali | • Presented paper titled, "Women at the Crossroads of Faith and Career: A Study on Work-Life Balance during Maha Kumbh" in International Conference organized by United Institute of Management (FUGS) in February 2025. |
| Mr. Naman Jaiswal | • Patent Published: - Title: BUSINESS INSIGHTS FORECASTING DEVICE Design No: 435411-001 Type: Design Patent Published in Dec 2024. |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Prof. (Dr.) Nandita Pradhan | • A paper presentation in Springer conference on "A Design of 2x2 Element MIMO Antenna with Novel Gain for 28/38 GHz 5G Applications" in the 7th International Conference on VLSI, Communication and Signal Processing (VCAS-2024) organized by Motilal Nehru National Institute of Technology, Allahabad, Prayagraj, India on 25-27 Oct 2024.<br>• A Book Chapter published on "Wireless Power Transfer Techniques for 6G Communication" in RFID, Microwave Circuit, and Wireless Power Transfer Enabling 5/6G Communication book, published by IGI Global on Jan 2025. DOI: 10.4018/979-8-3693-8799-3, ISBN13: 9798369387993, ISBN13 Softcover: 9798369388006, EISBN13: 9798369388013. |
| Dr. Naveen Kumar | • Published a research paper online entitled, "An extensive analysis of GTAW process and its influence on the microstructure and mechanical properties of SDSS 2507, in Journal of Materials Research and Technology, Volume33, November–December 2024, Pages 8675-8686. Elsevier (IF-6.2, Q1). https://doi.org/10.1016/j.jmrt.2024.11.157<br>• Published a research paper online entitled, Evolution of Surface Morphology and Mechanical Characterization of GTAW Welded SDSS Thin Sheets, in Journal Results in Surfaces and Technology, Volume 18, January 2025, 100412. (IF-2.2, Q-2) Elsevier. https://doi.org/10.1016/j.rsurfi.2024.100412 |
| Mr. Neeraj K Srivastava | • Presented a research paper titled " Predictive Analysis for Crowd Management at MahaKumbh 2025" in the International Conference on MahaKumbh 2025 held at United Institute of Management, Naini, Prayagraj in February 2025.<br>• Served as a reviewer for the International Conference ICCCCM 2024 held at United College of Engineering and Research, Naini, Prayagraj. |
| Ms. Neha Pandey | • Published Research Paper titled "The Impact of Remote Work on Employee Engagement and Productivity" in UGC-Care Indexed Journal "Arthshastra: Indian Journal of Economics and Research".<br>• Attended AICTE sponsored Faculty Development Program (FDP), Organised by IIIT Ranchi, on "Recent Advances in Business Analytics and Management Research" from 8 January to 12 January 2025. |
| Dr. Nidhi Tiwari | • Successfully completed the NPTEL online certification course in "Organizational Behaviour", August-October 2024 batch, securing 92%. |
| Dr. Nishi Gupta | • Published a research paper entitled as Annona glabra crude extract ameliorates rheumatoid arthritis in experimental animals: Radiological and histopathological investigation in the journal Advances in Traditional Medicine published by Springer Nature. |
| Ms. Nishi Singh | • Successfully completed the NPTEL online certification course in Organizational Behaviour (July–October 2024 session) with 75%.<br>• Published a research paper titled "A Study on Awareness of OTT Platforms among the Young Generation" in European Economic Letters (ISSN 2323-5233, Vol. 14, Issue 4, (2024). |
| Mr. Noor Ahmad | • Presented a research paper titled "Robust Policy Gradient Q-Learning with Particle Swarm Optimized Resource Allocation for 5G Device-to-Device Communication Networks" at the International Conference on Artificial Intelligence and Networking (ICAIN-2024), Guru Tegh Bahadur Institute of Technology, Delhi (Sep- 24-25, 2024).<br>• Presented a paper title "Frequency-Aware Noma-RL for B5G/6G Networks" in International Conference on Innovations in Data Analytics, organized by Eminent College of Management & Technology held on 18th-19th December 2024. |
| Dr. Om Krishna Gupta | • Has been awarded Ph.D. degree on Dec 19, 2024, by Delhi Technological University, New Delhi.<br>• Successfully completed a 5days FDP on "Research Innovations and Implementation Methods (RIIM-2024)" during Oct 21-25, 2024, organized by IMS Engineering College, Ghaziabad |
| Ms. Pallavi Shukla | • Contributed as Reviewer "21st IEEE India Council International Conference (INDICON -2024) by IIT Kharagpur "<br>• Conference Paper Presented "Evaluating AI models in Indian Legal Practices: A study on Large Language Models" in 21st IEEE India Council International Conference (INDICON -2024) by IIT Kharagpur. |
| Mr. Pankaj Kr Singh | • Registered a design patent on the topic HEAT TRANSFER ENHANCEMENT MECHANICAL DEVICE with design number 433204-001 & dated 08/10/2024.<br>• Paper submitted and under review in Scopus indexed journal 'civil engineering and environmental systems' with title "leveraging patent in framework for quality management system of civil engineering projects in India". |
| Mr. Param Goel | • Successfully participated in the Faculty Development Program on "Demystifying Android App Security" conducted by Electronic & ICT Academy, C-DAC Hyderabad from December 02-06, 2024. This program was supported by the Ministry of Electronic & Information Technology, Govt of India.<br>• Faculty Development Programme on "Exploring Emerging Frontiers in Generative AI and Quantum Computing. |
| Dr. Pavan Gangwar | • Research paper titled " Circularity of Biomass Feedstock to Produce Ethanol and Feasibility of Ethanol-Gasoline Fuel Blends in Engine" by Dr. Pavan Gangwar from the Department of Electrical Engineering, UCER Prayagraj. The paper has been published in the Journal of Solid Waste Technology and Management, a Scopus-indexed journal.<br>• Contributed as Reviewer for the CONCAPAN 2024 Technical Session. |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Mr. Piyush K Srivastava | • Presented a paper on ROLE OF IOT IN SOLID WASTE MANAGEMENT in International Conference on Mahakumbh 2025, organized by United Institute of Management (FUGS) in February 2025. |
| Mr. Piyush Mishra | • Presented a Paper titled "Green products and consumer behaviour A systematic literature review" at the international conference (ICSWSEM) TAMIL NADU OCTOBER 2024, Presented Paper titled, "Sustainable Tourism evidence from Maha Kumbh India" in International Conference on Maha Kumbh organized by United Institute of Management (FUGS) in February 2025. |
| Ms. Pooja Sachdeva | • Published a research paper titled “Unravelling the Impact of online consumer reviews on consumer buying behaviour" in Springer Nature journal International Journal of System Assurance Engineering and Management (SCOPUS- Q2, Impact Factor:1.6). https://doi.org/10.1007/s13198-024-02618-y<br>• Successfully completed and topped the NPTEL course: Body Language: Key to Professional Success with a consolidated score of 87%. |
| Ms. Pooja Sharma | • Successfully participated as a delegate in the 9th International Conference on Human Values in Higher Education (ICHVHE 2024) from 22-24 November,2024.<br>• Successfully Participated in Short Term Training Program On “Smart and Sustainable Strategy for Renewable Energy And E-Mobility (Sustain-2024)” organised by Department of Electrical Engineering, Sardar Vallabhbhai National Institute of Technology, Surat from 23rd September to 27th September 2024. |
| Mr. Pradeep Kr Singh | • Successfully qualified UGC NET (December 2024) in Management, securing 78 percentiles. |
| Dr. Prashant Dixit | • Author in the first chapter "Cast Irons: An Introduction Towards Macrostructure and Mechanical Properties" of the book "Innovative Insights: A Guide to Mechanical Engineering." |
| Mr. Prashant Soni | • Conference paper on” Comparison Study for The Detection of Tuberculosis” in 6th INTERNATIONAL CONFERENCE ON RECENT ADVANCES IN SCIENCE AND ENGINEERING TECHNOLOGY.<br>• Presented a research paper on “Comparative Analysis for Tuberculosis Detection” in 6th International Conference on Artificial Intelligence & Robotics in Life Sciences (ICAR-24) organized by RAMA University. |
| Dr. Praveen Pratap Singh | • Recognized among the top 2% scientists worldwide by Stanford University.<br>• Honoured with the Best Teacher Award by Dr. APJ Abdul Kalam Technical University for his outstanding contributions to academics and research. |
| Mr. Rahul Kesarwani | • One-Week Faculty Development Programme on Blockchain Assisted Federated Machine Learning for Securing Big Data Analytics and IoT organized by NIT, Jalandhar<br>• Workshop on Digital Creativity Skills conducted by Adobe Express in October 2024. |
| Mr. Rajendra Prasad Verma | • Design Patent granted entitled, “Device for Electricity Generation from waste Heat”.<br>• Accepted a research paper entitled, “Improvement of rate of heat transfer in a circular tube by various inserts, an experimental investigation, Accepted in SCI journal," International Journal of Maritime Engineering , (IF-0.7, Q3) |
| Dr. Rakesh Kumar Yadav | • Published a research paper online entitled "Investigation of Stress and Wear Analysis for Aluminium-based Metal Matrix Composite Reinforced Silicon Carbide using ANSYS Software Package, in reputed Journal- Recent Patents on Mechanical Engineering, Bentham Science Publisher (ESCI/Scopus)<br>• Design Patent granted entitled, “Heat Transfer Enhancement Mechanical Device.” |
| Mr. Ram Krishna Sharma | • Successfully completed a 5days FDP on the topic "VLSI for Beginners -Batch 20" organized by "National Institute of Electronics & Information Technology (NIELIT) - Dwarka, New Delhi" during Jan 10, 2025, to Jan 14, 2025.<br>• Successfully completed One Week Short Term Course (STC) on the topic “Analog ICs and Semiconductor advancement in VLSI” organized by Department of ECE, National Institute of Technology Delhi (NIT, Delhi) during 10 February to 15 February 2025. |
| Mr. Rama Shanker Gupta | • Published a research paper Titled “Investigation on electronic and magnetic properties of Cr doped V2O5 thin films prepared by chemical solution deposition method” Physica B : Condensed Matter, 696, 416648 (2025) Doi: https://doi.org/10.1016/j.physb.2024.416648<br>• Published a research paper Titled “The effects of Substrates on the Structural, Morphological, Magnetic and Electronic Properties of V2O5 Thin Films” submitted to J. Sol-Gel Science and Technology (2025) 113:837–844.Doi: https://doi.org/10.1007/s10971-025-06666 |
| Mr. Ratish Srivastava | • Successfully completed an 8-week NPTEL course on "Introduction to Machine Learning" from July to September 2024, achieving a consolidated score of 88% also earned a Silver Badge and ranked among the top 5% of participants.<br>• Attended FDP on "Deep Learning for Engineering Applications" from 2nd – 6th September 2024 organized by Computer Science and Engineering Department at NITTTR, Chandigarh. |
| Mr. Ravi Srivastava | • Published a Patent on "Business Insights Forecasting Device".<br>• Published a Book chapter "Economic Sustainability through Innovative Agricultural Management Strategies" in IGI Global Scientific Publishing. |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Mr. Ravindra Singh | • Attended an online FDP program on "Semiconductor Fabrication and Packaging Technology" held from 21 January 2025 - 31January 2025, organized by IIT, Roorkee.<br>• Granted a Patent for Innovative Design on "MIMO ANTENNA". |
| Ms. Riddhi Srivastava | • Presented a Research Paper titled "Unveiling the Pilgrim's Mindset : Behavioural Insights into Activities and Preferences at Maha Kumbh "at International Conference on Mahakumbh organized at UIM(FUGS) in Feb 2025 |
| Dr. Rohit K Vishwakarma | • Published research paper on "Transformative Approaches to Teaching and Learning: Integrating Theory with Practice" in Journal Library Progress International (Vol. 44, No. 3, Jul-Dec 2024, pp. 13323-13336).<br>• Published research paper on "A Study on Awareness of OTT Platforms among the Young Generation" in Journal European Economic Letters (ISSN 2323-5233, Vol. 14, Issue 4, 2024).<br>• Successfully completed the NPTEL certification course in Marketing Mgmt. (Aug-Oct 2024), securing 87%. |
| Mr. Roshan Chitranshi | • Awarded the Best Paper Award for the outstanding paper titled "Optimizing Water Resource Management with IoT-Driven Smart Systems Using Random Forest Machine Learning Algorithm" presented at ICMEET 2024, held at STPI, Kolkata during 19-20 December 2024.<br>• Paper titled "Optimizing Water Resource Management with IoT-Driven Smart Systems Using Random Forest Machine Learning Algorithm". |
| Ms. Rupali Jha | • Presented Research Paper Title- effective crowd control and emergency preparedness during Maha Kumbh 2025 held at United institute of management fugs, Naini, Prayagraj in February |
| Mr. Sachin Sonker | • Attended the Facilitation ceremony and was awarded as NPTEL Discipline Star for NPTEL STAR 2025 at IIT Kanpur.<br>• Attended FDP on “Cyber Security and its Tools” from 12 th May to 9th June 2024 organized by S school, Lucknow. |
| Ms. Sakshi Singh | • Presented research paper titled "Crowd Management: Risk assessment, emergency response, crowd behaviour analysis at Maha Kumbh". in the international conference on Maha Kumbh 2025 held at United institute of management, Naini, Prayagraj in February 2025 |
| Mr. Sandeep Kanaujia | • Presented a technical paper titled “Modelling and Simulation of Hybrid Power Systems with Fuzzy Control and Renewable Energy Sources”, in International Conference on Data Mining and Information Security (ICDMIS 2024). 2.Dates: 7th - 8th October 2024 , Organized by Eminent College of Management and Technology (ECMT), West Bengal, India.<br>• Best paper award for presentation at Chaitanya Bharati Institute of Technology, Hyderabad India by the department of CSE,IT,AI&ML,AI&DS,MCA and Mathematics, for the titled “integrating light gradient boosting machine learning algorithm block chain to protect IOT based sensor” at the first international conference on innovative computing Technologies (ICICT-2024) held during 13- 14 December 2024. |
| Mr. Sandeep Mukherji | • Accepted copyright on the literary/Dramatic work “AI IN SPECIAL EDUCATION ENHANCING LEARNING FOR STUDENTS WITH DISABILITIES” with Copyright Registration Number:- L- 158430/2024.<br>• Design Grant on “A BREATH ANALYSER BASED IOT” with Design No 430649-001 |
| Ms. Sanjana Singh | • Participated in 5 Days online Faculty Development Program organized by the department of civil engineering, RVR&JC College of Engineering, Guntur, Andhra Pradesh on “Advanced Materials and Techniques for the Repair and Strengthening of Concrete Structures (AMTRC’24)” during 23/09/2024- 27/09/2024. |
| Mr. Sanjay Kumar Awasthi | • Design Patent granted entitled, “Device for Electricity Generation from waste Heat”. |
| Mr. Sanjay Pandey | • Attended NPTEL FDP on Data Science for Engineers |
| Mr. Santosh Dubey | • Attended one week FDP on "Empowering Research and Innovation: AI Powered Proposal writing and Patent Development " organized by Department of Research Cell and Electronics and Telecommunication Engineering Bharati Vidyapeeth College of Engineering from December 23rd - 28th 2024.<br>• Attended one-week STTP on "AI Enhanced Data Visualization for Research: Advanced Technique & Tool " organized by Kristu Jyoti College of Management and Technology Kerala from December 02nd - 07th 2024. |
| Dr. Santosh Kumar Singh | • Published paper "titled Holistic analysis of Ganga basin water quality statistical approach with WQI,HMCI,HMQI and HRI indices volume , Issue 5,pages 3290-3316 Doi 10.1039/d4ra06144f SCI(E) IF 4.1 |
| Mr. Sarad Chand Srivastava | • Attended one-week STTP on "AI Enhanced Data Visualization for Research: Advanced Technique & Tool " organised by Kristu Jyoti College of Management and Technology Kerala from December 02nd - 07th 2024. |
| Mr. Satya Prakash Singh | • Published a Patent on "Business Insights Forecasting Device".<br>• Participated in the AICTE Recognized Faculty Development Programme on “AI for Engineering Applications” Conducted by “NITTTR, Chandigarh” held on 04-11-2024 to 08-11-2024.<br>• Successfully Completed an NPTEL online certification on Patent Drafting for Beginners, offered by IIT- Madras through NPTEL-Swayam. |

| NAME OF FACULTY | ACHIEVEMENTS |
|---|---|
| Mr. Saurabh Jaiswal | • Atal FDP titled " AI and data Science in small business: transforming the future of business".<br>• UGC FDP on NEP 2020 Orientation and Sensitisation Program |
| Mr. Saurabh Pandey | • Successfully participated in and completed the AICTE Training and Learning (ATAL) Academy Faculty Development Program on Challenges of Autonomous, and Electric Vehicle, held at Madan Mohan Malaviya University of Technology from 27th January 2025 to 1st February 2025. |
| Mr. Saurabh Singh Tomar | • Research paper published in the 9th International Conference on Soft Computing: Theories and Applications titled "Dropout and its Role in Neural Network" on December 27-29, 2024, organised by Malviya National Institute of Technology, Jaipur, Rajasthan, India.<br>• Design Grant on "A BREATH ANALYSER BASED IOT" with Design No 430649- 001<br>• Completed NPTEL course on Bigdata Computing offered by IIT Kanpur (DUR-: 8 weeks, Completed in Oct- 2024) |
| Ms. Shagufta Ali | • Presented paper titled, "Women at the Crossroads of Faith and Career: A Study on Work-Life Balance during Maha Kumbh" in International Conference organized by United Institute of Management (FUGS) in Feb 2025. |
| Mr. Shailendra Kr Yadav | • Participated in 5 Days International Symposium on " Niche Areas of Sustainable Development" ISNASD' 24 from 2nd to 6th September 2024, organised by PVG's COET & GKPIOM, Pune, In Association with IEEE Pune Section, Energy Swaraj Foundation, Center of Sustainable Development (GIPE) and Kirloskar Vasundhara.<br>• Honoured with the opportunity to become a lifetime member of The Institute of Engineers (India). |
| Dr. Shanti Bhushan Mishra | • Published a research paper entitled as Annona glabra crude extract ameliorates rheumatoid arthritis in experimental animals: Radiological and histopathological investigation in the journal Advances in Traditional Medicine published by Springer Nature.<br>• Attended a five-days international faculty development program (FDP) on Cutting edge developments and future directions in pharmaceutical and health sciences from 17 December to 21 December 2024 organized by School of Pharmacy, Sharda University, Greater Noida. |
| Mr. Shashi Tripathi | • Attended NPTEL-AICTE FDP program on the Topic "Problem Solving Through Programming in C".<br>• Attended NPTEL-AICTE FDP program on the Topic "Python for Data Science". |
| Mr. Shatrughan Mishra | • Presented a Research paper in the international conference titled "A Review of Perovskite Tandem Solar Cells" in 'International Conference on Green Energy Transition & Innovation in Green Technology' (ICETIGT-2024) during Sept- 27-28, 2024 MMMUT Gorakhpur, U.P.<br>• Presented a Research paper in the international conference titled "A Review of Perovskite Tandem Solar Cells" in 'International Conference on Green Energy Transition & Innovation in Green Technology' (ICETIGT-2024) during Sept- 27-28, 2024 MMMUT Gorakhpur, U.P. |
| Mr. Shesh Kumar | • Presented a research paper "A Novel Approach to Software defect prediction" at the 2nd International conference on advanced computing, machine learning, robotics and internet technologies (An IT-2024) 8-9th November 2024 Organised by National Institute of technology Agartala.<br>• Attended FDP on "Applied AI: Practical Implementation" from under Tech Saksham Program from 3rd-7th Feb 2025 |
| Ms. Shikha Dwivedi | • Presented paper on "Analysis of Government policies On Public Health and Hygiene" in International Conference organized by United Institute of Management (FUGS) in February 2025. |
| Mr. Shivam Bhardwaj | • Served as Session Chair at IEEE ICICAT 2024 (Nov 23-24, 2024, BIT Gorakhpur).<br>• Published a Scopus-indexed book chapter on "Approaches of Deep Learning in Cyber Security and Cyber-Crime", IGI Global (Dec 23, 2024).<br>• Successfully completed the NPTEL online certification course in "Big Data Computing" for the August-October 2024 batch.<br>• Presented and published a research paper titled "Clinical Uses of Ingestion Sensors and Smart Pills: A Review of the Literature" at the 6th International Conference at NIT Kurukshetra, indexed in Scopus. |
| Ms. Shivangi Yadav | • Successfully completed the NPTEL certification course in Marketing Management (Aug-Oct 2024), securing 69%.<br>• Participated in an E-Quiz on Youth Empowerment, scoring 140/150. |
| Ms. Shivani Mishra | • Completed 4 week- NPTEL FDP and course on Countering Stage Fright from IIT Kharagpur in September 2024 |
| Ms. Shoma Awasthi | • "Presented a Paper titled, Optimization of Sales Forecasting using Machine Learning" in the International Conference on Advances in Electrical, Computing, Communications and Sustainable Technologies (ICAECT 2025) held at Shankaracharya Technical Campus (SSTC), Bhilai, Chhattisgarh, India during 09 - 10, January 2025." Scopus Indexed<br>• Presented paper titled , "Exploring the interplay between Spiritual Beliefs and Mental Health: Insights into Psychological Well- being and Resilience in Maha Kumbh 2025, in International Conference organized by United Institute of Management (FUGS), Prayagraj in February 2025. |
| Dr. Shradhanjali Singh | • Published a research paper entitled as Annona glabra crude extract ameliorates rheumatoid arthritis in experimental animals: Radiological and histopathological investigation in the journal Advances in Traditional Medicine published by Springer Nature. |

# GENERATIVE AI FOR MANAGERS

United College of Engineering & Research (UCER) takes pride in Dr. Vijay Kumar Dwivedi's participation in the **Management Development Programme (MDP) on "Generative AI for Managers",** held at MDI Campus, Gurgaon, September 19-21, 2024. The prestigious program, conducted at Chanakya Building, MDI Gurgaon, focused on equipping professionals with insights into **Generative AI's role in management and decision-making.** Dr. Dwivedi's involvement highlights UCER's commitment to staying at the forefront of AI-driven innovations and leadership development. Such engagements reinforce UCER's mission to integrate cutting-edge technology with managerial expertise, fostering a culture of learning and growth.

**Represents by Dr. Vijay Kumar Dwivedi, UCER at MDI Campus, Gurgaon**

IEEE Region 10

CONFERENCE QUALITY & MANAGEMENT WORKSHOP

Sponsored by

IEEE Region 10

Organized by

IEEE Uttar Pradesh Section

CERTIFICATE OF PARTICIPATION

This Certificate is presented to

Prof./Dr./ Ms./ Mr. Ashutosh Kumar Singh for active participation in Conference Quality & Management Workshop held on September 21, 2024 From United College of Engg. & Research, Prayagraj at Amity University, Greater Noida.

Dr Prabhat Tiwari, Organizing Chair CQMW 2024, IEEE UP Section

Dr Satish K. Singh, General Chair CQMW 2024, Immediate Past Chairman IEEE UP Section

Dr Ashutosh K. Singh, General Chair CQMW 2024, Past Chairman IEEE UP Section

The **United College of Engineering & Research, Prayagraj (UGI)** continues to make strides in academic excellence and professional development. Dr. Ashutosh Kumar Singh, representing UGI, actively participated in the **Conference Quality & Management Workshop (CQMW) 2024**, sponsored by IEEE Region 10 and organized by the IEEE Uttar Pradesh Section. The prestigious workshop, held at Amity University, Greater Noida, on September 21, 2024, focused on enhancing quality standards and management techniques in academic and research environments. UGI remains committed to fostering knowledge, innovation, and professional growth, ensuring that its faculty and students stay ahead in the ever-evolving world of engineering and technology.

## आरक्षण आवश्यकता या अन्याय ?

सदियों तक जो थे लाचार,
बिन अवसर के रहे बेकार।
न शिक्षा थी, न थी पहचान,
सपनों पर थे ताले जान।

तब आया आरक्षण साथ,
बन गया वह नई सौगात,
शिक्षा, पद और अधिकार,
मिला उन्हें भी अब संसार।

धीरे-धीरे बदले दिन
बढ़ने लगे नए संगिन
जो थे पिछडे, आगे आए,
पर क्या सब हकदार कहलाए ?

पर समय के संग बदले हाल,
अब उठ रहे नए सवाल
क्या ये सहारा या बेड़ियाँ हैं,
क्या सबके सपने एक जैसे हैं?

प्रतिभा रोके पर अन्याय न हो,
भेदभाव का कोई साथ न हो,
हो समानता, हो न्याय सही,
आरक्षण हो बस तब तक ही।
आरक्षण हो बस तब तक ही ।

## Student Entrepreneurship: Turning Passion into Business

In todayís rapidly evolving world, if you want to be a successful businessman, then you must do something extraordinary, something different and innovative. In our environment, we can see so many failed and successful businesses and when a new venture starts, it mostly fails. After a lot of research and studies, the common conclusion is drawn that there was lack of innovation, copied ideas and poor management in these businesses. According to researchers, our mind is more innovative and creative between the ages of 16-24 years old and mostly students are found under this age group. So, it is very important to utilize these innovative minds properly for a better world. This could only be possible when we start teaching students about business development, helping then to convert their ideas into real and develop entrepreneurial qualities among them. There are so many advantages of student entrepreneurship like it enhances creativity, real-world experience, helps to recognize opportunity and develop leadership skills. There are many disadvantages as well like risk of failure, time management, educational focus and limited resources.

When a student reads about entrepreneurship in school or college, he/she just gets 20%-30% of it. But if we teach them practically, they will learn it in a better way, and this will help them to convert their passions into business. In this world, there are so many examples of student entrepreneurs who started their business when they were students like Bill Gates and Paul Allen (Microsoft), Larry Page and Sergey Brin (Google), Mark Zuckerberg (Facebook) and many more. These are the businessman who started their business when they were students and now their companies are in top biggest companies in the world. Student entrepreneurship represents a dynamic and evolving aspect of the world. By fostering an environment where young individuals can experiment, innovate, grow their ventures and potential solutions to existing problems. So, it is very essential for driving future economic growth and innovation to embracing and nurturing student entrepreneurship.

# आत्ममंथन

रुकिए जरा, थमिए तो एक पल, पूछिए अपने आप से, हैं वही क्या जहाँ थे पहले, देखिए तो माप के।

हर पल बदलती है स्थिति, आपकी ब्रह्मांड की। बदलते हैं तो आप भी, माप सके तो माप ले।

हैं क्या आप वही, जो कुछ वर्ष पहले इंसान थे, बदल चुके तो आप भी, झाँक सके तो खुद में झाँक ले।

हैं क्या वही पहले का प्रेम, अपनापन मासूमियत आप में, अशुद्ध हो चुके हम कितने मिथ्य खुशी के आंस में।

लगता नहीं हम कितना पिछड़ गए,आगे बढ़ने की तांक में।

माना बदलना है जरूरी समय के अनुसार भी, पर इतना क्या बदलना कि खुद को न पहचान सके।

# You're your own KID

In quiet corners where shadows drift,
A child learns to stand, though the winds may shift.
Her hands reach out, but find no hold,
So she learns to cradle herself, brave and bold.

"You've always been your own," she whispers low,
A truth in the silence where only sheill know.
Growing too fast in a world so cold,
She carries her dreams, her heart untold.

In the stillness of night, where the stars softly gleam,
She hums herself lullabies, chasing her dream.
Her laughter, like light, breaks through the dark,
Growing from cracks, leaving a quiet mark.

In the mirroris soft gaze, she meets her eyes,
A love found within, where no one lies.
"You are your own kid," her heart sings along,
In a world without others, sheis learning to belong.

# My Favorite Holiday Destination

**Reeti Singh**
2nd Year - CSE
UIT

"My favorite holiday destinationî a phrase that excites everyone. Itís not just for children or travel lovers; people of all ages dream about their ideal getaway, whether for relaxation or to post amazing photos on social media. Ask anyone, "What is your favorite holiday destination?" and you'll get a ton of different answers. But first, you need a 'holiday' to enjoy your favorite spot, and these days, that's easier said than done!

Speaking of myself, I'm also not able to take long holidays-thanks to my studies-but thatís okay. I can still dream about my perfect destination. When I was a child, my holiday destinations were always my paternal house (Dadi's House) and my maternal house (Nani's House). I spent almost every summer or winter vacation there. Back then, I imagined the perfect holiday spot as somewhere with mountains, greenery, hills, and parks-basically, something out of a dream. So, Iíd always get a bit annoyed when we didn't go anywhere new. That's how I spent my school years, and now I'm in college.

These days, when I think about my perfect holiday destination, itís simply being at home with my parents, my brother, and my family. I want to spend time with them like we used to, have long chats, and yes, even get dragged to my grandparents' houses again. Living in another city without them has made me realize that they are my true favorite holiday destination.

So, sometimes itís not about the place but the people you travel, live, and explore with. They make the journey worthwhile.

# एकतरफा रूहानियत

कभी आओ मेरे पास, जरा साथ में बैठो,
ढूँढना है खुद को, गुम गया हूँ मैं तो।

बेफिजूल दूरियाँ, ना मुलाकात, ना बातें!
तूने कहा कोई रिश्ता नहीं, ये नाराजगी फिर क्यों है तो?

तुझे गले लगाने का कर रहा है मन तो,
खैर क्या फायदा, तू है ही नहीं मेरा जब तो।

बरसों से तू कुल्हाड़ी, मैं बनता रहा हूँ पेड़,
जरा एक दफा तू भी कभी पेड़ बन तो।

कुछ बातें बच गई, रुक जरा सुन तो,
क्या कहा? पागल हूँ? हाँ हूँ पागल, तो?

मुझे नींद नहीं आती, जरा पास में सुला तो,
मेरी भूख नहीं मिटती, एक दफा हाथ से खिला तो।

मेरे लब बेरोजगार हैं, इन्हें लबों से लगा तो,
मैं जल रहा हूँ धूप में, जरा जुल्फें गिरा तो।

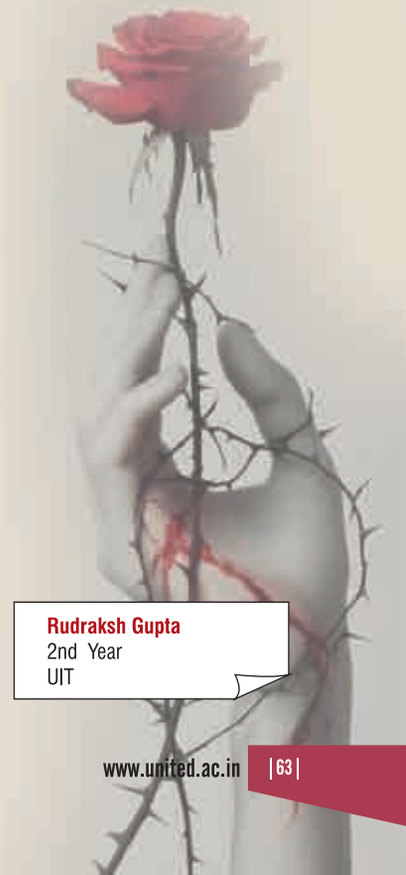

मुझे मिल नहीं रहा चाँद, जरा मुखड़ा दिखा तो।

कौन कहता है नहीं मिलता कुछ मोहब्बत में,
ये दर्द, ये दर्द मुझे मिला तो।

नहीं है मुझको तुझसे कोई गिला आज भी,
मिला नहीं कोई मुझसा? कैसे मिलेगा, है नहीं तो।

तू चाहती जाना दूर? चली जा तो,
मैं पीछे आता तेरे, अगर होता मैं, तेरा साया तो।

मैं हूँ आशिक, मैं करूँगा इंतजार,
मेरे जीने की उम्मीद? तेरी यादें हैं तो।

# A Story the Wind Stole

I found you in the margins of a torn-out page,
ink smudged, edges frayed-
a story half-written, but calling my name.

You pulled me into a dance I didnít know,
bare feet on cold stone,
rain slipping between our fingers
like time we thought we could hold.

For a while, we made music out of nothing,
out of glances held a second too long,
out of words tucked inside borrowed books,
out of hands that almost learned how to stay.

But I was the only one writing the verses,
the only one leaving space for your words.
And silence has a way of becoming a habit,
of making you wonder if you ever
belonged in the story at all.

You spoke in moonlight when I asked for the sun,
flickered warm just long enough
to make me forget the cold.
A magician with hollow tricks,
a flame that only burned
when I turned to leave.

And yet, I stayed.
Stayed through the unfinished notes,
the silence that stretched like an ocean,
the waiting rooms of conversations
where I was always the last to be called.

But one day, I stopped reading between the lines,
stopped waiting for unwritten words,
stopped chasing footprints in a disappearing tide.

And just like that-
the wind stole the last page.

# Rise and Conquer

Come back stronger, rise again,
Turn your losses into gain.
Every fallís a lesson deep,
A promise to the dreams you keep.

Kindness leaves a lasting trace,
A gentle touch, a warm embrace.
Long beyond the fleeting days,
Love and light will mark your ways.

Success silences those who doubt,
Prove them wrong,
donít scream or shout.
Let your work and wisdom show,
That higher still, you choose to go.

Focus beats the toughest odds,
Faith and fire break the fog.
Steady hands and steady mind,
Forge the path you wish to find.

Break the records, reach the sky,
Let your spirit learn to fly.
Shine much brighter, light the way,
Turn the night into the day.

Start off young, yet dream so high,
Dare to reach beyond the sky.
Step by step, just stand your ground,
The stars will call, donít turn around.

True love lifts and helps you soar,
Gives you strength, then asks no more.
Hold it close and cherish well,
A love so pure, no time can quell.

Itís not over, not just yet,
The race is yours, donít feel regret.
Fight with heart, embrace the spin,
Itís not over-until you win.

# TESTIMONIALS

**Harsh Mishra**
Batch: B. Tech. CSE
2021-2025

I am absolutely thrilled to reflect on my extraordinary four-year B. Tech journey, filled with growth, discovery, and unforgettable experiences. A heartfelt thank you to the Corporate Relation Center (CRC) for their unwavering support, which helped me secure an exciting job offer from INFOSYS with a package of 3.6 LPA. Beyond the accolades, it's the cherished memories of late-night study marathons, exhilarating college fests, and laughter shared with friends that truly define my experience. I am immensely grateful to UIT for providing me with an exceptional education, a treasure trove of memories, and lifelong friendships, all of which have shaped me into the person I am today, ready to embrace the future with confidence and enthusiasm.

**Geetanjali Yadav**
Batch: B. Tech. CSE
2021-2025

My four-year B. Tech experience has been a fulfilling and life-altering journey, which has moulded both my technical skills and personal development. The challenging course structure, along with the support of experienced instructors, has highly developed my problem-solving and analytical skills. I am grateful to have gained a placement at Infosys with a salary package of 3.6 LPA, which reflects the institution's dedication to academic and professional excellence. The support and teamwork that prevailed in my institution have not only made me ready for what the future might hold but have also provided me with memories and friends that I will forever be grateful for. I truly appreciate the experience, advice, and opportunities which have molded me into the person I am now.

**Riya Gupta**
Batch: B. Tech. CSE
2021-2025

Securing a job offer from Infosys (CTC 3.6 LPA) was a proud milestone in my journey, made possible by the relentless support of the Corporate Relations Centre (CRC) and the invaluable guidance of my professors. Their mentorship, along with the rigorous training from my CRT mentors and teachers, played a crucial role in honing my skills and boosting my confidence. This journey has been a perfect blend of perseverance, learning, and growth. I am profoundly grateful for the opportunities and experiences that will stay with me for a lifetime!

**Abhijit Raj Singh**
Batch: B. Tech. CSE
2021-2025

Landing a job offer from Infosys (CTC 3.6 LPA) was a milestone in my journey, made possible by the Corporate Relations Center (CRC) and the invaluable guidance of my professors. The support from my CRT mentors and teachers played a crucial role in shaping my skills and preparing me for success. My four years in B.Tech were more than just academics-late-night coding sessions, brainstorming tech ideas, and capturing the beauty of the campus through my camera made this journey truly special. This journey has been a perfect blend of technology, creativity, and growth, and I'm grateful for the experiences and friendships that will stay with me for a lifetime!

**Amulya Sharma**
Batch: B. Tech. CSE
2021-2025

My four years in college have been a significant journey marked by learning, personal growth, and practical experience. From acclimating to a unique environment during my first year to honing my technical skills through various projects, seminars, and hackathons, each stage has played a vital role in my development both personally and professionally. A noteworthy achievement was obtaining campus placement with Infosys at a CTC of 3.6 LPA, following a demanding selection process that included aptitude assessments, technical interviews, and HR discussions. These four years have been a transformative journey, providing me with the confidence and skills necessary to enter the professional realm.

**Manish Sharma**
Batch: B. Tech. CSE
2021-2025

Hi, I am Manish Sharma, I'm B. Tech graduate in Computer Science Engineering from United Institute of Technology, Naini, Prayagraj, has been placed at 6 LPA in Zenus Group, Haldwani, Uttarakhand. My journey at UIT was filled with enriching experiences, from engaging lectures to hands-on projects that shaped his technical skills. I'm cherishing the guidance of my professors, whose support and mentorship played a crucial role in my growth. The vibrant campus life, filled with learning and friendships, will always hold a special place in my heart. As I steps into the professional world, I carries forward the values and knowledge gained at UIT. And I want to say my all juniors to always follow the guidance of their teachers and achieve a bright future.

**Suyash Bihani**
Batch: B. Tech. CSE
2021-2025

United Group of Institutions has played a significant role in shaping my personality. I have developed strong leadership, time management, and teamwork skills, further enhancing them to a whole new level. The institute boasts one of the finest infrastructures in the region, which truly stands out. The professors here are the backbone of the college, contributing immensely to its excellence. Their dedication goes beyond classroom teaching-they are always ready to help and serve as the pillars of the invaluable learning experience this institution offers. This knowledge is a lifelong treasure. Additionally, the Corporate Relations Center (CRC) deserves immense credit for its unwavering support and guidance, which helped me secure promising job offer from a prestigious company like INFOSYS (3.6 LPA).

**Hari Acharya**
Batch: B. Tech. CSE
2021-2025

My B. Tech journey has been an incredible blend of learning, growth, and unforgettable memories. The unwavering support of the faculty played a crucial role in shaping my technical skills and confidence. The Corporate Relations Center (CRC) provided immense support through boot camps, extra classes, mock tests, and personalized guidance, helping me secure a job at Infosys (3.6 LPA). Beyond academics, the best part was the amazing friends I made and the countless trips and events that made college life unforgettable. To my juniors: Make the most of every opportunity-learn, explore, and enjoy the journey! I'm truly grateful for this experience and the lifelong memories it has given me..

**Masooma Fatima**
Batch: BBA
2020-2023

I am writing this testimonial to express my sincere gratitude and appreciation for the exceptional educational experience I received during my time at United Institute of Management, (FUGS). As a current Post Graduate student at Indian Institute of Information Technology, Allahabad, I wanted to take a moment to reflect on the role that my previous educational institution played in shaping my journey to IIIT-Allahabad. As a recent graduate, I feel compelled to share my thoughts on the impact this institution has had on my personal and academic growth. My time at United Institute of Management FUGS has been transformative, and I am proud to be an Alumnus of such a distinguished institution. Thank you once again to the entire college community for your unwavering dedication to excellence and for providing me with an experience that will forever be cherished.

**Tushar Gupta**
Batch: BCA
2021-2024

I am Tushar Gupta, a 2024 graduate of Bachelor of Computer Applications from United Institute of Management (FUGS). My journey from a student to a professional in the IT industry has been truly remarkable, filled with learning, challenges, and growth. Today, I am proud to be working at Accenture as a Package Application Development Associate in the SAP technology field, with a starting package of 3.44 LPA. They not only imparted knowledge but also motivated me to believe in my abilities and strive for excellence. Among them, there was one teacher who stood by me like a parental figure, always inspiring me to push my limits and guiding me at every step. Their mentorship has been invaluable, and I will always be grateful for their unwavering support.

**Hridyesh Gupta**
Batch: B. Tech CSE
2021-2025

Reflecting on my four-year journey at United Institute of Technology, I am immensely grateful for an experience that has shaped me both professionally and personally. From delving into technical projects to leading thriving developer communities, my time here has been a blend of learning, leadership, and collaboration. Beyond academics, UIT provided a strong foundation for my passion for technology and open-source contributions. As the founder of GDSC-UIT and WikiClub Tech-UIT, co-organizer of GDG-Prayagraj, I had the privilege of building and mentoring communities, hosting technical events, and guiding peers in their learning journeys. On the technical front, working on impactful projects like UIT-MAP, which digitized the entire project submission process for students and faculty of UIT, and got approved by college authorities for institutional use, was a proud milestone. The CRT and CRC team played a crucial role in shaping my professional journey, leading to my selection as a Systems Engineer at Infosys with an offer of 3.6 LPA. I am deeply thankful to UIT for fostering an environment that encouraged both technical and leadership growth. The friendships, late-night brainstorming sessions, and the thrill of organizing large-scale events will remain cherished memories. As I step into the next phase of my journey, I carry forward not just knowledge, but a passion for building, leading, and giving back to the tech community.

# TESTIMONIALS

**Devansh Singh**
Batch: B. Pharm
2020-2024

My journey through the Bachelor of Pharmacy program has been nothing short of transformative. Over the past four years, I've gained not only academic knowledge but also practical skills that have prepared me for real-world challenges in the pharmaceutical industry. The faculty here have been incredibly supportive and approachable, always encouraging us to go beyond textbooks and explore research, innovation, and clinical practices. The well-equipped labs, hands-on training, and exposure to industrial visits have greatly enhanced my learning experience. As I step into the professional world, I feel confident and grateful to have been part of such a nurturing academic environment.

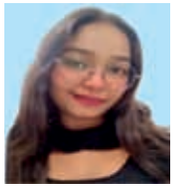

**Deeksha Rai**
Batch: B. Pharm
2020-2024

My journey as a B. Pharm student has been both challenging and rewarding. Over the past four years, I have not only gained in-depth knowledge about pharmaceutical sciences but also developed valuable practical skills through hands-on lab work, industrial training, and research projects. The faculty members have been incredibly supportive, always encouraging us to think critically and stay updated with the latest advancements in the field. The curriculum was well-structured, blending theoretical knowledge with practical applications, which has truly prepared me for the professional world. I'm especially grateful for the opportunities to participate in seminars, workshops, and internships, which helped me grow both personally and professionally.

**Mukul Gupta**
Batch: B. Pharm
2020-2024

I feel proud and grateful to be a part of this esteemed institution. Over the past four years, this college has provided me with not only academic knowledge but also the confidence and skills needed to pursue a successful career in the pharmaceutical field. The faculty members are incredibly supportive, knowledgeable, and always approachable. Their dedication and mentorship have played a significant role in shaping my understanding of core subjects and practical applications. I am especially thankful to the Training & Placement Cell for their continuous efforts in bringing opportunities to our doorstep and helping us step confidently into the professional world. The United Institute of Pharmacy will always hold a special place in my heart, and I am proud to carry its name forward as I begin the next chapter of my journey.

**Arpita Kushwaha**
Batch: B. Pharm
2020-2024

I am proud to be a graduate of United Institute of Pharmacy, Naini, Prayagraj. My four-year journey in the B. Pharm program has been a truly enriching experience, both academically and personally. The institute has excellent faculty members who are not only knowledgeable but also very supportive and approachable. Their guidance helped me develop a strong foundation in pharmaceutical sciences and inspired me to constantly push my limits. The labs are well-equipped, and the hands-on training we received played a crucial role in enhancing our practical skills. Regular seminars, workshops, and industrial visits gave us valuable exposure to real-world practices in the pharmaceutical industry.

**Amit Mishra**
Batch: B. Tech
2021-2025

A heartfelt thank you to my parents whose unwavering support and belief in me kept me motivated. My mentors have been my guiding light, helping me navigate challenges and pushing me to strive for excellence. A special appreciation to the CRT TRAINERS whose guidance and training played a crucial role in preparing me for the corporate world. UGI has not only given me knowledge but also the confidence to step into the future with determination. I will always be proud to be a part of this incredible institution!

**Anamika Thakur**
Batch: B. Tech
2021-2025

I am profoundly grateful for the support and guidance provided throughout my placement journey. This achievement wouldn't have been possible without the blessings of my parents and the efforts of our CRT TRAINERS and the placement cell, who constantly motivated me. The sessions, resources, and opportunities offered by the college helped me prepare well and gain the confidence needed to succeed in the placement process. I hope to carry forward the values and learnings from here in my professional life.

**Anoop Tiwari**
Batch: B. Tech
2021-2025

I owe my deepest thanks to my parents, who stood by me every step of the way, and my mentors, whose guidance and encouragement fuelled my ambitions. A big thank you to the CRT trainers for their tireless efforts in shaping our careers and equipping us with industry-ready skills. UGI has given me memories, lessons, and opportunities that I will cherish forever. I step forward with confidence, knowing that I carry the values and knowledge imparted here. Thank you, UGI, for an unforgettable journey!

**Sakshi Jain**
Batch: MBA
2023-202

I am immensely proud to have completed my MBA from the esteemed United Institute of Management, Prayagraj. My deepest gratitude goes to the institution for its unwavering guidance, nurturing environment, and the exemplary faculty whose mentorship has been instrumental in shaping my academic and professional journey. Their continuous support, insightful teaching, and encouragement played a defining role in helping me secure a role at Jaro Education with a remarkable package of Rs. 12.5 LPA. I sincerely appreciate the college's dedication to excellence and its tireless commitment to empowering students with the skills and confidence to thrive in today's competitive world.

**Nayab Fatima**
Batch: MBA
2023-2025

As a student of the 2023-2025 MBA batch at United Institute of Management (UIM), Prayagraj, I am filled with gratitude for the incredible journey I've had here. I would like to sincerely thank United Group of Institutions (UGI)- especially the dedicated faculty and the Training & Placement Department - for playing a pivotal role in nurturing my skills and shaping my career. The faculty at UIM is not only highly qualified but also truly supportive, always encouraging us to face challenges confidently and refine our abilities. I am proud to share that I have been placed at Reliance Retail as an Area Sales Executive with a package of Rs. 6 LPA + Rs. 1 lakh bonus, and also selected by SBI as a Business Development Manager with a package of Rs. 4 LPA. I am deeply thankful to UGI for being the foundation of my success and for empowering me to achieve my goals with confidence.

**Vishal Gupta**
Batch: MBA
2023-2025

I feel immense pride and gratitude in being a part of United Institute of Management (UIM), Naini, Prayagraj. My journey here has been nothing short of transformative. The academic environment, experienced faculty, and industry-oriented curriculum have played a crucial role in shaping my professional outlook and preparing me for real-world challenges. UIM not only provided me with quality education but also instilled in me the confidence and skills required to excel in the corporate world. I am especially thankful to the Training Placement Cell for their continuous support and guidance. Being placed as a Management Trainee at Saint-Gobain is a dream comes true, and I owe this success to the learning ecosystem that UIM has provided.

**Mohd Azeem Jamal**
Batch: MBA
2023-2025

I am extremely grateful to United Institute of Management (UIM), Naini, Prayagraj for its pivotal role in shaping my career. With the unwavering support, guidance, and encouragement from the dedicated faculty and the proactive management team, I successfully secured placement offers from two esteemed organizations-SBI as a Business Development Manager (Rs. 4 LPA) and IndiaMART as a Client Acquisition Executive (Rs. 3.6 LPA). The institute's structured curriculum, hands-on industry exposure, and rigorous placement training played a significant role in equipping me with the right skill set and professional confidence. I am especially thankful to the faculty for their constant mentorship throughout my academic journey. Choosing UIM was one of the best decisions of my life. I wholeheartedly recommend it to aspiring management professionals seeking a platform to grow, learn, and excel.
