## Grievance Redressal mechanism for Faculty, staff and students

### Grievance Redressal Mechanism for Students:

The Grievance Redressal Mechanism for Students at the United Institute of Technology, Prayagraj, operates through an online system accessible via <https://united.ac.in/uit/Grievance-Form.php>. Here are the key aspects of this mechanism:

1. **Online Accessibility:** Students can access the grievance redressal system online, allowing them to submit their complaints or suggestions conveniently from anywhere at any time.
2. **Time Limit:** The system aims to address grievances within a one-week time limit. This indicates a commitment to prompt resolution of student concerns.
3. **Efficient Redressal:** Every effort is made to redress the grievance immediately and effectively to ensure the satisfaction of the complainant. This demonstrates a proactive approach to resolving student issues.
4. **Transparency and Accountability:** The online nature of the system promotes transparency in the grievance redressal process, as students can track the status of their complaints. It also fosters accountability by maintaining a record of grievances and their resolutions.
5. **User-Friendly Interface:** The online grievance form is likely designed to be user-friendly, making it easy for students to submit their grievances and suggestions without complications.

Overall, this system seems to prioritize accessibility, efficiency, and student satisfaction in addressing grievances, reflecting a commitment to maintaining a conducive and supportive environment for students at the institute.

### Grievance Redressal Mechanism for Faculty and Staff:

The Grievance Redressal Mechanism for Faculty and Staff is based on written applications typically follows these steps:

1. **Submission of Written Application:** Faculty and staff members can submit their grievances in writing to the Grievance Cell. The application should clearly state the nature of the grievance, relevant details, and any supporting documents if necessary.
2. **Receipt and Acknowledgment:** Upon receiving the written application, the Grievance Cell acknowledges the receipt of the grievance and assigns a unique reference number for tracking purposes.
3. **Preliminary Review:** The Grievance Cell conducts a preliminary review of the grievance to understand its nature, seriousness, and the parties involved.
4. **Investigation and Fact-Finding:** Depending on the nature of the grievance, the Grievance Cell may conduct an investigation or fact-finding process to gather more information and evidence related to the grievance.
5. **Consultation and Discussion:** The Grievance Cell may consult with relevant parties, including the grievant, concerned faculty or staff members, department heads, or other stakeholders, to understand different perspectives and gather more insights into the grievance.
6. **Resolution Attempt:** After gathering all necessary information and conducting discussions, the Grievance Cell makes an attempt to resolve the grievance through mutual agreement, mediation, or other appropriate means.
7. **Decision and Communication:** Once a resolution is reached, the Grievance Cell communicates the decision to the concerned parties. The decision may include actions to be taken, remedies offered, or any other relevant measures.
8. **Follow-Up and Feedback:** The Grievance Cell follows up with the parties involved to ensure that the resolution is implemented effectively. Feedback may also be sought from the grievant regarding their satisfaction with the resolution process.
9. **Record Keeping:** The Grievance Cell maintains records of all grievances received, actions taken, and resolutions achieved for future reference and transparency.
